Junior Scholars Intensive Training Summer Workshop

The goals of the workshop are to :

- ◇ promote the engagement of junior scholars (advanced PhD student, post-docs, and new faculty) in research related to social security disability and retirement programs
- ◇ engage junior scholars with faculty and researcher mentors to develop proposals for new studies related to Retirement and Disability Research Center (RDRC) programs
- ◇ develop a cohort of scholars and mentors who can serve as a supportive network and potentially propose future projects for the RDRC
