essential changes that will renew organizations and communities. Many leaders remember that life-changing moment when, almost suddenly, it became crystal clear what must be done to reach their organization's goal. It wasn't until the author was faced with that one epiphany in his life, a difficult period that required him to rebalance life's priorities and bring a new understanding to his work, that he recognized that all results are based upon behaviors appropriate to the circumstances. By understanding that all of our actions are determined by specific, well-defined standards, a model for success was developed. Key to the longevity of the results, this model is sustainable and allows people

and Barry Posner take on a unique challenge and explore the question of leadership and legacy. Kouzes and Posner examine in twenty-two chapters the critical questions all leaders must ask themselves in order to leave a lasting impact. These powerful essays are grouped into four categories: Significance, Relationships, Aspirations, and Courage. In each essay the authors consider a thorny and often ambiguous issue with which today's leaders must grapple issues—such as how leaders serve and sacrifice, why leaders need loving critics, why leaders should want to be liked, why leaders can't take trust for granted, why it's not just the leader's vision, why failure is always an option, why it takes courage to "make a life,"

rebalance life's priorities and bring a new understanding to his work, that he recognized that all results are based upon behaviors appropriate to the circumstances. Through this understanding — that actions are determined by specific, well-defined standards — he developed a model for success, one that is both sustainable and that allows people to retain their personal dignity as they pursue their life plans. In this book, Luongo illuminates the ten most common obstacles to success and pairs them with the ageless principles that help readers overcome them. His straightforward advice, based on data and hard-won experience, provides an understandable and virtually guaranteed plan for improvement and achievement.

“The way leaders think matters—it matters a lot. The problem is that we almost universally make a colossal subconscious assumption that the way we think is the only possible way to consider our situations.... It’s like our minds are running antiquated software that’s slow, glitchy, and unproductive—but it’s all we’ve ever known. We need to upgrade the software in our heads!”—Sam Chand

With candor, humor, and personal stories, Sam peels back the layers of our assumptions to challenge us to think more deeply, more clearly, and more productively than ever before. He addresses fundamental topics all leaders instinctively address, including security, location, ownership, team, growth, and benchmarks of success. And

curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better

development courses, in the UK and internationally. In the middle of the last decade, businesses have suffered serious harm due to the world-wide economic slowdown/great recession, geopolitical tensions and conflicts, and the very unpredictable nature of our government. In the process of staying the course, many business leaders have made a number of decisions and have taken a number of actions that have done harm to their relationships with their own employees. The resultant psychological contract told employees that their leaders were in it for themselves, for owners and stockholders,

This book offers a road map for creating a more engaged, committed workforce by adopting and maintaining a People-Centric culture. After describing why commitment and engagement are so important today, the author speaks to how mindsets that reflect an older business reality need to change before any sustainable change in behavior and work culture can occur. This book underscores the role that leaders need to play by
