

100 Tricks To Appear Smart In Meetings: How To Get By Without Even Trying

Move from apprentice to master with assertiveness advice from the Star Wars™ galaxy's most powerful leaders, including Darth Vader, Palpatine, and Supreme Leader Snoke. Negotiating the workplace can be an impossible task, especially if that workplace is a towering, all-powerful force intent on taking over the galaxy. Whether your day-to-day work involves developing plans to build the Death Star, building a rebellion, or simply trying to make the printer work, the leaders of the Star Wars universe offer essential guidance on how to assertively deal with common professional pitfalls. Find out how to get a promotion, beat the competition, manage difficult employees, and move from intern to CEO with top tips from Star Wars. Be More Vader and the most powerful villains in the Star Wars movies. The perfect gift for colleagues and friends alike. Star Wars. Be More Vader is a tongue-in-cheek guide on how to advance your career, featuring favourite moments from the Star Wars series alongside hilarious advice and iconic, inspirational Star Wars quotes. © & TM 2018 LUCASFILM LTD. Used Under Authorization.

THE COPY COPY INTERNATIONAL BESTSELLER Drawn from 500 years of the history of power, this is the definitive guide to help leaders achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never make too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. ... (From the Playlog interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still get the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Tired of phrases like "circle back," "follow up," or the dreaded "let's take this offline"? This hilarious guide will reinvent your vocabulary with direct and delightful alternatives to stale corporate speak. Offices are a breeding ground for odd expressions and hackneyed platitudes. Why are we peeling onions and putting irons in the fire? Why is our plate always full? And most importantly, how is it even possible to give 110%? Per My Last Email provides you with fresh new words to sprinkle throughout your workday and lift you out of your office-speak rut while making you laugh at the same time. With unexpected and entertaining phrases to boost the productivity of your meetings, revitalize your email game, and even the occasional office-appropriate swear, this book is a fun and informative send-up of stale corporate lingo that will help you freshen up your own workplace communication.

History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting lessons, and sagittal cuts from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy—like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to P*ck with powerful women—from pirate queens to dihard suffragettes to Cleo—P*cking-patrol. People in the past were just like us—so learn from life's losers and emulate the badasses. The Captain shows you how.

Why don't employers take a more optimistic view of people's potential? Why is there such a fixation on a few bullet-point highlights of candidates' résumés, to the point that most applicants are quickly cast aside as "not good enough"? Why is there such unwillingness to get to know what job seekers are all about? What if you could change the rules? What if you could capture the attention of employers who should be hiring you, persuading them to see you on your terms? Becoming a Rare Find will show you how to approach job hunting in ways that play to your strengths. If you are a natural project manager, then develop a project plan. If you like marketing, build a marketing campaign that centers on reasons why employers should want you. Whatever approach you settle on—and no matter what job you want—you will get a better chance to "show your fire." You will escape the clutter of job-posting stampedes, where the odds of winning even a barista's job can be slimmer than the chances of getting into Harvard. You will find striking jobs through the "hidden market," where they are sometimes never announced, and you will discover the value of small companies with big ambitions. Finally, you will learn how to reorganize your social media profiles so that great employers look for talent, they will find you.

100 Tricks to Appear Smart In Meetings

A surprisingly simple way for students to master any subject—based on one of the world's most popular online courses and the bestselling book A Mind for Numbers A Mind for Numbers and its wildly popular online companion course "Learning How to Learn" have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first—the secret is to understand how the brain works so we can unlock its power. This book explains: Why sometimes letting your mind wander is an important part of the learning process How to avoid "rut think" in order to think outside the box Why having a poor memory can be a good thing The value of metaphors in developing understanding A simple, yet powerful, way to stop procrastinating Filled with illustrations, application questions, and exercises, this book makes learning easy and fun.

This caustically funny Webster's of the workplace cuts to the true meaning of the insane argot spouted in cubicles and conference rooms across the land: it's time to face the facts. We live in the Golden Age of Bullshit. And as anyone who has ever worked in an office knows, the corporate world is a veritable sea of B.S.—and we are all drowning in it. Thank God for Lois Beckwith, an actual human being with the courage and moral fiber to cut through the crap (so to speak) and give us citizens of the working world the lowdown on what all this corporate lingua franca actually means. Breathe easy. The Dictionary of Corporate Bullshit will make your job a whole lot easier, telling you how to get ahead (kissing ass, playing golf), avoid annoying colleagues (use caller ID), and ride the elevator without ruining your career (if you gossip, use pronouns, and never talk to the CEO). If you have ever wondered what a mindshare is (some kind of drug?), puzzled over the meaning of words like impactful or incentivize (here's a clue: those are not actual words), or been faced with a glassy-eyed zombie of a coworker singing the praises of synergy, then The Dictionary of Corporate Bullshit is for you! Forget what you learned in Bschoo!—this handy reference guide will teach you everything you need to know about the empty, engaging, and just plain stupid gobbledeyook that masquerades as "communication" in the working world.

Every young grad needs this fun, snarky primer for the real world. You'll meet the world's brightest, you'll hang with the best! And now that you've met them, you'll work with the rest! If you're looking for an inspirational book for young people starting life's great adventure, you probably want to read Dr. Seuss's Oh, the Places You'll Go! But before your first day of actual work, you need to meet Dr. Suits for a dose of reality. You won't learn this stuff in high school, college, or gift books by world-famous authors. But fear not! With his unique blend of hilarious verse and images, Dr. Suits can help young grads get a handle on what's really about to hit them. Oh, the Meetings You'll Go To! is a brutally honest, and ultimately uplifting, take on the struggles of post-grad life that every 20-something will relate to. Tough love never made you laugh so hard.

A collection of fiction from one of America's most respected women writers and winner of a prestigious American Book Award. Ms Cooper is as down-home as Zora Neale Hurston, thank you, and blooming into as skilled a storyteller. Cooper's characters are the folk heroes of black culture... Tales of triumph that give you reason to keep reading" - Essence

So what if you're a little behind on a book and phrases commonly used in business settings, your workplace, and in life in general? Do you wish the kimono would open on idioms and cliché's that stretch the bandwidth of understanding and make you wonder if your career is scalable? What are you really saying when you go against the grain and are aboveboard? What do you hear when your colleague wants face time or to move the needle? The BS Dictionary: Uncovering the Origins and True Meanings of Business Speak provides the real-world definitions to about 300 of the world's most commonly-used business terms and gives you the origin story (who coined the term? when did it start to be used figuratively in the business world?) for each one. Get the language clarity you need and have fun learning the full etymology of favorite phrases. Read humorous commentary about how phrases might be misused or misunderstood. If you are interested in language, business speak, writing, and trivia knowledge, this book is for you! Get The BS Dictionary and impress your friends with your newfound wealth of phrases and their history.

The Seductive Illusion of Hard Work

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

Discover the perfect work companion from viral tik tok and Netflix star Sarah Cooper The book that's missing from of fices and Zoom calls around the world: the idiot's guide to conquering the corporate meeting. In it you will learn the essential subtle tricks that pay big dividends by making you look really clever in meetings: constant nodding - pretend concentration - useless rhetorical questions - how to nail the big presentation by pacing and getting someone else to control your slides Complete with illustrated tips, examples, and scenarios, Sarah Cooper's 100 Tricks to Appear Smart in Meetings gives you actionable ways to use words like 'actionable', in order to sound smart.

A revised edition of the best-selling reference on canine psychology incorporates the latest scientific findings and interviews with top breeders and trainers to enable dog lovers to evaluate a pet's intelligence, read dog body language, and adapt a training program suited to an animal's specific needs. By the author of How Dogs Think. Original. 10,000 first printing.

As a kid, Dan Ahearn, Dan Lyons' "hysterical" (Recode) memoir, hailed by the Los Angeles Times as "the best book about Silicon Valley," takes readers inside the meddling world of tech-chasing venture capitalists, sales bros, social climbers, and sociopaths at today's tech startups. For twenty-five years Dan Lyons was a magazine writer at the top of his profession—until one Friday morning when he received a phone call: Proof. His job no longer existed. "I think they just want to hire younger people," his boss at Newsweek told him. Fifty years old and with a wife and two young kids, Dan was, in a word, screwed. Then an idea hit. Dan had long reported on Silicon Valley and the tech explosion. Why not join it? HubSpot, a Boston start-up, was flush with \$100 million in venture capital. They'd fired Dan a pile of stock options for the vague role of "marketing fellow." What could go wrong? HubSpoters were true believers: They were making the world a better place... by selling email spam. The office vibe was frat house meets cult compound. The party began at four thirty on Friday and lasted well into the night; "shower pods" became hook-up dens; a push-up club met at noon in the lobby, while nearby, in the "content factory," Nerf gun fights raged. Groups went on "walking meetings," and Dan's absentee boss sent cryptic emails about employees who had "graduated" (read: been fired). In the middle of all this was Dan, exactly twice the age of the average HubSpot employee, and literally old enough to be the father of most of his co-workers, sitting at his desk on his bounce-ball "chair."

What happens when your cat makes a mistake like ruining something valuable or going outside the litter box? Do you can't ground or take away their allowance when your cat gets in trouble. So what is the next best thing? Cat Shaming! Cat Shaming is a hilarious collection of photos from owners who express their frustration when their furry best friend does something bad. Millions of cat owners can relate to the antics of these felines while the picture shows a shamed but adorable, innocent looking kitty.

100 Tricks to Appear Smart in MeetingsHow to Get By Without Even TryingAndrews McMeel Publishing

It takes all kinds of people to make a world, the expression goes. But maybe it really takes only two kinds. People who put ketchup on their fries, and people who put the ketchup on the side. People who squeeze gently from the bottom, and people who manhandle the toothpaste tube. 2 Kinds of People is the interactive visual personality quiz that's as much fun as a game. It works by showing two illustrations side by side. If you and your partner pick the same one, score it on the foldout wheel in the back, and move to the next. At the end, the number of matches determines where you fall on the Scale of Compatibility, ranging from mortal enemies to soul mates. There are 85 pairs in all, covering food, home, technology, travel, and more. It's the perfect icebreaker, a clever way to find out if you and your best friend/date/coworker and/or person you just met in a bar are compatible. Cup or cone? Cash or plastic? Shower or bath? Escalator or stairs? Toilet paper over, or toilet paper under? Like they say, it's the little things in life that really count.

Showing the same incisive and outrageous wit as in his previous books, where he first took on the self-help craze then New Labour's addiction to spin, Alistair Beaton now tackles the management gurus. Read this book and you will be transformed overnight into a successful modern manager, capable of talking authentic management bollocks at any hour of the day or night, because, let's face it, talking bollocks is what modern management is all about. Below are a few of the gems contained within THE LITTLE BOOK OF MANAGEMENT BOLLOCKS...RISK MANAGEMENT Improve risk management outcomes by never investing in anything. INSPIRING OTHERS As a manager, it's your job to inspire others. If there's nothing inspiring about you, just use fear instead.

There's a TARDIS cookie jar in our kitchen. A Picard air freshener in our car. And we won't even mention Harry Potter in the bathroom. We're geeks and proud of it! But is there nothing for baby? Inconceivable! Introducing 100 First Words for Little Geeks, a deliciously nerdy primer for kids learning their first words! Forget apple and dog. Little geeks are ready for holy grail,warp core, and intergalactic catastrophe (okay, forget that last one, but they'll learn tribble and that's about the same thing). Packed with hilarious illustrations and 100 words every geeky baby should know (before any others, of course), 100 First Words for Little Geeks is the perfect board book for geek families everywhere. Great Scott!

Receptivity of your audience is far more important than the power of your message. Learn how making this simple change in focuscan make all the difference in your ability to influence and succeed in the world of sales. In this groundbreaking new guide, ASLAN co-founder and CEO Tom Stanfill shares his proven methodology, road-tested over decades by hundreds of thousands of sales professionals, workshop participants, and industry experts, on how to convert even the most disinterested prospects and customers. unReceptive will show you how to: Eliminate resistance and make selling easy and enjoyable, while experiencing a deeper sense of purpose. Overcome the five receptivity barriers – the customer's perception of you, opening a "closed" door, uncovering the unfiltered truth, changing beliefs, and motivating the customer to take action. Adopt the tested and true operating system used by the most persuasive and influential people. When you shift the focus from crafting the perfect message to creating receptivity, you flip the entire art of selling on its head and form lasting relationships that set you and your customers up for lasting success.

When a young girl ventures through a hidden door, she finds another life with shocking similarities to her own. Coraline has moved to a new house with her parents and she is fascinated by the fact that their 'house' is in fact only half a house! Divided into flats years before, there is a brick wall behind a door where once there was a corridor. One day it is a corridor again and the

intrepid Coraline wanders down it. And so a nightmare-ish mystery begins that takes Coraline into the arms of counterfeited parents and a life that isn't quite right. Can Coraline get out? Can she find her real parents? Will life ever be the same again?

an ancient military treatise by Sun Tzu on warfare, statesmanship thinking and tactical methods, business tactics, counterattacks, negotiation, dialogue, cooperation plans, approach strategies, diplomacy, and diplomatic manoeuvresThe Art of War is an ancient Chinese military treatise attributed to Sun Tzu a high-ranking military general, strategist and tactician, and it was believed to have been compiled during the late Spring and Autumn period or early Warring States period. The text is composed of 13 chapters, each of which is devoted to one aspect of warfare. It is commonly known to be the definitive work on military strategy and tactics of its time. It has been the most famous and influential of China's Seven Military Classics, and for the last two thousand years it

People take great pride in flaunting their punishing work routines. The Seductive Illusion of Hard Work establishes that hard work is necessary but insufficient for success. In fact, misdirected hard work is way worse than no work at all. This book includes various real-life examples from the corporate world that has constantly exaggerated the role of hard work and underplayed the critical role of choices and mentorship in creating conditions for success. The young workforce is experiencing burnout and it is suspected that the romantic proclamations and obsession about hard work has lots to do with it. This book discusses all these issues and finally offers a solution-oriented approach to the myth about succeeding in work life.

Do you hate going forward? Do you shudder when a colleague wants to reach out? Are you disgusted by low-hanging fruit, sick of being on the team, and reluctant to open the kimono? Does the phrase blue-sky thinking make you see red? Do you really want to drill down or take a helicopter view? Are you past caring whether the key drivers are going to move the needle? Should anyone really punch a puppy? And can you bear to hear about a big hairy audacious goal? If modern office jargon makes you want to throw up, this book is for you. Taking a hilarious and scathing deep dive into the most hated and absurd examples of corporate-speak it is a come to Jesus moment for verbally downtrodden workers everywhere.

Got wit? We've all been in that situation where we need to say something clever, but innocuous; smart enough to show some intelligence, without showing off; something funny, but not a joke. What we need in that moment is wit—that sparkling combination of charm, humor, confidence, and most of all, the right words at the right time. Elements of Wit is an engaging book that brings together the greatest wits of our time, and previous ones from Oscar Wilde to Nora Ephron, Winston Churchill to Christopher Hitchens, Mae West to Louis CK, and many in between. With chapters covering the essential ingredients of wit, this primer sheds light on how anyone—introverts, extroverts, wallflowers, and bon vivants—can find the right zinger, quip, parry, or retort...or at least be a little bit more interesting.

Perfect gag gift for your fellow employees and work friends. Make them giggle with this clever notebook. 7 in by 10 in Matte cover 110 pages

The unspoken rules for how women should behave in the workplace are as numerous as they are confusing. Ask for a pay rise? Pushy. Take credit for an idea? Arrogant. Admit a mistake? Weak. Successfully juggle work and family? Unpromotable. In How to Be Successful Without Hurting Men's Feelings, Sarah Cooper, author of the bestselling 100 Tricks to Appear Smart in Meetings, illustrates how women can achieve their dreams, succeed in their careers and become leaders, without harming the fragile male ego. This wickedly funny tongue-in-cheek guide includes chapters on 'How to Ace Your Job Interview Without Over-acting!', '9 Non-threatening Leadership Strategies for Women', and 'Choose Your Own Adventure: Do You Want to Be Likeable or Successful?'. It even includes several pages to doodle on while men finish explaining things. When all else fails, there is a set of cut-outable mousetaches inside to allow women to seem more man-like, which will probably lead to a quick promotion! PRAISE FOR 100 TRICKS TO APPEAR SMART IN MEETINGS: 'A lot of fun and absolutely on the money' Daily Telegraph, Book of the Year 'Even though it's mostly a comedy book, I can't help but think how legitimately useful I would have found this in my early twenties! The Pool' Sarah Cooper is uncannily spot on when describing the seemingly innocent behaviours of people attempting to impress others' Christine Tsai, Founding Partner, 500 STARTUPS

A New York Times Bestseller Winner of the James Beard Award for General Cooking and the IACP Cookbook of the Year Award "The one book you must have, no matter what you're planning to cook or where your skill level falls."—New York Times Book Review Ever wondered how to pan-fry a steak with a charred crust and an interior that's perfectly medium-rare from edge to edge when you cut into it? How to make homemade mac 'n' cheese that is as satisfyingly gooey and velvety-smooth as the blue box stuff, but far tastier? How to roast a succulent, moist turkey (forget about bringing!)—and use a foolproof method that works every time? As Serious Eats's culinary nerd-in-residence, J. Kenji López-Alt has pondered all these questions and more. In The Food Lab, Kenji focuses on the science behind beloved American dishes, delving into the interactions between heat, energy, and molecules that create great food. Kenji shows that often, conventional methods don't work that well, and home cooks can achieve far better results using new—but simple—techniques. In hundreds of easy-to-make recipes with over 1,000 full-color images, you will find out how to make foolproof Hollandaise sauce in just two minutes, how to transform one simple tomato sauce into a half dozen dishes, how to make the crispiest, creamiest potato casserole ever conceived, and much more.

ASSRIVE THINKING FROM THE DARK SIDE

WALL STREET JOURNAL, LOS ANGELES TIMES, AND USA TODAY BESTSELLER • Anyone—even you!—can learn how to harness the power of humor in business (and life), based on the popular class at Stanford's Graduate School of Business. Don't miss the authors' TED Talk. "Why great leaders take humor seriously," online now. "The ultimate guide to using the magical power of funny as a tool for leadership and a force for good."—Daniel H. Pink, #1 New York Times bestselling author of When and Drive We are living through a period of unprecedented uncertainty and upheaval in both our personal and professional lives. So it should come as a surprise to exactly no one that trust, human connection, and mental well-being are all on the decline. This may seem like no laughing matter. Yet, the research shows that humor and laughter are among the most valuable tools we have at our disposal for strengthening bonds and relationships, diffusing stress and tension, boosting resilience, and performing when the stakes are high. That's why Jennifer Aaker and Naomi Bagdonas teach the popular course Humor: Serious Business at the Stanford Graduate School of Business, where they help some of the world's most hard-driving, blazer-wearing business minds infuse more humor and levity into their work and lives. In Humor, Seriously, they draw on findings by behavioral scientists, world-class comedians, and inspiring business leaders to reveal how humor works and—more important—how you can use more of it, better. Aaker and Bagdonas unpack the theory and application of humor: what makes something funny, how to mine your life for material, and simple ways to identify and leverage your unique humor style. They show how to use humor to rebuild vital connections; appear more confident, competent, and authentic at work; and foster cultures where levity and creativity can thrive. President Dwight David Eisenhower once said: "A sense of humor is part of the art of leadership; of getting along with people, of getting things done." If Dwight David Eisenhower, the second least naturally funny president (after Franklin Pierce), thought humor was necessary to win wars, build highways, and warn against the military-industrial complex, then you might consider learning it too. The book that's missing from 55 million offices and conference rooms around the world: the idiot's guide to the idiot's guide to conquering the cor▶orporate meeting. In it you will learn the essential subtle tricks that pay big dividends by making you look really clever in meetings: con▶stant nodding, pretend concentration, useless rhetorical questions, how to nail the big presentation by pacing and getting someone else to control your slides. Complete with illustrated tips, examples, and scenarios, Sarah Cooper's 100 Tricks to Appear Smart in Meetings gives you actionable ways to use words like 'actionable', in order to sound smart.

*Life is much too short to give any real amount of f*cks. Who is this book for? People who give too many f*cks to things they shouldn't give a f*ck about. You have a finite amount of f*cks, spend them wisely. This book contains the word f*ck over 44 thousand times, which is a world record! *Probably, I don't give a f*ck if that's true or not and I couldn't be f*cked to count them.*

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of caucalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like Men Explain Things to Me by Rebecca Solnit, Milk and Vine: Inspirational Quotes from Classic Vines by Emily Beck, and Awards For Good Boys: Tales Of Dating, Double Standards, And Doom by Shelby Lorman.

This fabulously fun flipbook allows you to generate 60 million brilliantly beastly insults for all occasions. Wacky, zany, and sometimes plain silly, this book will ensure you'll always have the last word, not to mention the last laugh! Hilarious heckles for silencing sassy siblings Teasing taunts to make best friends snigger Madcap comebacks to confuse mum and dad Playful put-downs for frenemies and enemies

The perfect gag gift for anyone who appreciates a little toilet humor! Don't let number 2 stop you from being number 1 on the job. Face the facts. You poop every day-more or less-but making a misstep when you've got to go at the office could land you in some serious doo-doo. How to Poo at Work is the ultimate guide to handling a range of potentially awkward situations, including what to do when: • The boss is in the next stall • The toilet gets clogged • A colleague follows you into the bathroom • There's no toilet paper Flush with useful diagrams, this handy book can save your career from going down the toilet.

Funny because it's true. From the creator of the viral sensation "10 Tricks to Appear Smart in Meetings" comes the must-have book you never knew you needed, 100 Tricks to Appear Smart in Meetings. In it, you will learn how to appear smart in less than half the time it takes to actually learn anything. You know those subtle tricks your coworkers are all guilty of? The constant nodding, pretend concentration, useless rhetorical questions? These tricks make them seem like they know what they're doing when in fact they have no clue. This behavior is so ingrained, so subtle, and so often mistaken for true intelligence that identifying it, calling it out, or compiling it into an exhaustive digest has never been attempted. Until now. Complete with illustrated tips, examples, and scenarios, 100 Tricks gives you actionable ways to use words like "actionable," in order to sound smart. Every type of meeting is covered, from general meetings where you stopped paying attention almost immediately, to one-on-one meetings you zoned out on, to impromptu meetings you were painfully subjected to at the last minute. It's all here. Open this book to any page and find an easy-to-digest trick with an even easier-to-digest illustration, guiding you on: how to nail the big meeting by pacing and nodding most effective ways to listen to your coworkers while still completely ignoring them the key to making your presentations "interactive." If you hadn't noticed these behaviors before, you will see them now—from your colleagues, your managers, and soon yourself. Each trick is a mirror to the reality of what happens in meetings, told in the form of hilariously bad advice—advice that you might just want to take. But probably not. But maybe.

How to Appear Normal at Social Events is an oddly cheering book of illustrated lists. Largely based on Lord BIRTHDAY's popular Instagram account, the book offers excruciatingly absurd, occasionally wise advice on topics ranging from finding your life's purpose to defending yourself against forest clowns. (Hint: Set an oatmeal trap.)

This book offers a comprehensive and well-rounded view of research as a tool for problem-solving in the wide range of the social sciences. It is built on the foundation of philosophical pragmatism, postulating that the value of knowledge and research methodologies lie in their usefulness in engaging with the real world. The book synthesizes both positivist and non-positivist methodologies. It is meant for students who are undertaking their first research course or project. The techniques, while basic in nature, are used in many masters and doctoral research studies. The book uses engaging language, real-life examples from various subject areas and follows an inductive approach. With the help of this book, from an experiential base, students should be able to build a more advanced conceptual and theoretical understanding of research through further reading and practice. This book discusses a policy-applied-pure-action model of research covering both quantitative and qualitative methods for case study, surveys and experimental designs. It pays considerable attention to measurement principles and to data analysis techniques that make practical use of Microsoft Excel for analysis of both words and numbers. It includes a building block approach to writing, as well as the author's thoughts on application of research in the real world.

The Covid Back To School Guide answers the most pressing question facing parents and students today-is it safe to go back to school? In the book, Dr. Haseltine walks readers through a three-part hierarchy of risk that every family can use to come to the decision that is best for them.

If you've ever toiled away in a cubicle or sat through the third meeting your boss scheduled to plan another meeting, then you can relate to this book. This is the third book in Jen Mann's New York Times best-selling People I Want to Punch in the Throat series and it will not disappoint! This is the book you'll want to accidentally on purpose leave on the desk of that blowhard in marketing. This is the book you'll just happen to drop next to the microwave in the break room hoping that Jan in accounting reads it before she reheats last night's smelly leftovers for lunch. This is the book you'll mail anonymously to your micromanaging boss with certain passages highlighted. The Punch List: Company-wide happy hours. I barely want to work with you. I definitely don't want to have a beer with you. The Ivy Leaguers. You do know every sentence doesn't have to start with, "When I was at Princeton?"? The martyrs. You get sick days-use one. Stop dragging your sniffling, snorting, coughing, sneezing ass to work and infecting the rest of us. You're not that important.
