The Smithsonian Institution is America's largest, most important, and most beloved repository for the objects that define our common heritage. Now Under Secretary for Art, History, and Culture Richard Kurin, aided by a team of top Smithsonian curators and scholars, has assembled a literary exhibition of 101 objects from across the Smithsonian's museums that together offer a marvelous new perspective on the history of the United States. Ranging from the earliest years of the pre-Columbian continent to the digital age, and from the American Revolution to Vietnam, each entry pairs the fascinating history surrounding each object with the story of its creation or discovery and the place it has come to occupy in our national memory. Kurin sheds remarkable new light on objects we think we know well, from Lincoln's hat to Dorothy's ruby slippers and Julia Child's kitchen, including the often astonishing tales of how each made its way into the collections of the Smithsonian. Other objects will be eye-opening new discoveries for many, but no less evocative of the most poignant and important moments of the American experience. Some objects, such as Harriet Tubman's hymnal, Sitting Bull's ledger, Cesar Chavez's union jacket, and the Enola Gay bomber, tell difficult stories from the nation's history, and inspire controversies when exhibited at the Smithsonian. Others, from George Washington's sword to the space shuttle Discovery, celebrate the richness and vitality of the American spirit. In Kurin's hands, each object comes to vivid life, providing a tactile connection to American history. Beautifully designed and illustrated with color photographs throughout, The Smithsonian's History of America in 101 Objects is a rich and fascinating journey through America's collective memory, and a beautiful object in its own right.

In *Beginner Jazz Soloing For Trumpet* the art of improvisation for beginners is broken down into six steps that guide students to become confident improvisers. You will become fully equipped to improvise a solo with confidence.

A complete pedagogical method for students of trumpet and cornet, this "brass bible" contains hundreds of exercises from basics to advanced.

Includes the author's famous arrangement of *Carnival in Venice*.

(Schott). This method provides a complete course for players of all ages, guiding students from their first note to 'classics', together with compositions by contemporary writers. Accompanied by high quality rhythm section track recordings accessed online. Right from the start, students can enjoy authentic jazz sounds, playing in the company of professionals. With step-by-step instruction and a progression of specially written pieces, the fundamental elements of good technique are introduced alongside the rhythmic subtleties of jazz. Improvisation is encouraged from an early stage and is given direction through the systematic study of scales and arpeggios and advice on ear-training and chord patterns. With supplementary suggestions for listening and reading, and an Appendix containing all the chord progressions for 'live' accompaniment of the tunes, *The Jazz Method* is ideally suited to both students working alone and those learning with a teacher. "John O'Neill has a solid understanding of jazz and how it can be taught. I highly recommend his educational jazz materials." (Jamey Aebersold) "...a rare opportunity for a new player (or a more experienced one) to develop a really musical facility. A rare addition to the jazz improvising library." (Lee Konitz, international jazz saxophone soloist) - includes 'classics' by Thelonious Monk, Charlie Parker, Sonny Rollins and Horace Silver - "...very good original jazz tunes that students will use as stepping stones for further development... a non-jazz-playing flute teacher would probably find the book a godsend especially if students are studying GCSE music."

The Jazz Method for Trumpet

Are you a church musician or a pastor working with a good amateur trumpeter--perhaps a high

school student--or with a professional on occasion? If so, then this book is for you. Lorna Tedesco has done a brilliant job of bringing together two descants for 101 familiar and beloved hymn tunes--from seasonal songs and carols to traditional favorites for the regular Sundays of the church year. For each hymn tune there are two descants--one that could be played by an amateur, and a second more suitable for the seasoned professional. The descants may be used separately--or they may be played together for a stunning effect. The hymn melody is also transposed into the key appropriate for the B-flat instrument, so that it can be played on alternate verses without the descant. For each selection there is a full score for the keyboard with the descants printed above, together with separate scores for the trumpeters (also appropriate for other B-flat instruments). Several of the hymns are published in two keys to make them equally accessible to a variety of denominations. These descants will be a welcome and beautiful enhancement to your congregational singing.
