Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of

for 2021 Exam: (Reduced Syllabus)

NCERT has developed Exemplar Problems in science for Class X with the objective to cover the fundamentals of all Class X topics. This special edition of Educart Science NCERT Exemplar Book for Class X Science will act as the Bible for students preparing for their dream careers. It is made by my country's top CBSE teachers in collaboration with Educart Experts after a year of rigorous research and development process. This Science Educart Exemplar book is prepared by our country's top experts, to give students a single reference book throughout the year to clear doubts.

Below are the key differentiation of this Educart book:

- Revised with **30% reduced syllabus**.
- Every single question of this Educart NCERT Exemplar is solved keeping the basics in mind.
- Strict NCERT syllabus guidelines are followed when writing explanations.
- Special attention is put to explanations of MCQs and VSA as 25% of paper comes from them.
- Questions that have appeared in previous board examinations are identified, so that students use that extra data to prioritize important questions.
- Extra examinable insight in certain solutions is given under the categories of Definition, Differentiation, Concept Applied and Extra Information.
- NCERT recommended Diksha 2.0 platform (launched February 2020) questions (important ones) are solved at the end of each chapter.

Educart NCERT Exemplar Science also serves the purpose of revision, in the last moments

before Board examinations, especially, as a major part of paper comes from this book statistically. We sincerely hope that the contents of this book will prove immensely beneficial to all students. **We wish you the best of luck.**

This book offers an engaging and comprehensive introduction to scientific theories and the evolution of science and mathematics through the centuries. It discusses the history of scientific thought and ideas and the intricate dynamic between new scientific discoveries, scientists, culture and societies. Through stories and historical accounts, the volume illustrates the human engagement and preoccupation with science and the interpretation of natural phenomena. It highlights key scientific breakthroughs from the ancient to later ages, giving us accounts of the work of ancient Greek and Indian mathematicians and astronomers, as well as of the work of modern scientists like Descartes, Newton, Planck, Mendel and many more. The author also discusses the vast advancements which have been made in the exploration of space, matter and genetics and their relevance in the advancement of the scientific tradition. He provides great insights into the process of scientific experimentation and the relationship between science and mathematics. He also shares amusing anecdotes of scientists and their interactions with the world around them. Detailed and accessible, this book will be of great interest to students and researchers of science, mathematics, the philosophy of science, science and technology studies and history. It will also be useful for general readers who are interested in the history of scientific discoveries and ideas.
