One may be getting dangerously close to the tipping point as a result of continued use of energy threatening our very survival. Sustaining meaningful existence and leading a productive life that contributes value, under the circumstances, has become a challenge for the majority of the world population that still suffers deprivation. The book by the eminent author and modern-day Solar reformist, Dr Chetan Singh Solanki, “Energy Swaraj - My Experiments with SOLAR truth” makes a compelling case for localised energy generation & consumption by communities and individuals for sustainability is based on his real-life experiments with Solar and the surrounding truth. - Anil Kakodkar, Former Chairman, Atomic Energy Commission, India.

Modi and the Reinvention of Indian Foreign Policy

My Mind, Their Thoughts

The CIA World Factbook 2021-2022

This one-volume thematic encyclopedia examines life in contemporary India, with topical sections focusing on geography, history, government and politics, economy, social classes and ethnicity, religion, food, etiquette, literature and drama, and more. • Includes "Day in the Life" features that portray specific daily activities of various people in the country, from high school students to working class people to professionals, providing readers with insight into daily life in the country • Defines key terms related to the reading in a glossary • Highlights interesting facts and figures, including information on the military, industry and labor, and finances, in an appendix • Provides at-a-glance information about India’s festivals and feast days with a chart of national holidays • Illuminates the text with photos and sidebars, helping to illustrate key topics and allow students to dive more deeply into ideas

On 15 August 2014, in his maiden Independence Day address to the country, Narendra Modi became the first Prime Minister of India to take on the national shame of open defecation. Launched a few weeks later, on Gandhi Jayanti, the Swachh Bharat Mission has come a long way over the past five years. India is now close to declaring itself an Open Defecation Free nation on 2 October 2019, the 150th birth anniversary of the Father of the Nation. The Swachh Bharat Revolution looks at all that went into making this remarkable transformation happen, and how a nation of over a billion people led the largest people’s movement in the world to make the impossible possible. This is a compendium of essays -- with names such as Arun Jaitley, Amitabh Kant, Ratan Tata, Sadhguru, Amitabh Bachchan, Akshay Kumar, Tavleen Singh, Bill Gates and many more, along with a message from Prime Minister Modi himself -- that celebrates a historic national achievement.

RRB 2021 REASONING CHAPTER-WISE SOLVED PAPERS

This new fully updated 3rd edition of Bradt’s Kosovo is the only full-length English guidebook to this land rich in cultural heritage, generous hospitality and stunning scenery which is celebrating its 10th anniversary of unilateral independence from Serbia. Updated by two resident tourism experts, this new edition is an ideal companion for all visitors, offering maps, contacts and detailed information not easily accessible online, insider knowledge of one of Europe’s last unspoiled destinations, and comprehensive detail on sites, attractions and practical information. What was once a hub for adventurous backpackers and international organisations has become an outdoor adventure destination in its own right with a compelling buzz thanks in part to a vibrant and dynamic young population: the average age here is 26. Mega-hiking trails like the Via Dinarica and Peaks of the Balkans have brought attention to the country’s unmatched scenery and multitude of 2,500+ metre peaks. New via ferratas - climbing routes - in the country’s north and west appeal to the adventurous set, while newly restored archaeological sites offer a haven for history buffs as well. This third edition contains a wealth of new tour operators and fully updated maps to key cities and regions that make it easier than ever to explore Europe’s youngest country. Ringed by high mountains and recovering from a turbulent past, Kosovo is enjoying a tourism renaissance. Following this guide, visitors can ski over pristine snowfields and hike among saw-toothed mountains, explore the ebb and flow of Islam and of Orthodox Christianity at beautiful shrines such as Gracanica Monastery or Prizren’s Sinan Pasha Mosque, sample raki at one of the vineyards, visit a traditional stone kulla, and be initiated into Prishtina’s coffee-drinking culture. Bradt’s Kosovo caters for all travellers. With detailed descriptions of the country’s lively cafés and wide-ranging restaurants, as well as the thriving outdoor adventure scene, plus accommodation to suit all budgets, this new edition is the ideal companion for tourists, NGOs and long-term visitors.

Lonely Planet Discover India

India, like most democratic developing nations, is prone to populist politics. In the search of votes, politicians look for popular solutions with mass appeal. Some popular solutions benefit the poor, some hurt the economy. Poor economics leads to falling numbers. Falling numbers get statistically captured as economic data. And, the impact of such economic data is immense. This data can lift or crash currency markets, stock markets, affect credit ratings, fuel inflation, affect new investments and even result in mass layoffs. However, there is always a story behind the data. These stories are guided mostly by executive decisions. Some decisions are far-reaching and beneficial to the masses, some cater to political vote banks, some are guided by increasing activism, some serve the need for social justice, some are aimed at environmental protection, while some are simply driven by the greed of power or wealth. This is the story of every regime. The book narrates this compelling data story in a layman’s language. Even where data is wrong it leaves behind a tell-tale mark of anomalies, which trips the economy sooner than later. Fudged, incorrect or lazily collected data is worse than genuine but unimpressive data as you do not know what to correct. India Emerging thus captures this dialogue on the pros and cons of economic and political decisions that can be understood by the common voter who is neither an economist nor an academician.

This book offers an important critique of the ways in which mainstream education contributes to perpetuate an inherently unjust and exploitative Development model. Instead, the book proposes a new anarchistic, postdevelopmental framework that goes beyond Development and schooling to ask what really makes a meaningful life. Challenging the notion of Development as a win-win relationship between civil society, the state and the private sector, the book argues that Development perpetuates a hierarchical world order and that the education system serves to reinforce and re-legitimise this unequal order. Drawing on real-life examples of ‘unschooling’ and ‘self-designed learning’ in India, the book demonstrates that more autonomous approaches such as these can help to fundamentally challenge dominant ideas of education, equality, development and what it means to lead meaningful lives. The interdisciplinary approach pursued in this book makes it perfect for anyone with interests across the areas of education, development studies, radical political theory and philosophy.

Columnist, author and political commentator, Aakar Patel has long been a close observer of the political scenario. In Price of the Modi Years, he seeks to explain the data and facts on India’s performance under Narendra Modi. Modi’s predecessor, Manmohan Singh, had once said that Modi would be a disaster as prime minister. This book shows how. It concedes Modi’s popularity; this is an accounting of the damage he has wrought. It is the history of India since 2014, assessing the damage across the polity from the economy, national security, federalism, foreign relations, legislations and the judiciary to media and civil society. Our memories are not long, news cycles are transient and incidents are forgotten or misclassified as being only episodic, unless documented, unified and placed together as a record. And, therefore, this book-a history of these present times.

How can India and the rest of the world use culture as a tool for shared progress? In The Blue Elephant, Rahul Das, a reverse migrant, consultant and backpacker explores Soft Power, an abstract topic in International Relations, by weaving together his experiences with relatable ideas. ‘A comprehensive introduction to the why, what and how of Soft Power; Timely, thoughtful and trenchant.’ KISHORE MANDHYAN, FORMER POLITICAL DIRECTOR, CABINET OF THE UN SECRETARY GENERAL ‘A much-needed spotlight on the need for India to reprioritise its Soft Power’ SUHASINI HAIDAR, DIPLOMATIC EDITOR, THE HINDU ‘A quirky mix of hard research and personal narrative’ TEJASVI SURYA, HON’BLE MEMBER OF PARLIAMENT ‘This book has a soul, a positive intent and is firmly supported by strong intellectual understanding; must be discussed by national leaders and the mainstream media’ RAHUL EASWAR, AUTHOR ‘The Blue Elephant charts out a dynamic path to embolden India in times to come’ MIRA MISRA KAUSHIK, ORDER OF THE BRITISH EMPIRE ‘An interesting concept distilled in a unique and relatable manner. Our vibrant youth must be aware of our Soft Power potential’ DR RITESH MALIK, ENTREPRENEUR ‘An easy read as it shares Rahul’s experiences across his travels’ DATO ONG ENG BIN, CEO, OCBC BANK MALAYSIA ‘A great view of the steps India must take to assert itself on the global stage’ BALAJI VISWANATHAN, QUORA TOP WRITER ‘Rahul has chosen a fascinating topic and expressed his thoughts breezily, with flair’. SHASHANK MANI TRIPATHI, FOUNDER, JAGRITI YATRA ‘Soft Power presents a huge opportunity for India, the country that aims to be the next great power. Rahul Das hammers home this idea comfortably in The Blue Elephant.’ SUBRAMANI MANCOMBU, EXECUTIVE EDITOR, SWARAJYAMAG

Why India Must Boost its Soft Power

Revolutions in Learning and Education from India

Modern India

If you are appearing for any Government Recruitment Exam, it is important that you are familiar with the happenings around the world. Current Affairs is an important part of your syllabus apart from English, Quantitative Aptitude or Logical Reasoning! Thus, we bring you the Important General Awareness in Google Play. This book covers a wide range of topics like current issues – national as well as international affairs in the diverse areas of Polity, Economy, Environment and Wildlife, Defence, Science & Technology, etc. which are of immense significance from examination point of view. The book is designed to address the needs of Civil Services, State Services, SSC, Engineering Services and any other competitive examinations.

This volume discusses the emergence of space exploration as a new pivot of the global space economy in the decade of 2020s. Space exploration and human spaceflight will soon become vital strategic initiatives in the imminent second space age, evolving from scientific pursuits to mega-economic projects. As the scope of international cooperation in space forays into soft science diplomacy, the second space age opens opportunities for India to mount its space program as an ambitious yet conscientious, proficient, and cordial player in the global space economy. This book, — Explores imminent trends in space exploration and interplanetary connectivity plans, their returns to the global economy of the future, and impact on the global astropolitical order; — Analyses the techno-economic significance of India’s space exploration by reviewing the legal, ethical and philosophical challenges; the limits of global space exploration policies; and the economic lacunae for the astropolitical gains; — Examines the transformational trio of Chandrayaan, Mangalyaan and Gaganyaan; dawn of the second space age; interplanetary connectivity projects; besides discussing the viability of humans becoming an interplanetary species. Part of The Gateway House Guide to India in the 2020s series, this topical volume will be useful for scholars and researchers of international relations, geopolitics, foreign policy, space policy, South Asian studies, strategic studies, and international trade.

My Experiments with SOLAR Truth

About the book: It was about last night when I was dreaming. I saw him in my dream, I have never had any dream about him or about us since he died, seeing him after these many years literally gives a shiver on my spine and still I am wondering how come I had a dream about him, about my Ex husband, about ArjanRaheja. The man of my life, the man whom I have everything and not just me but he too loved me like anything. We were soulmates. He was perfect for me the way I was perfect for him. It was the time of our college when I first saw him and couldn’t stop liking him. While my desire of having him was too much, that much that I just wanted to be his and I wanted him to be mine right away. Arjan was not an eas and is currently studying. He was born in Saharanpur, Uttar Pradesh. And aspire to fulfill his family’s dreams and aspirations. He is an explorer and wants to complete his travel bucket list one day. He is a cheerful person and believes in helping others in any way and is an active member of an NGO that helps the needy. His sociable personality makes everyone around read and write. Motivational, crime and thriller are his favorite genres. He has written everything from short stories to poems and has emerged to write his first crime thriller novel. His first inspirational book "Spark of Success" is now in the top 500. He has traveled to many places like Manali, Rajasthan, Himachal Pradesh and Mussoorie to bring original originality. From the world’s most sophisticated intelligence gathering organization, here is the CIA’s official country-by-country data on nations around the world. From Afghanistan to Zimbabwe, The CIA World Factbook 2020-2021 offers complete and up-to-date information on the world’s nations. Reading Cultural Representations of the Double Diaspora

Four Pillars of India’s Behavioural Transformation

From the Diary of a Middle Class Boy

Critical Perspectives

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule’s purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Reading Cultural Representations of the Double Diaspora: Britain, East Africa, Gujarat is the first detailed study of the cultural life and representations of the prolific twice-displaced Gujarati East African diaspora in contemporary Britain. An exceptional community of people, this diaspora is disproportionately successful and influential in resettlement, both in East Africa and Britain. Often showcased as an example of migrant achievement, their accomplishments are paradoxically underpinned by legacies of trauma and deracination. The diaspora, despite its economic success and considerable upward social mobility in Britain, has until now been overlooked within critical literary and postcolonial studies for a number of reasons. This book attends to that gap. Parmar uniquely investigates what it is to be not just from India, but too Africa—how identity forms within, as the study coins, the “double diaspora”. Parmar focuses on cultural representation post-twice migration, via an interdisciplinary methodology, offering new contributions to debates within diaspora studies. In doing so, the book examines a range of cultures produced amongst, or about, the diaspora, including literary representations, culinary, dance and sartorial practices, as well as visual materials.

Buku ini disusun dengan tujuan menyediakan bahan ajar mata pelajaran bahasa Inggris untuk siswa SMP dengan acuan Standar Isi mata pelajaran bahasa Inggris tahun 2013. Bahan ajar ini dirancang untuk pemakaian secara nasional dan oleh karenanya guru di seluruh Indonesia dapat menggunakannya langsung di dalam kelas atau dengan melakukan adaptasi seperlunya menyesuaikan KTSP masing-masing. Materi dan tugas pembelajaran dikembangkan dengan prinsip-prinsip Pendekatan Komunikatif untuk mengembangkan kompetensi siswa dalam keempat keterampilan berbahasa, yaitu menyimak, berbicara, membaca, dan menulis. Selain itu materi dan tugas pembelajaran secara integratif mengembangkan kecakapan hidup dalam arti luas dan peningkatan kesadaran akan kebinekaan. Materi dan tugas-tugas pembelajaran dalam buku ini diorganisasikan ke dalam dua siklus pembelajaran, yaitu siklus lisan dan siklus tulis. Sementara siklus lisan menekankan pengembangan keterampilan menyimak dan berbicara, siklus tulis mengembangkan keterampilan membaca dan menulis. Sesuai dengan prinsip keterpaduan dalam pembelajaran bahasa, kedua siklus tersebut mengembangkan keempat keterampilan berbahasa secara terintegrasi. Selain itu, untuk keperluan pengayaan dan evaluasi, setiap chapter dilengkapi dengan tugas terstruktur berupa evaluasi. Materi dan kegiatan pembelajaran dalam buku ini lebih dikembangkan untuk mendorong terjadinya learning pada diri siswa. Kegiatan-kegiatan belajar dikembangkan untuk menjadikan siswa secara individu, berpasangan, dan kelompok kecil secara aktif belajar bahasa Inggris melalui kegiatan memahami dan menggunakan bahasa Inggris untuk mengekspresikan gagasan dan perasaan secara alami. Guru lebih bertindak sebagai fasilitator, pemberi feedback, dan pendorong siswa agar berani mengekspresikan dirinya dengan tidak mengabaikan pentingnya akurasi berbahasa.

Dengan kegiatan-kegiatan pembelajaran dan peran guru yang demikian, siswa terbimbing dan memperoleh fasilitasi dalam berlatih mengekspresikan dirinya sehingga secara bertahap akhirnya mampu berkomunikasi dengan baik.

GENERAL KNOWLEDGE & AWARENES

Focusing on social work and social service delivery, this book examines the social policies and programmes designed to address different societal issues and concerns across India and China. It focuses on gaining understanding of design and delivery of social welfare policies related to special interest groups, highlighting important contemporary challenges such as child labour, child abuse, exploitation of women, problems related to disabled people, mental health issue, illiteracy and unemployment. Offering a comparative perspective, the book considers the impact of political administration in both countries to critically assess key issues related to social welfare in two different political, economic, social, and cultural contexts.

2021-22 RRVUNL JE/AE Mechanical Engineering Solved Papers

Narendra Modi ’ s energetic personal diplomacy and promise to make India a ‘ leading power ’ , made soon after his landslide election victory in May 2014, surprised many analysts. Most had predicted that his government would concentrate on domestic issues, on the growth and development demanded by Indian voters, and that he lacked necessary experience in international relations. Instead, Modi ’ s time in office saw a concerted attempt to reinvent Indian foreign policy by replacing inherited understandings of its place in the world with one drawn largely from Hindu nationalist ideology. This book explores the drivers of this reinvention, arguing it arose from a combination of elite conviction and electoral calculation, and the impact it had on India ’ s international relations under Modi.

Children’s Yearbook 2020 - 3rd Edition

An authoritative, fresh, and vividly written account of the Kashmir conflict--from 1947 to the present The India-Pakistan dispute over Kashmir is one of the world's incendiary conflicts. Since 1990, at least 60,000 people have been killed--insurgents, civilians, and military and police personnel. In 2019, the conflict entered a dangerous new phase. India's Hindu nationalist government, under Narendra Modi, repealed Indian-administered Jammu and Kashmir's autonomous status and divided it into two territories subject to New Delhi's direct rule. The drastic move was accompanied by mass arrests and lengthy suspension of mobile and internet services. In this definitive account, Sumantra Bose examines the conflict in Kashmir from its origins to the present volatile juncture. He explores the global context of the current situation, including China's growing role, as well as the human tragedy of the people caught in the bitter dispute. Drawing on three decades of field experience in Kashmir, Bose asks whether a compromise settlement is still possible given the ascendancy of Hindu nationalism in India and the complex geopolitical context.

his new edition of Bradt's Lebanon remains the most comprehensive and detailed English-language guide available. In addition to its more in-depth coverage of essential background information such as history, culture and religion the guide has expanded treatment for the business traveller and prospective property buyer. Subjects such as the environment and responsible travel are given increased emphasis, and there is plenty of additional information for those interested in volunteering opportunities. The guide also caters for all types of travellers and budgets with extensive listings and reviews for accommodation and restaurants. There is also a new section on travelling with children. With a comprehensive language appendix covering both Arabic and French together with an expanded further reading section for this new edition, Bradt's Lebanon is an indispensable practical companion for use within the country and a useful work of reference for armchair travellers too. Although only half the size of Wales, Lebanon offers extraordinary diversity. Here, some of the oldest human settlements in the world at the Phoenician ports of Tyre, Sidon and Byblos sit alongside modern Beirut, popular for its cuisine, eclectic nightlife and mosaic of peoples. In Lebanon's second city, Tripoli, busy medieval souks are watched over by a vast Crusader castle. Outside the city, snow-capped mountains and the lush Qadisha Valley with its snaking river and waterfalls provide entertainment for skiers and hikers, while the Mediterranean Sea draws sun and watersports enthusiasts. Bradt's Lebanon provides detailed cultural and practical information to this increasingly popular destination. It also provides in-depth historical and religious background enabling visitors to travel with awareness and sensitivity.

Lessons from COVID-19: Impact on Healthcare Systems and Technology uncovers the impact that COVID-19 has made on healthcare and technology industries. State-of-the-art case studies, empirical research, and new trends in technology-mediated solution are discussed to help inform and guide readers in understanding the effects that the COVID-19 outbreak has had across healthcare and technology industries. The book discusses challenges to identify vaccines, changes in legislation on clinical trials and re-purposing of licensed drugs, effects on primary healthcare, best practices adopted by different countries to control the pandemic, and different effects on patients within diverse age groups and comorbidities. In addition, the book covers technology-mediated solutions and infrastructures applied, digital transformations, modeling techniques, statistical projections, and the benefits and use of cloud computing and artificial intelligence. This is a valuable resource for healthcare professionals, medical doctors, researchers and graduate students from both biomedical and technological fields who are interested in learning more about the use of new technologies to fight a pandemic. Discusses the effects of COVID-19 on healthcare and technology Presents case studies and state-of-the-art research and technologies to help readers effectively understand the effects of COVID-19 Empowers researchers to work on effective hypothesis to test the disruptions and changes that have occurred as a result of COVID-19 Bridges practical and theoretical gaps in terms of lessons learned during COVID-19 in the healthcare and technology sectors

This book provides novel and critical insights into the complex relationship between politics of memory and oblivion in European countries in the 20th and early 21st centuries as well as the cultural, political and institutional backgrounds against which they function. It explores the uses of the past in terms of a conscious choice to either reactivate or overlook memories as selective reference points for the promotion and legitimization of contemporary political goals. The chapters of this volume bring together theoretical discussions on the interrelationship between remembrance and purposeful oblivion as active processes that serve particular interests and ideologies in the present. By addressing the diverse meanings given to practices of memory, the contributions offer new perspectives on how institutions shape cultural memory, power relations and identity projects. Politics of Memory and Oblivion in the European Context: Critical Perspectives will be of interest to scholars and graduate students from the fields of memory studies, heritage studies, cultural studies, history, and political science who engage with the legacies of violent and traumatic pasts, post-colonial contexts, societal transition and reconciliation. The chapters in this book were originally published as a special issue of the journal, European Politics and Society.

KVS KENDRIYA VIDYALAYA SANGATHAN TGT (TRAINED GRADUATE TEACHER) Recruitment Examination 14 PRACTICE SETS

As global waste generation increases at a rapid rate, there is a dire need for waste management practices such as collection, disposal, and recycling to protect from environmental pollution. However, developing countries generate two to three times more waste, resort to open dumps more often than developed countries, and are slower to integrate waste management standards. There is a need for studies that examine the waste generation and practices of countries that share similar economic backgrounds as they strive to implement successful waste management techniques. Sustainable Waste Management Challenges in Developing Countries is an essential reference source that discusses the challenges and strategies of waste management practices and the unique waste issues faced by developing countries that prevent them from achieving the goal of integrated waste management. While highlighting topics including e-waste, transboundary movement, and consumption patterns, this book is ideally designed for policymakers, legislators, waste company managers, environmentalists, students, academicians, and municipal planners seeking current research on the global waste management problem.
