60 Checks for Maintaining Balance in the Bedroom

Chosen by a Horse

The Writings of Paul Gauguin

Who says money can't buy you love? Issued by the "World Bank of Savings and Love" these playful checks offer a diverse portfolio of options for the shy and adventurous alike, with fill-in-the-blanks and check-box prompts. The checkbook includes 30 IOUs and 30 UOMEs, making it easy for you to get back what you give.

Best of all, these checks are guaranteed not to bounce (unless you're into that)! To Rory Yates being a Texas Ranger is about justice, but all of that changes when he is brought to a small southern town to help uncover the mysteries behind a local woman's death—only to discover corruption and lies. Texas Ranger Rory Yates is not keen for hero status. But it's unavoidable once his girlfriend, country singer Willow Dawes, writes a song about his bravery. Rory escapes his newfound fame when he's sent to the remote West Texas town of Rio Lobo, a municipality with two stoplights. And now, according to the Chief of Police, it has one too many Texas Rangers. Rio Lobo Detective Ariana Delgado is the one who requested Rory, and the only person who believes a local councilwoman's seemingly accidental death is a murder. Then Rory begins to uncover a tangle of small-town secrets, favors, and lies as crooked as Texas law is straight. To get to the truth before more people die, Rory is forced to take liberties with the investigation. The next ballad of Rory Yates may not be about a hero, but rather an outlaw song.

Fangtales

"An original study of Gauguin's writings, unfolding their central role in his artistic practice and negotiation of colonial identity. As a French artist who lived in Polynesia, Paul Gauguin (1848-1903)

occupies a crucial position in histories of European primitivism. This is the first book devoted to his wide-ranging literary output, which included journalism, travel writing, art criticism, and essays on aesthetics, religion, and politics. It analyzes his original manuscripts, some of which are richly illustrated, reinstating them as an integral component of his art. The seemingly haphazard, collage-like structure of Gauguin's manuscripts enabled him to evoke the "primitive" culture that he celebrated, while rejecting the style of establishment critics. Gauguin's writing was also a strategy for articulating a position on the margins of both the colonial and the indigenous communities in Polynesia; he sought to protect Polynesian society from "civilization" but remained implicated in the imperialist culture that he denounced. This critical analysis of his writings significantly enriches our understanding of the complexities of artistic encounters in the French colonial context."--Publisher's description.

When she agrees to take on one of the abused horses just rescued by the local SPCA, a new chapter opens in Susan Richards's difficult life. She lost her mother at the age of five and was raised by uncaring relatives; she married unhappily and divorced; and she'd been an alcoholic. Now, at the age of forty-three, she lives with three horses who keep her company: the diva-like Georgia, boyish Tempo and hopelessly romantic Hotshot. While trying to capture another horse assigned to her, Lay Me Down, a skeletal mare, walks into Susan's horse trailer of her own volition. When Susan agrees to take her, she begins to forge a special, healing relationship that alters her life. Poignant and evocative, this is a book for anyone who has ever loved a horse, and for everyone who has ever lost a loved one.

Disciple IV

After Promontory

"Savvily combines literary themes and cross-stitch designs in [a] visually appealing coll

of projects . . . delightful.” —Publishers Weekly Inside Book Riot’s Lit Stitch, you’ll find a number of badass, bookish cross-stitch patterns to let you show off your love of all things literary. Some are for bookmarks, others are for wall decor, and still others can take on a whole host of finished outcomes. What they have in common is their literary bent—they speak to all manner of literary-minded book lovers, who are happy to display their nerdy sides. And what better way than through your own cross-stitch art to hang on your wall, on your desk, or even gift to friends and family? Most if not all are beginner-friendly and can be completed in a few hours—instant stitchification! So grab yourself some excellent embroidery floss, hoops, and needles, and pick out one or more of these great cross-stitch patterns for your next project.

Celebrating the sesquicentennial anniversary of the completion of the first transcontinental railroad in the United States, *After Promontory: One Hundred and Fifty Years of Transcontinental Railroading* profiles the history and heritage of this historic event. Starting with the original Union Pacific—Central Pacific lines that met at Promontory Summit, Utah in 1869, the book expands the narrative by considering all of the transcontinental routes across the United States and examining their impact on building this great nation. Exquisitely illustrated with full color photographs, *After Promontory* divides the western United States into three regions—central, southern, and northern—and offers a deep look at the transcontinental routes of each one. Renowned railroad historians Maury Klein, Keith Bryant, and Don Hofsommer offer their perspectives on these regions along with cont

H. Roger Grant and Rob Krebs.

Math 87

A guide to the DSST exams, which are taken to receive college credit, reviews verbal, clerical, math and memory skills; offers test-taking tips; and provides full-length practice tests for such exams as: Introduction to World Religions, Principles of Finance, Criminal Justice, Fundamentals of College Algebra and more. Original. Foreword by Dr. Asad Madni, C. Eng., Fellow IEEE, Fellow IEE Learn the fundamentals of RF and microwave electronics visually, using many thoroughly tested, practical examples RF and microwave technology are essential throughout industry and to a

world of new applications-in wireless communications, in Direct Broadcast TV, in Global Positioning System (GPS), in healthcare, medical and many other sciences. Whether you're seeking to strengthen your skills or enter the field for the first time, Radio Frequency and Microwave Electronics Illustrated is the fastest way to master every key measurement, electronic, and design principle you need to be effective. Dr. Matthew Radmanesh uses easy mathematics and a highly graphical approach with scores of examples to bring about a total comprehension of the subject. Along the way, he clearly introduces everything from wave propagation to impedance matching in transmission line circuits, microwave linear amplifiers to hard-core nonlinear active circuit design in Microwave Integrated Circuits (MICs). Coverage includes: A scientific framework for learning RF and microwaves easily and effectively Fundamental RF and microwave concepts and their applications The characterization of two-port networks at RF and microwaves using S-parameters Use of the Smith Chart to simplify analysis of complex design problems Key design considerations for microwave amplifiers: stability, gain, and noise Workable considerations in the design of practical active circuits: amplifiers, oscillators, frequency converters, control circuits RF and Microwave Integrated Circuits (MICs) Novel use of "live math" in circuit analysis and design Dr. Radmanesh has drawn upon his many years of practical experience in the microwave industry and educational arena to introduce an exceptionally wide range of practical concepts and design methodology and techniques in the most comprehensible fashion. Applications include small-signal, narrow-band, low noise, broadband and multistage transistor amplifiers; large signal/high power amplifiers;

microwave transistor oscillators, negative-resistance circuits, microwave mixers, rectifiers and detectors, switches, phase shifters and attenuators. The book is intended to provide a workable knowledge and intuitive understanding of RF and microwave electronic circuit design. Radio Frequency and Microwave Electronics Illustrated includes a comprehensive glossary, plus appendices covering key symbols, physical constants, mathematical identities/formulas, classical laws of electricity and magnetism, Computer-Aided-Design (CAD) examples and more. About the Web Site The accompanying web site has an "E-Book" containing actual design examples and methodology from the text, in Microsoft Excel environment, where files can easily be manipulated with fresh data for a new design.

DK Eyewitness Top 10 Travel Guide: Seoul will lead you straight to the very best on offer. Whether you're looking for the things not to miss at the Top 10 sights, or want to find the best nightspots; this guide is the perfect companion. Rely on dozens of Top 10 lists - from the Top 10 museums to the Top 10 events and festivals - there's even a list of the Top 10 things to avoid. The guide is divided by area with restaurant reviews for each, as well as recommendations for hotels, bars and places to shop. You'll find the insider knowledge every visitor needs and explore every corner effortlessly with DK Eyewitness Top 10 Travel Guide: Seoul. DK Eyewitness Top 10 Travel Guide: Seoul - showing you what others only tell you. Now available in PDF format.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.
