

18 Unmistakable Signs And Symptoms Of Spiritual Awakening

A Commentary on the Book of Revelation - Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation. To understand this controversial book, the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel, Ezekiel, and others. It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible. The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1,000 slides.

"The excavations at South Witham in Lincolnshire produced the most complete archaeological plan of the preceptory of the Military Orders so far seen in Britain. Before 1965 there had been only limited investigation of Knights Templar houses and evidence for day-to-day activities was almost non-existent. Never before had the different components of a preceptory been examined in detail using modern archaeological techniques. This monograph presents the final publication of results, beginning with separate chapters dedicated to the three main phases of occupation. Land in South Witham was first acquired by the Templars between 1137 and 1185 and thereafter a series of buildings was constructed throughout the late 12th and 13th centuries. The preceptory may already have been in decline before the final arrest and dissolution of the Order in the early 14th century. All the well-preserved buildings are described in detail by the excavation director, including the barns, blacksmith's forge, brewhouse, chapel, gateshouse, granaries, Great Hall, kitchen ranges, watermill and workshops. The text is enriched by many photomosaics and aerial photographs. This archaeological evidence then provides the basis for a well-illustrated discussion of architectural reconstructions by John Smith while the documentary background is summarised by Eileen Gooder. Among the finds discussed by a range of specialists are coins (Rigold), metalwork (Goodall), a prehistoric flat axe (Davey), objects of bone and antler (MacGregor), pottery (Johnson), architectural fragments (Gee) and painted wall plaster (Rouse). Environmental and industrial evidence are also considered, including animal bone (Harcourt),

The prequel to the Campbell family saga. Anna Campbell, a Leith 'worthy' in the full sense of the word, never turns anyone away from her door. The condemned tenement is the home to many families in dire poverty and Anna, known as a 'wise-woman', hatches and despatches and treats all minor ailments for her friends. She dedicates her life to raising six children, four boys and two girls who are not her own. The girls, Rachel and Bella, remain with her into adulthood and despite her care she is horrified when fifteen-year-old Bella becomes pregnant by Gus, someone she had given shelter to in his hour of need. Gus skips the country and is hotly pursued across the world and made to return to marry Bella. The bane of Anna's life is the ne'er-do-weel Gabby, Rachel's father. Little does she realise that her continuing desire for revenge against him will have such a devastating effect on Rachel and also the rest of the family. The story covers an eighteen-year period from 1908. The families struggle to cope with daily life but there are bigger tragedies in store. The sinking of the Titanic, the First World War, the Gretna Rail Disaster, the Spanish flu - all have serious repercussions on the lives of the families involved, and Anna, as ever, is there to help them come to terms with them. The story highlights the amazing Leith community spirit of all concerned who lived through this period.

The Mystical Experience of Reality is a well known non-biological, non-human historical phenomena that engulfed the author as a 14year-old several times every year until his late thirties, filling him with the experience of a Reality in which all things known and unknown exist at Its behest, guarding, guiding, accepting everything that exists separately, personally, individually. It is benign and uninterested in human wants or constructs such as religions, politics, ideologies. The author is what Buddhism would call a pratyakabuddha, a silent buddha whose experience of this Reality was spontaneous, without having been requested or by given human help - a mystic. He insists the experience of Reality is caught, not taught, that it cannot be evangelized or proselytized, worshipped or used. Reality rules. Its ways are not our ways. Our ways are not Reality's. Jesus failed. Religions are not spiritual, just emotional. So the book started with a Blog, mysticexperiences.net for the author to examine himself and existence in accordance with the way of Reality. Accordingly, he found nothing in humanity worth studying. This book is a summation of four years of using writing the blog to explore the awareness given him by his mystical experiences in the hope it will add to the literature on the subject, which is now being more seriously studied around the world than it has ever been by physicists, metaphysicists, philosophers, theologians, psychologists, even cosmologists - and especially Seekers, for whom the author has special messages for their unique hunger and thirst. The book also seeks to pass on Reality's message to the author: All is well. "I think this fellow Dalgetty is one of those horse-leeches, whose appetite for blood being only sharpened by what he has sucked in foreign countries, he is now returned to batten upon that of his own". Such is one character's view of the Scottish mercenary of the seventeenth century. Yet there is in Dugald Dalgetty's professional ethic, his blundering Latin, his loving care of his horse, and his own self-absorption, more genuine humanity than in the political and religious principles of Royalists and Covenanters alike. And the picture which emerges is not of violence imported into Scotland from Germany but of a country destroyed by uncompromising religious hatred, political bigotry, tribal feud and personal enmity. A Legend of the Wars of Montrose centres on one episode in the most bloody of Scotland's civil wars, Montrose's campaign for King Charles I in 1644-45; it is a short and savage tale.

The readings collected in these four volumes examine the evolution, operation, and performance of the American corporate enterprise, and the American corporate economy more generally. Divided into seven sections, many of the readings provide broad overviews of the evolution of the US corporate enterprise, while others contribute to debates on its role in the evolution of American economy and society. The material is arranged thematically to help the reader navigate the field. There is also a new introduction and a thorough index, making this set an invaluable resource for both academics and practitioners in the field.

The ESV Global Study Bible is a one-volume study resource for globally minded Christians everywhere. It has been designed to be highly accessible and priced for distribution on a global scale.

A Testimony of Jesus Christ - Volume 1

A Journal of Literature, Science, the Fine Arts, Music, and the Drama

No one familiar with the Bible needs to be told that it is a truly remarkable work. But it takes help to understand this ancient collection of diverse forms of literature written by different people across many centuries. The Eerdmans Commentary on the Bible (ECB) is the finest single-volume Bible handbook available. Written by world-class Bible scholars, the ECB encapsulates in nontechnical language the best of modern scholarship on the sixty-six biblical books plus the Apocrypha. The only one-volume Bible commentary to cover all the texts (even including 1 Enoch) regarded by one or more Christian churches as canonical, the ECB provides reader-friendly treatments and succinct summaries of each section of the text that will be valuable to scholars, students, and general readers alike. The primary objective of this work is to clarify the meaning of each section of the Bible. Rather than attempting a verse-by-verse analysis (virtually impossible in a one-volume work), the ECB focuses on principal units of meaning—narrative, parable, prophetic oracle, section of argument, and so on—highlighting their interconnectedness with the rest of the biblical text. The volume also addresses and answers major issues—including the range of possible interpretations—and refers readers to the best fuller discussions. Beyond providing reliable, informative commentary, this hefty volume also includes thirteen introductory and context-setting articles that

do justice to the biblical documents both as historical sources and as scriptures. The sixty-seven contributors to the ECB come from a wide variety of backgrounds and are acknowledged leaders in the field of biblical studies. Their contributions stand out either for their fresh interpretations of the evidence, or for their way of asking new questions of the text, or for their new angles of approach. While the translation of choice is the New Revised Standard Version, many of the contributors offer their own vivid translations of the original Hebrew or Greek. Cutting-edge, comprehensive, and ecumenical, the ECB is both a fitting climax to the rich body of interconfessional work undertaken in the latter part of the twentieth century and a worthy launching pad for biblical study in the twenty-first. Special Features of the ECB The only one-volume commentary to cover all the texts (including the Apocrypha and 1 Enoch) regarded by one or more Christian churches as canonical Thirteen major essays that introduce each section of Scripture and its study Encapsulates in nontechnical language the best of modern scholarship Includes superb bibliographies and an extensive subject index Written by sixty-seven first-rate Bible scholars Designed for use by scholars, students, pastors, and general readers
