The Book of Five Rings is a text on kenjutsu and the martial arts in general, written by the Japanese swordsman Miyamoto Musashi around 1643.Written over three centuries ago by a Samurai warrior, the book has been hailed as a limitless source of psychological insight for businessmen-or anyone who relies on strategy and tactics for outwitting the competition.

Filling the need for a comprehensive, fully-illustrated guide to the subject, this practical manual demonstrates a logical approach to the preparation, dissection, and handling of the tissue specimens most commonly encountered in today's surgical pathology laboratory. Each dissection is vividly illustrated with powerful 3D line drawings created exclusively for this book. The authors discuss the clinically important features of various types of specimens and lesions over the whole range of organ systems. The consistent approach provides a valuable conceptual framework for points to bear in mind during the dissection and each chapter concludes with a convenient reminder of the important issues to address in the surgical pathology report. Indispensable for staff pathologists, residents, pathologist's assistants, histotechnologists and other laboratory personnel.

8 1/2 x 11. 350 b&w photosWhen Ford introduced the new 1979 Mustangs on what is known as the Fox platform, it sparked a new revolution in automotive modification and performance. Hailed as the "sports car for the masses," the Mustang GT soon became one of the most modified cars Ford has ever produced. The Mustang's low entry price, followed by the storm of available aftermarket parts, has made the Fox-bodied Mustang (1979-1995) the most desirable and modified car on the market in the last 20 years.How To Build Max Performance Fox Mustangs on a Budget is an essential book for anyone who wants to modify this affordable and popular sports car, covering everything from planning your project, engine modification and performance, transmission and driveline upgrades, to suspension performance modification and body modification.

A no-holds-barred science fiction thriller from Australia's favourite novelist, author of the Scarecrow series and Jack West Jr series with new novel The One Impossible Labyrinth out now. "High-octane Harry Potter" The Age "Reilly has a gift for sustaining momentum that never lets up." Publishers Weekly Meet Jason Chaser, hover car racer. He's won himself a place at the International Race School, where racers either make it on to the Pro Circuit - or they crash and burn. But he's an outsider. He's younger than the other racers. His car, the Argonaut, is older. And on top of that, someone doesn't want him to succeed at the School and will do anything to stop him. Now Jason Chaser isn't just fighting for his place on the starting line, he's racing for his life. Fans of Clive Cussler, Tom Clancy and Michael Crichton will love Matthew Reilly.
