Using this guide will ultimately pay off in valuable product knowledge, time saved, and perhaps paying a lower price. This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than forty-five years, pulls no punches. Examines the role and importance of brand strength in the accelerated modern business world based on two vital components--Presence, or familiarity, and Voltage, or marketing appeal--as well as the five elements that lead to customer commitment to a brand (Presence, Relevance,

series engines and elaborates up on the features that make this engine family such an excellent design. As with all Workbench titles, this book details and highlights special components, tools, chemicals, and other accessories needed to get the job done right, the first time.

Appendices are packed full of valuable reference information, and the book includes a Work-Along Sheet to help you record vital statistics and measurements along the way.

"The automotive maven and former Member of Parliament might be the most trusted man in Canada, an inverse relationship to the people he writes about." - The Globe and Mail
Lemon-Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production. This brand-

new edition of the bestselling guide contains updated information on secret service bulletins that can save you money. Phil describes sales and service scams, lists which vehicles are factory goofs, and sets out the prices you should pay. As Canada's automotive "Dr. Phil" for over 40 years, Edmonston pulls no punches. His Lemon-Aid is more potent and provocative than ever.

This report presents a suggested procedure for measuring the tire-pavement noise at the source. The procedure uses the on-board sound intensity (OBSI) method that was found to be the preferred approach for measuring tire-pavement noise at the source. Although the research presented in this report provided a basis for the recently introduced provisional Standard Test Method for

Examines the opportunities available for writers in the television industry and negotiates its complex corporate labyrinth to share advice on getting hired, television's business model, and new media formats.

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't

Management explores management opportunities in encounters across the world between national, organizational, political, professional and social cultures. It is soundly based theoretically and supported with real-life international examples from contemporary events and situations, exploring contemporary and historical material to provide insights for today's managers who find themselves dealing with diversity and difference. From a historical perspective and a uniquely cross-disciplinary approach, Elizabeth Christopher identifies the major leadership styles that continue to characterise people across regions, nations, communities and organisations, within groups and as individuals. International Management

is a practical and comprehensive textbook for successful negotiation in a world rich not only in cultural diversity but also in convergence. It also covers the ethical, moral and environmental ramifications of business today and the corporate leaders who are learning to manage their businesses across nations and continents, not only profitably but in ways that contribute to societies overall through economic, environmental and social action. International Management is an indispensable guide for students and practitioners to key issues of cross-cultural management, suitable to accompany online or private studies, or a teaching unit within professional and university graduate studies of international management.
