

2016 M A G A Z I N E

Donald Trump On January 20, 2017, Donald J. Trump was sworn in as the 45th president of the United States of America. The outspoken businessman, real estate developer and television personality had previously declared some interest in becoming a candidate for public office in 2000 and 2012, but it wasn't until June 2015 that his political goals became clear. When he first announced his plan to become the Republican Party candidate for the 2016 presidential election, his chances of success were widely dismissed and often ridiculed by large numbers of Americans, including influential members of both the Republican and Democratic parties. Trump quickly took the lead ahead of the sixteen other contenders for the Republican nomination and, by May 2016, it was obvious that he would be representing the party in the November 2016 election. While his success in winning the nomination had come as a surprise to many of his opponents and detractors, the results of the November 8th general election astonished millions of observers around the world as they came to realize that, with no previous government or military experience, Donald J. Trump had defeated the highly experienced Democratic candidate, Hillary Clinton. Trump's approach to both the nomination and election campaigns was unconventional and controversial. He ignored many traditional political strategies, routinely used insults and name-calling in dealing with his opponents, held dozens of sometimes raucous public rallies, and relied on Twitter as one of his primary means of communication. Promising to "Make America Great Again", Trump spoke in opposition to free trade, climate change and immigration, pledging that he would have a wall erected along the U.S.-Mexico border and would make Mexico pay for it. As a businessman and developer, Donald Trump learned some important lessons that helped him become a successful political candidate in his very first serious attempt at public office. Before 2016, he had entered presidential races in the past but they were more for publicity, he basically gave a few speeches here and there and then dropped out. In 2016, he had become famous for both his forceful approach to business and for his unique style of communication. Trump's tips to the public, as discussed in this book, help to explain how he worked his way up the ladder to become a top businessman and one of the richest men in America. Whether or not you agree with Trump's opinions and strategies as a businessman and politician, it is important to understand the brand that he has built around his name and the legacy that is connected to this. He is a controversial figure, but that does not mean that his sentiments and beliefs can be dismissed. Trump's advice provides a coherent view of how he believes people can achieve success. He built his business empire through principles that he learned throughout his life, and he then went on to utilize them in the world of politics to become the leader of perhaps the most powerful nation in the history of our planet. This book concentrates on Trump's strategies and successes as both a businessman and politician by focusing on ten of his most frequently publicized principles. It is hoped that these will serve as guidelines to others as they chart their own paths in life.

What do you do when you spot a wild Trump in the election season? New York Times bestselling author and comedian Michael Ian Black has some sage advice for children (and all the rest of us who are scratching our heads in disbelief) in this perfectly timely parody picture book intended for adults that would be hysterical if it wasn't so true. The beasty is called an American Trump. Its skin is bright orange, its figure is plump. Its fur so complex you might get enveloped. Its hands though are, sadly, underdeveloped. The Trump is a curious creature, very often spotted in the wild, but confounding to our youngest citizens. A business mogul, reality TV host, and now...political candidate? Kids (and let's be honest many adults) might have difficulty discerning just what this thing that's been dominating news coverage this election cycle is. Could he actually be real? Are those...words coming out of his mouth? Why are his hands so tiny? And perhaps most importantly, what on earth do you do when you encounter an American Trump? With his signature wit and a classic picture book style, comedian Michael Ian Black introduces those unfamiliar with the Americus Trumpus to his distinguishing features and his mystifying campaign for world domination...sorry...President of the United States.

What is New Possibilities?New Possibilities is an ambitious reality show created by TTV - Trump Television. Fed up that no country could ever get it right, Donald Trump decided to try his hand in space colonization. As usual, when Donald Trump does something, he's in it to win big. New Possibilities: A Post-MAGA Speculation follows the story of those on the paradise planet of New Lago as they struggle to realize their dreams and the changes the planet must make to cope with potential destruction from alien forces. What is a Post-MAGA Speculation?Science fiction ages poorly. Take a look at typical sci-fi from the 50s. It might hold up from a literary perspective, but things never seem right in regards to technology. Characters rarely use computers, and that's because authors at the time hadn't envisioned how computers would dominate future generations.In the same vein, Post-MAGA speculation purports that all science fiction has been rendered irrelevant. No science fiction author, no matter their brilliance, could have predicted the presidency of Donald Trump and the impact it will bring. Post-MAGA Speculation tries to imagine the future that will be shaped by Trump's hands and the marvels it will behold.

Donald Trump Is The Only Choice In The 2016 Presidential Election! America needs a Washington outsider with a record of getting things done. That man is Donald Trump! . If you are like me you probably feel that America has been adrift and in decline for sometime now. With stagnant and declining wages for the middle class and growing threats from abroad it feels like the American dream is slipping away What we need is a leader who can restore the American dream and make America great again. That man is Donald Trump. Do you really think someone from within the Washington beltway can get the job done? We've been there and tried that. It hasn't worked. We need someone with a fresh approach. That man is Donald Trump. You may be sceptical of Mr. Trump because all of the Washington insiders from both parties have been attacking him. They call him reckless, inexperienced, and ignorant (and those are some of the nicer things ...) Why would you listen to these voices though, when it is these same voices that have led America to the point it's at today? Donald Trump would make an excellent president. Here's why: He's not afraid to speak his mind He is an experienced and successful businessman He is a great negotiator He doesn't bend down and hide from the press, he stands up to them His immigration policies He exudes confidence and is a great orator Voting for Donald Trump may seem like a shot in the dark, but what choice does America have? Hillary Clinton??? Ted Cruz^{!!!} I was sceptical at first as well. The more I looked into Trumps record, however, the more I realized that he is the right man for the job. It's time to stop playing the Washington game. Someone needs to take a fire hose to the lobbyists and career politicians who infest our nation's capitol like cockroaches. That man is Donald Trump. Donald Trump - The Top Reasons He SHOULD Win The 2016 Presidential Election will explain to you why Trump is literally our nation's last hope. Let's work together to elect Donald Trump and make America Great Again! Scroll up and click the "Buy" Button to get your own copy today!

Authored by Mike Cernovich, who has been banned from television for telling it like it is, MAGA MINDSET will be the breakthrough political book of this election season because everyone from Trump fans to media hoaxers will find value in the book. In MAGA Mindset you will learn: * The cultural forces behind Trump's rise, * How Trump and other new journalists are able to drive the news cycle, * The mindset techniques and strategies YOU need to succeed at life, even when everything seems hopeless.

E Pluribus Awesome! Why Donald Trump Will Win the 2016 Election and Make America Great Again Resistance is futile! Donald Trump is not a bought and paid for political puppet - he is a dagger in the heart of a political establishment that's owned and operated by billionaire globalists and special interests. The 2016 Election is political dynamite! It's Populist Trump vs. Billionaire Elitists, the masters of Main Stream Media. It's Trump and Real Change vs. Clinton and the Status Quo. It's America First vs. Open Borders and Globalist ambitions. The Main Street Media and smug pundits are bewildered at how Trump has started a movement, attracted the most Republican primary votes in history and are terrified that Trump may become president and make America great again. But Andy Colere is not bewildered. In this brief but authoritative book, Andy Colere lays out chapter and verse why Donald Trump will win the 2016 presidential election - in a landslide. E Pluribus Awesome! explains why Republican and Democrat alike should vote Trump. Making America #1 Again

MAGA Kids is a series of picture books created by U.S. Army Iraq Veteran / Writer Illustrator, SGT Crowley. They celebrate the AMAZING Political Movement of "Make America Great Again", that swept over America During the 2016 Presidential Election. The Acronym of MAGA continues to be a rally call to all people who believe in our 45th President of the United States, President Donald Trump!

We have a mess on our hands. Nothing works right anymore. Nothing works the way it did once upon the time. We loose on too many fronts. We loose even when loosing is not even an option. We loose too much, too fast.Enough is enough, America. We must fix this mess.Here's the solution. Here's my Presidential agenda on how to solve these things, one by one, step by step. Here's how exactly we will have Mexico pay for the wall. Here's how we will deal with immigration, terrorism, taxes, our military and our veterans.Here's at the heart of how we will pay off our national debt in 8 years, without starting 'trade wars' as pundits would have us believe. Here is the roadmap to success.The best days of America are ahead of us. Support me in this campaign and enjoy this book. It's part of the solution. It's how to Make America Great Again.

Donald Trump's victory in the 2016 presidential election surprised almost all major vote forecasters who predicted Hillary Clinton's victory. But 10 months earlier, in January 2016, Ryuho Okawa, Global Visionary, a renowned spiritual leader, and international best-selling author, had already foreseen Trump's victory. This book contains a series of lectures and interviews that unveil the secrets to Trump's victory and makes predictions of what will happen under his presidency. This book predicts the coming of a new America that will go through a great transformation from the "red and blue states" to the United States. Chapter 1 is based on Okawa's lecture given the day after the 2016 presidential election. It forecasts what will happen as a result of Trump's victory, including the end of the Middle East conflict, the U.S. economic strategies against China, Trump's measures against illegal immigrants, his tax policies, and America's future relations with Russia. Chapter 2 is based on Okawa's public talk given in New York in October 2016. This chapter is Okawa's empowering and encouraging message to the people of the United States of America. He calls on Americans to become aware of America's role as the world leader once again so that we can together achieve freedom, justice, and happiness. Chapter 3 is based on an interview session recorded in September 2016. In this interview, George Washington speaks through Okawa, and answers questions on various topics, such as views on the 2016 U.S. presidential election, an evaluation of the eight years of Obama administration, and a vision of America in the 21st century. Chapter 4 unveils Donald Trump's subconscious thoughts, or his honest feelings and intentions, about various issues including Muslim immigration, media's criticisms against him, Chinese expansionism and his plans to "make America great again." Okawa's prediction of Donald Trump's victory in this lecture given on January 5, 2016 came true 10 months later in November 2016.

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to “put America’s interests first—and that means doing what’s right for our economy, our national security, and our public safety.” Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, “Merry Christmas!” The media scoffed at Trump’s vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in Time to Get Tough, “I’ve built businesses across the globe. I’ve dealt with foreign leaders. I’ve created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That’s what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he’s going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn’t need cowardice, it needs courage.” President Elect Trump is about to “Make America Great Again” and Time to Get Tough is his blueprint!

BECAUSE NOT ALL KRAV MAGA IS THE SAME TM Israeli krav maga is the official self-defense system of the Israel Defense Forces. Krav maga training shares the same principles for civilians, law enforcement, and military personnel alike to deliver them from harm's way. Goals however, are different for law enforcement and military personnel. This book is designed for security-conscious civilians, law enforcement officers,

military personnel, and security professionals alike who want to improve their chances of not just surviving an armed attack, but increase the odds of prevailing without serious injury. Krav maga's popularity in professional law enforcement, military, and security circles is attributable to its practicality, simplicity, quick retention, easy learning curve, and brutal effectiveness. This effectiveness is built on a few core tenets and simple building blocks. General principles are applied and customized to suit the needs of a dynamic violent situation. Contents include: Mind-sets, reactions, and tactics in response to violence The highest-level counters against multiple armed attacks and threats Core kick, clinch, and tackle defenses Core ground survival tactics Multiple-opponent strategies and tactics Impact weapon defenses Edged weapon defenses Firearm disarms and retention Includes 954 detailed photographs The most up-to-date tactics presented in this book focus on the most common violent scenarios. These techniques derive from the author's translation of the Israeli Krav Maga Association (IKMA) curriculum. The IKMA is the governing body for krav maga, recognized by the Israeli government and headed by Grandmaster Haim Gidon. Responsible people seek krav maga training as a shield against violence.

Crippled America by Donald Trump | Key Takeaways & Analysis Preview: Much has been written about Donald Trump and his campaign for the 2016 Republican nomination for president. With this platform, we the Republican Party reaffirm the principles that unite us in a common purpose. We believe in American exceptionalism. We believe America is exceptional because ofour historic role - first as refuge, then as defender, and now as exemplar of liberty for the world to see. We believe our constitutional system - limited government, separation of powers, federalism, and the rights of the people - must be preserveduncompromised for future generations. We believe political freedom and economic freedom are indivisible. When political freedom and economic freedom are separated - both are in peril; when united, they are invincible. We believe that people are the ultimate resource - and that the people, not the government, are the best stewards of our country's God-given natural resources. As Americans and as Republicans we wish forpeace - so we insist on strength. We will makeAmerica safe. We seek friendship with all peoplesand all nations, but we recognize and are preparedto deal with evil in the world. Based on these principles, this platform is an invitation and a roadmap. It invites every American to join us and shows the path to a stronger, safer, and more prosperous America.

How to Make America Great Again by Donald Trump | Key Takeaways & Analysis

When Donald Trump popularized the campaign slogan "Make America Great Again (MAGA) in his 2016 presidential campaign, he anchored it on dozens of campaign promises centered around whisking the United States of America out of its "decline", as large majorities of Americans believed it was and it is still the case today. THE BARGAIN WITH AMERICA, is an insightful, research-rich and engaging account of the hectic and extraordinary Trump presidency focusing on the promises he made to America and Americans and the challenges that come with living up to his words in an environment replete with conflicting factions, deep polarization, and competing game plans. It is against the backdrop of a changing world, a highly bi-partisan political landscape, the underhandedness of faceless socio-economic and political forces in the country operating under the radar, and a relentless media that the 45th president of the United States of America is operating to keep his bargain with the people and the country.In this account, Janvier T. Chando presents Donald Trump's time in office vis-à-vis his campaign promises and slogan to "Make America Great Again" in a compelling manner that makes THE BARGAIN WITH AMERICA an extraordinary feat of analysis.

An accessible primer on the disciplinary form's principles explains how to draw on street fighting skills in order to build self-defense capabilities and promote overall fitness, in a resource that includes coverage of such areas as strength training, fat burning, and escaping a threatening situation. Original.

How were social media posts, scripted speeches, traditional news media and political cartoons used and understood during the Brexit campaign? What phrases and metaphors were key during and after the 2016 Brexit referendum? How far did the Remain and Leave campaigns rely on metaphor to engage with supporters in communicating their political positions? These questions, and many others, can be answered only through a systematic analysis of the actual language used in relation to Brexit by the different parties involved. By drawing on a range of data sources and types of communication, and presenting them as 'frames' through which individuals can attempt to understand the world, the author provides the first book-length examination of the metaphors of Brexit. This book takes a detailed look at the rhetorical language behind one of the major political events of the era, and it will be of interest to students and scholars of linguistics and political science, as well as anyone with a special interest in metaphor, rhetoric, Brexit, or political communication more broadly.

"For the Love of Trump, The Historic 2016 Presidential Election from the Perspective of a Social Media Warrior," by T. Wade Corder is a reflection of the unconventional campaign and election of Donald J. Trump, written by a Trump supporter who used social media as a platform to overcome the mainstream media's concerted effort to misinform the American voters about Trump's character, motivation, and legitimacy as a Presidential candidate. The book is divided into a brief Introduction followed by 12 chapters which address various topics regarding the use of propaganda/false narratives about Donald Trump, the origins of some of the misinformation, and the effect it had on the American electorate, the outcome of the November 2016 election, and the effects his campaign continues to have on the Democratic and Republican parties. The last section is a colorful and entertaining photo collection sampling some of the author's select, original memes, discussions, comments, and arguments posted to his Facebook and other social media accounts in an attempt to re-shape public opinion about Donald Trump, who he asserts was falsely accused of being a racist, a bigot, a xenophobe, etc. The author, who has a strong background in psychiatry, briefly discusses unjust diagnoses that have, without merit, charged Trump with a host of mental illnesses, and also discusses Trump's roles as a father, a successful businessman, a philanthropist, and a patriot. Corder explores some of the possible factors that motivated Trump to run for President, devotes a chapter in the book to laying out the specifics of the Trump Administration's proposed policies, and discusses the current state of the Democratic and Republican parties, how they have both changed in the wake of this movement, turned political revolution, and makes predictions about the future of both parties. There is a brief discussion regarding Globalism, and Trump's position against the "New World Order," as a pro-American nationalist, who ran (and won) on the promises that he would "Make America Great Again." The author urges all Americans, particularly those who are most opposed to Trump's presidency, to look beyond the misinformation and character attacks to see the true nature of a man who bravely traded his deserved retirement of peace and luxury for the peril and turmoil of a political fight to save the country he loves from the forces that threaten its very existence. 110 pages, full color

From #1 New York Times bestselling author and cohost of Pod Save America—how to combat political disinformation and dangerous lies of the right-wing propaganda machine. In BATTLING THE BIG LIE, bestselling author Dan Pfeiffer dissects how the right-wing built a massive, billionaire-funded disinformation machine powerful enough to bend reality and nearly steal the 2020 election. From the perspective of someone who has spent decades on the front lines of politics and media, Pfeiffer lays out how the right-wing media apparatus works, where it came from, and what progressives can do to fight back against disinformation. Over a period of decades, the right-wing has built a massive media apparatus that is weaponizing misinformation and spreading conspiracy theories for political purposes. This "MAGA Megaphone" that is personified by Fox News and fueled by Facebook is waging war on the very idea of objective truth—and they are winning. This disinformation campaign is how Donald Trump won in 2016, almost won in 2020, and why the United States is incapable of addressing problems from COVID-19 to climate change. Pfeiffer explains how and why the Republicans have come to depend on culture war grievances, crackpot conspiracies, and truly sinister propaganda as their primary political strategies, including: Republican efforts from Roger Ailes to Steve Bannon and Donald Trump to sow distrust while exploiting the media ' s biases and the Democratic Party ' s blind spots. The optimization of Facebook as the ultimate carrier of Trumpist messaging. Educating the Left to stop clutching pearls and start "fighting fire with fire." How to fight back against the trolls spreading disinformation and hate on the Internet. A functioning democracy depends on a shared understanding of reality. America is teetering on the edge because one of the two parties in our two-party system views truth, facts, and science as their opponent. BATTLING THE BIG LIE is a call to arms for anyone and everyone who cares about truth and democracy. There are no easy answers or quick fixes, but something must be done. Originally published: New York: Doubleday, 2016.

This book promotes the benefits the USA will gain by electing Donald Trump as President in Nov-2016. He is a proven manager, and conservative politically, but is free of the political debts and bias that most career politician candidates have. We are fortunate that he is running. For more than a year, Hillary Clinton has laid out an ambitious agenda to improve the lives of the American people and make our country stronger and safer. Stronger Together presents that agenda in full, relating stories from the American people and outlining the Clinton/Kaine campaign's plans on everything from apprenticeships to the Zika virus, including: -Building an economy that works for everyone, not just those at the top. -Making the biggest investment in good-paying jobs since World War II, including infrastructure, manufacturing, clean energy, and small business. -Making debt-free college a reality and tackling the student debt crisis. -Defeating ISIS, strengthening our alliances, and keeping our military strong. -Breaking down the barriers that hold Americans back by reforming our broken immigration system, ending mass incarceration, protecting voting rights, and fixing our campaign finance system. -Putting families first through universal, affordable health care; paid family and medical leave, and affordable child care. Stronger Together offers specific solutions and a bold vision for building a more perfect union.

The 2016 election was a unique one for many people. There was a lot of division and rhetoric from the media to politicians trying to influence the outcome. Latinos like myself who supported Trump for president were met with hate and vile simply for our opinions and views. I explain my experience as a MAGA Latino during the 2016 elections, from observations to ways I dealt with the disinformation pushed by the media. My experience dealing with those who did not approve of my support and how influences around us tried to change how people might vote. I contrast my views from 2000 to how they changed in 2016. Although this book is about the 2016 election it is not a dated piece. A lot of the information provided was as relevant in the 2016 election as well as today and in the future.

Donald Trump -Trump 4Eva

The 2016 Presidential election will be remembered for years to come not only for producing the biggest upset in the history of American politics, but also for the colorfulness of the primaries of both the Democratic and the Republican parties. When Bernie Sanders, the little-known Independent senator from small state Vermont boldly stated he would run for the White House as a Democratic Party candidate, hardly anyone took him seriously. After all, he was up against the entire Democratic Party machinery and their favored candidate Hillary Clinton. Many people were astounded by the fact that he was taking on the greed and irresponsibility of corporate America and the top wealthy with very little money, no media support and no political organization to back him up. But he ended up running one of America's most successful campaigns and came close to clinching the Democratic Party nomination after winning the votes of 13 million Democratic Party members in the primaries and caucuses, and after winning twenty-five states. Party nominee all right, but she counted enormously on Bernie Sander's support against the Republican Party nominee.The Republican Party primaries turned out to be equally colorful if not more dramatic. With an array of 17 candidates, it was animated indeed. But the star of the process was Donald John Trump, a businessman and television personality who ran against the media and the political establishment, promised to "Make America Great Again" and tapped the grievances of the population in a manner never seen before. He belittled those elites of his party who threw shots at him, reduced his rivals in the primaries to irrelevancy, and then clinched the nomination to the consternation of the party's elites openly pledging not to vote for him.Donald Trump cannot win! The media, pundits, pollsters, and scholars told the American people. Yes, it was difficult to imagine that Donald Trump could win against the Democratic Party nominee Hillary Clinton who had a formidable arsenal of the media, the political establishment, the financial industry, and the military. But he won the election, stunning not only more than half of America, but the clear majority of the people of the world who viewed him as a clown with no mettle. Donald Trump's victory was a feat that could not be attributed to his ingenious campaign alone.In How Donald Trump Won the 2016 Presidential Election and Disarrayed the Political Establishment

not only of how Donald Trump won the 2016 Presidential Election and how Hillary Clinton lost it, but he also provides a unique insight into the changing America that explains the emotions and ideas transforming the country. The author does so by taking the reader through a jolting ride that has hardly been experienced before. Some call it setting off an alarm that will resuscitate the political establishment. However, we emerge from reading this book with the feeling that we finally got to understand the epic events that made the 2016 race for the White House a historic election to be remembered for generations to come.

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller Report is to provide a full and complete account of the 2016 Presidential election, consisting of possible links, or “collusion,” between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his business, how he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out strategies, and tells the truth—throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times

deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

THE TRUMP REVOLUTION CANNOT SUCCEED WITHOUT TRUMP. Will he run in 2024? YOU BET HE WILL. Will he be the GOP nominee? ABSOLUTELY. Will he win the election? YES! DICK MORRIS – New York Times bestselling author, winning presidential strategist & the man Time magazine dubbed “the most influential private citizen in America” – lays out his plan to return to power in 2024. His new book: THE RETURN: TRUMP’S BIG 2024 COMEBACK. Since 2016 Dick Morris has been a behind-the-scenes adviser to Donald Trump. Dick played a key role in Trump’s surprise 2016 win. Dick Morris reveals first time President Trump’s strategy to win in 2024. And yes, he’s running! Dick Morris says time is higher. “President Trump knows the future of America rests on his shoulders,” Morris says bluntly. In his new bestseller THE RETURN Morris explains that we cannot repeat 2020—and we can’t let the Democrats get away with it again or America is lost. Dick Morris provides the road map that Trump is prepared to implement in his effort to win in 2024.

THE RETURN. Conservatives and MAGA supporters must realize that there are new rules. The Democrats, Big Media, Soros, and the Deep State have decided Trump must be stopped at any cost. In THE RETURN Morris reveals how to beat the Democrats and the radical left at their own game – and getting freedom-loving Americans to rise up and vote. Morris strategy for victory on three fronts: MAKE CERTAIN(!) more legal, eligible voters cast ballots for Republicans, and that their votes are not offset by a torrent of illegal ballots. Morris says a new group of Trump voters are emerging who will create a New Majority. The Republican candidate in 2024 will be, AND MUST BE, Donald J. Trump. According to Dick Morris, time is higher. Morris explains why. THE WINNING (TRUMP) MESSAGE: The Democrats will transform America into a nation none of us will recognize by destroying social, cultural, economic, and political freedoms. Morris says time is short. This election really is critical. With the election of 2020, everything pundits knew—or thought they knew—is obsolete.

Donald Trump Must NOT Win the 2016 Presidential Election! Here's Why Read before you act. Even if you've been living under a rock it's hard to ignore the fact that Donald J. Trump is running to be president of United States. However, what started of as a joke has become all too real ... We've all heard, or are at least aware, of the myth of Donald Trump, self-made billionaire and reality TV star. But does the White House really need him? Is he in anyway capable of fulfilling his promise to "...Make America great again" or is it just an elaborate con? This book is going to help you answer the questions above. The United States of America faces many challenges at home and abroad. With a weak economy at home and terrorist threats multiplying abroad a strong and wise leader is needed more than ever. Many people believe that man is Donald J Trump. I couldn't disagree more. Here's What's Being Discussed: He is not a "Business Genius" He is a prolific liar He is a hypocrite He is a cheat He is a racist Plus 20 other reasons Donald Trump must not be elected! The truth of the matter is that much of the Trump legend is a myth. Although he may be a snake oil salesman par excellence I firmly believe that a snake oil salesman is NOT what we need in the highest office in the land. The thought of a Trump presidency terrifies me, and it should terrify you too. It must not be allowed to happen. Donald Trump - The Top Reasons He Must NOT Win The 2016 Presidential Election is my own small contribution towards this end. Read it, share it, and let's ensure together that this joke of a man gets nowhere near the White House. Just scroll up and click the "Buy" Button to get your own copy and let's STOP TRUMP!.

Following the epic, contentious 2016 presidential election, Joel Spring’s ongoing documentation and analysis of political agendas for education reflect the major political issues since 2012. Here he examines the 2016 education planks of the Republican, Democratic, Libertarian, and Green Parties, using their official platforms and other statements, speeches given by each candidate, and media reports and publications. Each party’s position is linked to previous political movements in education. Spring offers an alternative agenda for American schools, including a proposed education amendment to the U.S. Constitution and replacing human capital agendas with goals emphasizing education for a long life and happiness. Taking a fresh look at the social and political forces, educational research, and ideologies shaping their educational agendas and a comparative approach, the book stimulates reflection and discussion. Updates and changes in the Sixth Edition: Betsy DeVos’s education agenda supporting vouchers, free market competition and for-profit schools and its relationship to the education section of the 2016 Republican platform The important role religion and culture played in the evolution of Republican education policies after the school prayer and Bible decisions of the 1960s The influence of human capital economics on Democratic education proposals How No Child Left Behind and Democratic President Barack Obama opened doors to the growth of the for-profit education industry and investment bankers The 2016 Democratic positions on the cost of higher education and student loan debts The Democratic left as represented by the 2016 campaign of Democrat Bernie Sanders and his influence on the presidential candidate Hillary Clinton and the Democratic Party platform The education proposals of the Green and Libertarian parties

Camel. Served whole and raw with the fur still on its hide has been on the menu of religious conservatives since Donald John Trump became the presumptive presidential nominee of the Republican Party. Self-appointed guardians of the national morals, horrified by President Bill Clinton’s receiving an illicit blowjob in the Oval Office from a naïve but willing intern, have been cramping their lower lumbar muscles bending backwards to create new and incredible ways to forgive Donald Trump for his numerous, unapologetic dalliances with women who were not his wife at the time. The tortured dance of excusal for each and every revealed and alleged wrongdoing of the chief executive continues to this day.Didn’t the Bible have a few verses about this sort of behavior? The Bible? The bedrock of the Christian faith? Does anybody still believe it is the unerring word of God, to be taken absolutely literally without exception?Understanding of the Bible has evolved over the centuries, with modern evangelicals - as well as folks from other religious traditions - having a hard time coming to terms with just how to understand Scripture. apart from the category of it being absolutely true about absolutely everything. No where is this evolution more starkly revealed than in evangelical attitudes toward previous Democratic presidents and the current Republican president.It is clear that the Bible is only as the "eternal" as the morals of the people who claim it as their authority. Cherry picking the Bible, adopting the portions that sustain your political point of view while discarding that which does not, all of that which contradicts your political point of view, is perfectly acceptable. That which is politically useful and expedient is capped, that which is not his overlooked.Assuming everything that’s been said and written about President Trump is absolutely true. (There is much left to be sorted out as of this writing, such as whether or not he actually colluded with Russians to win his election in 2016, the extent of his involvement with pornography stars such as Stormy Daniels, and his involvement in alleged dirty deals carried out by his longtime attorney and "fixer". Michael Cohen.) Tradition tells of Seven Deadly Sins. They are (in no particular order):WRATHPRIDEGREEDENVYLUSTSLOTHGLUTTONY Using Donald Trump’s own words, the purpose of this manuscript is to review his public utterances, largely on Twitter but even before that medium was available to the public, to see how the president of the United States of America measures up against 07 deadly sense and how the so-called moral arbiters of society have rationalized those away to justify their continued support of this deeply flawed yet historically significant public figure.With that in mind, as part of this essay, the author has included sections of a retooled Bible - the King James version as reimagined for the #MAGA crowd.This essay was not intended to cause anyone shame. One cannot shame those who have no shame. It is not meant to correct right-wing religious leaders on the hypocrisy of their previous biblical utterances. If they do not already realize their hypocrisy, there is no reaching them. This essay is not a call to action nor is it meant to change anyone’s mind. If the reader is still of the opinion that Donald Trump was chosen by God to lead America at this point in American history, nothing this author can write will change that assertion. It is merely a telling of the tale. That is all. It is a documentation for posterity about the topsy-turvy morals of America in the second decade of the 21st-century. Do with it what you will.
