This book is written for the many Christians who have experienced "dry" periods in their life. In the pages of "Overflow", Richard Blackaby shares a treasure trove of biblical truths that can help you experience living water each day. As you read these pages, may you find refreshing and be empowered to undertake God's assignment for you. Time is a precious gift. When you invest it well, it's marked with meaning

and unforgettable moments of joy. But if you're like so many, you feel rushed. Overwhelmed. Pressured by your daily obligations and others' expectations. The need to please, to succeed, and to make a difference wears away at your joy and leaves you feeling empty or exhausted. Elizabeth Grace Saunders, internationally recognized time management expert, has helped everyone from busy moms to small business owners to corporate clients reorder their lives for success. She knows there are

endless apps, books, and useful methods for becoming self-disciplined, organized, and more successful, but these tools alone aren't enough to provide true freedom from the stress of how to best manage time. Yet when Elizabeth's longtime faith intersected with her work, it unlocked the power of DIVINE TIME MANAGEMENT. After a season of unusually high stress, where traditional time management methods fell short, she found a transformative sense of peace by surrendering her

Most of us have questions about spiritual direction. What is it? What if I cant find a spiritual director? These questions and more are well answered in Dan Burkes book. The Lord is clearly calling all Catholics into a deeper union with him. This book, in a style which is both inspiring and practical, provides some of the Churchs most important wisdom about

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity.

People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The call to contemplative Christianity is not an easy one. Those who answer it set themselves to the arduous task of self-reformation through rigorous study and practice, learned through the teachings of monks and nuns and the writings of

ancient Christian mystics, often in isolation from family and friends. Those who are dedicated can spend hours every day in meditation, prayer, liturgy, and study. Why do they come? Indeed, how do they find their way to the door at all? Based on nearly four years of research among semi-cloistered Christian monastics and a dispersed network of non-monastic Christian contemplatives across the United States and around the globe, *The Monk's Cell* shows how religious practitioners in both settings combined social action and intentional living with intellectual study and intensive contemplative practices in an effort to modify their ways of knowing, sensing, and experiencing the world. Organized by the metaphor of a seeker journeying towards the inner chambers of a monastic chapel, *The Monk's Cell* uses innovative "intersubjective fieldwork" methods to

A New York Times bestseller! With life lessons she's learned and new insights from the story of Eve, Sarah Jakes Roberts shows you how past disappointments, struggles, and even mistakes can be used today to help you become the woman God intended. Who would imagine being friends with Eve—the woman who's been held responsible for the fall of humanity (and cramps) for thousands of years? Certainly not Sarah Jakes Roberts. That is, not until Sarah discovered she is more like Eve than she cares to admit. Everyone faces trials, and everyone will mess up.

But failure should not be the focus. Your focus should not be on who you were but rather the pursuit of who you can become. In *Woman Evolve*, Sarah helps you understand that your purpose in life does not change; it evolves. Making her mistake in the Garden of Eden, Eve became the first woman to deal with rebuilding her life in the aftermath of her past. Eve knew better, but she didn't do better. With scriptural lessons, Eve as the framework, and Sarah as your guide you will discover and work through: Past issues and insecurities that haunt you Seeing yourself as God sees you and trusting Him with who you really are How to come out of darkness and pursue a real relationship with God Why it's important to truly care for yourself Setting in motion the beautiful seed that God planted in you Your fears and insecurities may have changed how you viewed God, others, and

The Cambridge Companion to Judaism and Law explores the Jewish conception of law as an essential component of the divine-human relationship from biblical to modern times, as well as resistance to this conceptualization. It also traces the political, social, intellectual, and cultural circumstances that spawned competing Jewish approaches to its own 'divine' law and the 'non-divine' law of others, including that of the modern, secular state of Israel. Part I focuses on the emergence and development of law as an essential element of religious expression in biblical Israel and classical Judaism

through the medieval period. Part II considers the ramifications for the law arising from political emancipation and the invention of Judaism as a 'religion' in the modern period. Finally, Part III traces the historical and ideological processes leading to the current configuration of religion and state in modern Israel, analysing specific conflicts between religious law and state law.

Maimonidean philosophy; philosophical theology; and ethics and value theory. Are our pains and sufferings preordained and fixed by God, or are they the consequences of man's actions? Can the immutable Lord ever change his mind in response to our prayers? This dilemma of God's sovereignty and man's free will has been a quandary for the church for nearly two thousand years. Previous solutions (Calvinism, Arminianism, Molinism, and Open Theism) have not been successful in deciphering the enigma. The problem is now resolved by exposing the fallacies in man's claim

that he is given no other choice but to do whatever the Lord foreknew and foreordained. Using the analogy of the dual nature of light, the "quantum proposal" affirms that man has alternative options that were created and foreknown by God within his predetermined boundaries. From Adam's fall in Genesis to Paul's ministry in the New Testament, alternative possibilities have always been offered. Men are free to choose among the given options and must live with the consequences, whether good or evil. This groundbreaking work is a must-read for all Christians

wide variety of faith traditions: Christianity, Hinduism, Islam, Judaism, and the religions of Japan. It deploys the notion of "layered landscapes" in order to trace the accretions of praxis and belief, the tensions between old and new devotional patterns, and the imposition of new religious ideas and behaviors on pre-existing religious landscapes in a series of carefully chosen locales: Cuzco, Edo, Geneva, Granada, Herat, Istanbul, Jerusalem, Kanchipuram, Paris, Philadelphia, Prague, and Rome. Some chapters hone in on the process of imposing novel religious beliefs, while others focus on how vestiges of

Crucially, the volume reveals that the creation of sacred space frequently involved more than religious buildings and was a work of historical imagination and textual expression. While a book of contrasts as much as comparisons, the volume demonstrates that vital questions about the location of the sacred and its reification in the landscape were posed by religious believers across the

Joseph Soloveitchik (1903-1993) was a major American Orthodox rabbi, Talmudist, philosopher, and theologian. In this new work, William Kolbrener takes on Soloveitchik's controversial legacy and shows how he was torn between the traditionalist demands of his European ancestors and the trajectory of his own radical and often pluralist philosophy. A portrait of this self-professed "lonely man of faith" reveals him to be a reluctant modern who

responds to the catastrophic trauma of personal and historical loss by underwriting an idiosyncratic, highly conservative conception of law that is distinct from his Talmudic predecessors, and also paves the way for a return to tradition that hinges on the ethical embrace of multiplicity. As Kolbrener melds these contradictions, he presents Soloveitchik as a good deal more complicated and conflicted than others have suggested. communicate the Old Testament's redemptive theology. Highly respected scholar Mark Boda shows how three creedal expressions--the narrative, character, and relational creeds--recur throughout the Old Testament and express its core redemptive theology, in turn revealing how the redemptive pulse of God expands to all of creation. He also traces these redemptive and creational pulses into the New Testament and shows their relevance for today's Christian community.

This book exposes how a new paradigm of ethnicity and religion, and the megachurch phenomenon, is shaping contemporary immigrant religious institutions, specifically Indian American Christianity. Kurien draws on multi-site research in the US and India to provide a global perspective on religion by demonstrating the variety of ways that transnational processes affect religious organizations and the lives of members, both in the place of destination and of origin. The widespread prevalence of megachurches

and the dominance of American evangelicalism created an environment in which the traditional practices of the ancient South Indian Mar Thoma denomination seemed alien to its American-born generation. Alexander K. Sample of Portland, Oregon has argued that "an authentic and faithful renewal and reform of the sacred liturgy is not only part of the New Evangelization-it is essential to its fruitfulness." In this collection of timely essays, Brian Williams (the "Liturgy Guy") explains why restoration of the sacred to the Holy Mass must be a top priority for the Church. Tackling a wide range of topics such as ad orientem worship, kneeling for Communion, the use of Latin in the Mass, and a return to male only altar servers, the Liturgy Guy explains why the
