Theme: Sustainable economies  
in the information economy.

Purpose: To share the  
quality academic papers  
presented at the  
International Conference on  
Business and Management

Dynamics (ICBMD) held from 7 to 8 September 2016 at African Pride Crystal Hotel and Spa in Cape Town. As grey literature, the proceedings are the contributions made by researchers at the

## Acces PDF 2017 Tax Guide Saipa

conference and are considered the written record of the work that was presented to fellow conference delegates.

Methodology: The methodology used varies from researcher to researcher but are

## Acces PDF 2017 Tax Guide Saipa

suitable for the studies conducted. Thus, on the one hand, studies that were subjective in nature used the interpretive paradigm, where the qualitative approach adopted made use of the interview method to

## Acces PDF 2017 Tax Guide Saipa

collect data. On the other hand, studies that were objectively inclined adopted the positivist philosophy and used survey questionnaires to collect data. However, there were some academic papers which

# Acces PDF 2017 Tax Guide Saipa

used mixed methodology because of the nature of the study. Whatever methodology used adhered to the ethos of the philosophies underpinning the methodology. Contribution made to scholarship: The

## Acces PDF 2017 Tax Guide Saipa

articles come from individual researchers and each article in the proceedings is unique. Mostly, there is no general argument leading from one contribution to the next. However, it is interesting

## Acces PDF 2017 Tax Guide Saipa

to note that in the area of economic performance it was evident that real exchange rate and net foreign direct investment contribute more towards innovations in economic growth. With regard to human capital

# Acces PDF 2017 Tax Guide Saipa

development, papers presented evidence that there exists a definite need to explore the phenomenon of personal branding as limited scientific academic research has been done within the field of personal branding

## Acces PDF 2017 Tax Guide Saipa

or on elements of the topic. Thus, the outcome argues that personal branding has an influence on leadership style which in turn impacts on organisational performance and related hygiene factors.

## Acces PDF 2017 Tax Guide Saipa

Furthermore, it was demonstrated that current methods or strategies for enforcing institutionalisation of knowledge sharing within an organisation have not been successful, and, as such,

## Acces PDF 2017 Tax Guide Saipa

new strategies are needed to reinforce efforts to nurture and invigorate the institutionalisation of knowledge sharing within an organisation. With regard to technology and big data impact on organisational

## Acces PDF 2017 Tax Guide Saipa

performance, it was evident that system performance, memory consumption and CPU utilisation can be used as criteria to compare and evaluate big data technologies to improve organisational performance.

## Acces PDF 2017 Tax Guide Saipa

Most of the articles' contribution reemphasised technology education and training as a means of digitising business and improving effectiveness.

Target audience: The target readership is academic
