The New York Times bestselling author of the Domestic Diva mysteries delivers a colorful new seriesfeaturing downloadable color-it-yourself cover art! By day, Florrie Fox manages Color Me Read bookstore in Georgetown, Washington D.C. By night, she creates her own intricately detailed coloring books for adults, filling the pages with objects that catch her eye. There's plenty of inspiration in her new apartment—a beautiful carriage house belonging to Florrie's boss, Professor John Maxwell. He offers the property to Florrie rent-free with one condition—she must move in immediately to prevent his covetous sister and nephew from trying to claim it. When the professor's nephew, Delbert, arrives, he proves just as sketchy as Florrie feared. But the following morning, Delbert has vanished. It's not until she visits the third floor of the store that Florrie makes a tragic discovery—there's a trap door in the landing, and a dead Delbert inside. The esteemed Professor Maxwell is an obvious suspect, but Florrie is certain this case isn't so black and white. Other colorful characters are on the scene, all with a motive for murder. With a killer drawing closer, Florrie will need to think outside the lines . . . before death makes his mark again. "Clearly this book was written by a genius."—Buzzfeed

How inclusive methods can build elegant design solutions that work for all. Sometimes designed objects reject their users: a computer mouse that doesn't work for left-handed people, for example, or a touchscreen payment system that only works for people who read English phrases, have 20/20 vision, and use a credit card. Something as simple as color choices can render a product unusable for millions. These mismatches are the building blocks of exclusion. In Mismatch, Kat Holmes describes how design can lead to exclusion, and how design can also remedy exclusion. Inclusive design methods—designing objects with rather than for excluded users—can create elegant solutions that work well and benefit all. Holmes tells stories of pioneers of inclusive design, many of whom were drawn to work on inclusion because of their own experiences of exclusion. A gamer and designer who depends on voice recognition shows Holmes his "Wall of Exclusion," which displays dozens of game controllers that require two hands to operate; an architect shares her firsthand knowledge of how design can fail communities, gleaned from growing up in Detroit's housing projects; an astronomer who began to lose her eyesight adapts a technique called "sonification" so she can "listen" to the stars. Designing for inclusion is not a feel-good sideline. Holmes shows how inclusion can be a source of innovation and growth, especially for digital technologies. It can be a catalyst for creativity and a boost for the bottom line as a customer base expands. And each time we remedy a mismatched interaction, we create an opportunity for more people to contribute to society in meaningful ways.

With each development in technology, our lives become more complicated. We move through our days in a blur of emails, text messages, and social networking. This non-stop stimulation has left us stressed-out and distanced from the joys of the present moment. Art therapist Lacy Mucklow and artist Angela Porter offer a simple and satisfying solution to this disconnect from reality. Featuring over 100 joyful coloring templates, Color Me Happy is a guided coloring book designed for busy adults. Organized into therapeutically-themed chapters, this book examines the benefits of putting pencil to paper and offers adults an opportunity to channel their anxiety into joyful creative accomplishment. Part of the international bestselling Color Me series, Color Me Happy is the perfect way to step back from the chaos of everyday life, color, and feel happy! Sawbill

In Sawbill Jennifer Case watches her family suddenly exchange their rooted existence for a series of relocations that take them across the United States. In response Case struggles to "live in place" without a geographical home, a struggle that leads her to search for grounding in the now-dismantled fishing resort her grandparents ran in northeastern Minnesota. By chronicling her migratory adulthood alongside the similarly unpredictable history of Sawbill Lodge, this memoir offers a resonant meditation on home, family, environment, and the human desire for place in the inherently mobile twenty-first century.

In her funny, idiosyncratic, and propulsive new novel, Art Is Everything, Yxta Maya Murray offers us a portrait of a Chicana artist as a woman on the margins. L.A. native Amanda Ruiz is a successful performance artist who is madly in love with her girlfriend, a wealthy and pragmatic actuary named Xochitl. Everything seems under control: Amanda's grumpy father is living peacefully in Koreatown; Amanda is about to enjoy a residency at the Guggenheim Museum in New York and, once she gets her NEA, she's going to film a groundbreaking autocritical documentary in Mexico. But then everything starts to fall apart when Xochitl's biological clock begins beeping, Amanda's father dies, and she endures a sexual assault. What happens to an artist when her emotional support vanishes along with her feelings of safety and her finances? Written as a series of web posts, Instagram essays, Snapchat freakouts, rejected Yelp reviews, Facebook screeds, and SmugMug streams-of-consciousness that merge volcanic confession with eagle-eyed art criticism, Art Is Everything shows us the painful but joyous development of a mid-career artist whose world implodes just as she has a breakthrough.

He knows every play in the book. But she's calling the shots. "An epic story of the one that got away—Maddox will totally surprise readers in a lovely, lovely way."—Sawyer Bennett I'm Maddox Ledger, all-star winger and the reason the Charlotte Strikers killed it in the playoffs. Yeah, the tabloids like to call me arrogant. A real hothead. All I see is a guy who plays to win. Wreaking havoc on the ice, breaking a few hearts—that's all just part of the game. And I'm sure as hell not sitting on the bench. When my teammate asks me to be in his wedding party, I can't refuse. Lucky for me, the bridesmaid I'm paired with is the definition of eye candy, but she's so much more than that. Lacey Easton is totally irresistible and she makes me want to be a better man. A glimpse of bare shoulder takes me back to a steamy, two-week Vegas tryst I can't forget. One I'm eager to repeat. Suddenly our one-night stand is turning into the sequel. Still, Lacey's keeping secrets. She doesn't trust me. And maybe I deserve it. But I know more than she thinks I do and there's no chance I'm letting her get away—or letting another guy take what is mine. This time, I'm playing for keeps. Praise for Playmaker "This is a second-chance romance mixed with sexiness and sweetness. "[An] eight-track flashback of a novel set in 1970s Detroit" from the international bestselling author of The Narcissism of Small Differences (O, the Oprah Magazine, Summer 2018 Reading List). Set in early 1970s Detroit, a divided city still reeling from its violent race riot of 1967, Beautiful Music is the story of one young man's transformation through music. Danny Yzemski is a husky, pop radio–loving loner balancing a dysfunctional homelife with the sudden harsh realities of freshman year at a high school marked by racial turbulence. But after tragedy strikes the family, Danny's mother becomes increasingly erratic and angry about the seismic cultural shifts unfolding in her city and the world. As she tries to hold it together with the help of Librium, highballs, and breakfast cereal, Danny finds his own reason to carry on: rock and roll. In particular, the drum and guitar-heavy songs of local legends like the MC5 and Iggy Pop. In the vein of Nick Hornby and Tobias Wolff, yet with a style very much Zadoorian's own, Beautiful Music is a touching story about the power of music and its ability to save one's soul. "A sweet and endearing coming-of-age tale measured in album tracks." —The Wall Street Journal "For Danny, cracking the seal on a fresh piece of wax and dissecting cover art and liner notes are acts of nigh religious experience that unveil to him a community of fellow rockers across Detroit . . . It's in these small moments—a lonely boy experiencing premature nostalgia—that Zadoorian shines." —The Washington Post "A disturbing yet humorous tale of beleaguered adolescence in 1970s Motor City." —Steve Miller, author of Detroit Rock City

For two years, the man known as The Wall of Winnipeg couldn't even find it in him to tell her good morning or congratulate her on her birthday. Now? He's asking for the unthinkable. What do you say to the man who is used to getting everything he wants?"--Page [4] of cover.

"The Yellow Wallpaper" is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.[1] It is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a "temporary nervous depression - a slight hysterical tendency", a diagnosis common to women during that period

The solution to restore Earth seems within their grasp. New breakthroughs present themselves, and they begin to learn how to fight back. Jimmy makes new friends in the least likely places, and with their help, he orchestrates a new and final effort. Everyone feels the end, whatever that may be. It is near, and they ready themselves the best way they can in the circumstances they find themselves in. The imagery and the acute representation of the characters and their survival is the real strength of this final chapter of the Zwarm trilogy. Captain K. Hutchison, genuine apocalypse aficionado: The Zwarm trilogy has been a must-read for me whenever I need a good book to tickle my imagination and to get me thinking about what may come for us all. Many of us who spend time thinking about the real possibility of societal breakdown are always on the lookout for insightful answers to the big questions: What will happen? How will it start? What skills can I draw on to get me through when others cannot? Eppeldauers story has the answers! This insightful, inventive, and introspective trilogy on the struggle against the odds of survival is absolutely mind-blowing. It is a truly new and interesting take on postapocalyptic dynamics!

Make small changes to your surroundings and create extraordinary happiness in your life with groundbreaking research from designer and TED star Ingrid Fetell Lee. Next Big Idea Club selection—chosen by Malcolm Gladwell, Susan Cain, Dan Pink, and Adam Grant as one of the "two most groundbreaking new nonfiction reads of the season!" "This book has the power to change everything! Writing with depth, wit, and insight, Ingrid Fetell Lee shares all you need to know in order to create external environments that give rise to inner joy." —Susan Cain, author of Quiet and founder of Quiet Revolution Have you ever wondered why we stop to watch the orange glow that arrives before sunset, or why we flock to see cherry blossoms bloom in spring? Is there a reason that people—regardless of gender, age, culture, or ethnicity—are mesmerized by baby animals, and can't help but smile when they see a burst of confetti or a cluster of colorful balloons? We are often made to feel that the physical world has little or no impact on our inner joy. Increasingly, experts urge us to find balance and calm by looking inward—through mindfulness or meditation—and muting the outside world. But what if the natural vibrancy of our surroundings is actually our most renewable and easily accessible source of joy? In Joyful, designer Ingrid Fetell Lee explores how the seemingly mundane spaces and objects we interact with every day have surprising and powerful effects on our mood. Drawing on insights from neuroscience and psychology, she explains why one setting makes us feel anxious or competitive, while another fosters acceptance and delight—and, most importantly, she reveals how we can harness the power of our surroundings to live fuller, healthier, and truly joyful lives.

Faces and voices, places and events, from the riches of my memories were floating in a soft bubble. Somewhere in my subconscious I knew I was dreaming, but somehow, I didn't want that bubble to burst. I wanted to spend time with them. I wanted to tell them what has happened here in this world, since they left. I'm sure that's how everyone feels about his or her loved ones who die ... Judy first sees Grace when she and her daughter attend as audience members of a television show. Grace is the featured guest, a famous seer who—out of all attendees—calls on Judy and begins relaying messages from Judy's deceased relatives. Judy is so overcome with emotion that she faints, and so begins a friendship brought together by fate. Both Judy and Grace have been bestowed the gift of clairvoyance. They see and talk to spirits, and they find strength and support. Together, they find excitement, intrigue, and mutual devotion. The people who leave this earth do not leave but forever linger and watch over us. Although these women have lost much, they find hope in this shared truth as they explore the afterlife and grant peace to those in pain.

Danner Tenley's stroll through a thrift store nets her a fortune-telling ball that reminds her of her youth. It's all fun and games until it starts using her name and giving her very direct messages. But that's nothing compared to the completely rude gnome with a perma-smile who pops out of her wall to tell her how to use the ball. On top of that, a troll has threatened to take over Danner's life if he doesn't get a certain book. Toby Nelson, Danner's friend and landlord, doesn't know what he's being roped into, but if she needs help, he'll be there for her. Meeting a gnome is quite the experience, and fighting a troll is something he's not looking forward to; falling in love with his best friend isn't even on his radar. In a race against time, Danner has only a bad-tempered gnome and her hunky landlord to help her. How bad can it be?

"An intense, sometimes graphic, totally heartbreaking portrait of a character who will keep pages turning." - Booklist, Starred Review "An achingly fierce exploration of the way the world wounds us and heals us. If you love exquisitely written coming-of-age stories that will leave you breathless, In Sight of Stars is for you." - Jeff Zentner, William C. Morris award-winning author of The Serpent King and Goodbye Days Seventeen-year-old Klee's father was the center of his life. He introduced Klee to the great museums of New York City and the important artists on their walls, he told him stories made of myths and magic. Until his death. Now, forced to live in the suburbs with his mom, Klee can't help but feel he's lost all the identifying parts of himself—his beloved father, weekly trips to the MoMA, and the thrumming energy of New York City. That is until he meets wild and free Sarah in art class, with her quick smiles and jokes about his "brooding." Suddenly it seems as if she's the only thing that makes him happy. But when an act of betrayal sends him reeling, Klee lands in what is bitingly referred to as the "Ape Can," a psychiatric hospital for teens in Northhollow. While there, he undergoes intensive therapy and goes back over the pieces of his life to find out what was real, what wasn't, and whether he can stand on his own feet again. Told in alternating timelines, leading up to the event that gets him committed and working towards getting back out, Gae Polisner's In Sight of Stars is a gorgeous novel told in minimalist strokes to maximal effect, about what makes us fall apart and how we can put ourselves back together again.

An impulsive kiss between a libertine duke and a mysterious governess sparks a blaze of desire—and intrigue—in this breathtaking Regency romance from the award-winning author of Spy Fall. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST Adam Fairfax, the Duke of Sunderford, happily enjoys a different woman (or two) every night—or he did, until his wards landed on his doorstep. Ever since Sunny took in the seven-year-old twin girls and their prim and proper governess, Isabel Finch, his love life has been a shambles. But, as time goes by, Sunny catches himself getting lost in Isabel's haughty blue eyes, or following the curves beneath her unbecoming dress. An unexpected kiss ignites a passion that shocks him into realizing how thin the line between love and hate can be. If Isabel's hidden past were revealed, she could lose everything. Oddly enough, only when "Sinful Sunny" is near does she feel safe—or safe enough to speak up in defense of the girls. The duke's decadent lifestyle is a disgrace, and clearly he considers Isabel a nuisance. Still, she can't help admiring his sculpted cheekbones, strong-cut jaw, and tousled chestnut hair. When their lips meet, it's almost as if he could kiss the secrets right out of her. Worse, she's tempted to let him. . . . Your knowledge of Eugene Victor Debs' activity during and since the First World War will not be complete until you read this book. It includes his speech at Canton, Ohio, that brought about his arrest; his fearless address to the jury; his daring statement to the court, and excellent account of the trial; and a short history of the Socialist Party's Amnesty Campaign. "While still an inmate of the United States Penitentiary at Atlanta, Georgia, the suggestion was made to me by interested publishers that upon my release I write a series of articles describing my prison experience. The suggestion, coming from various sources, appealed to me for the reason that I saw in it an opportunity to give the general public certain information in regard to the prison, based upon my personal observation and experience, that I hoped might result in some beneficial changes in the management of prisons and in the treatment of their inmates."—Eugene Victor Debs, Introduction

A candid, thrilling memoir from one of the most recognizable, influential, and beloved cinematic personalities in the world. Everyone knows Jackie Chan. Whether it's from Rush Hour, Shanghai Noon, The Karate Kid, or Kung Fu Panda, Jackie is admired by generations of moviegoers for his acrobatic fighting style, comic timing, and mind-bending stunts. In 2016—after fifty-six years in the industry, over 200 films, and many broken bones—he received an honorary Academy Award for his lifetime achievement in film. But at 64 years-old, Jackie is just getting started. Now, in Never Grow Up, the global superstar reflects on his early life, including his childhood years at the China Drama Academy (in which he was enrolled at the age of six), his big breaks (and setbacks) in Hong Kong and Hollywood, his numerous brushes with death (both on and off film sets), and his life as a husband and father (which has been, admittedly and regrettably, imperfect). Jackie has never shied away from his mistakes. Since The Young Master in 1980, Jackie's films have ended with a bloopers reel in which he stumbles over his lines, misses his mark, or crashes to the ground in a stunt gone south. In Never Grow Up, Jackie applies the same spirit of openness to his life, proving time and time again why he's beloved the world over: he's honest, funny, kind, brave beyond reckoning and—after all this time—still young at heart.

In this New York Times bestseller, Ijeoma Oluo offers a hard-hitting but user-friendly examination of race in America Widespread reporting on aspects of white supremacy -- from police brutality to the mass incarceration of Black Americans -- has put a media spotlight on racism in our society. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair -- and how do you make it right? How do you explain white privilege to your white, privileged friend? In So You Want to Talk About Race, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life. "Oluo gives us -- both white people and people of color -- that language to engage in clear, constructive, and confident dialogue with each other about how to deal with racial prejudices and biases." -- National Book Review "Generous and empathetic, yet usefully blunt . . . it's for anyone who wants to be smarter and more empathetic about matters of race and engage in more productive anti-racist action." -- Salon (Required Reading)

But when the offer of a lifetime comes in from an arrogant idiot she's spent the last decade dreaming about pushing in the way of a moving bus, Jasmine might have to reconsider everything. Love Cycles, Fear Cycles teaches readers the most important idea in all of couples therapy. This idea gives readers a new understanding of what's been going wrong in their marriage – and a new way to make things right. The key idea is changing a couple's negative cycle back into their positive cycle. Most relationships start in a positive cycle, where both people feel wonderful and respond lovingly. There are four words that describe each couple's positive cycle – one for each person's good feeling, and one for each person's loving response. However, as challenges arise, people instinctively respond with some type of fight or flight. Over time, these responses spiral together into a negative cycle where each person feels bad and responds defensively. There are four words for each couple's negative cycle – one for each person's worst feeling, and one for each person's defensive reaction. Many couples get trapped in their negative cycle and their relationship spirals deeper into hurt and loneliness. To have a good marriage, a couple needs to find a way out of their negative cycle and back into their positive cycle. Love Cycles, Fear Cycles teaches readers how to do that. From his decades as a couples therapist, Dr. Woodsfellow has distilled this one most-essential component of all successful marriage counseling. He now presents this to the general public in a way that is easy to understand and easy to use.

Keep learning, or risk becoming irrelevant. It's a truism in today's economy: the only constant is change. Technological automation is making jobs less routine and more cognitively challenging. Globalization means you're competing with workers around the world. Simultaneously, the internet and other communication technologies have radically increased the potential impact of individual knowledge.The relentless dynamism of these forces shaping our lives has created a new imperative: we must strive to become dynamic learners. In every industry and sector, dynamic learners outperform their peers and realize higher impact and fulfillment by learning continuously and by leveraging that learning to build yet more knowledge. In Never Stop Learning, behavioral scientist and operations expert Bradley R. Staats describes the principles and practices that comprise dynamic learning and outlines a framework to help you become more effective as a lifelong learner. The steps include: Valuing failure Focusing on process, not outcome, and on questions, not answers Making time for reflection Learning to be true to yourself by playing to your strengths Pairing specialization with variety Treating others as learning partners Replete with the most recent research about how we learn as well as engaging stories that show how real learning happens, Never Stop Learning will become the operating manual for leaders, managers, and anyone who wants to keep thriving in the new world of work.

Subtitle: An American Man Who Believe's Colors Have Made Men Happy, Sad, and Wrong. What A Pity! While We Struggle for our Civil Rights & Liberties with Hopes & Desires.Book Descriptions: So, is Jon Early's Biography the truth, the whole truth or perhaps some version of the truth? For me the author "Violette Early" I know as an eyewitness with all certainty that Jon Early's biography is, in fact, the whole truth. This is my main reason & purpose for writing our story no one has every detail and authority as an eyewitness and that's me. While writing, researching, reading, and re-editing our story for me it has served as self-help and I have come to terms with what was done to us. So, that is when the decision was final to write our story knowing this could self-help others that found themselves in similar situations. No one deserves to live a life of uncertainty? There was never a doubt with the Top Brass they had the right man for their job but hadn't a clue how to manage this young man? So, I decided people deserve to know the facts and in turn, may self-help themselves as well as others. I would like to read you this review written on April 10, 2018 by Owomi Oduburu and brothers who are artists, writer-performer & singers from Nigeria, West Africa after much research on John Early this is what they wrote "Undoubtedly, the didactic works of John Early should be compared with that of notable writers like Mark Twain, Edgar Allan Poe, etc. For his impeccably highly educative analytical works of arts. "Blacklisted in America by Violette Early" is dedicated to her noble husband John Early who has contributed immensely in the entertainment industry before his demise in 2005". Mr. Belafonte noted "A deeply moving memoir with its share of humor, determination, and a leader of vividly colorful figures. A color person's Elegy has defeated his downfall the story of a patriotic young American his disappointment, of becoming disillusioned with despair from their lies and deception. After all, when they had no more use for him their plans where to shoot him in the back and call it 'an attempt to escape'. Though; Jon was very young and ignorant in the ways of US Military, when his family all very influential needed-to-step-up and save Jon from the unknown instead he was fed to the wolves. Author: Violette lives in Palm Desert, California with their jolly, swinging, and responsible daughter Sula, Violette tolerates and lives with her neighbor's ear up against her bedroom wall. And as she claims her ugly and empty bank account.

The Glass Castle meets The Nest in this stunning debut, an intimate family memoir that gracefully brings us behind the dappled beachfront vista of privilege, to reveal the inner lives of two wonderfully colorful, unforgettable families. On a mid-August weekend, two families assemble for a wedding at a rambling family mansion on the beach in East Hampton, in the last days of the area's quietly refined country splendor, before traffic jams and high-end boutiques morphed the peaceful enclave into the "Hamptons." The weather is perfect, the tent is in place on the lawn. But as the festivities are readied, the father of the bride, and "pater familias" of the beachfront manse, suffers a massive stroke from alcohol withdrawal, and lies in a coma in the hospital in the next town. So begins Jeanne McCulloch's vivid memoir of her wedding weekend in 1983 and its after effects on her family, and the family of the groom. In a society defined by appearance and protocol, the wedding goes on at the insistence of McCulloch's theatrical mother. Instead of a planned honeymoon, wedding presents are stashed in the attic, arrangements are made for a funeral, and a team of lawyers arrive armed with papers for McCulloch and her siblings to sign. As McCulloch reveals, the repercussions from that weekend will ripple throughout her own family, and that of her in-law's lives as they grapple with questions of loyalty, tradition, marital honor, hope, and loss. Five years later, her own brief marriage ended, she returns to East Hampton with her mother to divide the wedding presents that were never opened. Impressionistic and lyrical, at turns both witty and poignant, All Happy Families is McCulloch's clear-eyed account of her struggle to hear her own voice amid the noise of social mores and family dysfunction, in a world where all that glitters on the surface is not gold, and each unhappy family is ultimately unhappy in its own unique way.
