*The classical tradition in Telugu, the mellifluous language of Andhra Pradesh in southern India, is one of the richest yet least explored of all South Asian literatures. In this volume, Velcheru Narayana Rao and David Shulman have brought together mythological, religious, and secular texts by twenty major poets who wrote between the eleventh and nineteenth centuries, providing an authoritative volume overview of one of the world's most creative poetic traditions. An informative, engaging introduction fleshes out the history of Telugu literature, situating its poets in relation to significant literary themes and historical developments and discussing the relationship between Telugu and the*

*Shakespeare's 1609 sonnet sequence. If Shakespeare the auteur and his sonnets have influenced so much of how we think (and act) as humans, this collection asks how might we be un- (and redone) by the conscious act of responding to (or through) these seventeenth-century verses? Here you will find a wide variety of remixes: entries various by their form — poems, short essays, comics, songs, and art; and various by their remixer — poets, essayists, artists, musicians, and scholars. Here you will walk into a queer utopia, a place where things and people touch, though they are too often taught not to. 250 Poems: A Portable Anthology offers a brief but surprisingly comprehensive selection of chronologically arranged poetry, supported by succinct, practical editorial features, at a great price. “In 1965, Sylvia Plath’s posthumous *Ariel* took the literary world by storm with its fierce and undeniably female voice. For the next 15 years, America saw a historic outpouring of women’s poetry supported by and supporting the women’s movement. As editor Moore points out, poetry was vital to the movement, articulating previously unexpressed lives, empowering others as the poets found their own power. . . . And all who missed these missiles and epistles then will find them still demanding and invigorating.” –Booklist (starred review) “What would happen if one woman told the truth about her life? / The world would split open.”

It features the work of classic poets, such as Emily Dickinson, Walt Whitman, and Robert Frost, as well as the work of contemporary greats such as Howard Nemerov, Charles Bukowski, Donald Hall, Billy Collins, Robert Bly, and Sharon Olds. Contemporary poets offer behind-the-scenes perspectives on the poetic process. Book two of the *Man'yōshū* ('Anthology of Myriad Leaves') continues Alexander Vovin's new English translation of this 20-volume work originally compiled between c.759 and 785 AD. It is the earliest Japanese poetic anthology in existence and thus the most important compendium of Japanese culture of the Asuka and Nara periods.

Developed by authors with more than 50 years of teaching experience between them, *Approaching Literature* has been designed as a true alternative to more traditional literature anthologies. The authors conceived this anthology with three principles in mind: (1) that exposing students to the widest array of literature can help every one find common ground with that literature; (2) that contemporary literary works can serve as entry points to reading and appreciating the canonical literature that students often find unfamiliar, intimidating, and sometimes irrelevant; and (3) that the instruction in reading and writing about literature should be accessible and jargon-free to all students, not just potential English majors. With its streamlined and student-friendly instructional text, and its ongoing commitment to showcasing the most

An innovative 21st century feminist bildungsroman in hybrid short fiction and lyric, H & G imagines the divergent and coalescing paths of Hansel and Gretel post-trauma, post-Witch. Beginning with Hansel's and Gretel's moment of triumph and return to family, the novella portrays their possible trials as they rove through the Woods of childhood into the realms of adulthood, battling the threats of hunger, abandonment, and greed. Part tale, part autobiography, H & G also charts the progress of the female artist, as the girl reading the tale becomes protagonist and author, writing her way again and again through received story to make it new, palatable, and something whole.
