

## 2k To 10k Writing Faster Writing Better And Writing More Of What You Love

What makes a good story or a screenplay great? The vast majority of writers begin the storytelling process with only a partial understanding where to begin. Some labor their entire lives without ever learning that successful stories are as dependent upon good engineering as they are artistry. But the truth is, unless you are master of the form, function and criteria of successful storytelling, sitting down and pounding out a first draft without planning is an ineffective way to begin. Story Engineering starts with the criteria and the architecture of storytelling, the engineering and design of a story--and uses it as the basis for narrative. The greatest potential of any story is found in the way six specific aspects of storytelling combine and empower each other on the page. When rendered artfully, they become a sum in excess of their parts. You'll learn to wrap your head around the big pictures of storytelling at a professional level through a new approach that shows how to combine these six core competencies which include: • Four elemental competencies of concept, character, theme, and story structure (plot) • Two executional competencies of scene construction and writing voice The true magic of storytelling happens when these six core competencies work together in perfect harmony. And the best part? Anyone can do it!

Many authors write, then market. Successful authors write TO market Have you written a book that just isn't selling? Would you like to write a book that readers eagerly devour? Many authors write, then market. Successful authors write TO market. They start by figuring out how to give readers what they want, and that process begins before writing word one of your novel. This book will teach you to analyze your favorite genre to discover what readers are buying, to mine reviews for reader expectations, and to nail the tropes your readers subconsciously crave. Don't leave the success of your novel up to chance. Deliver the kind of book that will have your fans hounding you for the next one.

Eli Monpress is vain. He's cocky. And he's a thief-- who has just seen his bounty topped. The bounty topper, as it turns out, is his best friend, bodyguard, and master swordsman, Josef. But it seems Josef has been keeping secrets: he's the only prince of a rather feisty country and his mother wants him to come home and do his duty.

Fans of Firefly and Elizabeth Moon will lap up this action-packed military science fiction series. Welcome to the start of a thrilling new space adventure, starring female mercenary Deviana Morris . . .

Deviana Morris isn't your average mercenary. She has plans. Big ones. And a ton of ambition. One of those is going to get her killed one day - but not just yet. Not when she just got a job on a tiny trade ship with a nasty reputation for surprises. The Glorious Fool isn't misnamed: it likes to get into trouble. And with a reputation for bad luck that makes one year as security detail on this ship equal to five years everywhere else - Devi knows she's found the perfect way to get the jump on the next part of her Plan. But the Fool doesn't give up its secrets without a fight, and one year might be more than even Devi can handle. Review for FORTUNE'S PAWN: 'This book kicked ass . . . I just loved it!' - FELICIA DAY 'Devi is hands-down one of the best sci-fi heroines I've read in years' - RT BOOK REVIEWS

'Rollicking space opera starring a tough, sexy, armor-clad space chick . . . [Bach] does a nice job of painting a scenario that, if familiar - think the space marines of the Alien franchise or the motley

crew of Firefly - allows her plenty of room for action. And action aplenty is what she delivers . . . Lots of fun' - KIRKUS REVIEWS

**A powerful secret and a fresh approach to writing bestselling fiction! What's the best way to write a "next level" novel? Some writers start at the beginning and let the story unfold without a plan. They are called "pantsers," because they write by the "seat of the pants." Other writers plan and outline and know the ending before they start. These are the "plotters." The two sides never seem to agree with each other on the best approach. But what if it's not the beginning or the end that is the key to a successful book? What if, amazing as it may seem, the place to begin writing your novel is in the very middle of the story? According to #1 bestselling writing teacher James Scott Bell, that's exactly where you'll find your story's heart and heat. Bell's "Mirror Moment" is the secret, and its power is available to any writer, at any stage of the writing process. Bringing together years of craft study and personal discovery, Bell presents a truly unique approach to writing a novel, one that will stand the test of time and serve you all your writing life. "I need three things before I tackle a new novel: Diet Coke, a laptop, and my dog-eared copies of James Scott Bell's books on writing craft!"- Kami Garcia, #1 NYT Times & International Bestselling author**

Considerate. Loves dogs. Walks old ladies across the street. Loves me no matter what I look like.We all have a list of our dream man's ideal qualities - even if it's just in our head. And okay, mine might be written in swirly script, laminated, and used as a bookmark for my favorite Jane Austen novel. You know what's NOT on my list? Arrogant. Impatient. Distractingly sexy. In other words, mega-successful department store magnate Blake Hudson is everything I'm not looking for. Unfortunately, I may have ruined his life a little bit when I got creative on my first day as a personal shopper. And unless I want to see my new career go up in flames, I'm stuck with the world's smuggest billionaire until I fix everything I've broken. Find the hottest toy of the season for an overindulged niece? On it. Pose as his date at his company's annual gala, to fool his obsessed ex - and let him fake-flirt with me all night long? Uh oh, this could be trouble. Let Blake see me safely home - and then let him make me see stars? Wait, that wasn't on my list...Doesn't matter. Moving on. I will not let Blake Handsome - I mean Blake Hudson - defeat me with his To-Do List of Impossibility, or his pillow-soft lips, or his secretly tender heart, or the swell of his biceps, or...oops. I seem to have forgotten where I was going with this, but if I can't remember, I'm shopping for nothing but heartbreak.

Finally, runners at all levels can improve their race times while training less, with the revolutionary Furman Institute of Running and Scientific Training (FIRST) program. Hailed by the Wall Street Journal and featured twice in six months in cover stories in Runner's World magazine, FIRST's unique training philosophy makes running easier and more accessible, limits overtraining and burnout, and substantially cuts the risk of injury, while producing faster race times. The key feature is the "3 plus 2" program, which each week consists of: -3 quality runs, including track repeats, the tempo run, and the long run, which are designed to work together to improve endurance, lactate-threshold running pace, and leg speed -2 aerobic cross-training workouts, such as swimming, rowing, or pedaling a stationary bike, which are designed to improve endurance while helping to avoid burnout With detailed training plans for 5K, 10K, half marathon, and marathon, plus tips for goal-setting, rest, recovery, injury rehab and prevention, strength training, and nutrition, this program will change the way runners think about and train for competitive races. Amby Burfoot, Runner's World executive editor and Boston Marathon winner, calls the FIRST training program "the most detailed, well-organized, and scientific training program for runners that I have ever seen."

Ready to get on board with dictation (finally)?Like many tools that have come before it, dictation is a new and exciting opportunity to write better, faster, and smarter. But many writers still believe it's not for them. Perhaps they've tried it in the past and it hasn't worked. Or perhaps this new technology is confusing, expensive, or frustrating and that's held them back from taking advantage of it.If you're ready to take the next step and learn a new skill set that will give you a huge advantage over what other authors are doing today, grab Dictate Your Book and start working through the challenges that are holding you back from reaping the benefits of dictation.It includes:- Why you need to get started with dictation, even if you tried it before and hated it!- All of Monica's best tips for making dictation work for you, whether you writing fiction or non-fiction- Every piece of equipment Monica recommends, plus half a dozen ways to test dictation before you buy- Monica's full setup for her innovative Walk 'n Talks which helped her hit 4,000+ words per hourFor authors who are ready to take their productivity to the next level, this short guide will help you get started!

*Following on the heels of Lisa Cron's breakout first book, Wired for Story, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In Story Genius Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.*

*METHOD WRITING is based on concepts developed by Jack Grapes and used in his writing workshops over the last 35 years. This method activates the creative process by expanding and deepening the writer's voice through a step-by-step series of exercises. The result is work that is unique and powerful. Grapes' first book, Method Writing: The First Four Concepts, focused on voice and cinematic imagery. Advanced Method Writing presents a series of levels based on Grapes' concept of "tonal dynamics." These techniques add clarity, shape, and purpose to the sentences themselves, making the writing more impactful and compelling.*

*Struggling to finish your novels? Learn how to tweak your workflow process and write one in only FIVE DAYS! After taking way too long to write a fantasy epic, author and educator Scott King refined his writing process so that he could crank out a novel in five days! Through easy-to-follow tips and helpful examples, Scott takes a theme and shapes an entire story around it. Let him walk you through the prewriting process, slogging through a first draft, and doing the rewrites. In this book, you'll learn how to get in the right mindset, how to cut distractions & manage your time, the ingredients necessary to form a story, how to stay focused and keep writing, how to plan your rewrites and the things to look for when line editing! If you like honesty, no bull, a bunch of humor, and tons of examples in your writing guides, then you'll love Scott King's behind-the-scenes look at how to write a novel in five days.*

*What makes a romance novel a romance? How do you write a kissing book? Writing a well-structured romance isn't the same as writing any other genre-something the popular novel and screenwriting guides don't address.*

*The romance arc is made up of its own story beats, and the external plot and theme need to be braided to the romance arc-not the other way around. Told in conversational (and often irreverent) prose, Romancing the Beat can be read like you are sitting down to coffee with romance editor and author Gwen Hayes while she explains story structure. The way she does with her clients. Some of whom are regular inhabitants of the New York Times and USA Today bestseller lists. Romancing the Beat is a recipe, not a rigid system. The beats don't care if you plot or outline before you write, or if you pants your way through the drafts and do a "beat check" when you're revising. Pantsers and plotters are both welcome. So sit down, grab a cuppa, and let's talk about kissing books.*

*Are you ready to become an author yet? If you're new to fiction writing, this book's for you! (updated version!) Are you tired of waiting for the novel in your head to magically appear? Tired of being told to "write a little bit a day every day?"*

*How's that advice working for you? It's not ... is it? If it was, your novel would be done. But I hear you. When I first learned how to write a novel, that "helpful" information ... wasn't. I went slowly, writing a little each day like all the authors told me to. Then I'd get disinterested or distracted and my novel would get DEstructured! You've listened to the podcasts, taken the writing workshops, read how to write a novel guides, but your novel still isn't written. Are you still waiting for that "1 hour a day" conventional wisdom to pay off? Let's face it, it's a new ballgame for indie authors! A numbers game. The number of books you publish, reviews you get, and downloads you can expect are all partly a function of how much you write-how many books you publish. Conventional "wisdom" is getting us indie authors nowhere. It's time to take a different approach! Wouldn't it be great to have something to show for all your hard work? Forget next year! What about sitting down to proofread your first draft next week? That's what I want to show you how to do, because I've been there. In this step-by-step writing workshop-feels more like adrenaline boot camp-Steve Windsor walks you through how he writes novels in 9 "days." With concrete examples of how to apply story structure, outlining, and plotting, you learn to drive your hero through his or her story. You can write a novel in less time than it takes you to need your next haircut.*

*Steve shows you how blockbuster novels and movies use a formula that's as old as Aristotle to produce hits. Packed with examples! Using examples from his own novels, best selling books... He even makes up a story right before your eyes! Steve is a hands on hardcore writer who will show you just how "easy" it is. Make no mistake, the Nine Day Novel series isn't for everyone. Some people like pacing themselves on their way to the death of their dreams of becoming an author. Then again, you aren't them. In this motivational writer's retreat disguised as a fast-paced writing workshop, you'll learn: How story structure can help you write faster. Through mainstream examples and Steve's own brand of "Darth Vader" humor, Nine Day Novel will keep you pumped up to write. And the FREE resources? Inside the Nine Day Novel, you'll get access to a starter file for one of the most popular writing software packages out there-Scrivener. Rather than spending hours or even days learning and creating a story structure outline, Steve did it for you. There's not one, but three FREE writing tools to download inside! So whether you are a yet to be discovered bestselling author or a grizzled, coffee-addicted veteran like Steve who is continually sharpening his writing sword, Nine Day Novel-Writing Faster will give you a sharp new edge on your writer's blade. Don't let your novel die in your mind because you think you lack the time. I'll show you how much time you really have. And I'll give you real advice on how to use that time to write your novel faster than you ever thought possible. Take action, read this book, and faster than your next vacation is over, you will be showing off your brand new novel. Don't waste another minute, scroll up and click "BUY NOW"!*

*Brown Bag Lessons, The Magic of Bullet Writing centers on effective bullet writing and guarantees immediate improvement. Skillful writing doesn't have to be difficult. No other book approaches writing the way this book does, and no other book teaches these techniques. After reading this book, you will fully understand how to write strong bullets and "why" every word matters. In 2003 the author created a seminar to teach a fair and consistent process to evaluate recognition packages. This seminar transformed an entire organization within six months. Since then, the techniques have decisively transformed the writing, recognition, and promotions of every organization applying them. The practices in this book continue to positively impact the Air Force and sister services through professional military education. In addition, the concepts have helped transitioning service members and college students better communicate acquired capabilities and competencies on their résumés. Read on to discover the "magic" and open your eyes to a brand new way to look at writing. The US Air Force promotion system emphasizes the importance of documenting your very best accomplishments. Under this system, promotion comes from the most recent performance reports, so Airmen must communicate the best accomplishments and not just words that fill the white space. This Magic of Bullet Writing will ensure you know how to articulate not just what you are doing but also convey your strongest competencies and capabilities so the promotion board can fully assess your readiness for promotion. It includes: • Body language cues, thoughts, and visceral responses for over 130 emotions that cover a range of intensity from mild to severe, providing innumerable options for individualizing a character's reactions • A breakdown of the biggest emotion-related writing problems and how to overcome them • Advice on what should be done before drafting to make sure your characters' emotions will be realistic and consistent • Instruction for how to show hidden feelings and emotional subtext through dialogue and nonverbal cues • And much more! The Emotion Thesaurus, in its easy-to-navigate list format, will inspire you to create stronger, fresher character expressions and engage readers from your first page to your last.

Eli Monpress is clever, he's determined, and he's in way over his head. First rule of thievery: don't be a hero. When Eli broke the rules and saved the Council Kingdoms, he thought he knew the price, but resuming his place as the Shepherdess's favorite isn't as simple as bowing his head. Now that she has her darling back, Benehime is setting in motion a plan that could destroy everything she was created to protect, and even Eli's charm might not be enough to stop her. But Eli Monpress always has a plan, and with disaster rapidly approaching, he's pulling in every favor he can think of to make it work, including the grudging help of the Spirit Court's new Rector, Miranda Lyonette. But with the world in panic, the demon stirring, and the Lord of Storms back on the hunt, it's going to take more than luck and charm to pull Eli through this time. He's going to have to break a few more rules and work with some old enemies if he's going to survive.

Best Book of Fall (Esquire) and a Most Anticipated Book of 2021 (Lit Hub) What Has Happened to Fiction in the Age of Platform Capitalism? Since it was first launched in 1994, Amazon has changed the world of literature.

The "Everything Store" has not just transformed how we buy books: it has affected what we buy, and even what we read. In Everything and Less, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow, literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing per se than with the manner of its distribution. This consumerist logic—if you like this, you might also like ...—has reorganized the fiction universe so that literary prize-winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon's platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. Everything and Less is a hilarious and insightful map of both the commanding heights and sordid depths of fiction, past and present, that opens up an arresting conversation about why it is we read and write fiction in the first place.

**The start of a critically acclaimed historical romance series by New York Times bestselling author Courtney Milan... Hugo Marshall earned the nickname "the Wolf of Clermont" for his ruthless ambition--a characteristic that has served him well, elevating the coal miner's son to the right hand man of a duke. When he's ordered to get rid of a pestering governess by fair means or foul, it's just another day at work. But after everything Miss Serena Barton has been through at the hands of his employer, she is determined to make him pay. She won't let anyone stop her--not even the man that all of London fears. They might call Hugo Marshall the Wolf of Clermont, but even wolves can be brought to heel... The books in the Brothers Sinister series: ½. The Governess Affair (free prequel novella) 1. The Duchess War 1½. A Kiss for Midwinter (a companion novella to The Duchess War) 2. The Heiress Effect 3. The Countess Conspiracy 4. The Suffragette Scandal 4½. Talk Sweetly to Me**

**Eli Monpress is talented. He's charming. And he's a thief. But not just any thief. He's the greatest thief of the age - and he's also a wizard. And with the help of his partners - a swordsman with the most powerful magic sword in the world but no magical ability of his own, and a demoneeod who can step through shadows and punch through walls - he's going to put his plan into effect. The first step is to increase the size of the bounty on his head, so he'll need to steal some big things. But he'll start small for now. He'll just steal something that no one will miss - at least for a while. Like a king.**

This fifth installment in the Now Write! writing-guide series presents speculative fiction-writing exercises from Harlan Ellison, Piers Anthony, Ramsey Campbell and others to help aspiring writers craft a horror, fantasy or science fiction novel that is anything but ordinary. Original.

As the smallest dragon in the Heartstriker clan, Julius survives by a simple code: keep quiet, don't cause trouble, and stay out of the way of bigger dragons. But this meek behavior doesn't fly in a family of ambitious magical predators, and his mother, Bethesda the Heartstriker, has finally reached the end of her patience. Now, sealed in human form and banished to the DFZ--a vertical metropolis built on the ruins of Old Detroit--Julius has one month to prove he can be a ruthless dragon or kiss his true shape goodbye forever. But in a city of modern mages and vengeful spirits where dragons are considered monsters to be exterminated, he's going to need some serious help to survive this test. He only hopes humans are more trustworthy than dragons...

Want to dictate up to 5000 WORDS an hour? Want to do it with 99% ACCURACY from the day you start? NEW EDITION: UPDATED to cover the latest Dragon Professional Individual v15 for PC & v6 for Mac FREE video training included! As writers, we all know what an incredible tool dictation software can be. It enables us to write faster and avoid the dangers of RSI and a sedentary lifestyle. But many of us give up on dictating when we find we can't get the accuracy we need to be truly productive. This book changes all of that. With almost two decades of using Dragon software under his belt and a wealth of insider knowledge from within the dictation industry, Scott Baker will reveal how to supercharge your writing and achieve sky-high recognition accuracy from the moment you start using the software. You will learn: - Hidden tricks to use when installing Dragon NaturallySpeaking on a Windows PC or Dragon Dictate for Mac: - How to choose the right microphone and set it up perfectly for speech recognition; - The little-known techniques that will ensure around 99% accuracy from your first install – and how to make this even better over time; - Setting up fail-safe dictation profiles with multiple microphones and voice recorders, without impacting your accuracy; - How to train the software to adapt to both your voice AND writing style and avoid your accuracy declining; - Strategies for achieving your entire daily word count in just one or two hours; - Many more tips and tricks you won't find anywhere else. At the end of the book, you'll also find an exclusive list of resources and links to FREE video training to take your knowledge even further. How To Triple Your Writing Speed and Write More Every Day

*Everyone knows you need a beginning, a middle, and an end. But then what? What about all the in-betweens between major plot points? For the first time, Something Startling Happens breaks down what successful movies do exactly the same during every single minute, and how industry professionals can use that knowledge to elevate the drama in their screenplay or movie. • 120 distinct, minute-by-minute story beats keep writers from getting "lost in the soup." • Easy-to-remember catch phrases for each minute beat. • 42 successful movies of all genres are used as examples, including: Star Wars, Forrest Gump, Being John Malkovich, The Godfather, Rashomon, Halloween, Jaws, Juno, Knocked Up, The Matrix, Pulp Fiction, The Sixth Sense, and Spider-Man.*

*Procrastination, perfectionism and writer's block are not moral flaws; nor are they caused by laziness, lack of discipline or lack of commitment. They are habits rooted in fear and scarcity - and the great news is that once we start alleviating our fears and resourcing ourselves abundantly, our procrastination and related problems are often remarkably easily solved. My new book The Seven Secrets of the Prolific, tells you how! In it, I characterize, in great detail and depth, the major categories of constraining forces that cause underproductivity, including perfectionism; resource constraints; time constraints; ineffective writing processes; bias, ambivalence and internalized oppression; toxic rejection; and exploitative career paths. Then, I tell you how to overcome each.*

*When it comes to writing books, are you a "plotter" or a "pantser"?" Is one method really better than the other? In this instructional ebook, author Libbie Hawker explains the benefits and technique of planning a story before you begin to write. She'll show you how to develop a foolproof character arc and plot, how to pace any book for a can't-put-down reading experience, and how to ensure that your stories are complete and satisfying without wasting time or words. Hawker's outlining technique works no matter what genre you write, and no matter the age of your audience. If you want to improve your writing speed, increase your backlog, and ensure a quality book before you even write the first word, this is the how-to book for you. Take off your pants! It's time to start outlining.*
