Sustainable value

Access Free 30th Ibima Conference

International
management
Business
Information
reveals a new
space for studying
business models.

The traditional
approach is based
on the assumption
that the goal of
any business is to
make money. All
decisions
regarding supply

Access Free 30th Ibima Conference

International

and production

Business

should be made to
Information
maximize profit.

The discrepancy in

creating non-

economic value is

sometimes the

result of

separating

ownership from

control over an

enterprise.

Access Free 30th Ibima Conference

International

Business
Information

Although
shareholders are
interested in

maximizing profit,
management that
actually makes
decisions can also
pursue other
goals. In addition
to economic
aspects, the
management

Access Free 30th Ibima Conference

International

intentions of
Business
Information
modern managers
are also influenced
by factors arising
from the
organizational
culture built, co-
created within the
organization and
sometimes with
the participation of
external actors

Access Free 30th Ibima Conference

International
Business
Information
such as suppliers
and customers.

The sources of the creation of social values will be the management intentions of top management, often initiated by the adopted values and rules on the basis of which

Access Free 30th Ibima Conference

International
Business
Information
resources are
bound within the
structure of the
business model.

The value of
sustainability is
based on the
identification of
those creative
sources that relate
to economic and
social value.

Access Free 30th Ibima Conference

International
Business
Information

Economic value is created through social value and vice versa. This allows the complementarity of the value created to be mutually supportive. The business model that integrates both of these

Access Free 30th Ibima Conference

International
Business
Information

values should be more resistant to crises than the one that is oriented only toward producing economic value. Concurrent implementation of economic and social goals increases

Access Free 30th Ibima Conference

International
resilience and

Business
affects the

Information
success of modern
business models.

This is due to the
specificity of the
business

ecosystem that is
built as part of the
business model,
which, in essence,
is based on the

Access Free 30th
Ibima Conference

International
Business
Information

use of social
factors to merge
the business
model into a
complex
ecosystem
capable of
producing value.

It is an undisputed
reality that the
tourism industry in
Asia is getting
exposed to more

Access Free 30th Ibima Conference

International

innovative

Business

Information

technologies than

ever before. This

proposed book

provides the latest

research in the

application of

innovative technology

to the tourism

industry, covering the

perspectives,

innovativeness,

theories, issues,

Access Free 30th Ibima Conference

International
Business
Information

complexities,
opportunities and
challenges. This

book, a blend of
comprehensive and
extensive effort by the
contributors and
editors, is designed to
cover the application
and practice of
technology in
tourism, including the
relevant niches. This

Access Free 30th Ibima Conference

International
Business
Information

book focuses on the importance of technology in tourism. This also highlights, in a comprehensive manner, specific technologies that are impacting the tourism industry in Asia, as well as the constraints the industry is facing. The contents of this

Access Free 30th Ibima Conference

International
Business
Information

book deal with distinct topics, such as mobile computing, new product designs, innovative technology usages in tourism promotion, technology-driven sustainable tourism development, location-based apps, mobility, accessibility and so on. A good number of

Access Free 30th Ibima Conference

International
Business
Information

research studies have conducted outlining the contributions and importance of technologies in tourism, in general. However, the tourism industry of Asia so far has attracted very few researchers. Some contributions have been made but not sufficient.

Access Free 30th Ibima Conference

International
Business
Information

Considering the ongoing trend of technology application in the tourism industry in Asia, very few research attempts have been made aiming to explore diverse aspects. Tourism is expanding enormously across the world, which

Access Free 30th Ibima Conference

International
Business
Information

actually creates more demands for effective technologies. This book will be a reading companion, especially for tourism students in higher academic institutions. This book will also be read by the relevant policy planners and industry professionals. Apart from them, this book

Access Free 30th Ibima Conference

International
Business
Information
will be appreciated by
expatriate researchers
and researchers
having keen interest
in the Asian tourism
industry.

This proceedings
book features
selected papers from
the 9th National
Scientific and
Practical Conference
“ Digital Economy:
Complexity and
Variety Vs.
Rationality, ” which

Access Free 30th Ibima Conference

International
Business
Information
took place on April
17–18, 2019, in
Vladimir (Russian
Federation). It
presents the latest
research in the field
of the digital
economy, discussing
its role in the creation
of advantages for the
state,
entrepreneurship,
and society, as well as
the emergence of

Access Free 30th Ibima Conference

International

new economic risks.

Business

The chapters address

Information

the following topics:

the importance of

economy ' s digital

modernization, tools

for the formation of

the digital economy

in Russia, specific

features and

perspectives of

digital modernization

of the regional

economy, an

Access Free 30th Ibima Conference

International
Business
Information

overview of the social consequences of transition to the digital economy, financial components of the digital economy, legal challenges regarding the digital reality for society and state, and the main challenges and threats to the profession of jurisprudence in the

Access Free 30th Ibima Conference

International
context of the

Business
digitization of the
economy. Intended
for representatives of
the academic
community and
researchers
interested in the
formation of the
digital economy and
digital society as well
as undergraduates,
postgraduates, and
masters of economic

International

digital economy.

Business
Information
The book is devoted
to substantiating the

necessity for starting
and supporting the
high level of

marketing activity of
modern healthcare
organizations that

function in the
market conditions
under the influence
of the competition

mechanism. The

Access Free 30th Ibima Conference

International
Business
Information

authors substantiate that state-funded healthcare organizations in Russia, which are the basis of the Russian market of medical services, face the deficit of financial resources and do not have sufficient flexibility for high marketing activity and supporting their

Access Free 30th Ibima Conference

International

competitiveness,
which leads to

growth of

dissatisfaction of
society with the

healthcare sphere on
the whole and

increase of demand
for services of private
organizations of

healthcare. The

authors show that a
perspective solution
to this problem is

Access Free 30th Ibima Conference

International

usage of

technologies of

public-private

partnership, which

allow conducting

deregulation and

attracting private

investments into

development of state

organizations of

healthcare, thus

creating favorable

conditions and

stimuli for activation

Access Free 30th Ibima Conference

International
Business
Information
of their marketing
activities.

Recommendations
for application of the
mechanism of public-
private partnership
to development of
marketing of
healthcare
organizations in
modern Russia are
offered.

This book discusses
incentives for

Access Free 30th Ibima Conference

International

Business
Information
management, usage
of information for

existing practices to
become more

efficient, the

acceleration of

executive learning,

and an evaluation of

the information

management impact

on an organization. In

today ' s COVID-

influenced volatile

Access Free 30th Ibima Conference

International

world, companies
face a variety of

Business
challenges. And the

Information
most crucial of them
are high levels of
uncertainty and risk.

Therefore, companies
are constantly under
pressure to provide
sustainable solutions.

Accordingly,
previously gathered
knowledge and
information can be

Access Free 30th Ibima Conference

International
Business
Information

extremely helpful for
this purpose. Hence,
this fourth book of
our subseries
continues to
accentuate on
different approaches,
which point to the
importance of
continuous progress
in structural
management for
sustainable growth. It
highlights the

Access Free 30th Ibima Conference

International
Business
Information
permanent gain and
usage of information.
We would be pleased
if the book can
stimulate further
research on this
subject matter.

This book requires an
interdisciplinary
understanding of
creativity, ideal for
the formation of a
digital public culture.
Educating students,

Access Free 30th Ibima Conference

International
Business
Information

young professionals
and future engineers
is to develop their
capacity for
creativity. Can
creativity be learned?
With this question,
the relations of
technology and art
appear in a new light.
Especially the notion
of "progress" takes on
a new meaning and
must be

Access Free 30th Ibima Conference

International
Business
Information

distinguished from
innovation. The
discussion of
particular
educational
approaches, the
exploration of digital
technologies and the
presentation of best
practice examples
conclude the book.
University teachers
show how the
teaching of creativity

Access Free 30th Ibima Conference

International
Business
Information
reinforces the
teaching of other
subjects, especially
foreign languages.
