This toolkit of intentional and compassionate strategies takes an encouraging, incremental approach to help even small groups get started quickly. Study the separate chapters on: imaginative marketing; the ministry of greeting, crafting welcoming materials, tracking and involving newcomers and structuring groups for growth. Then adapt an additional 34 pages of template forms, brochures, and procedures to your needs while employing Weeks' point-by-point recommendations to: make sure your signs and property invite, not confuse; create powerful, welcoming ads and print communication, train and prepare greeters; and develop programs to incorporate and track newcomers during their first critical months.

ministry that leads to redemptive movement. He guides churches away from an internal focus to emphasize participation in their community and surrounding culture. In this important book, Mancini offers an approach for rethinking what it means to lead with clarity as a visionary. Mancini explains that each church has a culture that reflects its particular values, thoughts, attitudes, and actions and shows how church leaders can unlock their church's individual DNA and unleash their congregation's one-of-a-kind potential.

How to focus on Christ during Advent Most Christians agree that Christmas is all about Jesus, yet most of us spend little time preparing our hearts to celebrate Him. Why is this? Partly because we don't know how. In *Unwrapping the Names of Jesus*, Asheritah Ciuciu leads readers through the four weeks of Advent (Hope, Preparation, Joy, and Love). Each week: Begins with an interactive family devotional that equips readers to celebrate Advent together Offers five daily reflections that focus on that week's name of Jesus Includes suggestions for fun-filled family activities or service projects This devotional can be used by readers in their own personal worship times or as a tool to engage in family worship during the busy holiday season. Either way, participants will gain a greater sense of awe and wonder at who Jesus is. By focusing on the person and character of Jesus throughout the Advent season, readers will prepare their hearts so that when they admire the live nativity, sit in the candlelight service, or wake up on Christian morning, they can join the faithful who sing from the bottom of their hearts, "O come, let us adore Him, Christ the Lord!"

Unleashing the Passion of Young People in Your Church Is Possible! Churches are losing both members and vitality as increasing numbers of young people disengage. Race and privilege are issues that cry out for new kinds of attention and healing in American society. More specifically, we are being called to surface the dynamics of whiteness especially in contexts where whites have had the most power in America. The church is one of those contexts--particularly churches that have traditionally been seen as the stalwarts of the American religious landscape: mainline Protestant churches.

Theologians and Presbyterian ministers Mary McClintock Fulkerson and Marcia Mount Shoop invite us to acknowledge and address the wounds of race and privilege that continue to harm and diminish the life of the church.

Using Eucharist as a template for both the church's blindness and for Christ's redemptive capacity, this book invites faith communities, especially white-dominant churches, into new ways of re-memorizing what it means to be

A systemic disease is lurking inside the church that is derailing it from what God intended it to be, to know, and to do. That disease manifests in practical ignorance and isolation. If the church is to be healthy and thriving, its members must gain the needed know-how and skill sets to meaningfully engage with their increasingly difficult-to-reach unsaved neighbors, communities, and cultures in productive conversations about the good news of Jesus Christ. In other words, there must be a re-missioning of the body of Christ. ReMission practically equips leaders with tried-and-tested solutions that can outwardly mobilize a congregation, small group, or nonprofit ministry, and substantially increase the spiritual vitality of the body of Christ, both locally and globally. .

- Practical and theoretical instruction for mainline church planting • Written specifically for the Episcopal Church, but with mainline applications, by a well-known, widely respected author The Episcopal Church has recognized that planting new churches is a high priority through the Mission Enterprise Zones initiative, which provides grant funding for new worshiping communities, in partnership with dioceses. While there is significant literature and training available for church planters in evangelical contexts, very little is available for planters in the Episcopal/mainline context. This book addresses how to rise up and train leaders for the difficult task of planting new churches in the twenty-first century. It answers the essential questions, such as why should we plant churches, what models of church planting are most successful, what kinds of leaders are necessary, and

*Why do many U.S. residents, Catholics and Catholic leaders among them, too often fall short of adequately challenging the use of violence in U.S. policy? The opportunities and developments in approaches to peacemaking have been growing at a significant rate. However, violent methods continue to hold significant sway in U.S. policy and society as the commonly assumed way to "peace." Even when community organizers, policymakers, members of Catholic leadership, and academics sincerely search for alternatives to violence, they too often think about nonviolence as primarily a rule or a strategy. Catholic Social Teaching has been moving toward transcending the limits of these approaches, but it still has significant room for growth. In order to contribute to this growth and to impact U.S. policy, McCarthy draws on Jesus, Gandhi, Ghaffar Khan, and King to offer a virtue-based approach to nonviolent peacemaking with a corresponding set of core practices. This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U.S. policy. As a whole, *Becoming Nonviolent Peacemakers* offers an important challenge to contemporary accounts of peacemaking in the U.S.*
