A New York Times Book Review Notable Book • Finalist for the Pulitzer Prize for Fiction • Longlisted for the Women's Prize for Fiction "Easily the funniest book I've read this year." —GQ "Masterly funny debut novel . . . Erudite but never pretentious, The Idiot will make you crave more books by Batuman." —Sloane Crosley, Vanity Fair A portrait of the artist as a young woman. A novel about not just discovering but inventing oneself. The year is 1995, and email is new. Selin, the daughter of Turkish immigrants, arrives for her freshman year at Harvard. She signs up for classes in subjects she has never heard of, befriends her charismatic and worldly Serbian classmate, Svetlana, and, almost by accident, begins corresponding with Ivan, an older mathematics student from Hungary. Selin may have barely spoken to Ivan, but with each email they exchange, the act of writing seems to take on new and increasingly mysterious meanings. At the end of the school year, Ivan goes to Budapest for the summer, and Selin heads to the Hungarian countryside, to teach English in a program run by one of Ivan's friends. On the way, she spends two weeks visiting Paris with Svetlana. Selin's summer in Europe does not resonate with anything she has previously heard about the typical experiences of American college students, or indeed of any other kinds of people. For Selin, this is a journey further inside herself: a coming to grips with the ineffable and exhilarating confusion of first love, and with the growing consciousness that she is doomed to become a writer. With superlative emotional and intellectual sensitivity, mordant wit, and pitch-perfect style, Batuman dramatizes the uncertainty of life on the cusp of adulthood. Her prose is a rare and inimitable combination of tenderness and wisdom; its logic as natural and inscrutable as that of memory itself. The Idiot is a heroic yet self-effacing reckoning with the terror and joy of becoming a person in a world that is as intoxicating as it is disquieting. Batuman's fiction is unguarded against both life's affronts and its beauty--and has at its command the complete range of thinking and feeling which they entail. Named one of the best books of the year by Refinery29 • Mashable One • Elle Magazine • The New York Times • Bookpage • Vogue • NPR • BuzzFeed • The Millions

Andy Tyler has been the class daredevil since middle school. Over the years, he's convinced his best friend, Jake Masterson, to perform some dangerous-looking stunts with him. But the dare they attempt on the night of their college graduation goes sideways. The firecrackers explode too soon and both of them end up with badly burned palms. But hey, nothing gets the "terrible two-o" down for long, and they recuperate in style at Andy's family cottage in Cape Cod. As the weeks go by, both Andy and Jake grow frustrated over the inability to use their hands for all sorts of daily activities--including getting off. So Andy begins a new series of dares that don't just cross the friendship line, they obliterate it. But what might be mere sexual relief to Andy is serious business to Jake, who only recently got over years of secret pining for his straight best friend. Inevitably, the burns heal, summer ends, and hearts are broken. To fix things, Andy will have to face the greatest dare of all.

Winner of the American Academy's Rome Prize for fiction, Eli Gottlieb's tender, harrowing coming-of-age novel finally returns to print. Denny Graubart, child-narrator and "domestic surveillance expert," is having some terrible suspicions about his mother and autistic brother. It's the 1960s, aka the Diagnostic Dark Ages of Autism, and while his mother struggles to keep his brother out of an institution, signs of something more disturbing are beginning to emerge before young Denny's eyes. Battered by his own tragicomic sexual awakening during a long, hot summer, Denny will eventually find his most horrified suspicions about his family confirmed. A powerfully drawn portrait of two brothers locked into an asymmetrical childhood and a family struggling against a weight of medical ignorance, The Boy Who Went Away is "shockingly, electrically alive" (Phillip Lopate). It is also an indispensable bookend to Gottlieb's Best Boy, which recounts the impact of autism on the same family from the other side, many years later, in the voice of a middle-aged autistic man.

You will read this book in one sitting or maybe two, and, I promise, you will miss this man deeply when you are done." —Ann Bauer, Washington Post Sent to a "therapeutic community" for autism at the age of eleven, Todd Aaron, now in his fifties, is the "Old Fox" of Payton LivingCenter. A joyous man who rereads the encyclopedia compulsively, he is unnerved by the sudden arrivals of a menacing new staffer and a disruptive, brain-injured roommate. His equilibrium is further worsened by Martine, a one-eyed new resident who has romantic intentions and convinces him to go off his meds to feel "normal" again. Undone by these pressures, Todd attempts an escape to return "home" to his younger brother and to a childhood that now inhabits only his dreams. Written astonishingly in the first-person voice of an autistic, adult man, *Best Boy*—with its unforgettable portraits of Todd's beloved mother, whose sweet voice still sings from the grave, and a staffer named Raykene, who says that Todd "reflects the beauty of His creation"—is a piercing, achingly funny, finally shattering novel no reader can ever forget.

The Forty Rules of Love A Novel of Rumi Penguin

Shortlisted for the 2019 Booker Prize Named a Best Book of the Year by Bookpage, NPR, Washington Post, and The Economist A moving novel on the power of friendship in our darkest times, from internationally renowned writer and speaker Elif Shafak. In the pulsating moments after she has been murdered and left in a dumpster outside Istanbul, Tequila Leila enters a state of heightened awareness. Her heart has stopped beating but her brain is still active-for 10 minutes 38 seconds. While the Turkish sun rises and her friends sleep soundly nearby, she remembers her life-and the lives of others, outcasts like her. Tequila Leila's memories bring us back to her childhood in the provinces, a highly oppressive milieu with religion and traditions, shaped by a polygamous family with two mothers and an increasingly authoritarian father. Escaping to Istanbul, Leila makes her way into the sordid industry of sex trafficking, finding a home in the city's historic Street of Brothels. This is a dark, violent world, but Leila is tough and open to beauty, light, and the essential bonds of friendship. In Tequila Leila's death, the secrets and wonders of modern Istanbul come to life, painted vividly by the captivating tales of how Leila came to know and be loved by her friends. As her epic journey to the afterlife comes to an end, it is her chosen family who brings her story to a buoyant and breathtaking conclusion.

A REESE'S BOOK CLUB PICK Shortlisted for the Women's Prize for Fiction "A wise novel of love and grief, roots and branches, displacement and home, faith and belief. Balm for our bruised times." -David Mitchell, author of Utopia Avenue A rich, magical new novel on belonging and identity, love and trauma, nature and renewal, from the Booker-shortlisted author of 10 Minutes 38 Seconds in This Strange World. Two teenagers, a Greek Cypriot and a Turkish Cypriot, meet at a taverna on the island they both call home. In the taverna, hidden beneath garlands of garlic, chili peppers and creeping honeysuckle, Kostas and Defne grow in their forbidden love for each other. A fig tree stretches through a cavity in the roof, and this tree bears witness to their hushed, happy meetings and eventually, to their silent, surreptitious departures. The tree is there when war breaks out, when the capital is reduced to ashes and rubble, and when the teenagers vanish. Decades later, Kostas returns. He is a botanist looking for native species, but really, he's searching for lost love. Years later a Ficus carica grows in the back garden of a house in London where Ada Kazantzakis lives. This tree is her only connection to an island she has never visited--- her only connection to her family's troubled history and her complex identity as she seeks to untangle years of secrets to find her place in the world. A moving, beautifully written, and delicately constructed story of love, division, transcendence, history, and eco-consciousness, The Island of Missing Trees is Elif Shafak's best work yet.

The Island of Missing Trees

A “vivid and entertaining” (Chicago Tribune) tale about the tangled history of two families, from the author of The Island of Missing Trees (a Reese's Book Club Pick) "Zesty, imaginative . . . a Turkish version of Amy Tan's The Joy Luck Club." —USA Today As an Armenian American living in San Francisco, Armanoush feels like part of her identity is missing and that she must make a journey back to the past, to Turkey, in order to start living her life. Asya is a nineteen-year-old woman living in an extended all-female household in Istanbul who loves Jonny Cash and the French existentialists. The Bastard of Istanbul tells the story of their two families--and a secret connection linking them to a violent event in the history of their homeland. Filled with humor and understanding, this exuberant, dramatic novel is about memory and forgetting, about the need to examine the past and the desire to erase it, and about Turkey itself.

Rumi is now acknowledged as one of the great mystical poets of the Western world, with huge sales of the many collections of his poetry. Not much is known about his life except that he lived in thirteenth-century Anatolia (now Turkey), had a great spiritual friendship with a wild man called Shams, brought an adopted daughter into his family, and was distraught when Shams finally disappeared. Rumi's Daughter is the delightful novel about Kimya, the girl who was sent from her rural village to live in Rumi's home. She already had mystical tendencies, and learned a great deal under Rumi's tutelage. Eventually she married Shams, an unusual husband, almost totally absorbed by his longings for God. Their marriage was fiery and different and, in the end, dissolved by Kimya's death - after which Shams vanished. Rumi's Daughter tells Kimya's story with great charm and

tenderness. Well written and thought-provoking, it is sure to draw comparison with Paulo Coelho's The Alchemist, and also to add something fresh and new to what is so far known about Rumi.

Master Your Mind and Defy the Odds - Clean Edition

This book is about savoring life—the capacity to attend to the joys, pleasures, and other positive feelings that we experience in our lives. The authors enhance our understanding of what savoring is and the conditions under which it occurs. Savoring provides a new theoretical model for conceptualizing and understanding the psychology of enjoyment and the processes through which people manage positive emotions. The authors review their quantitative research on savoring, as well as the research of others, and provide measurement instruments with scoring instructions for assessing and studying savoring. Authors Bryant and Veroff outline the necessary preconditions that must exist for savoring to occur and distinguish savoring from related concepts such as coping, pleasure, positive affect, emotional intelligence, flow, and meditation. The book's lifespan perspective includes a conceptual analysis of the role of time in savoring. Savoring is also considered in relation to human concerns, such as love, friendship, physical and mental health, creativity, and spirituality. Strategies and hands-on exercises that people can use to enhance savoring in their lives are provided, along with a review of factors that enhance savoring. Savoring is intended for researchers, students, and practitioners interested in positive psychology from the fields of social, clinical, health, and personality psychology and related disciplines. The book may serve as a supplemental text in courses on positive psychology, emotion and motivation, and other related topics. The chapters on enhancing savoring will be especially attractive to clinicians and counselors interested in intervention strategies for positive psychological adjustment.

If I tell you right up front, right in the beginning that I lost him, it will be easier for you to bear. You will know it's coming, and it will hurt. But you'll be able to prepare. Someone found him in a laundry basket at the Quick Wash, wrapped in a towel, a few hours old and close to death. They called him Baby Moses when they shared his story on the ten o'clock news - the little baby left in a basket at a dingy Laundromat, born to a crack addict and expected to have all sorts of problems. I imagined the crack baby, Moses, having a giant crack that ran down his body, like he'd been broken at birth. I knew that wasn't what the term meant, but the image stuck in my mind. Maybe the fact that he was broken drew me to him from the start. It all happened before I was born, and by the time I met Moses and my mom told me all about him, the story was old news and nobody wanted anything to do with him. People love babies, even sick babies. Even crack babies. But babies grow up to be kids, and kids grow up to be teenagers. Nobody wants a messed up teenager. And Moses was messed up. Moses was a law unto himself. But he was also strange and exotic and beautiful. To be with him would change my life in ways I could never have imagined. Maybe I should have stayed away. Maybe I should have listened. My mother warned me. Even Moses warned me. But I didn't stay away. And so begins a story of pain and promise, of heartache and healing, of life and death. A story of before and after, of new beginnings and never-endings. But most of all . . . a love story.

AN INSTANT NEW YORK TIMES BESTSELLER! From the # 1 New York Times bestselling author of Eat Pray Love and The Signature of All Things, a delicious novel of glamour, sex, and adventure, about a young woman discovering that you don't have to be a good girl to be a good person. "A spellbinding novel about love, freedom, and finding your own happiness." - PopSugar "Intimate and richly sensual, razzle-dazzle with a hint of danger." -USA Today "Pairs well with a cocktail...or two." -TheSkimm "Life is both fleeting and dangerous, and there is no point in denying yourself pleasure, or being anything other than what you are." Beloved author Elizabeth Gilbert returns to fiction with a unique love story set in the New York City theater world during the 1940s. Told from the perspective of an older woman as she looks back on her youth with both pleasure and regret (but mostly pleasure), City of Girls explores themes of female sexuality and promiscuity, as well as the idiosyncrasies of true love. In 1940, nineteen-year-old Vivian Morris has just been kicked out of Vassar College, owing to her lackluster freshman-year performance. Her affluent parents send her to Manhattan to live with her Aunt Peg, who owns a flamboyant, crumbling midtown theater called the Lily Playhouse. There Vivian is introduced to an entire cosmos of unconventional and charismatic characters, from the fun-chasing showgirls to a sexy male actor, a grand-dame actress, a lady-killer writer, and no-nonsense stage manager. But when Vivian makes a personal mistake that results in professional scandal, it turns her new world upside down in ways that it will take her years to fully understand. Ultimately, though, it leads her to a new understanding of the kind of life she craves - and the kind of freedom it takes to pursue it. It will also lead to the love of her life, a love that stands out from all the rest. Now eighty-nine years old and telling her story at last, Vivian recalls how the events of those years altered the course of her life - and the gusto and autonomy with which she approached it. "At some point in a woman's life, she just gets tired of being ashamed all the time," she muses. "After that, she is free to become

whoever she truly is." Written with a powerful wisdom about human desire and connection, *City of Girls* is a love story like no other. Alex Rogo is a harried plant manager working ever more desperately to try and improve performance. His factory is rapidly heading for disaster. So is his marriage. He has ninety days to save his plant - or it will be closed by corporate HQ, with hundreds of job losses. It takes a chance meeting with a colleague from student days - Jonah - to help him break out of conventional ways of thinking to see what needs to be done. Described by *Fortune* as a 'guru to industry' and by *Businessweek* as a 'genius', Eliyahu M. Goldratt was an internationally recognized leader in the development of new business management concepts and systems. This 20th anniversary edition includes a series of detailed case study interviews by David Whitford, Editor at Large, *Fortune Small Business*, which explore how organizations around the world have been transformed by Eli Goldratt's ideas. The story of Alex's fight to save his plant contains a serious message for all managers in industry and explains the ideas which underline the Theory of Constraints (TOC) developed by Eli Goldratt. Written in a fast-paced thriller style, *The Goal* is the gripping novel which is transforming management thinking throughout the Western world. It is a book to recommend to your friends in industry - even to your bosses - but not to your competitors! In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

After reading the newspapers and following the sharp oscillations of the stock market, it becomes apparent that hi-tech companies are of a different breed. Never before have the chances of making a fortune been so realistic and never before have large companies been so fragile. What is really going on inside these hi-tech companies? What types of pressures and challenges are they facing? And how do they cope? Computer software providers, especially the ones that specialise in handling the data needs of organizations, are prime examples of these volatile companies. In the nineties we witnessed their growth from small businesses into multi-billion dollar giants. No wonder investors were attracted. In 1998 it was easy for such companies to raise as much money as they wanted. But now, investment funds have dried up. Why? And more importantly, is there a way to reverse the trend? This book gives the answers.

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.
