anecdotes as well as profiles and photographs of the coaches, captains, and players. Merv Daub takes the reader through a century of Queen's football, from the first "Dominion" championship in 1893 with Curtis and his boys, through three consecutive Grey Cup wins in the 1920s, the 1934-35 victory of the "Fearless Fourteen," the 1955 season when Gus Braccia, Ronnie Stewart, Gary Schreider, Lou Bruce, Al Kocman, "Jocko" Thompson, and the rest of that "band of merry men" brought Queen's back into the limelight, the golden years of the 1960s, to the 1978 and 1992 Vanier Cup championship seasons. Gael Force is a tribute to the long-standing football legacy at Queen's and an important historical and sociological study of college sport in Canada.

Practice Mayan Astrology presents a contemporary guide to one of the most sophisticated astrological systems ever developed. Like other ancient peoples, the Maya looked to the cycles of the planets as markers of time and designators of order. The predictable cycles they observed became codified in the Mayan calendar and astrological system as a way of organizing the seeming chaos of human life. Mayan astrology is based on 20 named days that are cycled 13 times to create a 260-day calendar, the Tzolkin. The authors explain the symbolism, logic, and

how these signs reflect 260

and how they can be used for
divination. They also
explain the important role

of the Night Lords and the
