In their highly selective and literal reading of Scripture, creationists champion a rigidly reductionistic view of creation in their fight against "soulless scientism." Conversely, many scientists find faith in God to be a dangerous impediment in the empirical quest for knowledge. As a result of this ongoing debate, many people of faith feel forced to choose between evolution and the Bible's story of creation. But, as William Brown asks, which biblical creation story are we talking about? Brown shows that, through a close reading of biblical texts, no fewer than seven different biblical perspectives on creation can be identified. By examining these perspectives, Brown illuminates both connections and conflicts between the ancient creation traditions and the natural sciences, arguing for a new way of reading the Bible in light of current scientific knowledge and with consideration of the needs of the environment. In Brown's argument, both scientific inquiry and theological reflection are driven by a sense of wonder, which, in his words, "unites the scientist and the psalmist." Brown's own wonder at the beauty and complexity of the created world is evident throughout this intelligent, well-written, and inspirational book.

The Exhaustive Concordance of the Bible

"How can you believe all this stuff? This is the number-one question Catholics get asked and, sometimes, we ask ourselves. Why do we believe that God exists, that he became a man and came to save us, that what looks like a wafer of bread is actually his body? Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live? Ever since he became Catholic, Trent Horn has spent a lot of time answering these questions, trying to explain to friends, family, and total strangers the reasons for his Catholic faith. Some didn't believe in God, or even in the existence of truth. Others said they were spiritual but didn't think you needed religion to be happy. Some were Christians who thought Catholic doctrines over-complicated the pure gospel. And some were fellow Catholics who had a hard time understanding everything they professed to believe on Sunday. Why We're Catholic assembles the clearest, friendliest, most helpful answers that Trent learned to give to all these people and more. Beginning with how we can know reality and ending with our hope of eternal life, it s the perfect way to help skeptics and seekers (or Catholics who want to firm up their faith) understand the evidence that bolsters our belief and brings us joy" --

Helping Children Grow in the Light of God's Word

This book lays out the basic characteristics of liberal theology, delving into historical and philosophical sources as well as social and intellectual roots. Ideal for readers who want a better understanding of liberal theology, a religious tradition that is rooted not in authority but in one's own experience and conscience.
A unique resource: from the Reformation to PietismThis unique collection of excerpts from Lutheran historical and theological documents - many translated here for the first time - presents readers with a full picture of how the Lutheran movement developed in its thought and practice. The volume proceeds chronologically from Luther's lifetime to the beginnings of the Enlightenment. Each chapter begins with a summary essay and proceeds thematically.Covering not only theology but also church life, popular piety, and influential historical events, the more than 200 primary documents excerpted here show not only the evolution and development of Lutheran doctrine but also its devotional writings, hymns, liturgical texts, letters and diaries, satire, political documents, woodcuts, and pamphlet literature. Lund's judicious selection, careful translation, and helpful introductions acquaint readers with the turbulence and fervor of this revolutionary Christian movement, its struggles for survival and consolidation, its flowering in the age of orthodoxy and pietism, always with an eye to how it affected and was experienced by ordinary people.
Timeless insights from one of the most important people in church history. Some people value good works so much that they overlook faith in Christ. Faith should be first... It is faith—without good works and prior to good works—that takes us to heaven. We come to God through faith alone. —Martin LutherResounding across the centuries, Martin Luther's prolific writings as a pastor, theologian, scholar, Bible translator, father, and more, remain powerful and richly relevant. Faith Alone is a treasury of accessible devotionals taken from Luther's best writings and sermons from the years 1513 through 1546. This carefully updated translation retains the meaning, tone, and imagery of Luther's works. Through daily readings, Luther's straightforward approach challenges you to a more thoughtful faith. Read one brief section a day or explore themes using the subject index in the back of the book. Faith Alone will deepen your understanding of Scripture and help you more fully appreciate the mystery of faith.
Properly, while I endeavor to expound the principles of Christian social justice, I shall also endeavor to show you how these principles can be applied. And just as properly, it will be my hope to bestir you to action-Christian action, American action-for faith without good works is dead. Thus, at the outset, while I am deeply grateful to everyone of you for, the heroic sacrifices you have made, and will make, to keep me on the air over this independent chain of radio stations, may I ask you for one more favor today-the favor of a prayer to the Holy Ghost. I beseech all of you to ask the spirit of understanding to fill me with prudence; and the spirit of fortitude to give me strength and courage to carry on the battle against the hidden powers of darkness-perhaps not quite so hidden today as yesterday. May I also suggest that you will ask your little children who are ignorant of the causes of poverty, wretchedness and exploitation-may I suggest that you ask these innocent children to whisper a prayer for one who fully recognizes how unworthy he is but who fully realizes what a golden opportunity God has given to him to be an instrument for good. You are anxious to know what topics I shall discuss during the insuing year. Roundly speaking, it is my hope that these addresses will be concerned chiefly with Christian social justice. While my ultimate objective is to help more and more men to save their immortal souls, I recognize how difficult it is for man to practice Christian virtue, to live a holy life in peace and contentment, when he and a great group of his fellowmen are denied unjustly an equitable share in the goods and wealth of this world-goods and wealth which our common Father in heaven bestowed upon all men for all men to use and enjoy-goods and wealth, which, alas, have been concentrated in the hands of a few to the detriment of the many because an un-Christian species of social injustice was foisted upon us in the past few centuries and because, as a result of this, an alien philosophy of social injustice, under the name either of Communism or Naziism, is endeavoring to win our allegiance today. Fearlessly, Christian social justice challenges these several systems for the attention and the support, in this instance, of the American public-a public composed of persons who, despite their many faults and shortcomings, will never surrender the heritage of Bethlehem, of Pilate's hall, of Calvary Hill or of the Easter morning sepulchre from whose empty depths there echo and re-echo the immortal words, Hl am the Resurrection and the Life." Fortified with these precious heritages it is our hope to carry on a campaign of instruction and inspiration even though we find ourselves opposed by the rugged individualists on the right and by the unchristly radicals on the left. It is our hope to convert a zealous band of followers into a group of active Christians-. Christians who, by the sincerity of their lives and the logic of their doctrines shall win millions of followers who are convinced that there is no way other than Christ's way for saving America and restoring prosperity and peace for all. My friends, at the outset, permit me to clarify the fundamental doctrine of Christian social justice-the doctrine that differentiates it from every other plan of life proposed for man to follow. It is this: Christ came on earth not only to redeem and save individuals but also to establish an absolutely new social order. Recognizing the chaotic condition of society in His own time; aware of the universal slavery practiced virtually by every nation; and conscious of the spiritual darkness which had encompassed every kingdom, empire, republic and tribe, our Saviour well understood that man, left to his natural abilities, was unable to acquire peace and prosperity in this world and save his immortal soul in the hereafter.

A Theology of James, Peter, and Jude

Embedded in the New Testament is a five-chapter uprising known as the Epistle of James. This provocative, and often overlooked letter is the founding document of liberation theology—the theology that seeks to preserve Jesus' "preferential option for the poor." Now with a detailed study guide, this book can be used by Christians everywhere to study the radical message of James and reflect on what it means to be a true Christian.
The clarity, accuracy, and literary grace of the NIV text alongside the teaching of Dr. David Jeremiah creates an interrelationship that is so essential to understanding the complete biblical message and what is says, what it means, and what it means to you. The result is a Bible that can be read and used by all Christians who want to grow in their faith by going deeper into God's Word.
We commonly think of society as made of and by humans, but with the proliferation of machine learning and AI technologies, this is clearly no longer the case. Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible, the relevant and the irrelevant, the likely and the unlikely – on and beyond platforms. Drawing on the work of Pierre Bourdieu, this book develops an original sociology of algorithms as social agents, actively participating in social life. Through a wide range of examples, Massimo Airoldi shows how society shapes algorithmic code, and how this culture in the code guides the practical behaviour of the code in the culture, shaping society in turn. The 'machine habitus' is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents, in the context of digital infrastructures and pre-digital social structures. Machine Habitus will be of great interest to students and scholars in sociology, media and cultural studies, science and technology studies and information technology, and to anyone interested in the growing role of algorithms and AI in our social and cultural life.
Historians and theologians have long recognized that at the heart of the sixteenth-century Protestant Reformation were five declarations, often referred to as the 'solas': sola scriptura, solus Christus, sola gratia, sola fide, and soli Deo gloria. These five statements summarize much of what the Reformation was about, and they distinguish Protestantism from other expressions of the Christian faith. Protestants place ultimate and final authority in the Scriptures, acknowledge the work of Christ alone as sufficient for redemption, recognize that salvation is by grace alone through faith alone, and seek to do all things for God's glory. In Faith Alone – The Doctrine of Justification renowned biblical scholar Thomas Schreiner looks at the historical and biblical roots of the doctrine of justification. He summarizes the history of the doctrine, looking at the early church and the writings of several of the Reformers. Then, he turns his attention to the Scriptures and walks readers through an examination of the key texts in the Old and New Testament. He discusses whether justification is transformative or forensic and introduces readers to some of the contemporary challenges to the Reformation teaching of sola fide, with particular attention to the new perspective on Paul. Five hundred years after the Reformation, the doctrine of justification by faith alone still needs to be understood and proclaimed. In Faith Alone you will learn how the rallying cry of "sola fide" is rooted in the Scriptures and how to apply this sola in a fresh way in light of many contemporary challenges.

A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture, from two respected Christian storytellers and thought leaders. "Offers neither spin control nor image maintenance for the evangelical tribe, but genuine hope."—Russell Moore, president of ERLC As the pressures of health warnings, economic turmoil, and partisan politics continue to rise, the influence of gospel-focused Christians seems to be waning. In the public square and popular opinion, we are losing our voice right when it's needed most for Christ's glory and the common good. But there's another story unfolding too—if you know where to look. In Gospelbound, Collin Hansen and Sarah Eekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news. Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus—from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy. Discover how, in these dark times, the light of Jesus shines even brighter. You haven't heard the whole story. And that's good news.
The hole in our holiness is that we don't care much about holiness. Or, at the very least, we don't understand it. And we all have our reasons too: Maybe the pursuit of holiness seems legalistic. Maybe it feels like one more thing to worry about in your already overwhelming life. Maybe the emphasis on effort in the Christian life appears unspiritual. Or maybe you've been trying really hard to be holy and it's just not working! Whatever the case, the problem is clear: too few Christians look like Christ and too many don't seem all that concerned about it. This is a book for those of us who are ready to take holiness seriously, ready to be more like Jesus, ready to live in light of the grace that produces godliness. This is a book about God's power to help us grow in personal holiness and to enjoy the process of transformation.

According to the authors, the doctrine of inerrancy has been standard, accepted teaching for more than 1,000 years. In 1978, the famous "Chicago Statement" on inerrancy was adopted by the Evangelical Theological Society, and for decades it has been the accepted conservative evangelical doctrine of the Scriptures. However, in recent years, some prominent evangelical authors have challenged this statement in their writings. Now eminent apologist and bestselling author Norman L. Geisler, who was one of the original drafters of the "Chicago Statement," and his coauthor, William C. Roach, present a defense of the traditional understanding of inerrancy for a new generation of Christians who are being assaulted with challenges to the nature of God, truth, and language. Pastors, students, and armchair theologians will appreciate this clear, reasoned response to the current crisis.

In this volume, Peter Davids offers a comprehensive study of the General or Catholic Epistles of James, 1-2 Peter, and Jude, which are often insufficiently covered in more general New Testament introductions, theologies, and surveys. Before discussing a theology of each of the four letters, Davids first deals with their common aspects—their shared background in the Greco-Roman world and a similar Christology, view of the source of sin, and eschatology—thus justifying their being treated together. In the chapters that follow, Davids embarks upon a theological reading of each letter informed by its social-rhetorical understanding—what they meant in the context of their original cultural settings—including: a survey of recent scholarship, a discussion of relevant introductory issues, a thematic commentary, a treatment of important theological themes, and a discussion of the place of the letter in the biblical canon and its contribution to New Testament theology. The Biblical Theology of the New Testament (BTNT) series provides upper college and seminary-level textbooks for students of New Testament theology, interpretation, and exegesis. Pastors and discerning theology readers alike will also benefit from this series. Written at the highest level of academic excellence by recognized experts in the field, the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament, including introductory issues and major themes, but also shows how each book relates to the broad picture of New Testament theology.
