- The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other "soft" skills – and make it obvious that whatever level you're at, you're ready to get ahead. Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

Interview Myth: The most qualified candidate usually receives the job offer. **Reality:** The candidate who has outperformed their competition over many years, sometimes decades, will most likely walk away empty handed while the candidate who outperforms the other applicants over the course of a two-hour interview will receive the job offer. Those who are successful at interviewing will use this information to their advantage and enjoy prosperous careers. The problem for most professionals is not that they are too lazy to prepare for their interviews, it's that they prepare in all the wrong ways. **Ace Your Job Interview Questions** is a must-read interview book that will take the reader inside the minds of hiring managers and teach them essential preparation techniques to ace their next interview. **Ace Your Job Interview Questions** will:

- *Walk you through 50 robust, yet easy to implement, interview tips segmented by actions you can take before, during, and after the interview.
- *Teach you the most effective methods to prepare for and respond to any type of interview question.
- *Explore 100 wide-ranging interview questions and example responses with an analysis on why the interviewer is asking the question, what they are looking for in a response, and what specifically to avoid in your answer.
- *Show you the most effective strategies to leverage technology, including LinkedIn, to research the company and hiring managers prior to the interview. Are you ready to start turning interviews into job offers?
