500 Ways to

Make Money

Online Library 500 Ways To Make Money Online *Online* Ninja Outreach

There are as many ways to make money online as there are stars in the sky. To make the cut for this book, each of the methods had to meet the following

criteria. 1) You need to be able to get started for under \$100. My thought is, most people who want to start an online business, don't want to put a lot of money into it. If you make the

barrier too high,
people are going
to be afraid to
take the leap.
One hundred
bucks seems
like a hurdle
most people will
be able to make.
2) It's got to be
so easy to get
started your

grandmother could do it. Face it, I can give you step-by-step instructions to build a nuclear device, but you're not going to do it if the instructions are overly complicated. 3)

It has to put money in your pocket within 90 days. No one wants to wait forever to see their business payoff. Every one of the businesses, I'm going to share with you has the

potential to put

within 90 days.
Several of them
can bring you
cash in the first

Sell your stuff
on eBay
Probably the
easiest way to

make money
online is to sell
stuff on eBay.

The great thing
about eBay is
that it's free to
get started.

eBay gives all
new sellers their
first fifty listings
every month for
free (in most

categories), you only pay final value fees if your item sells. It's easy to get started. You shoot a quick picture or two, write a short description of what you're selling, click

another button or two, and your item is up for sale. After that, you sit back, and wait for your item to sell. When it does, you collect the money, and pop the item in the mail. Sell your

Fiverr Fiverr is a
really fun
website where
people can
exchange simple
services for
money. Many
people are
making \$ 500 to
\$ 1500 a month,
working just ten

or fifteen hours per week. The secret is picking gigs you can crank out quickly over and over again. Not sure, you have any valuable services to offer – Don't worry, I'll give you some

ideas to get you started. Kindle Book Marketing I liken Kindle to the new internet gold rush. All of the gurus are sharing stories of five or six lucky authors who have managed to

make hundreds of thousands of dollars from their Kindle books. That much is true. But, another truth is, most people who publish a Kindle book, end up watching it

wither and die in
no time at all.

The lucky ones
sell one hundred
copies a year,
the not so lucky
ones sell three
or four copies.
But, then they
run out of
mothers,
grandmothers,

and best friends
to keep sales
going. With that
said, there is a
middle group of
Kindle authors,
selling five
hundred to two
thousand copies
of their book
every month,
and pulling

down a cool
\$1000 to \$5000
per month in
royalties. In this
section we will
explore the
latter group of
Kindle authors,
and lay out their
secrets for
success. Local
