52 Weeks, Heads, and QuotesMcSweeney's

The #1 New York Times bestseller and a USA Today bestseller! Intrigue, riches, and romance abound in this thrilling sequel to the beloved, bestselling The Inheritance Games The Inheritance Games ended with a bombshell, and now heiress Avery Grambs has to pick up the pieces and find the man who might hold the answers to all of her questions—including why Tobias Hawthorne left his entire fortune to Avery, a virtual stranger, rather than to his own daughters or grandsons. Thanks to a DNA test, Avery knows that she's not a Hawthorne by blood, but clues pile up hinting at a deeper connection to the family than she had ever imagined. As the mystery grows and the plot thickens, Grayson and Jameson, two of the enigmatic and magnetic Hawthorne grandsons, continue to pull Avery in different directions. And there are threats lurking around every corner, as adversaries emerge who will stop at nothing to see Avery out of the picture—by any means necessary. With nonstop action, aspirational jet-setting, Knives Out-like family intrigue, swoonworthy romance, and billions of dollars hanging in the balance, The Hawthorne Legacy will have you racing through the pages.

A new but timeless strategy and mindset that should greatly help investors lower downside risk while achieving market outperformance In The 52-Week Low Formula: A Contrarian Strategy that Lowers Risk, Beats the Market, and Overcomes Human Emotion, wealth manager Luke L. Wiley, CFP examines the principles behind selecting the outstanding companies and great investment opportunities that are being overlooked. Along the way, Wiley offers a melding of the strategies used by such investment giants as Warren Buffett, Howard Marks, Michael Porter, Seth Klarman, and Pat Dorsey. His proven formula helps investors get the upper hand by identifying solid companies that are poised for growth but have fallen out of the spotlight. Shows you how to investigate companies and identify opportunities Includes detailed discussions of competitive advantage, purchase value, return on invested capital, and debt levels Presents several case studies to examine companies that have overcome obstacles by trading around their 52-week lows The 52-Week Low Formula is a must-read for investors and financial advisors who want to break through conventional strategies and avoid common mistakes.

Practise the art of gratitude daily with this specially designed journal. Whether you love to journal or are just getting started, we've designed this gratitude journal for you. As a busy person, you only need to take one minute every day to write down a few things you are grateful for in the space provided.**PERFECT for a loved one, family member, stocking filler or keep it for yourself!** One minute of gratitude for increased happiness! It's been proven that spending time giving thanks for the small things you have in life can make a huge difference to your mental health and wellbeing. The trouble is, as busy men and women we don't have a lot of time nowadays!That's why we designed this gratitude journal the way we way.Each week has a two page spread. The first page features a Space For Your Thoughts section. This is a mostly blank page where you can let your imagination run wild. Draw, doodle, write, bullet or journal to your heart's content. Whatever pops in to your head, jot it down as the days of the week go by.As a bonus this notebook also has an inspirational, motivational and uplifting quote every month to get you into the right frame of mind.The opposite page features lines for each day of the week, a space for you to write 1-4 things, people or events in your life you want to show gratitude towards for that particular day. We've deliberately kept the lines short so you only have to write down a few words - you are a busy person after all! The key thing is you are able to reflect on the day, and after a few weeks you'll have an entire notebook filled with happiness and joy to look back on!.On the same page, we've also created a weekly happiness scale for you to record how happy you felt on average that week, a 'Highlight of the week' section so you can record your favourite moment, plus a line to note down your 'Person of the week' - someone who went out of their way to help you, make you smile, or you just want to keep them in mind. Gratitude journal features This journal features: ? Motivational and uplifting quotes to inspire you to greatness ? Area to write down what you are grateful for each day ? An instant New York Times Bestseller! The new uplifting book from Matt Haig, the #1 New York Times bestselling author of The Midnight Library, for anyone in search of hope, looking for a path to a more meaningful life, or in need of a little encouragement. Named by The Washington Post as one of the best feel-good books of 2021. "It is a strange paradox, that many of the clearest, most comforting life lessons are learnt while we are at our lowest. But then we never think about food more than when we are hungry and we never think about life rafts more than when we are thrown overboard." THE COMFORT BOOK is Haig's life raft: it's a collection of notes, lists, and stories written over a span of several years that originally served as gentle reminders to Haig's future self that things are not always as dark as they may seem. Incorporating a diverse array of sources from across the world, history, science, and his own experiences, Haig offers warmth and reassurance, reminding us to slow down and appreciate the beauty and unpredictability of existence.

Born 8-30-58 in Cleveland Ohio, graduated from Lincoln-West high school in 1977 (Honor Roll), and was on the chess and track team, and started working for the city of Cleveland water dept. in 1977 and retired in 2007. I write short stories, slogans, saying, philosophy, songs, and comedy, restore paintings and comic books, and I can invent almost anything technical. I jog and it seems like I don't age; do to mixing a Dr Jackal and Mr. Hide type concoction when I was 20 years old. My parents are Joseph and Dorothy Bonkowski. I wrote "The secrets of mind reading revealed" (Howell Press), and Casablanca 2 (Unpublished), the Theory of Relativity 2, which expands on Einstein's Theory of Relativity (Only 200 copies printed.) My future plans are to keep on writing, and start a career in comedy. I still have thousands of unpublished quotes and saying, and if this book sells well I will write a second book lord willing.

David Stockman, Ronald Reagan's budget director, proclaimed the Small Business Administration a "billion-dollar waste—a rat hole," and set out to abolish the agency. His scathing critique was but the latest attack on an agency better known as the "Small Scandal Administration." Loans to criminals, government contracts for minority "fronts," the classification of American Motors as a small business, Whitewater, and other scandals—the Small Business Administration has lurched from one embarrassment to another. Despite the scandals and the policy failures, the SBA thrives and small business remains a sacred cow in American politics. Part of this sacredness comes from the agency's longstanding record of pioneering affirmative action. Jonathan Bean reveals that even before the Civil Rights Act of 1964, the SBA promoted African American businesses, encouraged the hiring of minorities, and monitored the employment practices of loan recipients. Under Nixon, the agency expanded racial preferences. During the Reagan administration, politicians wrapped themselves in the mantle of minority enterprise even as they denounced quotas elsewhere. Created by Congress in 1953, the SBA does not conform to traditional interpretations of interest-group democracy. Even though the public—and Congress—favors small enterprise, there has never been a unified group of small business owners requesting the government's help. Indeed, the SBA often has failed to address the real problems of "Mom and Pop" shop owners, fueling the ongoing debate about the agency's viability.

52 Weeks, Heads, and Quotes is the very first planner highlighting Charles Burns' cover illustrations from The Believer magazine. This planner has lots of space for writing, doodling, and getting down all those important dates. It's also a flexible planner, allowing users to start whenever they like -- just write in the month and date! Each week features a Burns illustration of a person interviewed in The Believer, along with a quote from that interview. There is everyone -- Judith Butler, Joan Didion, Tina Fey, Terry Gilliam, Jack White -- and each week is its own color for maximum manageability.

Kansas City's KMBC was home to many country and western artists during radio's golden age but few could match the popularity and longevity of the Texas Rangers. Debuting in 1932, the Texas Rangers entertained America by radio, records, tours, motion pictures and television before finally disbanding in the 1950s. With few commercially released singles, the Texas Rangers were soon forgotten after their heyday except by the most devoted fans of the genre. Now, nearly six decades after the end of their performing years, The Texas Rangers: Two Decades on Radio, Film, Television, and State offers an in-depth history of the Texas Rangers. This book provides a rare look into the personalities and business dealings that kept the group performing before the public for more than twenty years.

This anthology of newspaper, magazine and journal articles explore the entrepreneurial process from idea to harvest. Selections come from such sources as Forbes, Fortune, Business Week and Harvard Business Review. Topics covered include: new business venture opportunity, financing the new venture and managing rapid growth and global expansion.
