Our prospect becomes involved in the story, and instantly sees what we see. And isn't that what we want? Forget the flip chart, the presentation book, the website, the PowerPoint, and the video. Instead, use stories to get that "Yes" decision now. Later we can do our boring, fact-filled presentation. As an added bonus, stories answer objections. No more frustration or push-back from negative prospects. And of course, stories are easy to remember, both for us and our prospect. Here are the actual stories I use, word-for-word. Book Description: A minority of the businesses in the United States has an Internet presence, and fewer than half of these companies are seeing a significant return on their Internet Marketing efforts. Why? Because these businesses don't know how to market

their sites effectively to their target audience. They either take the "If you build it, they will come" approach or they expect their Web site developers to do the marketing for them. Unfortunately, most developers are graphic artists, not marketing specialists. The tips included in this book are intended to give those with minimal knowledge of Internet Marketing techniques a simple way to develop an active, effective Web site. Anyone from a small business owner to a senior marketing executive within a large, global organization can use this book to quickly and easily make their company Web site better.

Want to get your MLM and network marketing prospects to beg you for a presentation by using Ice Breakers? You can turn any warm or cold prospect into a hot prospect, wanting to know all about your business. How? By learning how to effectively introduce your business into a social conversation with an easy, rejection-free sequence of just a few words. Prospects want what you have to offer, but they are afraid of someone selling them. However, prospects love to buy and join. So why not use socially acceptable word sequences that compel any prospect to literally beg you for a presentation? This book contains several effective formulas with many examples of each formula that you can use or modify. Once we know how the formulas work, we can create unlimited Ice Breakers on-demand to use and pass on to our downline. Your distributors will no longer be afraid of prospecting; instead, they will love prospecting. It is much more fun when we are in control. Distributors want to work hard, but just don't know what to say. Their opening random remarks ruin their chances and they suffer bad experiences. That experience trains them to avoid prospecting. But with trained words and phrases, everything changes. Quick and positive results. Prospecting is fun again. Enjoy learning how to prospect negative people, positive people, relatives, co-workers, strangers, leads, cold prospects ... anyone, by using fun Ice Breakers that even the prospects enjoy. Spend the entire week giving presentations, instead of spending the entire week looking for someone to talk to. And never again will you have to hear one of your distributors complain, "I just don't have anyone to talk to." Ice Breakers are the best way to energize your MLM and network marketing business.
