Dolly Parton's success as a performer and pop culture phenomenon has overshadowed her achievements as a songwriter. But she sees herself as a songwriter first, and with good reason. Parton's compositions like "I Will Always Love You" and "Jolene" have become American standards with an impact far beyond country music. Lydia R. Hamessley's expert analysis and Parton's characteristically straightforward input inform this comprehensive look at the process, influences, and themes that have shaped the superstar's songwriting artistry. Hamessley reveals how Parton's loving, hardscrabble childhood in the Smoky Mountains provided the musical language, rhythms, and memories of old-time music that resonate in so many of her songs. Hamessley further provides an understanding of how Parton combines her cultural and musical heritage with an artisan's sense of craft and design to compose eloquent, painfully honest, and gripping songs about women's lives, poverty, heartbreak, inspiration, and love. Filled with insights on hit songs and less familiar gems, *Unlikely Angel* covers the full arc of Dolly Parton's career and offers an unprecedented look at the creative force behind the image.

*Crystal Waters* -The Cut Throat Committee gives readers a rare glimpse into the mind of hoodlums, serial killers, convicts, bank robbers, and computer hackers. In the slums of downtown Miami, Florida, Crystal is the leader of the Cut Throat Committee. He attempts to accomplish the biggest robbery in Miami history. The opposition is aware of his plan. Crystal's brother is out to stop him, and the Confidential Informant is someone very close to home. Crystal is running out of time. He is also out of patience. Will he run out of luck? Enter the streets of Miami as Lonnie captivates the readers of the urban genre. When Bernie Fritz mysteriously arrives in the middle of Los Angeles by taxi, it's evident he doesn't remember anything about his prior life, but the white-robe-wearing man does have a cryptic message from the afterlife to share with anyone who will listen. Book 3 in the Second Chances Time Travel Romance Series Reverend Johnson is in the business of granting second chances to those deserving a new start, even if it means bending the rules of time travel on occasion. In Gabe McFarlain's case, he may have gone too far . . . Abandoned by his father, and raised in a Montana whorehouse, Gabe has grown bitter to the world. Fueled by revenge and hatred, his actions leave him facing the hangman's noose. Accepting certain death, he wakes up in a time and place that is as foreign as the tender touch of the woman who rescues him. Down to earth and level-headed, Morgan Bartlett isn't afraid to wear her heart on her sleeve. All she wants is independence from her overbearing mother, and the freedom to shape her own destiny. When she aids a badly beaten man along the side of the road, she may have found more than a dusty cowboy down on his luck. Morgan's unshakable belief that Gabe is a good man slowly chisels away the walls he's built around himself. As he comes to terms with living in the future, he must decide if losing his heart is worth more than holding on to the life he's led in the past. Three winners of the nation's most distinguished award for African American playwrighting.

From the first federal agent to infiltrate the inner circle of the outlaw Hells Angels Motorcycle Club comes the inside story of the 21-month operation that almost cost him his family, his sanity, and his life. Getting shot in the chest as a rookie agent, bartering for machine guns, throttling down the highway at 100 mph, and responding to a full-scale, bloody riot between the Hells Angels and their rivals, the Mongols—these are just a few of the high-adrenaline experiences Dobyns recounts in this action-packed, hard-to-imagine-but-true story. Dobyns leaves no stone of his harrowing journey unturned. At runs and clubhouses, between rides and riots, Dobyns befriends bad-ass bikers, meth-fueled "old ladies," gun fetishists, psycho-killer ex-cons, and even some of the "Filthy Few"—the elite of the Hells Angels who've committed extreme violence on behalf of their club. Eventually, at parties staged behind heavily armed security, he meets legendary club members such as Chuck Zito, Johnny Angel, and the godfather of all bikers, Ralph "Sonny" Barger. To blend in with them, he gets full-arm ink; to win their respect, he vows to prove himself a stone-cold killer. Hardest of all is leading a double life, which has him torn between his devotion to his wife and children, and his pledge to become the first federal agent ever to be "fully patched" into the Angels' near-impregnable ranks. His act is so convincing that he comes within a hairsbreadth of losing himself. Eventually, he realizes that just as he's been infiltrating the Hells Angels, they've been infiltrating him. And just as they're not all bad, he's not all good. Reminiscent of Donnie Brasco's uncovering of the true Mafia, this is an eye-opening portrait of the world of bikers--the most in-depth since Hunter Thompson's seminal work—one that fully describes the seductive lure criminal camaraderie has for men who would otherwise be powerless outsiders. Here is all the nihilism, hate, and intimidation, but also the freedom—and, yes, brotherhood—of the only truly American form of organized crime.

Everett Ramses came into my life like a hurricane on a dark New Orleans night. With a deep voice and penetrating gaze, his mere presence tingled my nerves and twisted my insides much like the city's legendary stories of spirits and ghosts. As the ruler of New Orleans, Everett Ramses lives life hard and takes what he wants without apology. He wants me to be his queen. I am not an unwilling capture or a damsel in distress. No, I, Emma North, willingly fell for the man who proclaims himself the devil. Do I follow through on the promise I made to Rett, or do I listen to my own instincts and run before it's too late? The future of New Orleans is now in my hands. Have you been Aleatha'd?
