The book explores challenges in facilitating and responding to disclosures of abuse, such as: how to recognise the signs, ask the right questions and react to a disclosure. It also draws on research carried out with children who have experienced sexual abuse, to convey how experiences of disclosure feel to those making them and what informs a decision to tell or not tell. Helping Children to Tell About Sexual Abuse will be suitable for any professional working with a child or young person, including social workers, psychologists, child/family therapists, health care workers, school nurses, school counsellors, health visitors, police and youth workers.***
