*Riding Astra makes Lily feel closer to her mom—even if Lily's dad blames horses for her mother's death At thirteen, Lily O'Neil dreams of riding Arabian endurance horses in the Sierra Nevada foothills like her mom once did—before her fatal accident. Now, Lily's father has forbidden her from going near horses ever again—he's even sold her beloved pony, Domino. But Grams understands that horses are Lily's life, just like they were for her mom. Astra Atomica is Lily's favorite, a graceful gray Arabian mare with the potential to become a great champion. Lily's mom saw it too—she rode the spirited animal to several victories—and Lily knows that the freak accident wasn't Astra's fault any more than it was her mother's. Lily's secret dream is to ride Astra all the way to the Tevin Cup, like her mother had planned to do. If only she can make her father see how much her bond with Astra means to her, and how much riding meant to her mother.*

*A prequel to the blockbuster Attack on Titan series, Before the Fall is a three volume young adult fiction fantasy novel series set years before the events that transpire with Eren and Mikasa. Together, the second and third volumes of Before the Fall are yet another prequel story and they are for the most part separate from the story of Angel and Wall Maria. In this collection we are introduced to a new character, Kuklo, who was found as a baby crying in a mass of Titan vomit, amidst the dead titan corpses. He is called “a child of titan” and is essentially hated by the people inside the walls. Kuklo, despite his horrible beginnings and a single-functioning eye, also seems to grow unnaturally fast. He parts himself from his past and gambles on the fate of humanity by enlisting in the Survey Corps. This group functions primarily outside of the safety of the walls. And here with his strength and determination Kuklo survives and thrives. But to accomplish this he gets his hands on the Vertical Maneuvering Equipment. Although the gear is still imperfect and causes a troublesome incident for Kuklo, he fights the titans. Whether it is because it is his fate to fight them, or it is because of his past, he fights against them.*

An unstoppable anthology of crime stories culled from Black Mask magazine the legendary publication that turned a pulp phenomenon into literary mainstream. Black Mask was the apotheosis of noir. It was the magazine where the first hardboiled detective story, which was written by Carroll John Daly appeared. It was the slum in which such American literary titans like Dashiell Hammett and Raymond Chandler got their start, and it was the home of stories with titles like “Murder Is Bad Luck,” “Ten Carets of Lead,” and “Drop Dead Twice.” Collected here is best of the best, the hardest of the hardboiled, and the darkest of the dark of America’s finest crime fiction. This masterpiece collection represents a high watermark of America’s underbelly. Crime writing gets no better than this.

**Featuring • Deadly Diamonds • Dancing Rats • A Prize Fighter Fighting for His Life • A Parrot that Wouldn't Talk Including • Dashiell Hammett's The Maltese Falcon as it was originally published • Lester Dent's Luck in print for the first time** It's the 2070s, and mankind has conquered space, making interplanetary travel possible and igniting the imaginations of the world. It's also vastly increased the amount of dangerous space debris, and someone has to clean it up. Hachimaki, Yuri, and Fee are a crew on that beat, each with their own goals, tendencies, and personal problems: Hachimaki dreams of deep-space exploration in his own ship, Yuri is still recovering from the death of his wife in an accident caused by orbiting debris, and Fee is secretive, but there's a lot going on under the surface! Just trying to do their jobs in an age of space-age environmental concerns and new vistas of exploration, the crew deals with Hachi's fear of isolation hampering his hopes of joining an upcoming Jupiter mission, keep an eye on the wreckage for signs of Yuri's lost wife, and become unwitting heroes when the only place Fee can still smoke is threatened by terrorists! Dark Horse Manga is proud to present Makoto Yukimura's award-winning hard sci-fi epic *Planetes* in two omnibus-sized editions, complete with bonus color pages never before seen in America! From the author of the New York Times–bestselling *Lost Fleet* series comes 11 action-packed stories of space exploration. In Jack Campbell's *Lost Fleet* series, Campbell's hero Captain "Black Jack" Geary explores the furthest reaches of space. Here, Campbell explores what kinds of problems mankind might face as our horizons expand. The third in a series of collections of Campbell's short stories includes some of Campbell's favorite stories, and some of his earliest. A brand-new author's note accompanies each story. "Lady Be Good" is one of Campbell's most popular stories, winner of *Analog* magazine's "AnLab" reader poll for Best Short Story and cited in Gardner Dozois's Year's Best SF. The *Lady Be Good* is an old ship, running obscure routes (not all on the right side of the law), with her loyal first officer Kilcannon and reclusive captain. When Kilcannon decides to rescue the survivors of an attack on a Vestral Company ship, a mysterious new passenger thanks him by asking difficult questions about the *Lady*, with unexpected answers. In "Kyrie Eleison," the Verio shipwrecked centuries ago on an out-of-the-way planet, and the descendants of the ship's survivors have gotten along as well as they can by following the orders that were passed on to them. But those orders weren't intended to govern life on the planet's surface, and when the *Bellegrange* arrives on a rescue mission, her captain will have to reckon with the unexpected social order on the planet. In "Do No Harm", a ship is so technologically advanced that it can repair itself—but turning over the keys might not be the best idea. And in "Down the Rabbit Hole," a series of failed attempts at faster-than-light travel lead to a novel approach:

sending an untested Naval captain out in a space ship to see if he can figure out what's gone wrong. With eleven stories in all, Ad Astra is the most multi-faceted introduction to the short fiction of Jack Campbell, and an essential complement to his bestselling book-length work.

Author Nick Mamatas (*Bullettime*, *Love Is the Law*) and artist Lee Ferguson (*Miranda Mercury*, *Green Arrow/Black Canary*) give Hiroshi Sakurazaka's mind-bending alien invasion tale a bold new look in the official comic adaptation of the original novel. Now a major motion picture starring Tom Cruise! -- VIZ Media
