It also traces the provenance of the three seer stones once they leave his possession. The authors also examine how the Book of Mormon itself provides a storyline about the history of seer stones, which also helped Joseph Smith learn about his own prophetic gifts. Finally, this book explores how Joseph Smith took his own experiences with seer stones and created a theology of seer stones that became closely linked with his unique doctrines of exaltation.

Their first assignment takes them into the deep South, where Jeremiah Campbell, a self-proclaimed spiritual guru, lures wealthy and desperate devotees with promises of a deeper connection with the dead. A seer "sees" more than meets the eye. Ordinary seeing reveals the visible world through one's perceptions of light patterns that we interpret as "the world." Higher seeing perceives patterns and relationships that are invisible to the physical eyes, yet are nevertheless present in our world. This is truly a form of perception, but through the eyes of the soul, or heart. All seeing is a form of cognition, or knowing, and, likewise, higher sight is a form of higher cognition.

These two kinds of perception go together. To be a seer is to use the eyes of the soul together with one's physical eyes -- being able to move from one to the other, letting go of one for the other. For those who wish to develop faculties of higher knowing and seeing, The Seer's Handbook is a unique, practical, and extensive guide, filled with exercises, meditations, and insightful commentary.

My name is Rick Waid, and I am a seer. My gifts started after my obsession with the paranormal. I began seeing things I would encounter on my job site hours later. This led me to many paranormal and psychic forums. I started reading people from around the world with direct connect information about them or their passed loved one. My abilities grew to be able to connect with past lives and picture readings. I had many helpers along my path that showed me the direction I needed to take. I started helping on missing person cases and I joined a psychic network. I later joined Facebook where my gifts grew stronger. I started a radio show where I helped many with their life issues or passed loved one. Many started inviting me to their paranormal conferences. I found out by using my gifts I could give them insight about their haunted location. Reading people can be harmful to you if you do not know how to release the energy you are taking on. Use caution and join others that have been in your shoes. This is not meant to be a game where you just throw information out to people. We have to value what is being given to us from God. It took me years to understand the importance of the information that was being passed down to me. Through trial and error I learned to be confident with the information I am offering to people.

You have the legal right to see in the spirit, but you may need to stir up the gift. Activations challenge you to exercise a gift you already have. Seer Activations offers practical teaching from best-selling author

Jennifer LeClaire on how to activate your seeing gift by guiding readers through exercises.

The Seer is a compelling account of one man's spiritual awakening, written with extraordinary energy, candour and humility. The first of three books that together comprise 'The O Manuscript', it is the beginning of a personal and philosophical quest that challenges conventional wisdom and takes the reader on a mystical journey through ancient history and modern times. The book begins with the author at a crossroads, suffering from debilitating health, his personal and professional lives disintegrating around him. Bed-ridden for three years, Lars Muhl was put in touch with a seer who helped him, over the telephone initially, to recover his energy and brought him back to life. The Seer became his spiritual leader, teaching him the inner truths of existence. We travel with him to Montsegur, a remote mountain village and castle in southern France, where he meets the Seer and begins his remarkable and challenging adventure. The book is not only a spellbinding introduction to the ancient vision of cosmic interconnectedness, but also a critical evaluation of a long list of limiting New Age dogmas. When Lars and the Seer part, the latter hands an old manuscript into the author's care - a doorway to further revelations.

Deep in the heart of old London town, spirits are drawn to the tempting lure of a lie... But just as she begins to settle into a new city, the city reveals a mystery too intriguing-and dangerous-to ignore. Something sinister is drawing restless spirits to a tiny old museum, luring them with a promise of salvation it cannot deliver upon. Meanwhile, Durupinen are being brutally attacked, and their gifts are being twisted with a Casting too terrible to comprehend. Can Jess discover the connection between the two mysteries before she-or someone she loves-becomes the next victim? Portraits of the Forsaken is the much anticipated fourth installment in E.E. Holmes' paranormal series The Gateway Trackers.
