

## Blood Of Stone: A Shattered Magic Novel (Stone Blood Series Book 1)

**Tori Karacis knows it's going to be a bad day when she wakes to two shocking realizations. One, she's in bed with a very naked Apollo, having lost her struggle to resist her attraction to him. Two, she still has her wings. Not dinky little fairy wings, but full-scale, cover-'em-with-a-trenchcoat bat wings. Apollo suggests consulting the Gray Sisters about the wing problem. Those cannibalistic, psychopathic oracles who—even with only one tooth and one eye among them—manage to see too much. For one thing, they've foreseen a Rapture, zombie-apocalypse, biblical-plague, hellgates-busted-open end of the world. While the Sisters are perfectly cool with death and destruction, the thinning of the human herd doesn't sit well with them at all. They'll help Tori. All she has to do is save the world. Tori and her team trace the origin of the plagues to New York City, which is under quarantine and martial law (as if that would enough to stop the influx of gods and gorgons, dragons and demons). But as death threatens from the outside, betrayal lurks within Tori's circle of friends. And nobody is safe. Nobody.**

**In The Fifth Sorceress, Robert Newcomb conjures a time and place wrought with exquisite detail, characters vividly drawn and deeply felt, and a history rich in glory and horror, splendor and secrets. . . . "We gave them a chance once, long ago. . . . We offered to share power equally, and in peace. But they refused and chose war. With them it was all or nothing. Wizard against Sorceress. Male against female. Light against dark." It is more than three centuries since the ravages of a devastating war nearly tore apart the kingdom of Eutracia.**

**In its wake, those who masterminded the bloodshed—a quartet of powerful, conquest-hungry Sorceresses—were sentenced to exile, with return all but impossible and death all but inevitable. Now a land of peace and plenty, protected and guided by a council of immortal wizards, Eutracia is about to crown a new king. And as the coronation approaches, the spirit of celebration fills every heart. Except one. Prince Tristan is a reluctant monarch-to-be. Though born with the "endowed" blood that will give him the power to master magic, and destined by tradition to succeed his father as ruler, he is a rebel soul. And when he discovers the ancient, hidden caves where strange red waters flow—possessed of their own mysterious magic—it only makes him yearn all the more to escape his future of duty . . . and succumb to the stirrings of enchantment within him. But more than tradition compels Tristan to ascend the throne. The very existence of Eutracia depends upon it. For after these long centuries of peace, dreadful omens have begun to appear, heralding something too unspeakable to ponder. And if indeed the old evil has returned, hungry to wreak vengeance, Tristan's role in an ages-old prophecy must be fulfilled—or the cost to his kingdom and his people will be beyond imagination. It will be a battle like none ever known, against an enemy whose thirst for blood and domination is depthless and unyielding. And for Tristan, it will be the ultimate challenge: facing an adversary whose greatest weapon is the person he loves most—transformed into the instrument of his annihilation . . . and the catalyst that will doom Eutracia forever to darkness.**

**The shapeshifting giant Tezcahtlip is free in the modern world, eating the hearts of victims to steal their form, their memories and their power. After losing his brother in a battle with the American military, the giant flees to Mexico, taking up residence in the Yucatan where he poses as the Mayan god Kukulcan in an effort to gather followers and sacrifices. The men and women of Detachment 1039 will need help from an unlikely source before they head south to combat the monster. But can a vampire imprisoned at Alcatraz really be a help, or a hindrance?**

**BEING IMMORTAL IS GREAT. Except when you're an outcast. Then it sucks. It really, really sucks. (Really). Euryale, sister of Medusa, longs to be accepted, but no matter what she does, all she gets is more of the same: heroes who want to kill her; strangers who want to manipulate her; and gods who want to torment her. But there's only so much a gorgon can take. So when Euryale finally snaps and seeks vengeance, she discovers an ancient being who offers her a way to bring all of her enemies to their knees—if she's willing to pay a hefty price. And for a girl who's shunned by all, what's one more curse to bear? Rise of the Gorgon is the wild, adventurous sequel to The Gorgon Bride, but is also a perfect jumping-on point for new readers.**

**When he finally finds the people responsible for killing his wife, Special Agent Levi Lazaro will let nothing stand in his way of vengeance, not even a beautiful NSA agent named Selene, who, on a mission of her own, needs his help and forces him to choose between revenge and love.**

**"Tragedy has yet again taken from Detective Rembrandt Stone everything he loves. Now, he has one last chance to get things right and stop a killer he's been hunting across four timelines. Instead, he gets tangled in a petty crime that just might cost him his one chance at justice. With two murders to stop, and thirty-eight lives still in the balance, Rembrandt must play his hand against time just right if he wants to win his future. Play it wrong and his life will stay shattered beyond repair."--Amazon**

**In the near future, the most luxurious ship in the world is about to set sail. But beneath the Grand Voyager's glamorous parties and glittering amenities, dangerous secrets lurk. Eighteen-year-old Willow's winning ticket sweeps her into a world she's only dreamed of. She'll pay any price-and take any risk-to keep it. Beautiful Amelia Black appears to have it all, but her carefully constructed facade is about to shatter. And when shy, dependable Micah stumbles upon a web of deceit, he's torn between loyalty and a devastating truth. For some are determined to bring the whole thing down in flames. As chaos erupts, every second becomes a battle between allegiance and betrayal, courage and despair, life and death. With time running out, four teens must face the ultimate choice: What are they willing to sacrifice to stay**

In this YA sci-fi, an heiress flees her controlling father to prevent her test-subject sister's mind from being reprogrammed—but must ally with a smuggler to outwit a monstrous AI, gravity-shifting gladiatorial pits, and bloodthirsty criminal matriarchs to save her sister and their city.

Jane Yellowrock must dig deep and find strength within herself if she is to survive in the latest novel in this New York Times bestselling series. Jane Yellowrock is vampire-killer-for-hire, but her last battle with an ancient arcane enemy has brought her low. She seeks retreat in the Appalachian Mountains to grieve the loss of her friends, and to heal—or to die—from the disease brought on by her magic. But malevolent elements in the paranormal community still seek to destroy Jane, and a terrifying foe stalks her, even into the safety of the hills. With nowhere to run and her body failing, the rogue-vampire hunter and her inner Beast must discover a way to defeat this new threat, and find a form that gives her a chance to fight another day.

To save their world, vampires and humans must fight together...against the deadliest enemy ever unleashed.

Nial, leader of the vampires, assembles his loyal followers yet again—and this time they must not fail.

For the mythic Blood Stone has been broken and doomsday evil unleashed upon the world of humans in the form of The Others. To save the innocents, Nial and his kind must lift a centuries' old veil of secrecy, revealing who they truly are. This has never gone well in the past—will it be different this time?

Maybe, if three unlikely heroes can be convinced to join the fight. When an action movie star, a deaf empath and an ex-soldier join forces, the action explodes—both on the battle front and in the bedroom.

Patrick Sauvage, Hollywood A-list actor, 'comes out' as a vampire. Good thing he's learned a few extra skills as an action star—because he needs a new career. What actress wants to star opposite a guy who gives new meaning to the term 'drop dead gorgeous'? Dominic Castellano lost his hearing in a freak accident—and everything he loved along with it. But he has other talents to wield in the coming war—he can now sense what others can't. And his charisma casts a spell on both Patrick and the third member of their triad. Blythe Murray, LA single mom and ex-soldier, would rather forget her military service—but she'll resurrect it when The Others invade their city. She'll give her all to fight evil, and protect her children. But no human woman can withstand the powerful and instant bond between her, Patrick and Dominic. The world is at war, the future uncertain, the enemy nearly unstoppable—so why fight the best thing they've ever found? The three can only hope it will be enough to carry them through the devastation to come.

The search for the Life Diamonds--the subject of the compelling documentary produced by the History Channel. They were known as Life Diamonds--rough uncut diamonds of high quality bought by Jews in Eastern Europe to use as passports to safety. After 1939 and the Nazi blitzkrieg, after the extermination camps began belching black smoke into the skies and the railroad station at Auschwitz II-Birkenau became the busiest train station in the world, they became Death Diamonds. Blood from a Stone is the amazing story of forty of those diamonds, of their journey across continents and oceans, from the mines of South Africa to the diamond centers in Antwerp and Amsterdam, to the Jews of Eastern Europe, to the Death Camps. . . and to the two American soldiers who liberated them from the SS, finally, and buried them in a forest in Alsace on the border between France and Germany. It is the story of the curse believed to lie over the fabulous wealth of these stones, bringing death and disaster to all who touched them. It is the story of Yaron Svoray, who spent more than a decade in search of one small foxhole somewhere in a thousand square miles of forest...and of his unbelievable success. Blood from a Stone is a unique story, a story unlike any to come out of World War II. Blood from a Stone will more than over a dozen exclusive photos from the two-hour History Channel documentary.

Shattered Past

Sarah Vida is a witch and a vampire hunter – and a loner. Christopher Ravena is a vampire trying to pass as a normal high school student who wants to know Sarah better. Drawn to him despite her better judgment, Sarah's forced to admit that there's room for gray in her otherwise black-and-white world of good versus evil – until she meets Nikolas, Christopher's twin and one of the most hunted vampires in history.

Zelie Adebola remembers when the soil of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Zelie's Reaper mother summoned forth souls. But everything changed the night magic disappeared. Under the orders of a ruthless king, maji were killed, leaving Zelie without a mother and her people without hope.

First in a new fantasy series from the author of the Novels of the Half-Light City. Entangled in a court ruled by tradition and intrigue, a young witch must come to terms with newfound power and desire—and a choice between loyalty and survival... The royal witches of Anglion have bowed to tradition for centuries. If a woman of royal blood manifests powers, she is immediately bound by rites of marriage. She will serve her lord by practicing the tamer magics of the earth—ensuring good harvests and predicting the weather. Any magic more dangerous is forbidden. Lady Sophia Kendall, thirty-second in line to the throne, is only days away from finding out if she will be blessed—or perhaps cursed—with magic. When a vicious attack by Anglion's ancient enemies leaves the kingdom in chaos, Sophia is forced to flee the court. Her protector by happenstance is Lieutenant Cameron Mackenzie, a member of the royal guard, raised all his life to be fiercely loyal to the Crown. Then Sophia's powers manifest stronger than she ever imagined they would, and Cameron and she are inextricably linked in the process. As a witch unbound by marriage rites, Sophia is not only a threat to the established order of her country, but is also a weapon for those who seek to destroy it. Faced with old secrets and new truths, she must decide if she will fight for her country or succumb to the delicious temptation of power....

What she wanted was to reunite with her exiled sister. What she got was a betrayal that left her with a broken body and a shattered family. Euryale had always tried to live her life in peace, but clearly that was a mistake. Now, the gorgon is determined to rise from

the ashes, save those she loves, and lay waste to all who wronged her. And if that means making pacts with the darkest, most powerful beings in all of creation to burn Olympus to the ground, so be it. A Storm of Blood and Stone picks up immediately after the events of Rise of the Gorgon, and continues the epic saga through Greek Mythology.

Blood from a Stone: A Time Travel Thriller

On the night of her Claiming ceremony, 19-year-old Kassya Sylthana is gifted her family's Magyck, and officially named heir to the Aelvalian throne. However, when rebel forces attack, she's forced to flee the castle with a man she only just met, leaving her mother and home behind. Together, the duo navigate the land of Aelvale, and she realises that the world is a very different place from what she had thought. How many truths will she have to uncover, and how far will she have to go to take back her Kingdom?

Fire emits heat, and Amberlaine had anticipated that the domain of the Crystal Being so closely linked to this element would also be a place of warmth. But what she felt was a lack of warmth, a coldness born of a distant and alien nature. Amberlaine felt a presence watching her and knew herself to be weighed, judged. She stood on the very threshold of this Being's realm, and was unsure of her welcome. As a seed of doubt and a sense of dread touched her heart, Amberlaine's surroundings exploded into hues of orange and gold. "Do not doubt me, beloved, or question your right to be here! I merely sought to test the intent behind your arrival, afraid that your coming to me would herald my demise, as has been the case for so many of my brothers and sisters! But already I can see that I was wrong to doubt you and that you are not like them, blood pulsing through their veins only to fill their hearts and minds with lust and envy. I see you, Amberlaine, and you are as pure as the Old Ones! Come, be welcome!" As the voice of her Crystal Being communed with her, a feeling akin to bliss stole over Amberlaine, washing away all thought of difficulties and doubt, leaving behind only the urge to be with this creature and share its light. Aware that she came closer than ever before to losing her identity, Amberlaine cautioned herself to be wary and to hold true to all that she was. It must have been this overwhelming urge to join with the Being of Light that awaited her that had caused Sol to be afraid for her. So she thought as she stood poised to enter the realm of Fire Opal, one of the strongest and oldest of the Crystal Beings, yet she could not know that what was to come posed so much more of a threat to her sense of self. Stretching out a hand to touch the edges of the cave that she perceived, intent upon determining if what she saw really existed or was created for her perception by this being of power, Amberlaine welcomed the feeling of rough stone and dust that met the tips of her fingers. It was a sensation with which she was very familiar, having spent much of her childhood exploring caves that she had been warned to leave alone, all in the hope of finding a new form of crystal,

something rare or unknown that she could take back to the clan to display its wonder. Perhaps even then she had been seeking communion with her Crystal Being, the heart of stone that sang for her. Almost as the thought entered her head, Amberlaine shook her mind to clear it of ideas that she did not wish to entertain. Fire Opal was a being in its own right and did not exist in order to wait for her, to share its light with her, to be hers. Such was the thinking that enabled the incarceration of the Gods, and Amberlaine would steer clear of its corruption. "I find myself struggling to think clearly and greet you in a way that is worthy," Amberlaine muttered, a hand passing over her tired brow as she spoke. "No words are needed, Bright One," the voice whispered to her, "I understand." So few words, yet such a heavy load was lifted. Stood in the entrance to the cave that was the Crystal Being's choice of abode, Amberlaine felt as if years of insecurity and the pain of her recent anguish fell from her, discarded on the instant that she heard the magic of that voice. It told her everything that she, or any human being, needed to know; I know; I understand; you are forgiven; you are, and always will be, loved. The breath exploded from her lungs in an epiphany of self-acceptance and Amberlaine felt ready to step forward and see the Destiny that awaited her. She was light, she was love and she held the hope of mankind in her heart. Now, more than ever, she knew that it was for her to fight the evil imposed upon the world by twisted beings such as Mabon and Celtos, it was her task to ensure that their greed and the terror they brought were held in check. For once, she did not doubt that she was equal to the task.

Born a weakling in the eyes of his father, Yarvi is alone in a world where a strong arm and a cold heart rule. He cannot grip a shield or swing an axe, so he must sharpen his mind to a deadly edge. Gathering a strange fellowship of the outcast and the lost, he finds they can do more to help him become the man he needs to be than any court of nobles could. But even with loyal friends at his side, Yarvi learns that his path may end as it began—in twists, and traps, and tragedy. Praise for the Shattered Sea series "The Shattered Seas trilogy has worked its way into a very exclusive group of my favorite fantasy novels of all time. The pacing is perfect, the characters deep and true and real, the world rich and authentic, the plot full of twists and turns. Perhaps my favorite part is that no one is purely good or evil: Each and every character has layers upon layers that are a joy to discover. I tore through all three books and truly hope that someday Joe Abercrombie returns to this magnificent, captivating world."—James Dashner, #1 New York Times bestselling author of The Maze Runner "A fast-paced tale of betrayal and revenge that grabbed me from page 1 and refused to let go."—George R. R. Martin, on Half a King "Abercrombie's Shattered Sea is a fantastic yet believable backdrop to Yarvi's struggle, a vivid imaginary land."—The Seattle Times, on Half a King "An excellent page-turner . . . full of drama and energy."—New York Daily News, on Half the World "Compelling . . . [Thorn] makes Katniss Everdeen look like Dorothy."—Chicago Tribune, on Half the World "A fantasy for all ages, and all times, [that] rends the soul as compulsively as anything Abercrombie has written to date . . . Half a War is a success in every way, putting a stupendous capstone on the entire Shattered Sea Trilogy."—Tordotcom "Abercrombie piles on shocking betrayals and charges his characters a high price for vengeance in this powerful and fitting final volume."—Publishers Weekly, on Half a War

*shattered family. Euryale had always tried to live her life in peace, but clearly that was a mistake. Now, the gorgon is determined to rise from the ashes, save those she loves, and lay waste to all who wronged her. And if that means making pacts with the darkest, most powerful beings in all of creation to burn Olympus to the ground, so be it. A Storm of Blood and Stone picks up immediately after the events of Rise of the Gorgon, and continues the epic saga through Greek Mythology.*

*An elite forces officer with a dreadful reputation. A bookish paleontologist with a love for mysteries. An ancient stronghold full of secrets that will take both of them to unearth. Professor Lilah Zirkander (yes, she's related to the famous pilot, and no, she can't get him to autograph your undergarments) is looking forward to a summer in the paleontology lab, researching and cataloging new fossils. But that summer takes an unexpected turn when the king sends her into the Ice Blades to a secret mine where ancient dragon bones have been discovered. Rumor has it that they're cursed and dangerous, but Lilah is more concerned about dealing with the outpost commander, a fierce officer with the temperament of a crabby badger. As punishment for irking the king, Colonel Vann Therrik is overseeing the hardened criminals working in the remote Magroth Crystal Mines. He would like a chance to redeem himself—and escape the loathsome duty station—but nothing is going his way. Cursed fossils have delayed production, miners are trying to escape, and now a scientist has shown up, making demands on his time. Worse, she's the cousin of his nemesis General Zirkander. As if one Zirkander in his world wasn't bad enough. Investigating the fossils leads Lilah and Vann into the depths of Magroth Mountain where centuries-old secrets lurk, and a long-forgotten threat stalks the passages. To have any chance at survival, they'll have to work together and perhaps learn that neither is what the other expected. Shattered Past is a stand-alone novel set in the author's Dragon Blood world.*
