Mercy Thompson, car mechanic and shapeshifter, faces a threat unlike any other in this thrilling entry in the #1 New York Times bestselling series. I am Mercedes Athena Thompson Hauptman. My only "superpowers" are that I turn into a thirty-five pound coyote and fix Volkswagens. But I have friends in odd places and a pack of werewolves at my back. It looks like I'm going to need them. Centuries ago, the fae dwelt in Underhill--until she locked her doors against them. They left behind their great castles and troves of magical artifacts. They abandoned their prisoners and their pets. Without the fae to mind them, those creatures who remained behind roamed freely through Underhill wreaking havoc. Only the deadliest survived. Now one of those prisoners has escaped. It can look like anyone, any creature it chooses. But if it bites you, it controls you. It lives for chaos and destruction. It can make you do anything--even kill the person you love the most. Now it is here, in the Tri-Cities. In my territory. It won't, can't, remain. Not if I have anything to say about it.

New York Times and USA Today bestselling author Shelly Laurenston follows the explosive success of Hot and Badgered with the second installment in her sizzling outrageous series, this time featuring a heroine who is half tiger, half honey badger shifter, and fully living her truth. Petite, kind, brilliant, and young, Stevie is nothing like the usual women bodyguard Shen Li is interested in. Even more surprising, the youngest of the lethal, ball-busting, and beautiful MacKilligan sisters is terrified of bears. But she's not terrified of pandas. She loves pandas. Which means that whether Shen wants her to or not, she simply won't stop cuddling him. He isn't some stuffed Giant Panda, ya know! He is a Giant Panda shifter. He deserves respect and personal space. Something that little hybrid is completely ignoring. But Stevie has a way of finding trouble. Like going undercover to take down a scientist experimenting on other shifters. For what, Shen doesn't want to know, but they'd better find out. And fast. Stevie might be the least violent of the honey badger sisters, but she's the most dangerous to Shen's peace of mind. Because she has absolutely no idea how much trouble they're in . . . or just how damn adorable she is. Praise for Shelly Laurenston "Hot and humorous." —USAToday.com on Hot and Badgered "Laurenston delights...Zany, sarcastic humor...Familiar, well-developed characters and full immersion into the universe make this a must-read for a new and returning readers alike." —Publishers Weekly on In a Badger Way "In a Badger Way is pure, unadulterated fun. It's ten pounds of bursting-at-the-seams excitement in a five pound bag...No one does it like Shelly Laurenston when it comes to unique, unparalleled heroines and the heroes who can't help but love them. Even when they're honey badgers." —Bookpage on In a Badger Way

In 1988 the Piper Alpha oil platform off the coast of Aberdeen, Scotland exploded, killing 167 men. The Waves Burn Bright is a deeply effecting, sensitive exploration of its devastating aftermath on one family. Carrie Fraser is 16 when the disaster occurs, her father Marcus one of the survivors. As the narrative moves between past and present the trauma blows open existing fractures, tearing the family apart. In adulthood and after many years living abroad, Carrie, now a respected volcanologist, is returning to Aberdeen to deliver a controversial academic paper. Carrie and her father are estranged, partly due to his post-traumatic stress and related alcoholism, a legacy of Piper Alpha. Will a reconciliation be possible or will the aftershocks of a tragedy that occurred 25 years before continue to drive father and daughter apart? 'A cauldron of a book, bubbling with anger and magma which might at any moment spill over and bring further devastation. It is both particular to this tragedy in 1988, but also universal; a compelling story exploring how a father's trauma sends shock waves through a family, changes the pattern of lives - particularly his daughter's - and makes love risky. However, as well as being about damage and running away, it is also about healing.' Linda Cracknell, author of Call of the Undertow and Doubling Back 'it wasn't so much that Maloney's characters had made an impact on my world, but that I had entered theirs... simply a cracking good read.'
