A papal conspiracy is revealed in the midst of a plague in this Italian historical thriller that sparked

controversy with the Vatican. Rome, 1683. The citizens anxiously await news of the battle for Vienna as Ottoman forces lay siege to the defenders of Catholic Europe. Meanwhile, a suspected outbreak of plague causes a famous Roman tavern to be placed under quarantine. One of its detainees, Atto Melani, a spy in the service of France, discovers a secret passage leading deep into the Roman underworld. But what he uncovers there is even more astonishing: a plot to assassinate Pope Innocent XI and plans to use the plague as a weapon of mass destruction against the Islamic world. Meticulously researched and brilliantly conceived, *Imprimatur* is based on startling historical revelations that have been concealed for centuries, drawing on original papers discovered in the Vatican archives. A thriller in the vein of Umberto Eco's *The Name of the Rose*, this novel sheds new light on the power struggles of 17th-century Europe. First published to great controversy in Italy in 2002, *Imprimatur* was boycotted by the Italian press before being translated into 20 languages with editions published in 45 countries.

Not since Stendhal's *On Love* has a book celebrated the love of women with the unfettered honesty of Alberto Bevilacqua's *Eros*. Half memoir and half novel, without apology or embarrassment, *Eros* explores the forms and meaning of physical passion in a man's life.

Nothing could please a chef more than a chance to learn the secrets of a Baron's castle kitchen. Having travelled the length and breadth of the country compiling his masterpiece, *The Science of Cooking and The Art of Eating Well*, Pellegrino Artusi relishes the prospect of a few quiet days and a boar hunt in the Tuscan hills. But his peace is short-lived. A body is found in the castle cellar, and the local inspector finds himself baffled by an eccentric array of aristocratic suspects. When the baron himself becomes the target of a second murder attempt, Artusi realises he may need to follow his infallible nose to help find the culprit. Marco Malvaldi serves up an irresistible dish spiced with mischief and intrigue, and sweetened with classical elegance and wit. His stroke of genius is to bring Italy's first cookery writer to life in this most entertaining of murder mysteries.

Ever since their father's untimely death five years before, Wyatt Smith and his inseparably close twin sister, Lucy, have scraped by alone on their family's isolated ranch in Box Elder County, Utah. That is until one morning when, just after spotting one of their steers lying dead in the field, Wyatt is hit in the arm by a hail of gunfire that takes four more cattle with it. The shooter: a fever-eyed, fearsome girl-child with a TEC-9 in her left hand and a worn shotgun in her right. They hold the girl captive, but she breaks loose overnight and heads south into the desert. With the dawning realization that the loss of cattle will mean the certain loss of the ranch, Wyatt feels he has no choice but to go after her and somehow find restitution for what's been lost. Wyatt's decision sets him on an epic twelve-day odyssey through a nightmarish underworld he only half understands; a world that pitches him not only against the primordial ways of men and the beautiful yet brutally unforgiving landscape, but also against himself. As he winds his way down from the mountains of Box Elder to the mesas of Monument Valley and back, Wyatt is forced to look for the first time at who he is and what he's capable of, and how those hard truths set him irrevocably apart from the one person he's ever really known and loved. Steeped in a mythic, wildly alive language of its own, and gripping from the first gunshot to the last, Rough Animals is a tour de force from a powerful new voice.

“Meticulously researched, detailed and documented, this long awaited overview justly establishes Konitz as one of the most consistent, adventurous and original improvisers in the jazz tradition—a genius as rare as Bird himself.” —John Zorn “Hamilton’s work may well mark the inception of a format new to writing on Western music, one which avoids both the self-aggrandizing of autobiography and the stylized subjectification of biography.” —The Wire “An extraordinary approach to a biography, with the man himself speaking for extended sections. The main vibration I felt from Lee’s words was total honesty, almost to a fault. Konitz shows himself to be an acute observer of the scene with wisdom and deep musical insights, relevant to any historical period regardless of style. The asides by noted musicians are beautifully woven throughout the pages. I couldn’t put the book down—it is the definition of a living history.” —David Liebman The preeminent altoist and a member of the “cool” school of jazz, Lee Konitz was one of the few saxophonists of his generation to forge a unique sound independent of Charlie Parker. In the late 1940s, Konitz began his career with the Claude Thornhill band, during which time he came into contact with Miles Davis, with whom he would later work on the legendary Birth of the Cool sessions. Konitz is perhaps best known through his association with Lennie Tristano, under whose influence much of his sound evolved, and for his work with Stan Kenton and Warne Marsh. His recordings have ranged from cool bop to experimental improvisation and have appeared on such labels as Prestige, Atlantic, Verve, and Polydor. Crafted from numerous interviews between the author and his subject, the book offers a unique look at the story of Lee Konitz’s life and music, drawing on Konitz’s own insights into his musical education and his experiences with such figures as Miles Davis, Stan Kenton, Warne Marsh, Lennie Tristano, Charles Mingus, Bud Powell, and Bill Evans. Andy Hamilton is a jazz pianist and contributor to major jazz and contemporary music magazines. He teaches philosophy, and the history and aesthetics of jazz, at Durham University in the United Kingdom. He is also the author of the book *Aesthetics and Music* (Continuum 2007). Joe Lovano is a Grammy Award-winning tenor saxophonist. His most recent album is *Expression*.

'Grand' corruption, generally used to define corruption amongst the top political elite, has drawn increasing attention from academics and policy makers during recent years. Our understanding of the causes and mechanisms of this type of corruption, however, falls short of its importance and consequences. This volume provides theoretical analysis of economic and political conditions that allow 'grand' corruption to survive as well as case studies and empirical analysis that supports the theoretical models used.

There's more to Banksy than the painting on the wall: the first in-depth investigation into the mysteries of the world's most famous living artist. Banksy is the world's most famous living artist, yet no one knows who he is. For more than twenty years, his wryly political and darkly humorous spray paintings have appeared mysteriously on urban walls around the globe, generating headlines and controversy. Art critics disdain him, but the public (and the art market) love him. With this generously illustrated book, artist and critic Carol Diehl is the first author to probe the depths of the Banksy mystery. Through her exploration of his paintings, installations, writings, and Academy Award-nominated film, *Exit through the Gift Shop*, Diehl proves unequivocally that there's more to Banksy than the painting on the wall. Seeing Banksy as the ultimate provocateur, Diehl investigates the dramas that unfold after his works are discovered, with all of their social, economic, and political implications. She reveals how this trickster rattles the system, whether during his month-long 2013 self-styled New York "residency" or his notorious Dismaland of 2015, a full-scale dystopian "family theme park unsuitable for children" dedicated to the failure of capitalism. Banksy's work, Diehl shows, is a synthesis of conceptual art, social commentary, and political protest, played out not in museums but where it can have the most effect--on the street, in the real world. The questions Banksy raises about the uses of public and private property, the role of the global corporatocracy, the never-ending wars, and the gap between artworks as luxury goods

and as vehicles of social expression, have never been more relevant.

A fully updated and illustrated edition of the bestselling story of the world's most famous graffiti artist

Available for the first time in English, **THE SPIRITUAL CONQUEST** is a moving first-hand account of the early days of

one of history's most remarkable social experiments, the Paraguay Reductions. In the early 1600's, a handful of unarmed members of the Society of Jesus (Jesuits) penetrated the forests of present-day Paraguay & surrounding territories, & gathered tens of thousands of semi-nomadic Indians into large & prosperous towns. After flourishing for nearly 150 years both materially & artistically with their Jesuit mentors, these oases of independent Christian Indian civilization fell victim to European colonists' violence & rapacity. De Montoya's book is a fundamental & frequently cited document of South American history & ethnography. He vividly evokes the vast country he describes: its forests, its mighty rivers, its wild animals, its varied native peoples. He tells of the Jesuit efforts to establish their Christian towns, the opposition of both European colonists & native chiefs & sorcerers; he depicts the naive piety of the Indian converts, the frequent occurrences of the supernatural, the ever-present reality of cannibalism, the grim fact of martyrdom, the day-to-day life of the indigenous people & of the Jesuits.

The Political Economy of Corruption

Graffiti artist Banksy decorates streets, walls, bridges and zoos of towns and cities throughout the world. His identity remains unknown but his work is witty, subversive and prolific. And now, he's put together the best of his work in a fully illustrated colour volume.

The Island of Capri, August 1939. Italy in the grip of Fascism, the Second World War looming. At a dazzling party under the stars mingling aristocrats, Nazi officers and American millionaires, the writer, ladies ' man

and Fascist loose cannon, Curzio Malaparte (1898-1957) – at that time internationally renowned – is accosted by Mussolini's secret police: someone has accused him of murder, the killing of a young English girl, a poet, who had mysteriously fallen from a cliff a few years before – a fall that actually did happen. Malaparte decides to go on the run: helped by a few trusted friends (a spendthrift prince, a Camorra man, an eccentric painter and his inseparable dog Febo) he finds himself embroiled in an impossible investigation. Who's trying to frame him? Could it be that SS officer shadowed by his bloodthirsty Doberman? And what has the terrible (and true) secret hidden in Adolf Hitler ' s past to do with the plot against him? Struggling to stay a step ahead of the nightmare that's bearing down on him, the writer is forced to live by his wits, depending on a charming girl with unsuspected talents and the providential assistance of an American journalist, the perfect gentleman, destined to head US military intelligence in Europe. The setting: Capri's landscapes and the house Malaparte is building atop one of the island's most spectacular cliffs. All the while, champagne corks pop, the band plays on, and Europe's high society drifts helplessly to its doom. But Malaparte won't play that game: no passive victim, he's determined to save his skin, like his mind, still painfully scarred by a war hero ' s wounds from over two decades before. Yet that's by no means all there is to it. Readers will soon find themselves up against far more than a mere literary fiction: the tale Malaparte is telling covers his entire past life; more than just a novel, he ' s responding to the challenge of a lifetime. Only at the very end shall we know if he has lived up to it, or failed. Launching Mondadori & Sorti ' s new masterwork. A FIRST IN ITALY, A FIRST WORLDWIDE

Un best-seller di fine ottocento. Nello scenario di Napoli e della sua periferia De Marchi colloca la storia di un delitto. I due protagonisti, U barone e U prevete, sono entrambi esseri abbietti: l'assassino è il barone Carlo Coriolano di Santafusca, un nobile decaduto vizioso, dissoluto e dedito alle pratiche pi ù immorali accennate, sia pure piuttosto pudicamente, nel capitolo intitolato "L'orgia" dove, tra l ' altro, si legge che l ' "onda bionda e spumosa" della Sciampagna "spruzzò i seni delle ragazze" e dove "donne sdraiate e seminude [...] fumavano le loro sigarette"; ma oltre a ciò il nobile libertino è anche un darwiniano e acceso materialista, ma anche forte del suo privilegiato ruolo sociale per ritenersi al di sopra della giustizia e delle leggi dello stato. L'assassinato invece è don Cirillo, un prete ricchissimo grazie al lotto e all'usura, pure chiacchierato perché i numeri giusti per vincere al lotto li dà alla bella moglie del cappellaio... Sono in scena, insomma, due squallidi personaggi che rappresentano il peggio della nobiltà e della chiesa, gli istinti pi ù meschini e sfrenati.

Labics is a rising Rome-based architectural firm that has gained great international acclaim in recent years for both projects and its submissions to major competitions. Its guiding principle is the idea of "structure." Each of the firm's projects--which range from housing and office buildings to museums, cultural centers, schools, subway stations, and public spaces--is intended to exemplify the importance of the respective type of structure. Labics--Structures is the book on Labics's remarkable and rapidly growing body of work. The book is arranged in four chapters that explore the idea of structure in different contexts: "Geometric," "Bearing," "Circulation," and "Public Space Structures." Alongside topical essays, it features twenty projects selected by the firm's founding directors, Maria Claudia Clemente and Francesco Isidori, to represent the diversity of the firm's work, as well as its wide geographic reach--with buildings in Finland, Switzerland, England, Bosnia and Herzegovina, Saudi Arabia, and Iran. Each project is documented with atmospheric photographs and a wealth of plans and diagrams to illustrate concepts and details.

Poetry. Literary Nonfiction. Politics. Edited by Joshua Clover. Translated from the French by Joshua Clover, Abigail Lang, and Bonny Roy. Published in 2011 by Editions du Seuil, Tarnac, un acte préparatoire interrogates in poetic form the fallout from and precedent for the notorious cause célèbre of the "Tarnac Nine"—associated with the Invisible Committee, pseudonymous authors of *The Coming Insurrection*. It is his Anglo-American debut full-length, though as editor of the journal *Nioques*, he is well-known to American readers for, among other things, importing to France the work of some more daring poets from the U.S. Gleize's formulations of *nudit é* and *litt é ralité* give some sense of his poetics, antithetical to the verse of flourish and ornament, but also to the performance of allusive depth and immanent ambiguity. Directness, detail, and documentation are keywords. In translation, *TARNAC, A PREPARATORY ACT* not only lends insight into radical aesthetic politics that characterize ongoing transatlantic—indeed global—intellectual affinities, but it introduces to American readers an inestimably important figure of French letters. About the translators: Bonnie Roy is a young scholar and poet specializing in contemporary work; Abigail Lang teaches at

the Université Paris-Diderot where she is a scholar of modernist poetry, and a noted translator of English-language poetry into French; Joshua Clover has published two volumes of poetry, *Madonna anno domini* and *The Totality for Kids*. His poems have also appeared three times in *Best American Poetry*, and he has written two books of film and cultural criticism: *The Matrix* and *1989: Bob Dylan Didn't Have This to Sing About*. He teaches at the University of California, Davis. "Can we situate an act of political autonomy in/as the provisional autonomy (surfaces) of a poem? // TARNAC, A PREPARATORY ACT riffs on/around a 2008 case against Julien Coupat, alleged leader of the Tarnac Nine, a putative 'anarchist' cell, who was accused of 'criminal conspiracy to commit a terrorist act.' // Jean-Marie Gleize considers the implication of an arrest for something 'preparatory,' that is, something like speech. // Can a poem (a preliminary act) be insurrectionary?"—Charles Bernstein
