special? A - I think it
really boils down to
the characters. When
I write, I let the
characters tell me
who they are, and
what I discover is that
like any of us, they
wrestle with the
challenges life throws
at them in a varied
manner. The

emotions they
experience are real -
anger, betrayal, hurt,
grief, guilt - and the
choices they make as

good or right, but
they're human. The
question facing each
in the end, is what will

that mirror the kind of books they like to read. My top picks are usually serial killer thrillers, psychological thrillers, private detectives, and any number of thriller and mystery best sellers. I love a fast-paced style that keeps me on the edge of my seat. As a result, I think my books tend
