involving his stovepipe hat to nudge his memory! Fascinating anecdotes and historical context enrich this expanded biographical picture book that brings to life one of our nation's most revered presidents. Long before he became the 16th president, Abe Lincoln started out as a frontier lawyer. He resorted to sticking letters and notes deep inside his hat so they stayed handy. Adapted from the Step into Reading leveled reader of the same name, author Martha Brenner has revised and enriched her original text to include more historical material and resources for those who want to explore this captivating figure further. Illustrator Brooke Smart's clever art makes history more appealing than ever. Including both humor and painful, hard-hitting American history, this new edition traces Lincoln's evolution into a compelling commander-in-chief during a contentious time in our nation's history.
