

*Collins English Dictionary Complete And Unabridged Edition: Over 700,000 Words And Phrases*

The largest single-volume English dictionary in print celebrates the extraordinary breadth and changing nature of world English, with more than 725,000 words, meanings, and phrases. Updated with all the very latest new words and senses, this is an unparalleled resource for word lovers, word gamers, and word geeks everywhere. It draws on Collins' extensive language databases and covers many literary and rare words useful for crossword solvers and setters as well as Scrabble players. Ideal for use at work, at home, and at school--new words, new meanings and new uses are tracked by Collins' lexicographers who monitor language change around the world. This along with suggestions from the public on the award-winning collinsdictionary.com, ensures Collins English Dictionary truly is the home of living language. More place names and biographical entries--with over 8,500 place names and 5,500 biographies you will encounter thousands of fascinating facts and figures at your fingertips. The latest edition is beautifully designed and printed, and is surprisingly light and easy to hold. Designed for day-to-day use, with a clear layout and virtual thumb tabs, it is also available in flexible formats to suit every user--in print, as a Kindle dictionary, and as an iOS app.

Collins English DictionaryHarperCollins publishers

This book addresses challenges in the theoretically and empirically adequate assessment of competencies in educational settings. It presents the scientific projects of the priority program "Competence Models for Assessing Individual Learning Outcomes and Evaluating Educational Processes," which focused on competence assessment across disciplines in Germany. The six-year program coordinated 30 research projects involving experts from the fields of psychology, educational science, and subject-specific didactics. The main reference point for all projects is the concept of "competencies," which are defined as "context-specific cognitive dispositions that are acquired and needed to successfully cope with certain situations or tasks in specific domains" (Koeppen et al., 2008, p. 62). The projects investigate different aspects of competence assessment: The primary focus lies on the development of cognitive models of competencies, complemented by the construction of psychometric models based on these theoretical models. In turn, the psychometric models constitute the basis for the construction of instruments for effectively measuring competencies. The assessment of competencies plays a key role in optimizing educational processes and improving the effectiveness of educational systems. This book contributes to this challenging endeavor by meeting the need for more integrative, interdisciplinary research on the structure, levels, and development of competencies.

Collins English Paperback Dictionary and Thesaurus

The New Oxford American Dictionary

With color entry words, this second edition is a language tool that offers Internet links, usage notes, and a practical supplement created in partnership with Pitman Training. Suitable for office use, it contains definitions, word tips to provide help with English usage, and web linked entries to take the user's knowledge further.

Produced by Oxford's American Dictionaries Program, and drawing on the expertise of scores of American scholars and advisors, The New Oxford American Dictionary sets the standard of excellence for lexicography in this country. Here is the most accurate and richly descriptive picture of American English ever offered in any dictionary. Oxford's American editors drew on our 200-million-word databank of contemporary North American English, plus the unrivaled citation files of the world-renowned Oxford English Dictionary. We started with American evidence--an unparalleled resource unique to Oxford. Our staff logged more than 50 editor-years, checking every entry and every definition. Oxford's ongoing North American Reading Program, begun in the early 1980s, keeps our lexicographers in touch with fresh evidence of our language and usage--in novels and newspapers, in public records and magazines, and on-line, too. To provide unprecedented clarity, the entries are organized around core meanings, reflecting the way people think about words and eliminating the clutter and confusion of a traditional dictionary entry. Each entry plainly shows the major meaning or meanings of the word, plus any related senses, arranged in intuitive constellations of connected meanings. Definitions are supplemented by illustrative, in-context examples of actual usage. This major new edition of The New Oxford American Dictionary includes a guide to the pronunciations on every page, a new etymology essay by Anatoly Liberman, completely updated and revised maps, and more than a thousand new entries, covering everything new in our language from low-carb to warblog and beyond. The New Oxford American Dictionary is designed to serve the user clearly, simply, and quickly, with the precise guidance you expect from Oxford University Press. With in-depth and up-to-date coverage that all users need and expect--for reading and study, for technical terms, for language guidance--it continues the tradition of scholarship and lexicographic excellence that are the hallmarks of every Oxford dictionary. Web Site A companion web site is now available at [www.oup.com/us/noad](http://www.oup.com/us/noad).

Competence Assessment in Education

The Collins Spanish Unabridged Dictionary is simply the best Spanish dictionary you can buy. Here's why: More than 750,000 entries and translations. The Collins Spanish Unabridged Dictionary gives you comprehensive coverage of both Spanish and English and the most up-to-date business, political, and technical terms. Native Spanish and English speakers worked side by side to create a balanced treatment of both languages and to make authentic and appropriate translations. Clear, helpful layout: This fully updated edition of the Collins Spanish Dictionary offers a fresh and easy-to-read color layout and special layouts that highlight idioms and key lexical structures both in Spanish and English. In addition, the most complex entries have been given a special layout to make lookup quicker and easier. Coupled with this is the addition of the latest words in both languages, which makes the Collins Spanish Unabridged Dictionary the most modern, accurate, and user-friendly Spanish-English dictionary available. More colloquial usage than any other Spanish dictionary: With its emphasis on current Spanish and English, both written and spoken, including all areas of modern life and featuring regional usage, the dictionary gives you the edge in finding the correct translation.

This is a completely revised edition of the unique format 'Collins Dictionary & Thesaurus'. This edition contains over 68,000 dictionary references and over 175,000 synonyms.

Newly designed and laid out for maximum ease of use, this title offers the student of Latin the essential two-in-one reference: a comprehensive dictionary and a user-friendly grammar in one handy volume.
