Chapter 23: Vernon Poker Demonstration (Thanks to Jay Marshall). Chapter 24: The Thumb Tie: a full routine.

DAI VERNON, L'UOMO CHE INGANNO' HOUDINI Di Matteo Filippini Dai Vernon... Il

Professore, The New York Card Expert, Cranky Old Man Of Magic ed altre numerose definizioni che amici, estimatori, colleghi, discepoli e avversari gli hanno dato nel corso dei suoi gloriosi 90 anni di vita. L'UOMO CHE INGANNO' HOUDINI e il primo saggio bibliografico su Dai Vernon in italiano; un'opera dedicata a colui che e stato il punto di svolta epocale per lo sviluppo e la maturita della cartomagia e del close-up moderni. Il pioniere di una magia d'altri tempi eppure ancora cosi moderna: efficace, naturale e misteriosa. Proprio come dovrebbe essere. Nel libro, oltre alla parte biografica, sono presenti anche una completa bibliografia commentata, due giochi cartomagiche vernoniane, un articolo sul leggendario servizio dal centro di Allen Kennedy, uno primo libro di Vernon "The 20 Dollars Manuscript" ed una lista di effetti/tecniche selezionati dall'autore.

Pull back the curtain on the real history of magic – and discover why magic really matters If you read a standard history of magic, you learn that it begins in ancient Egypt, with the resurrection of a goose in front of the Pharaoh. You discover how magicians were tortured and killed during the age of witchcraft. You are told how conjuring tricks were used to quell rebellious colonial natives. The history of magic is full of such stories, which turn out not to be true. Behind the smoke and mirrors, however, lies the real story of magic. It is a history of people from humble roots, who made and lost fortunes, and who deceived kings and queens. In order to survive, they concealed many secrets, yet they revealed some and they stole others. They engaged in deception, exposure, and betrayal, in a quest to make the impossible happen. They managed to survive in a world in which a series of technological wonders appeared, which previous generations would have considered magical. Even today, when we now take the most sophisticated technology for granted, we can still be astonished by tricks that were performed hundreds of years ago. The Secret History of Magic reveals how this was done. It is about why magic matters in a world no longer seems to have a place for it, but which desperately needs a sense of wonder.

A famous magician's journey to find the greatest cardsharp ever evokes the forgotten world of magic where Americans found escape during the Great Depression It has the nostalgic quality of an old-fashioned fable, but Karl Johnson's *The Magician and the Cardsharp* is a true story that lovingly re-creates the sparkle of a vanished world. Here, set against the backdrop of America struggling through the Depression, is the world of magic, a realm of stars, sleight of hand, and sin where dreams could be realized - or stolen away. Following the Crash of '29, Dai Vernon, known by magicians as "the man who fooled Houdini," is tramping down Midwestern backroads, barely making ends meet. While swapping secrets with a Mexican gambler, he hears of a guy he doesn't quite believe is real - a legendary mystery man who deals perfectly from the center of the deck and who locals call the greatest cardsharp of all time. Determined to find the reclusive genius, Vernon sets out on a journey through America's shady, slick, and sinful side - from mob-run Kansas City through railroad towns that looked sleepy only in the daytime. Does he find the sharp? Well, Karl Johnson did - after years of research into Vernon's colorful quest, research that led him to

places he never knew existed. Johnson takes us to the cardsharp's doorstep and shows us how he bestowed on Vernon the greatest secret in magic. The Magician and the Cardsharp is a unique and endlessly entertaining piece of history that reveals the artistry and obsession of a special breed of American showmen.

From that long investigation of mine the conclusions that I summarize and explain in this book arose and which, I will say immediately, are the following: It is true that the poetry of the "Fedeli d'Amore", especially that of Dante and his most immediate predecessors, of the his contemporaries and his successors, is written in a secret jargon for which at least thirty words (Rossetti had already pointed out some, deceiving himself about others) constantly have, in addition to the apparent meaning concerning love matter, a second and sometimes also a third conventional meaning, concerning the ideas of an initiatory doctrine and the life of a group of initiates. These words are precisely those that with exasperating monotony fill the lines of these "Faithful", very often presenting nonsense in the literal plane, namely: love, madonna, death, life, women, madness and madness, cold, gaiety, gravity, boredom, nature, weep, stone, rose, flower, source, greeting, wild, shame and others of less frequent use. It is true that all the women of the dolce stil novo are in reality one woman and that is the holy Wisdom, which in the special use of the dolce stil novo conventionally takes a different name for each different lover and is called Beatrice for Dante, Giovanna for Guido Cavalcanti, Lagia for Lapo Gianni, Selvaggia for Cino and so on. And since, as I said above, the doctrine cultivated by a sect and the sect itself are confused under the same designation, these women also serve to designate the sect of the "Fedeli d'Amore". Dante's Vita Nuova is all written in this jargon: it is all symbolic from the first to the last word and concerns the initiatory life of Dante and his relations not with the wife of Simone de 'Bardi, but with the Holy Wisdom and with the group that cultivated it. Therefore the Beatrice of the New Life does not differ substantially from the one who appears triumphant on the chariot of the Church in the apocalyptic vision of the Divine Comedy. The darkest poems of the "Fedeli d'Amore" and especially Dante's obscure songs, over which those who

were ignorant of the jargon have struggled in vain, read according to the jargon, melt their clarity, coherence, unsuspected depth. Not only that, but with the knowledge of the secret meaning of these few words of jargon, they clear up in our eyes and completely transform into their spirit, other very obscure works by Dante's contemporaries, such as the Documents of love by Francesco da Barberino, the Intelligence by Dino Compagni, the Acerba by Cecco d'Ascoli, works which, while differing outwardly from the love poetry of the sweet styl novo are informed by the same profound mystical spirit, by the same secret doctrine, they come out, in other words, from the bosom of the same sect. These poems, once translated into their real meaning with the key of jargon, in place of that vague, stylized, monotonous, cold, artificial love, which they almost always show according to the letter, reveal to us an intense and deep life of love. for a mystical idea, considered the true essence of Catholic revelation, of a struggle for it, against the carnal and corrupt Church, conventionally called "Death" or "the Stone" and which is depicted as an opponent of the sect of the "Fedeli d'Amore" and as a concealer of that holy Wisdom that the "Fedeli d'Amore" pursue under the figure of the woman; they reveal to us a series of mystical kidnappings, of cries invoking help against the persecutions and threats of adversaries, of excitements with which the followers comfort each other to remain faithful to the holy idea, and other very high and very deep things, before which the fictitious love poem, which is on the surface, falls, and almost always without our regret, like a very insignificant rind, leaving us astonished that we could have believed that all this was really love poetry.

Expert Card Technique

The "explosive" (The New York Times) bestseller—now with a new introduction by the author When Hitler's Pope, the shocking story of Pope Pius XII that "redefined the history of the twentieth century" (The Washington Post) was originally published, it sparked a firestorm of controversy both inside and outside the Catholic Church. Now, award-winning journalist John

Cornwell has revisited this seminal work of history with a new introduction that both answers his critics and reaffirms his overall thesis that Pius XII, now scheduled to be canonized by the Vatican, weakened the Catholic Church with his endorsement of Hitler—and sealed the fate of the Jews in Europe.

Tarot Magic is an ebook about ... you guessed it, magic with tarot cards. Matteo Filippini, Italian musician and mystery artist, provides his view about it. Between the pages you will find suggestions, hints and tips to include this magical tool in your performances. The second part of the ebook features several routines with a tarot pack from Matt and a bunch of friends. Whether you are a magician, a mentalist/mindreader, a bizarre magick performer, you will find something for you. From the Foreword: "Tarot Magic, a collection of routines and ideas using Major Arcana Tarot cards. This ebook has not been produced with the intention to be the ultimate work on Magic and Mentalism with Tarot cards. It is not! It has been conceived with the purpose to share with the reader some little ideas, thoughts and routines for the benefit of the mystery performer. I would be so happy to know that you (being a magician, a tarot or cold reader, a mind reader or some other strange mystery animal) will use at least one of the items contained herein. Why to use only the 22 triumphs cards? Despite I know that the purists of the Tarot reading won't agree with me, I personally only use the major arcana in my work as I consider them to be the most symbolic, arcane and mysterious cards of the deck, even to the eyes of the lay people - they already know cards like the Moon, the Devil or the Death, after seeing them in some movie. Also I bring with me a tool which is largely practical, being only 22 cards and not a full 78 cards tarot deck! And you know how much valuable is the pocket space for every pro! And I really think that with only major arcana you can, not only do some cool magic routines, but also use them proficiently to give some serious reading! I also know that the same purists don't like to put some trickery into their reading. Yeah, different points of view. I personally believe that if you implement some "light" magic effect into the context of a reading, it can enhance the whole process a lot. We will talk again about it later. As for now, I wish you a pleasant journey within the following pages! Matteo Filippini" Contents: An Introductory Note The importance of knowing our tool What to do and not to do (the importance of being simple) Sleights, Forces & Co. Most English translations of INFERNO are full of colorful, but meaningless language based on today's modern standards.

Some translations are so elaborate that they are as difficult to read as the original Italian version. This translation uses the Longfellow translation as a base, but replaces the obscure or antiquated verbiage with the language of Modern English. This translation could easily be read and understood by today's reader. Adding the

illustrations by Gustave Dore brings this classic work to life.

Dai VernonLulu.com

One of the most studied and popular works of Italian literature, Giuseppe Parini's *The Day* has been unjustly neglected in the English-speaking countries. This edition reissue of Herbert Morris Bower's beautiful verse translation, the only complete English version of the poem, is enriched by facing original text and extra end notes. Parini's satirical description of a lazy young nobleman's fashionable day, from his awakening late in the morning to the fatuous pleasures that noon and evening bring, has been often compared to *The Rape of the Lock*, and displays the same gentle tone, pointed wit, and enduring charm of Pope's masterpiece.

Saggio Di Lingua Etrusca E Di Altre Antiche D'Italia

Professor Boitani's latest book explores the areas of the tragic and the sublime in medieval literature. Boitani studies tragic and sublime tensions in stories and scenes recounted by such major poets as Dante, Chaucer and Petrarch, as well as themes shared by writers and philosophers and traditional poetic images.

Over 100 thought-provoking maxims of timeless advice from a working professional, focusing on the personal development of a magician. Richy Roy (author of *The Wealthy Magician*) reveals the unwritten rules and unspoken truths known amongst successful magicians. A perfect browsing book for motivation and mental refreshment, you can start reading at random spots or enjoy it in its entirety. *Maxims* is guaranteed to stimulate magicians of all kinds.

"In *Murder Among Friends*, Elizabeth Belfiore supports this thesis with an in-depth examination of the crucial role of *philia* in Greek tragedy. Drawing on a wealth of evidence, she compares tragedy and epic, discusses the role of *philia* relationships within Greek literature and society, and analyzes in detail the pattern of violation of *philia* in five plays: Aeschylus' *Suppliants*, Sophocles' *Philoctetes* and *Ajax*, and Euripides' *Iphigenia in Tauris* and *Andromache*."--BOOK

A History of Magic in the Western World

The Magician and the Cardsharp

A collector's edition of the classic, illustrated, and comprehensive history of magic and the occult • Written by renowned Surrealist and magic scholar Kurt Seligmann (1900-1962)

- Includes all 250 illustrations from the original 1948 edition
- Explores magical practices and beliefs from their origins in the ancient world through the heyday of secret societies in the 18th century

In the occult classic *The Mirror of Magic*, renowned Surrealist Kurt Seligmann (1900-1962) draws from his encyclopedic practitioner's knowledge and extensive antiquarian collection to offer a comprehensive, illustrated history of magic and the occult from Mesopotamia and ancient Egypt through the 18th century. He explores the gods and divinatory arts of the legendary Sumerians and the star-wise Babylonians, including the birth of astrology. He examines the afterlife beliefs of the ancient Egyptians and the dream interpretation practices and oracles of ancient Greece, including the mysteries of Eleusis and the magical philosophy of Plato, Socrates, and other Greeks. He uncovers the origins of Gnosticism and the suppression and banishment of magic by the post-pagan, Christian emperors of Rome. Seligmann reviews the principles of alchemy, sharing famous transmutations and allegorical illustrations of the alchemical process and explores the Hermetica and its remarkable adepts. Investigating the Middle Ages, the author discusses the work of European magicians of the time, including Albertus Magnus, Roger Bacon, Agrippa, Nostradamus, and Pico Della Mirandola. He studies the medieval practices of devil worship, witchcraft, and black magic, as well as the "Cabala" in both its Hebrew and Christian forms. He also examines the art of the Tarot and many lesser known divination techniques. He explores the development of secret societies, including Freemasonry and Rosicrucianism, in the 17th century and the increase in occult publications and magical science in the 18th century. First published in 1948, this history of magic and the occult seeks to "mirror" the magical worldview throughout the ages. Beautifully illustrated with images from the author's rare library, this collector's edition features all of the artwork--more than 250 images--from the original 1948 edition.

Un millennial squattrinato senza un indirizzo preciso nella vita. E un business guru esperto di innovazione tecnologica che si mette in testa di aiutarlo a svoltare. Nel giro di un anno, il ragazzo si ritrova imprenditore di successo, con un milione di dollari in banca. È la storia vera di Vin Clancy, aspirante marketer approdato negli Stati Uniti in cerca di fortuna, e dell'esperienza con il quale Samit ha voluto mettere alla prova l'esperienza e le competenze acquisite in un'intera carriera e condensate nelle sue "dodici verità". Seguendo i progressi di Vin, sapientemente consigliato dal suo mentore, nel faticoso ma incredibile percorso per costruirsi una sicurezza economica, Metti al sicuro il tuo futuro traccia una guida fondamentale per chiunque aspiri ad avviare una propria attività, fornendo preziosi consigli su questioni imprenditoriali complesse come: • identificare l'idea e il mercato intorno a cui costruire la propria azienda, • avviarla con capitali scarsi (se non inesistenti), • imparare a riconoscere e cogliere le occasioni più redditizie, • sfruttare le tre principali paure per incrementare le vendite, • trovare dei mentori che possano accelerare il percorso verso il successo. Con la giusta mentalità e i giusti consigli, chiunque può diventare milionario.

This intriguing book undercuts everything you thought you knew about psychotherapy. If you have not read and learned the magic contained in this book you have no business calling yourself a close-up magician. The magic by John Scarne, Dai Vernon, Bert Allerton, S. Leo Horowitz, Emil Jarrow, Francis Carlyle, Dr. Jacob Daley, Tony Slydini, Ross Bertram, Nate Leipzig, and Max Malini helped shape the art of close-up magic as we know it. It has often been said that mastering the magic in this book will make you an accomplished close-up and sleight-of-hand artist. In many ways, it contains all the magic you need to build a professional caliber repertoire. Many have earned a living performing these routines and now you can too. Includes: 41 incredible routines by 11 incredible artists, a historical introduction and a bonus section with private correspondence related to the Stars Of Magic.

This book is a treasure house of Italian philosophy. Narrating and explaining the history of Italian philosophers from the Middle Ages to the twentieth century, the author identifies the specificity, peculiarity, originality, and novelty of Italian philosophical thought in the men and women of the Renaissance. The vast intellectual output of the Renaissance can be traced back to a single philosophical stream beginning in Florence and fed by numerous converging human factors. This work offers historians and philosophers a vast survey and penetrating analysis of an intellectual tradition which has heretofore remained virtually unknown to the Anglophonic world of scholarship.

Papers drawn from an interdisciplinary colloquium, hosted at Somerville, College by the University of Oxford's Archive of Performances of Greek and Roman Drama in August 1998.

Learn to perform 50 unbelievable magic tricks that will impress and astonish any audience! Features QR codes with links to trick videos for easy learning and visual aid! This delightful book reveals some of magic's best-kept secrets, showing you step-by-step exactly how the tricks are done from multiple angles. Learn easy-yet-mystifying card tricks, awe-inspiring coin tricks, mentalism tricks for reading someone's mind, deceptive bets, and amazing visual tricks that you can do with everyday objects, including how to: Make a pen disappear Levitate a dollar Send a cup through a table Tear a napkin and restore it to its original state Put a needle through a balloon without popping it Crack an apple open with your bare hands And more! The Classic Treatise on Card Manipulation

The Magic of Ascanio

A prominent popular science writer presents simple instructions for 100 illustrated experiments.

Memorable, easily understood experiments illuminate principles related to astronomy, chemistry, physiology, psychology, mathematics, topology, probability, acoustics, other areas. Dai Vernon: the last great undiscovered artist of the 20th century. His medium was magic and with it, Vernon turned the clandestine world of conjuring on its ear with virtuoso sleight-of-hand and a dogged pursuit for perfection. Born in 1894 in Ottawa, the son of a Canadian civil servant, Vernon moved to New York - Manhattan - in 1915, and never looked back. Miracles flowed from his fingertips - effortlessly. The source of his secrets? The underworld and the gamblers, hustlers and con-men that roamed back-room dens of iniquity, bunked in jail cells and walked the streets of America. Vernon sought them out, befriended them, and made their work, their covert methods, his. This book, the first in-depth examination of Vernon's life, traces the first half of his remarkable journey - through Ottawa, Coney Island, Chicago, Manhattan, Kansas City and Colorado Springs - and the celebrities - Houdini, Billy Rose, and Roosevelt, that Vernon encountered along the way. Dai Vernon: A Biography also details the evolution of magic in the 20th century. From the stages of London and Paris to the back rooms of magic emporiums where secrets were bought and sold, Vernon's life and work escort the reader through vaudeville, Broadway theaters, grand magic spectacles, New York nightspots and the dawn of television. Here, cornerstones of the craft have finally been laid bare for all to see.
