Unlock the secrets behind the behavior of the world's most fascinating creatures? from the Adélie penguin to the plains zebra to the giant panda?in this wonderfully written, beautifully illustrated book. In *The Secret Language of Animals*, biologist Janine Benyus takes us inside the animal kingdom and shows us the whys and the hows behind the distinctive behavior of creatures great and small in their natural environments. Divided geographically into five sections?Africa, Asia, North America, the oceans, and the poles?the book examines and describes the behavior, body language, and patterns of communication of 20 different animals: the gorilla, lion, African elephant, plains zebra, black rhinoceros, giraffe, ostrich, greater flamingo, Nile crocodile, giant panda, peacock, Komodo monitor, bottlenose dolphin, California sea lion, gray wolf, bald eagle, sandhill crane, beluga whale, polar bear, and Adélie penguin. For each animal, Benyus describes and explains basic behaviors (locomotion, feeding, drinking, bathing, grooming, sleeping), communication behavior (greeting, social play, group defense, conflict, aggression/submission, fighting, courtship, copulation), and parenting behavior (birth, care and feeding, teaching, communal care). The book is illustrated throughout with tender yet precise line drawings that beckon us to the animals and vividly capture everything from changing facial expressions to nurturing postures to playful and aggressive interactions. The text, too, is both intimate and informative, allowing for a deep connection with, and a great admiration for, each one of the animals.

A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard – and the passage to manhood embodies a horrible secret. Todd Hewitt is the only boy in a town of men. Ever since the settlers were infected with the Noise germ, Todd can hear everything the men think, and they hear everything he thinks. Todd is just a month away from becoming a man, but in the midst of the cacophony, he knows that the town is hiding something from him -- something so awful Todd is forced to flee with only his dog, whose simple, loyal voice he hears too. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on New World? Propelled by Todd's gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order to figure out who he truly is.

By his early thirties, Paul Allen was a world-famous billionaire-and that was just the beginning. In 2007 and 2008, Time named Paul Allen, the cofounder of Microsoft, one of the hundred most influential people in the world. Since he made his fortune, his impact has been felt in science, technology, business, medicine, sports, music, and philanthropy. His passion, curiosity, and intellectual rigor-combined with the resources to launch and support new initiatives-have literally changed the world. In 2009 Allen discovered that he had lymphoma, lending urgency to his desire to share his story for the first time. In this classic memoir, Allen explains how he has solved problems, what he's learned from his many endeavors-both the triumphs and the failures-and his compelling vision for the future. He reflects candidly on an extraordinary life. The book also features previously untold stories about everything from the true origins of Microsoft to Allen's role in the dawn of private space travel (with SpaceShipOne) and in discoveries at the frontiers of brain science. With honesty, humor, and insight, Allen tells the story of a life of ideas made real.

**Big Ideas for Little Philosophers: Kindness with Confucius**

Explore the importance of equality with the youngest readers in a wonderfully accessible way. Even little children have big questions about life. Simone de Beauvoir focused much of her work on the issue of equality, insisting that girls and boys and women and men should have the same opportunities to be happy. Everyone should have the right to be themselves and be treated with respect no matter who they are. Kids will come away from this book encouraged to think about how the same things can make girls and boys happy or sad or excited, and everyone should listen to who they are on the inside and not just what others think of them. Look for all six Big Ideas for Little Philosophers board books: Equality with Simone de Beauvoir, Truth with Socrates, Happiness with Aristotle, Imagination with René Descartes, Kindness with Confucius, Love with Plato, and Truth with Socrates.

In *Fibonacci's Field*, Lonely and Chalk Rabbit meet, snuggle together and then spend a year trying to cope with their ever-increasing brood and the seasonal changes that bring a new challenge each year. Presented in calendar format with one pop-up illustration and other special features.

Explore the importance of kindness with the youngest readers in a wonderfully accessible way. Even little children have big questions about life. Confucius believed always treating people with kindness and respect. He believed we should use our own feelings as a guide to how to treat others. We feel good when people are kind to us and should want to make others feel that way. Emphasizing the importance of being in touch with your own emotions in order to be kind to others, this book will lead to inspiring conversations about human dynamics between people of all ages. PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal *In Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

**Soon to be a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is “a captivating story of love lost and found” (Kirkus Reviews) set in the lush Sicilian countryside, where one woman discovers the healing powers of food, family,**

**and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was just one problem: Saro's traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a baby girl they adopted at birth. Eventually, they reconciled with Saro's family just as he faced a formidable cancer that would consume all their dreams. From Scratch chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi was estranged from Saro's family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law's table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro's romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke's case, it is both. "Locke's raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones" (Publishers Weekly), but her story is also about love, finding a home, and chasing flavor as an act of remembrance. From Scratch is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.**
