

Everything Ancient Egypt: Dig Into A Treasure Trove Of Facts, Photos, And Fun (Everything)

After the U.S.S.R. formed, the United States found itself in a rivalry that has persisted for nearly a century. Readers are introduced to the complex history between the United States and Russia, which, for many years, was a conflict between democracy and communism. However, after the dissolution of the U.S.S.R., the relationship between the two countries remains strained, and readers also explore the reasons for this continued tension. Quotes from powerful leaders of both countries, striking photographs, and thoroughly researched text help readers understand why these two competing nations have maintained a cold relationship for so many years.

Describes the clothing and crafts of the people who lived in the valley of the Nile River and includes information about their daily lives and festivals."

This fantastic and fun activity kit contains everything needed to design artwork, do school projects, and decode secret messages in ancient hieroglyphic script. Readers discover how Egyptian scribes used hieroglyphic symbols, and how they were later deciphered with the discovery of the Rosetta Stone. There are also puzzles and word games to play. With an easy-to-follow hieroglyphic key, rubber stamps, inkpad, and chapters such as "The ABC", "Magical Hieroglyphs", and "Cracking the Code", this kit will have twenty-first century readers writing secret messages with hieroglyphs in no time.

The 5,000-Year-Old Puzzle

Under Jerusalem

Travel back in time to the age of the pyramids with this interactive trivia book from Jeopardy! winner and New York Times bestselling author Ken Jennings. With this book about ancient Egypt, you ' ll become an expert and wow your friends and teachers with awesome ancient facts: Did you know that some Egyptians used to shave their eyebrows whenever a cat died? Or that some people worshiped a god of lettuce? With great illustrations, cool trivia, and fun quizzes to test your knowledge, this guide will have you on your way to whiz-kid status in no time.

Powerful pharaohs, deadly curses, beautiful queens, legendary cities, tombs filled with gold ... you'll know it all by the time you finish this smart and wacky book! Did you know that ancient Egyptians formed the world's first police force? The 365-day calendar? We have ancient Egypt to thank for that, too! And the next time your parents tell you to brush your teeth, you can tell them that ancient Egyptians invented the first toothbrush and toothpaste. In this cool book, you'll find out what life was like 3,000 years ago along the banks of the Nile River, explore the lives of famous pharaohs determined to leave their mark no matter the cost, and get the lowdown on famous battles for power. Discover weird facts about famous people, from Cleopatra to King Tut--and about famous places, from Alexandria to Thebes. It's a must-have for all budding Egyptologists, archaeologists, or kids who want to be in-the-know about this fascinating civilization!

Get ready to go back in time and discover one of history's most fascinating civilizations—Ancient Egypt! This illustrated introduction to Egyptology is packed with stories of pyramids, mummies, pharaohs, gods, and more. In A Child's Introduction to Egyptology, kids will travel back in time and discover one of history's most fascinating civilizations: Ancient Egypt. Author Heather Alexander leads young readers from the very beginning of the kingdom 4,500 years ago through the reign of Cleopatra in 31 BC. Included throughout are beautifully illustrated profiles of gods and goddesses like Ra, the god of the sun, and Isis, the goddesses of magic, as well as information about scribes, priests, and other notable Egyptians. Kids will learn about the great pharaohs like Ramses II and Nefertiti, how the magnificent Great Pyramid in Giza was built, an in-depth explanation of how Tutankhamun's tomb was found, and even how mummies were made. This fact-filled book with original illustrations, a removable hieroglyphics poster, and activities like How to Mummify an Apple and Create Your Own Papyrus is perfect for every young, budding Egyptologist.

Search for the secrets of a hidden tomb It is 1924, two years after the discovery of King Tut ' s tomb. Readers are invited to join a young boy, Will Hunt, as he and his family become part of an archaeological team led by world-famous Egyptologist Dr. George Reisner. Based on actual records of Reisner ' s history-making dig, Giza 7000X, this strikingly original picture book uses journal entries, funny postcards, and quirky cartoons to pull readers into an ancient unsolved mystery. Luminous paintings of the pyramids, informative sidebars and inventive collages, including authentic documents and archival photographs, help provide information and clues. When a secret tomb is uncovered, readers, along with Will, put together clues to discover: Whose tomb is this? Why was it hidden? And how can a mummy be missing from a sealed tomb? This illuminating book invites readers to participate in the process of archaeology as it provides a rare glimpse into the true stories that exist behind the objects in museums. The 5,000-Year-Old Puzzle is a 2003 Bank Street - Best Children's Book of the Year.

Tutankhamen

Dig into the amazing past of ancient Egypt in this new Level 3 Reader from National Geographic Kids.

Introduces daily life in ancient Egypt, inviting readers to lift the flaps and view the scenes and activities at a market, temple, pyramid construction site, and royal burial. On board pages.

The ancient world comes to life in the first volume in a two book series on the history of Egypt, spanning the first farmers to the construction of the pyramids. Famed archaeologist John Romer draws on a lifetime of research to tell one history's greatest stories; how, over more than a thousand years, a society of farmers created a rich, vivid world where one of the most astounding of all human-made landmarks, the Great Pyramid, was built. Immersing the reader in the Egypt of the past, Romer examines and challenges the long-held theories about what archaeological finds mean and what stories they tell about how the Egyptians lived. More than just an account of one of the most fascinating periods of history, this engrossing book asks readers to take a step back and question what they've learned about Egypt in the past. Fans of Stacy Schiff's Cleopatra and history buffs will be captivated by this re-telling of Egyptian history, written by one of the top Egyptologists in the world.

Ancient Egypt is one of the most widely studied historical civilizations. Readers are introduced to important facts about ancient Egypt and the ways ancient Egyptians influenced the world for thousands of years. Readers explore this complex culture through accessible text, annotated quotations from historians, vibrant photographs and historical images, and enlightening sidebars. Readers may know about Egypt’s pyramids and pharaohs from their history classes, but they will enjoy learning lesser-known stories of this amazing part of the ancient world.

A Child's Introduction to Egyptology

Children can create hieroglyphic messages and "works of art" while learning about the pictograms of Ancient Egypt. Full-color illustrations highlight information about the symbols that have been found on mummy cases, scrolls, and tomb walls.

From Herodotus to The Mummy, Western civilization has long been fascinated with the exotic myths and legends of Ancient Egypt but they have often been misunderstood. Here acclaimed Egyptologist Joyce Tyldesley guides us through 3000 years of changing stories and, in retelling them, shows us what they mean. Gathered from pyramid friezes, archaeological finds and contemporary documents, these vivid and strange stories explain everything from why the Nile flooded every year to their beliefs about what exactly happened after death and shed fascinating light on what life was like for both rich and poor. Lavishly illustrated with colour pictures, maps and family trees, helpful glossaries explaining all the major gods and timelines of the Pharaohs and most importantly packed with unforgettable stories, this book offers the perfect introduction to Egyptian history and civilization.

A vivid account of the men and women who revealed the treasures of Ancient Egypt to the world, from the first decipherment of hieroglyphics to the opening of the tomb of Tutankhamun.

Discusses the mysteries of ancient Egypt, and includes facts covering treasure, pyramids, mummies, and pharaohs.

Provides an overview of life in ancient Egypt, describing the people, daily activities, beliefs and customs, and what has been learned from artifacts left behind.

A National Book Critics Circle Award Finalist "Extraordinary...Sensitive and perceptive, Mr. Hessler is a superb literary archaeologist, one who handles what he sees with a bit of wonder that he gets to watch the history of this grand city unfold, one day at a time. " —Wall Street Journal From the acclaimed author of River Town and Oracle Bones, an intimate excavation of life in one of the world's oldest civilizations at a time of convulsive change Drawn by a fascination with Egypt's rich history and culture, Peter Hessler moved with his wife and twin daughters to Cairo in 2011. He wanted to learn Arabic, explore Cairo's neighborhoods, and visit the legendary archaeological digs of Upper Egypt. After his years of covering China for The New Yorker, friends warned him Egypt would be a much quieter place. But not long before he arrived, the Egyptian Arab Spring had begun, and now the country was in chaos. In the midst of the revolution, Hessler often traveled to digs at Amarna and Abydos, where locals live beside the tombs of kings and courtiers, a landscape that they call simply al-Madfuna: "the Buried." He and his wife set out to master Arabic, striking up a friendship with their instructor, a cynical political sophisticate. They also befriended Peter's translator, a gay man struggling to find happiness in Egypt's homophobic culture. A different kind of friendship was formed with the neighborhood garbage collector, an illiterate but highly perceptive man named Sayyid, whose access to the trash of Cairo would be its own kind of archaeological excavation. Hessler also met a family of Chinese small-business owners in the lingerie trade; their view of the country proved a bracing counterpoint to the West's conventional wisdom. Through the lives of these and other ordinary people in a time of tragedy and heartache, and through connections between contemporary Egypt and its ancient past, Hessler creates an astonishing portrait of a country and its people. What emerges is a book of uncompromising intelligence and humanity--the story of a land in which a weak state has collapsed but its underlying society remains in many ways painfully the same. A worthy successor to works like Rebecca West's Black Lamb and Grey Falcon and Bruce Chatwin's The Songlines, The Buried bids fair to be recognized as one of the great books of our time.

Ancient Egypt Q&A: 175+ Fascinating Facts for Kids

From the First Farmers to the Great Pyramid

A spellbinding history of the hidden world below the Holy City—a saga of biblical treasures, intrepid explorers, and political upheaval “A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian’s penchant for detail and a journalist’s flair for narration.” —Washington Post In 1863, a French senator arrived in Jerusalem hoping to unearth relics dating to biblical times. Digging deep underground, he discovered an ancient grave that, he claimed, belonged to an Old Testament queen. News of his find ricocheted around the world, evoking awe and envy alike, and inspiring others to explore Jerusalem’s storied past. In the century and a half since the Frenchman broke ground, Jerusalem has drawn a global cast of fortune seekers and missionaries, archaeologists and zealots, all of them eager to extract the biblical past from beneath the city’s streets and shrines. Their efforts have had profound effects, not only on our understanding of Jerusalem’s history, but on its hotly disputed present. The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements. It has served as a cudgel, a way to stake a claim to the most contested city on the planet. Today, the earth below Jerusalem remains a battleground in the struggle to control the city above. Under Jerusalem takes readers into the tombs, tunnels, and trenches of the Holy City. It brings to life the indelible characters who have investigated this subterranean landscape. With clarity and verve, acclaimed journalist Andrew Lawler reveals how their pursuit has not only defined the conflict over modern Jerusalem, but could provide a map for two peoples and three faiths to peacefully coexist. This Ancient-Egyptian-themed activity book is crammed with all sort of activities as well as information about the fascinating world of Ancient Egypt.

175+ fascinating facts that teach kids ages 8 to 12 all about ancient Egypt From the invention of toothpaste to unique burial traditions, there are a whole lot of incredible things for kids to learn about ancient Egypt. For thousands of years now, Egypt has mystified and intrigued people from all walks of life, ranging from archeologists and other experts to regular folks who just have a healthy curiosity. Something about the ancient megalithic structures the Egyptians left behind draws us in and piques our curiosity. The idea that these supposedly primitive people accomplished such impressive feats of engineering so long ago is a testament to human resolve and ingenuity. Not only did ancient Egypt prosper and achieve greatness during its time, but this civilization also impacted the world that came after it in many ways. The imprint left behind by the Egyptians comes as no surprise since their history roughly spans a period of three-thousand years. Ancient Egypt lasted much longer than many other famous civilizations and empires. The history of ancient Egypt is so vast and important that the pursuit of knowledge about this civilization has spawned relevant scientific disciplines such as Egyptology. Let Dinobibi guide you through that story and put many things about ancient Egypt in perspective by chronologically exploring the civilization's history as well as many aspects of society and life. Let's discover how and why ancient Egypt prospered and how this majestic civilization shaped the world well beyond its region.

Retells nine tales of ancient Egypt, including the story of Ra rising from the waters of the Nile to create the gods of the earth, sky, and rain.

Adventurers and Archaeologists in the Golden Age of Egyptology

#1 NEW YORK TIMES BESTSELLER • From the author of Small Great Things and A Spark of Light comes a “powerful” (The Washington Post) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She’s on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on The Book of Two Ways—the first known map of the afterlife. As the story unfolds, Dawn’s two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she’s never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn’t turned out to be the person you are right now?

Dig into the amazing past of ancient Egypt in this new Level 3 Reader from National Geographic Kids. From pyramids and mummies to pharaohs and gods, kids will learn all about the history and culture of this fascinating land. Level 3 text provides accessible yet wide-ranging information for fluent readers. The expert-vetted text, along with brilliant photos and a fun approach to reading have proved to be a winning formula with kids, parents, and educators.

Unearth the magic and mythology of ancient Egyptian gods and goddesses From the rising of the morning sun to the summer flooding of the Nile River, the ancient Egyptians believed powerful gods and goddesses ruled over every aspect of their daily lives. This Egyptian mythology guide takes you on a trip through the sands of time to explore the world of pharaohs and sphinxes--ancient Egypt! Featuring illustrated myths of incredible Egyptian gods and goddesses, these stories describe the magic each deity performed along the Nile. You'll also learn about how Egyptian mythology was a key part of ancient Egyptian culture, like pyramid building, the mummification process, and even the worshiping of cats. This Egyptian mythology collection includes: Narratives from the Nile--Explore the gods and goddesses of Egyptian mythology, from the familiar to the lesser-known, through 20 easy-to-follow myths. Amazing artwork--Take a look at the gods, goddesses, and artifacts of the long-extinct ancient Egyptian empire with captivating illustrations and photos. Fast pharaoh facts--Dig into ancient Egyptian mythology and culture with plenty of awesome facts on everything from hieroglyphs to the popular board game, Senet. Explore the legendary lives of ancient gods and goddesses with this rich treasury of Egyptian mythology.

Egyptologist Amelia Peabody, now a wife and mother, returns in another Victorian-era mystery--to catch a murderer at an excavation of an ancient tomb. It's 1892, and Amelia and her now-husband Radcliffe Emerson have settled down in Victorian England after their escapade in Egypt. They're raising their young son Ramses and everything seems normal--until they are approached by a damsel in distress. Lady Baskerville's husband, Sir Henry, has died after uncovering what may have been royal tomb in Luxor. Despite rumors of a curse haunting all those involved with the dig, Amelia and Radcliffe proceed to Egypt and realize that Sir Henry did not die a natural death. Accidents continue to plague the dig, and talk of a pharaoh's curse runs rampant among the group. Amelia begins to suspect that these accidents are caused by a sinister human, but who?
