

Eyelike Stickers: Bugs

The magic of Paint by Sticker Kids continues, combining the fun of coloring and stickers with the creativity of paint by number. The series just keeps growing, with another much-loved nature-themed topic: Bugs! Paint by Sticker Kids: Beautiful Bugs includes everything kids need to create 10 full-color illustrations of their favorite creepy-crawlies: a firefly, a praying mantis, a ladybug, butterflies, ants, a painted grasshopper, a dragonfly, beetles, a bumblebee, and a weevil. Simply find the numbered sticker, peel it, and place it in the right space. Add the next, and the next—and watch a dazzling image come to life with color and spirit in the modern “low-poly” style (using geometric polygon shapes). The card-stock pages are perforated so artwork can be easily removed for framing or the fridge. Creating sticker art is as fun and meditative as coloring, and it’s a refreshing shake-up from the usual crayons and markers. Plus, the peel-and-place system allows kids to practice recognizing and learning numbers in an interactive, stress-free way. And it’s a great rainy day or travel activity (no cleanup!) that delivers hands-on fun for less than \$10.

As a kid, Christopher Marley was afraid of bugs. But after his travels took him to farflung parts of the world inhabited by amazing insects, his fear gave way to fascination. The variety of forms and colors in the insect world is almost endless. Did you know that beetles alone account for nearly a quarter of all animal species on Earth? So Marley began collecting beetles, bugs, butterflies, and other insects, arranging them into stunning works of art such as the one shown here. Its art with a purpose: if more people experience the incredible beauty of these creepycrawly critters, perhaps they will not be so squeamish about them (and will be less likely to squish them, too!). Who knows? Maybe these stickers will help lead you, like Christopher Marley, to a lifetime of learning about the amazing world of insects! 8 page softcover book with more than 200 reusable paper stickers (99 different designs) featuring photographs of insects by Christopher Marley.
