Synopsis coming soon.....

Mia St. John has always been on top of her game. A five-time world champion boxer known as The Knockout because of her ability to level any opponent charging toward her, Mia spent two decades in the spotlight transforming her body into the ultimate fighting machine. But what most people don’t know is that outside the ring, she was battling a lifetime of demons while struggling to keep her family together. Born to a Mexican mother and white father, she spent her young life feeling like an outsider while growing up in Idaho. She fled to California as soon as she was eighteen and left behind the abuse that came with an alcoholic father. Determined to show everyone she was a champion, Mia moved to Los Angeles to follow her dreams—and ended up meeting the love of her life, television star Kristoff St. John. Together, they created a beautiful family with their children, Julian and Paris, while doing their best to battle their own bouts with addiction. Mia’s memoir takes readers through her odyssey of grief and despair, but always the fighter, Mia gets up once again and shows the world how to face another day with dignity and determination to live the best life possible.

What accounts for the popularity of the macho image, the fanaticism of sports enthusiasts, and the perennial appeal of Don Quixote's ineffectual struggles? In Fighting for Life, Walter J. Ong addresses these and related questions, offering insight into the role of competition in human existence. Focusing on the ways in which human life is affected by contest, Ong argues that the male agonistic drive finds an outlet in games as divergent as football and chess. Demonstrating the importance of contest in biological evolution and in the growth of consciousness out of the unconscious, Ong also shows how adversary procedure has affected social, linguistic, and intellectual history. He discusses shifting patterns of contest in such arenas as spectator sports, politics, business, academia, and religion. Human beings' internalization of agonistic drives, he concludes, can foster the deeper discovery of the self and of distinctively human freedom.

What makes your heart break for our broken world? You want to make a difference in the world. You’re concerned about all the problems you see, the injustices and the suffering. But you don’t know where to begin. Designed for the aspiring activist or world-changer, this book is the key to get you started. Live Action founder Lila Rose says transformation begins with heartbreak—with seeing the injustices around you and allowing that suffering to light a fire in your soul. In this book, she shares raw and intimate stories from both her personal journey and pro-life activism that will inspire you to become a champion for your own cause. Along the way, you’ll discover how to determine where the need for your gifts is the greatest and begin making a difference; overcome insecurities and imposter syndrome and become a leader through practice; find inner courage and confidence in the face of obstacles and criticism; and bounce back from mistakes to continually grow and make a long-lasting impact. The fight for a world that is more just, more beautiful, and more loving needs all of us. In allowing yourself to be wounded by the brokenness of our world, you’ll find the passion you need to make a difference—and draw closer to the One who truly saves.

WILLIAM ELLIOTT was born on September 23, 1951, in Fort Bragg, North Carolina. During his childhood, he was interested in baseball. He was also interested in science. He won first prize in a science fair for building a Geiger counter. He had a paper route as his first job. He was in junior high school when desegregation took place. He remembers playing baseball in his neighborhood with both African American and Caucasian children. In 1966, William and his family moved to Hot Springs, South Dakota. His family consisted of his mom, dad, three sisters, and one brother. He completed his high school education in Hot Springs. During high school, he was athletic and was involved in track and field. He graduated from high school in 1969. After high school, William took two years of college at Northern State College. Then in 1972 he joined the air force. He was primarily stationed at Altus Air Force Base in Altus, Oklahoma, and Lackland Air Force Base in San Antonio, Texas. He was honorably discharged from the air force in 1975. William completed his BS degree in environmental science in 1977. During college, he met Nancy Rempfer, whom he married in June of 1976. He later completed a master's in business administration from the University of South Dakota in December of 1984. His work experience includes being a health inspector for the state of South Dakota; a business manager for the Cheyenne River Community College in Eagle Butte South Dakota; a business and computer instructor at Little Hoop Community College in Ft. Totten, North Dakota; taught small business management at National American University in Rapid City, South Dakota; then took a position at Oglala Lakota College teaching computer science and business, on the Pine Ridge Indian Reservation in South Dakota. William lost his wife of nearly 41 years in 2017. He is retired and continues to reside in Hot Springs, SD. William became interested in poetry while experiencing health issues and found it to be therapeutic. After retirement, he took his poetry to the next level. He recently took two first place and one second place awards at the Veterans Creative Arts Festival in the Black Hills Region. His insight of his surroundings is both humorous and inspiring. - A War of Love - Facebook - Twitter - Google Plus - LinkedIn

What happens when a black man in America doesn't have the coping and problem-solving skills to deal with the burden that his environment had placed upon him? He stays stuck in survival mode. Once upon a time on the eastside of Detroit was a kid who dared to dream much bigger than his circumstances. Born to a mother with limited education and a father he barely knew, it wasn't long before he realized just what the world thought of people like him. Being a young black male in the '90s made him a target of hate and an assumed statistic in the eyes of many. For years he would walk that path carved out for him. What no one counted on is that when that kid was thrown into the streets with the wolves he would take every scar, every battle, every war, every win, and every loss and use it all to fuel the engine that would drive him out of dangerous and cutthroat life of crime and into a world of fiction writing. The Fight of My Life book is not a rags to riches story, but a journey of street life, self-discovery, divine intervention, and purpose. When God saves you from yourself and your enemies too many times to count, at some point you have to bow to His mercy and tell the world of His greatness. This ride is not for the weak, and when it over my only hope is that I've inspired someone to change.

From award-winning poet Saeed Jones, How We Fight for Our Lives—winner of the Kirkus Prize and the Stonewall Book Award—is a “moving, bracingly honest memoir” (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper’s Bazaar; Elle; BuzzFeed; Goodreads; and many more. “People don’t just happen,” writes Saeed Jones. “We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘I’ it seems doesn’t exist until we are able to say, ‘I am no longer yours.’” Haunted and haunting, How We Fight for Our Lives is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that’s as beautiful as it is powerful—a voice that’s by turns a river, a blues, and a nightscape set ablaze. How We Fight for Our Lives is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.

*Even at seventeen, Marilyn faces life head on. She has to, she's got bills to pay, a mother and two younger sisters to take care of, and her Mother's abusive boyfriend to avoid. Matthew's life is pretty much perfect. Local football star, he's handsome, outgoing and creative. He and his best friends have even managed to start their own company, so they've got college paid for. His life is going exactly according to plan. When Matthew meets Marilyn, he loses his heart with one glance. Marilyn, on the other hand, doesn't trust Matthew's sudden interest. Most of Marilyn's past experience with men ends with her being a punching bag, so she's reluctant to believe in Matthew's white knight image. After Marilyn gets beaten up by her mother's boyfriend, Matthew steps in and takes care of everything. When Matthew shows Marilyn love, gentleness and fierce protectiveness, she begins to question her beliefs about love and life. As they negotiate the ups and downs of their relationship, will Marilyn let go of the past enough to trust her heart to his keeping or is he too good to be true? With nasty rumors about Marilyn's past flying around and her father out of jail bent on revenge against Marilyn for putting him there, Marilyn and Matthew will learn that if you want to win in love, you can Never Back Down! From the former 60 Minutes producer and New York Times bestselling author of The Gatekeepers comes an in-depth, insider’s look at how President Joe Biden and his seasoned team have battled to achieve their agenda—based on the author’s extraordinary access to the White House during more than a year of crises at home and abroad. In January of 2021, the Biden administration inherited a country in chaos. The president and his team were forced to deal with multiple emergencies simultaneously—including a lethal pandemic, a plummeting economy, a right-wing insurrection, racial injustice, and a series of climate disasters thought to be caused by rampant global warming. As the months passed, notable legislative victories were offset by partisan gridlock. And no sooner had outrage quieted over Biden’s awkward exit from Afghanistan than Vladimir Putin launched an unprovoked invasion of Ukraine, imperiling even NATO-protected countries and handing Biden and his team their gravest test yet. Now, in The Fight of His Life, prizewinning journalist Chris Whipple takes us inside the Oval Office as the critical decisions of Biden’s presidency are being made. With unprecedented deep access to nearly all of Biden’s inner circle—including Chief of Staff Ron Klain and other senior officials—Whipple pulls back the curtain on the internal power struggles and back-room compromises. Featuring newsmaking revelations including how renegade Trump officials enabled the transfer of power, which key staffers really make the White House run (it’s probably not who you think), what lies at the heart of Joe Biden’s working relationship with Vice President Kamala Harris, and which senior official nearly resigned at one of the administration’s low points, The Fight of His Life delivers a surprising portrait of politics on the edge. A vivid, fly-on-the-wall account of one of America’s most consequential presidencies, The Fight of His Life showcases the insightful analysis and interpretation that is Chris Whipple’s signature.

This is Book 2 in The Fight for Life Series and is not a standalone novel. It is the sequel to Collision. "Since the moment our lives collided, I knew you were it for me. The impact was a once in a lifetime event." - Leo Ashlar. Leo might still be an undefeated fight club champion, but his past has brought him to his knees. When the one person he had successfully avoided for five years is thrust back into his life, the broken pieces he'd tried to glue back together shatter in an instant. Juliette Salinger has taken control of her life, but that doesn't mean she's in for a smooth ride. She can't give up on her family and she'll fight for Leo with everything she has. With Juliette now caught in the middle, Leo will need to find a way to protect the woman he loves whilst trying to shield himself from any further damage. Fight or flight? The impact of either option could be deadly.

The reason why clinical science has not solved the riddle of cancer may not lie totally within the realm of the laboratory. It may lie in part in the mind and emotions of the patient. After two decades of research and psychotherapeutic work with cancer patients, Lawrence LeShan offers new evidence and startling insights into why some individuals get cancer while others do not--and why some are able to fight successfully for their lives while others rapidly succumb to the disease. Dr. LeShan has accumulated strong evidence that the mind can make the body receptive to cancer--and that the mind is also capable of fighting back. This is a book of hope. For while cancer kills, it can also be killed. You Can Fight For Your Life is a major humanistic work by an author with a passionate commitment to life.

Author and pastor Craig Groeschel helps you uncover who you really are—a man created in the image of God with a warrior’s heart—and how to fight the good fight for what’s right. You will find the strength to fight the battles you know you need to fight—the ones that determine the state of your heart, the quality of your marriage, and the spiritual health of your family. Craig will also look at examples from the Bible, including our good buddy Samson. Yep, the dude with the rippling biceps and hippie hair and a thing for Delilah. You may be surprised how much we have in common with this guy. By looking at his life, you’ll learn how to defeat the demons that make strong men weak. You’ll become who God made you to be: A man who knows how to fight for what’s right. And don’t you dare show up for this fight unarmed. Learn how to fight with faith, with prayer, and with the Word of God It’s time to fight like a man. For God’s Sake, FIGHT.

The lives of two sisters--Nettie, a missionary in Africa, and Celie, a southern woman married to a man she hates--are revealed in a series of letters exchanged over thirty years

The opposite of love is not hate - it is fear. We must do all we can do act with and choose love, instead of giving into fear when it shows itself. This is the only way to live a life filled with belssings, and author Kenny Vaughan reminds us of this age-old lesson from God in his book The Right Fight: How to Live a Loving Life.

Neurofibromatosis is hard to say and even more difficult to live with, but Ethan Brown shows us how to find strength when faced with overwhelming odds. From Ethan's first signs of the disease, to surgeries, vision and hearing loss, his grappling with faith, and his decision for activism, The Fight of My Life: Persevering through Neurofibromatosis is a story of determination. This narrative highlights the importance of faith, family, friendship, and positivity in the face of devastating illness.?

A teenage boy lies on the pavement, bleeding from a stab wound; a distraught mum watches, in mute shock, as her daughter suffers a terrifying fatal asthma attack; a young girl is gang-raped and her stricken boyfriend takes an overdose; a disturbed young man flings himself in front of a speeding train at the stroke of midnight on New York City's East River. Such situations are part of everyday life. Yet for veteran paramedic Lysa Walder, these and thousands of other emergency call outs are part of a day's work: scenes of tragedy, heroism loss and horror - but also stories of triumph and humour. Lysa has been a paramedic for over twenty years, working for the London Ambulance service - the largest in the world - for most of that time. Here, she reveals how it's really like to work in a job that brings paramedic teams face-to-face with death - and destiny - every day.

This book describes how accidentally at the age of 25, during a routine checkup I discover that I suffer from a near fatal disease without a cure. How it affects me mentally to know that I may not live long. How I choose to initially live in denial but then fight it out, making some avoidable mistakes on the way. Eventually in spite of a near fatal diagnosis I live a normal life with good health by the age of 39. The book traverses my journey in these fateful 14 years, where I tried not to let the disease affect my career or daily life. It talks about my trials and tribulations and the highs and the lows in my fight for life.

In The Fight for My Life: Boxing Through Chemo, Kelly Motley chronicles how the sport of boxing would prepare her for the biggest match of her life, cancer. Unaware that she was training for the fight of her life, she discovered physical and mental techniques to improve her performance and ability to deal with her diagnosis and treatment. She got her mentally, spiritually, and physically fit enough to take on her threatening new enemy.

Sensei Dave Armstrong was a product of a broken family, foster care, youth correction facilities, and a deceased, only parent at the age of 13. As an "at-risk" youth and a "product" of the inner-city educational system, young Sensei Dave was predestined to run with gangs, NOT graduate high school and be dead or in jail by the age of 18. After his mother passed away Sensei Dave lost all contact with his family and was in and out of boys homes, juvenile hall, and foster homes in San Bernardino, California for over 5 years. BUT...along the way he was influenced by two AMAZING people; his CASA, Ron Barnick, an Air Force pilot and Sensei Otto Johnson, his first Martial Arts Instructor. Without their mentoring Sensei Dave Armstrong would not have been able to mentor, guide, help, and motivate 100's if not 1000's of youth, mentors, foster parents, and board members. Sensei Dave now is retired after 24 years of service to our country in the United States Air Force he has also sat on the Board of Directors as Vice President for non-prafit organizations, created his own Martial Arts Mentoring program and owned three martial arts schools (Faith Martial Arts Inc.) in the United States. As a U.S. Air Force Veteran Sensei Dave has been able to travel and see the world, spreading his positive and motivational personality from country to country. Currently, Sensei Dave is retired in the country of Greece and writing a truly inspirational autobiography. He is also an Executive/Leadership Life Coach and is currently developing his own Life Coaching (COACH COACHING) Program to help others become AMAZING Life Coaches. Sensei Dave seems to never stop moving and wanting to help and motivate people! He has been able to influence so many people young and old in his lifetime he wishes to continue to help and spread HOPE.

Tells the story of the controversial Democratic governor of Pennsylvania's struggle in the political arena as well as in the personal arena when diagnosed with a rare, incurable disease

An “engaging and . . . thought-provoking” memoir of battling public health crises in early 20th-century New York City—from the pioneering female physician and children’s health advocate who ‘caught’ Typhoid Mary (The New York Times) New York’s Lower East Side was said to be the most densely populated square mile on earth in the 1890s. Health inspectors called the neighborhood “the suicide ward.” Diarrhea epidemics raged each summer, killing thousands of children. Sweatshop babies with smallpox and typhus dozed in garment heaps destined for fashionable shops. Desperate mothers paced the streets to soothe their feverish children and white mourning cloths hung from every building. A third of the children living there died before their fifth birthday. By 1911, the child death rate had fallen sharply and The New York Times hailed the city as the healthiest on earth. In this witty and highly personal autobiography, public health crusader Dr. S. Josephine Baker explains how this transformation was achieved. By the time she retired in 1923, Baker was famous worldwide for saving the lives of 90,000 children. The programs she developed, many still in use today, have saved the lives of millions more. She fought for women’s suffrage, toured Russia in the 1930s, and captured “Typhoid” Mary Mallon, twice. She was also an astute observer of her times, and Fighting for Life is one of the most honest, compassionate memoirs of American medicine ever written.

Why Me?

For the first time, Steven Adams shares the story behind his meteoric rise from Rotorua to his emerging stardom in the NBA. Adams overcame the odds to become a top prospect in the 2013 NBA draft. From there he went on to secure a four-year contract with the Oklahoma City Thunder - making him New Zealand’s highest-paid sportsperson ever - and forge a reputation for his intense, physical style of basketball. In this intimate account of his life story so far, the seven-foot centre reflects on his humble upbringing, the impact of his father's death when he was just 13, the multiple challenges and setbacks he has faced, early career-defining moments, and what basketball means to him. Told with warmth, humour and humility, My Life, My Fight is a gripping account from one of New Zealand’s most admired sporting stars.

AN INSPIRING MEMOIR FOR ANYONE WHO’S BEEN KNOCKED DOWN AND CAME UP SWINGING As a young girl growing up in Newberg, Oregon, Paige Sletten was all energy and full of potential. A natural athlete, Paige excelled at dancing, made the cheerleading squad earlier than most, and even had aspirations of becoming a Disney child star. With a tight-knit family, Paige’s life was on track for greatness. Then, one fateful fall night in high school, everything changed when Paige faced a life-threatening sexual assault. It was in the gym where she "pounded the life out of those ashen memories," becoming stronger with every punch, kick, and lunge. In this beautiful tale of survival, she writes: I inhale the power. I exhale the bullshit. One strike at a time. Fighting became Paige’s safe haven; something to live for, and Rise is the inspiring story of how she ultimately transformed into a bone-breaking, head-smashing fighter known as Paige VanZant. It is the deeply moving story of a warrior who transformed her pain into power and has become one of the toughest women in the world; an inspiring journey of someone who was knocked down in the most devastating way and came up swinging.

Former vice president Walter Mondale makes a passionate, timely argument for American liberalism in this revealing and momentous political memoir. For more than five decades in public life, Walter Mondale has played a leading role in America’s movement for social change—in civil rights, environmentalism, consumer protection, and women’s rights—and helped to forge the modern Democratic Party. In The Good Fight, Mondale traces his evolution from a young Minnesota attorney general, whose mentor was Senator Hubert H. Humphrey, into a U.S. senator himself. He was instrumental in pushing President Johnson’s Great Society legislation through Congress and battled for housing equality, against poverty and discrimination, and for more oversight of the FBI and CIA. Mondale’s years as a senator spanned the national turmoil of the Nixon administration; its ultimate self-destruction in the Watergate scandal would change the course of his own political fortunes. Chosen as running mate for Jimmy Carter’s successful 1976 campaign, Mondale served as vice president for four years. With an office in the White House, he invented the modern vice presidency; his inside look at the Carter administration will fascinate students of American history as he recalls how he and Carter confronted the energy crisis, the Iran hostage crisis, the Soviet invasion of Afghanistan, and other crucial events, many of which reverberate to the present day. Carter’s loss to Ronald Reagan in the 1980 election set the stage for Mondale’s own campaign against Reagan in 1984, when he ran with Geraldine Ferraro, the first woman on a major party ticket; this progressive decision would forever change the dynamic of presidential elections. With the 1992 election of President Clinton, Mondale was named ambassador to Japan. His intriguing memoir ends with his frank assessment of the Bush-Cheney administration and the first two years of the presidency of Barack Obama. Just as indispensably, he charts the evolution of Democratic liberalism from John F. Kennedy to Clinton to Obama while spelling out the principles required to restore the United States as a model of progressive government. The Good Fight is replete with Mondale’s accounts of the many American political heavyweights he encountered as either an ally or as an opponent, including JFK, Johnson, Humphrey, Nixon, Senator Edward M. Kennedy, the Reverend Jesse Jackson, Senator Gary Hart, Reagan, Clinton, and many others. Eloquent and engaging, The Good Fight illuminates Mondale’s philosophies on opportunity, governmental accountability, decency in politics, and constitutional democracy, while chronicling the evolution of a man and the country in which he is lucky enough to live.

THE FIGHT OF HIS LIFE is a fiercely moving, profound book about experiencing the unthinkable and forgiveness. Explore the myriad of feelings one mother goes through as she discovers that her son has been shot 3 times and left for dead. From feelings of pain, anguish, desperation and fear to sentiments of love and forgiveness, This heart-wrenching story is indeed a show of faith that is sure to pull hard at your heart strings!

Michael Dante played the title role in Winterhawk (1975), a Western about a legendary Blackfoot Chief’s character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. Winterhawk and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television’s Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne.

In life, we are all faced with many challenges, both positive and negative. There is no question whether you will face adversity and get knocked down; the only question is will you get back up once life hits you with its deadly punch. Coach Winston Bennett has been knocked down on numerous occasions, but refused to stay down. Through the power of the Lord Jesus Christ, Coach Bennett has fought his way back from job losses, personal addiction, and more. He believes that with Christ all things are possible. When you live for the King of Kings and Lord of Lords, nothing is too hard for you to overcome. If you are determined to gain your place in the kingdom, you will have to fight. Fight for Your Life is a provocative and detailed description of what it takes to master life’s unforeseen challenges. If you are lacking self-esteem, fight; if you are lacking a positive attitude, fight; if you are lacking a relationship with the savior, fight for it. Anything in life worth having is worth fighting for. Fight for Your Life will inspire y to trust the Lord and keep on fighting.

Totten, North Dakota; taught small business management at National American University in Rapid City, South Dakota; then took a position at Oglala Lakota College teaching computer science and business, on the Pine Ridge Indian Reservation in South Dakota; and continues to reside in Hot Springs, SD. William became interested in poetry while experiencing health issues and found it to be therapeutic. After retirement, he took his poetry to the next level. He recently took two first place and one second place awards at the Veterans Creative Arts Festival in the Black Hills Region. His insight of his surroundings is both humorous and inspiring. • A War of Love

A Fight for Life

The OKC Thunder’s big man shares the unlikely story behind his indomitable sense of determination and his journey from Rotorua, New Zealand to stardom in the NBA. Steven Adams overcame extreme odds to become a first-round prospect in the 2013 NBA draft. From there he signed a major contract with the Oklahoma City Thunder -- making him New Zealand’s highest-paid athlete ever -- and went on to forge a reputation for his intense, physical style of basketball. Adams takes you inside the draft process from the fascinating whirlwind tour of pre-draft workouts with dozens of teams to the draft itself where dreams are made or dashed and the Gatorade bottles on every table are glued shut. He reveals what it’s like to be a rookie in the league, getting pushed around and elbowed -- or worse. He takes the court alongside superstars like Russell Westbrook, Paul George, Carmelo Anthony, and Kevin Durant; and matches up against legendary big men like Tim Duncan, DeAndre Jordan, Dwight Howard, and Draymond Green. Adams recounts the Thunder’s rise through the victories and the heartbreaks and how the resilient team has a bright future ahead. In this intimate account of his life story so far, the seven-foot center also reflects on his humble upbringing as one of fourteen children, the impact of his father’s death when he was just thirteen, the multiple challenges and setbacks he has faced, and what basketball means to him. Told with warmth, humor, and humility, My Life, My Fight is a gripping account from an emerging superstar.
