

Fight To Be Free: A Post Apocalyptic Thriller (After The Outbreak Book 3)

Free Fighting or Mixed Martial Arts allows with a few exceptions, all the martial arts techniques of striking, punching, kicking, throwing, and groundwork. This volume features more than 1,300 photographs that illustrates what you need to know about reach distances, the transition from standing to groundwork, ground techniques, and more.

The first Muslim woman to receive the Nobel Peace Prize, Shirin Ebadi has inspired millions around the globe through her work as a human rights lawyer defending women and children against a brutal regime in Iran. Now Ebadi tells her story of courage and defiance in the face of a government out to destroy her, her family, and her mission: to bring justice to the people and the country she loves. For years the Islamic Republic tried to intimidate Ebadi, but after Mahmoud Ahmadinejad rose to power in 2005, the censorship and persecution intensified. The government wiretapped Ebadi’s phones, bugged her law firm, sent spies to follow her, harassed her colleagues, detained her daughter, and arrested her sister on trumped-up charges. It shut down her lectures, fired up mobs to attack her home, seized her offices, and nailed a death threat to her front door. Despite finding herself living under circumstances reminiscent of a spy novel, nothing could keep Ebadi from speaking out and standing up for human dignity. But it was not until she received a phone call from her distraught husband—and he made a shocking confession that would all but destroy her family—that she realized what the intelligence apparatus was capable of to silence its critics. The Iranian government would end up taking everything from Shirin Ebadi—her marriage, friends, and colleagues, her home, her legal career, even her Nobel Prize—but the one thing it could never steal was her spirit to fight for justice and a better future. This is the amazing, at times harrowing, simply astonishing story of a woman who would never give up, no matter the risks. Just as her words and deeds have inspired a nation, Until We Are Free will inspire you to find the courage to stand up for your beliefs. Praise for Until We Are Free “Ebadi recounts the cycle of sinister assaults she faced after she won the Nobel Prize in 2003. Her new memoir, written as a novel-like narrative, captures the precariousness of her situation and her determination to ‘stand firm.’”—The Washington Post “Powerful . . . Although [Ebadi’s] memoir underscores that a slow change will have to come from within Iran, it is also proof of the stunning effects of her nonviolent struggle on behalf of those who bravely, and at a very high cost, keep pushing for the most basic rights.”—The New York Times Book Review “Shirin Ebadi is quite simply the most vital voice for freedom and human rights in Iran.”—Reza Aslan, author of No god but God and Zealot “Shirin Ebadi writes of exile hauntingly and speaks of Iran, her homeland, as the poets do. Ebadi is unafraid of addressing the personal as well as the political and does both fiercely, with introspection and fire.”—Fatima Bhutto, author of The Shadow of the Crescent Moon “I would encourage all to read Dr. Shirin Ebadi’s memoir and to understand how her struggle for human rights continued after winning the Nobel Peace Prize. It is also fascinating to see how she has been affected positively and negatively by her Nobel Prize. This is a must read for all.”—Desmond Tutu “A revealing portrait of the state of political oppression in Iran . . . [Ebadi] is an inspiring figure, and her suspenseful, evocative story is unforgettable.”—Publishers Weekly (starred review) “Ebadi’s courage and strength of character are evident throughout this engrossing text.”—Kirkus Reviews

When Jewher Ilham’s father, Ilham Toti, was detained at the Beijing airport in February 2013 on charges of "separatism," Jewher had two choices: she could stay in China or fly to America alone. Jewher boarded the plane for Indiana and began a new life apart from her family and was half a world away when her father was sentenced to life in prison. Through a series of interviews with novelist Adam Braver and scholar Ashley Barton, Jewher recounted her father’s nightmare and her own transition from student to eloquent advocate for the Uyghur people. The resulting book, " Jewher Ilham: A Uyghur’s Fight to Free Her Father," is an intimate, exclusive portrait that U.S. Senator Sherrod Brown calls "proof that Jewher and her people will not be silenced."

From Lt. General H.R. McMaster, U.S. Army, ret., the former National Security Advisor and author of the bestselling classic Dereliction of Duty, comes a bold and provocative re-examination of the most critical foreign policy and national security challenges that face the United States, and an urgent call to compete to preserve America’s standing and security. Across multiple administrations since the end of the Cold War, American foreign policy has been misconceived, inconsistent, and poorly implemented. As a result, America and the free world have fallen behind rivals in power and influence. Meanwhile threats to security, freedom, and prosperity, such as nuclear proliferation and jihadist terrorism have grown. In BATTLEGROUNDS, H.R. McMaster describes efforts to reassess and fundamentally shift policies while he was National Security Advisor. And he provides a clear pathway forward to improve strategic competence and prevail in complex competitions against our adversaries. BATTLEGROUNDS is a groundbreaking reassessment of America’s place in the world, drawing from McMaster’s long engagement with these issues, including 34 years of service in the U.S. Army with multiple tours of duty in battlegrounds overseas and his 13 months as National Security Advisor in the Trump White House. It is also a powerful call for Americans and citizens of the free world to transcend the vitriol of partisan political discourse, better educate themselves about the most significant challenges to national and international security and work together to secure peace and prosperity for future generations.

This book bravely bridges the gap between the Spiritual and the Temporal (physical) factors of addiction and addiction recovery. It pulls the essential elements of many psychological theories and fits them into an eternal paradigm as can only be seen through the eyes of those who are inspired by God. The reader will be taken on a journey from seeing the battle from high in the heavens down to the gritty and sweaty clashing of swords a warrior must experience day to day. We live in a time when many are in bondage before they are aware that there is a war. As with many examples in world history, one cannot get out of bondage with just will power and thought control must be trained, and then trained some more, in the classroom and on the field. They must learn, that in order to escape the bondage they find themselves in, as did warriors thousands of years before: Like Dragons Did They Fight!

This is the story of a little girl who just wanted to go, even when others tried to stop her. Jennifer Keelan was determined to make a change--even if she was just a kid. She never thought her wheelchair could slow her down, but the way the world around her was built made it hard to do even simple things. Like going to school, or eating at the cafeteria. Jennifer knew that everyone deserves a voice! Then the Americans with Disabilities Act, a law that would make public spaces much more accessible to people with disabilities, was proposed to Congress. And to make sureit passed, Jennifer went to the steps of the Capitol building in Washington DC to convince them. And, without her wheelchair, she climbed. ALL THE WAY TO THE TOP!

Marines in World War 2 Commemorative Series. Discusses how women Marines served in noncombat billets during World War 2. The title "Free a Marine to Fight" means that women Marines served in noncombat jobs so that male Marines could fight in battles. The Marines first began to recruit women after the Guadalcanal campaign in 1942. The States that 17,672 women were serving in the Marine Corps Women's Reserve in June 1945. Illustrated with many black and white photographs.

This Illustrated Guide for Couples Ends 12 Hurtful Arguments Once and for All! Conflict within relationships is complex and challenging to overcome. In her 20 years of working with couples, clinical psychologist Michelle Brody found a way to make change simpler. Her secret: clear and lighthearted illustrations that help couples literally see what’s driving their battles and blocking their bond, so they can chart a course together to stop the fights. The Money Fight “You’re such a cheapskate!” “You spend way too much!” The Sex Fight “Not tonight. I’m not in the mood.” “You haven’t been in the mood since 1975!” The Parenting Differences Fight “You’re too overprotective!” “Is skydiving next?!” Stop the Fight! includes more than 300 illustrations to help couples unlock the destructive cycles that drive the birthday fight, the difficult relatives fight, and other familiar battles. Going beyond common relationship advice, the tools in Stop the Fight! will help you understand the big picture and create lifelong change.

Argues that the Obama administration has used the economic crises to move away from free enterprise and offers a way back via sound public policy.

How do we create a universe of truthful and verifiable information, available to everyone? In The New Enlightenment and the Fight to Free Knowledge, MIT Open Learning’s Peter B. Kaufman describes the powerful forces that have purposely crippled our efforts to share knowledge widely and freely. Popes and their inquisitors, emperors and their hangmen, commissars and their secret police—throughout history, all have sought to stanch the free flow of information. Kaufman writes of times when the Bible could not be translated—you’d be burned for trying; when dictionaries and encyclopedias were forbidden; when literature and science and history books were trashed and pulped—sometimes along with their authors; and when efforts to develop public television and radio networks were quashed by private industry. In the 21st century, the enemies of free thought have taken on new and different guises—giant corporate behemoths, sprawling national security agencies, gutted regulatory commissions. Bereft of any real moral compass or sense of social responsibility, their work to surveil and control us are no less nefarious than their 16th- and 18th- and 20th- century predecessors. They are all part of what Kaufman calls the Monsterverse. The New Enlightenment and the Fight to Free Knowledge maps out the opportunities to mobilize for the fight ahead of us. With the Internet and other means of media production and distribution—video especially—at hand, knowledge institutions like universities, libraries, museums, and archives have a special responsibility now to counter misinformation, disinformation, and fake news—and especially efforts to control the free flow of information. A film and video producer and former book publisher, Kaufman begins to draft a new social contract for our networked video age. He draws his inspiration from those who fought tooth and nail against earlier incarnations of the Monsterverse—including William Tyndale in the 16th century; Denis Diderot in the 18th; untold numbers of Soviet and Central and East European dissidents in the 20th—many of whom paid the ultimate price. Their successors? Advocates of free knowledge like Aaron Swartz, of free software like Richard Stallman, of an enlightened public television and radio network like James Killian, of a freer Internet like Tim Berners-Lee, of fuller rights and freedoms like Edward Snowden. All have been striving to secure for us a better world, marked by the right balance between state, society, and private gain. The concluding section of the book, its largest piece, builds on their work, drawing up a progressive agenda for how today’s free thinkers can band together now to fight and win. With everything shut and everyone going online, The New Enlightenment and the Fight to Free Knowledge is a rousing call to action that expands the definition of what it means to be a citizen in the 21st century.

Free City! The Fight for San Francisco’s City College and Education for All tells the story of the five years of organizing that turned a seemingly hopeless defensive fight into a victory for the most progressive free college measure in the US. In 2012, the accreditor sanctioned City College of San Francisco, one of the biggest and best community colleges in the country, and a year later proposed terminating its accreditation, leading to a state takeover. Free City! follows the multipronged strategies of the campaign and the diverse characters that carried them out. Teachers, students, labor unions, community groups, public officials, and concerned individuals saved a treasured public institution as San Francisco’s working-class communities of color battled the gentrification that was forcing them out of the city. And they pushed back against the national “reform” agenda of corporate workforce training that drives students towards debt and sidelines lifelong learning and community service programs. Combining analysis with narrative, Free City! offers a case study in the power of positive vision and solution-oriented organizing and a reflection on what education can and should be.

6 MILLION READS ONLINE! FIGHTING TO BE FREE All his life, people have told Jamie Cole that he was born bad. Maybe it’s true, maybe it’s not. But that doesn't matter now. Because after a lifetime of demons, Jamie has finally found an angel. Ellie Pearce learned the hard way that boys can’t be trusted. But the night she meets Jamie, something shifts. He’s different: brooding, a bit dark, determined to change. The connection they share is intense, compelling. Ellie tries to resist, but with each breathtaking kiss, she can’t help falling deeper. Things between Ellie and Jamie are perfect-and perfection can’t last. When fate goes horribly wrong, Jamie’s only hope of saving his family is to strike a deal with the devil. Most of all, Jamie wants to prove he’s the person Ellie believes him to be. But if she learns just how much he’s been hiding, Ellie won’t be able to believe anything Jamie has ever told her . . . Fight Club: A Novel

It’s time to fight back! This is the true story of one man’s continuing fight for a world free of religious persecution. Majed El Shafie was arrested, tortured, and sentenced to die after he converted from Islam to Christianity. His dramatic story, and those of others worldwide who are suffering persecution, are told in shocking, yet sensitive detail. Especially startling is the true story of rescuing a very young Pakistani girl who experienced horrific sexual abuse—because her family would not convert to Islam. Although hard to imagine and even harder to accept, this important truth about religious persecution is blatantly exposed. Millions of families are praying for help. They are suffering daily in China, Iran, Iraq, Egypt, and many other countries—solely because of their beliefs. Freedom Fighter is Reverend El Shafie’s outreach—it follows his heroic work over a four-year period as he traveled to Pakistan and Afghanistan to investigate claims of abuse, persecution, and slavery and to speak truth to governments that neglect and violate the human rights of their citizens. This fight involves all believers—please help.

When Hector Ruiz joined AMD, quickly ascending to the CEO’s suite, he took the helm of a dynamic company that was nonetheless struggling against perceptions that it could not contend with Intel, the Goliath of the microchip industry. Though AMD’s technology, products, and pricing were keeping pace with or outstripping Intel’s, the market wasn’t responding. Why? Ruiz found deals unaccountably collapsing, his executives stonewalled by business partners, and promising innovations thwarted. As Intel made it almost impossible for its customers to use competitors’ chips, rumors floated that the only reason Intel “allowed” AMD to exist was to stave off antitrust investigations by the Federal Trade Commission. As government investigations began to reveal the truth about Intel’s predatory business practices, Ruiz realized that AMD’s only option was to become David to Intel’s Goliath. Recruiting a team of renowned strategists and industry leaders, Ruiz developed tactics based on superior technology and innovative alliances. And when he finally made the decision to file a historic lawsuit against Intel, the battle between the two rivals escalated, enveloping the entire personal computer industry and bringing to a head a conflict that had been building for more than a decade.

This unprecedented inside account of the microchip industry at war offers lessons to all readers interested in the thrust and parry of the high-technology sector—or who face daunting competitive challenges of their own.

After Max and Zoe quarrel over who will sit with Anna at the peanut-free table, they look for a solution that will make everybody happy.

Bear Boy is a true-life coming-of-age story of two bears who inspire one boy to stand up for animals, question authority and discover the power of activism. "This is a book that will encourage you to follow your dreams...I simply couldn't put it down." -Jane Goodall, UN Messenger of Peace "An empowering story of a young man who discovered his words count, his actions count, and he counts...Delightful in umpteen ways." -Ingrid Newkirk, President of PETA "A truly empowering story of compassion, activism, and self-discovery." -Jasmin Singer, author of Always Too Much and Never Enough Justin is a typical teenager, dodging school bullies and waging an endless war with his parents. But when he discovers Ursula and Brutus-two sibling black bears being kept in horrific conditions at a nearby zoo-his life begins to change. He finds a cause that ignites his passion and an animal sanctuary willing to take the bears. But there's a catch: he'll have to cover the quarter-million-dollar cost. Undaunted, Justin takes his seemingly insurmountable quest to an international audience, gaining media attention and support from celebrities. With television cameras rolling, Justin fights to free the bears, and it turns out himself. Justin Barker's surprising and moving YA memoir offers the optimism of the 1990s while exploring timely issues of activism, animal rights, and LGBTQ identity with tenderness, unblinking honesty, and heart. Additional Praise for Bear Boy: "In this compelling, honest, and moving story, Justin Barker proves that one kid can make a big difference. Old and young, rich and poor, black and white, LGBTQ and straight-we all have the power to change the lives of animals for the better."-Sy Montgomery, NYT bestselling author, The Soul of an Octopus "Justin sets an example for what a motivated young person can do to impact their community and the world. Written with honesty and humor, it's fun to tag along as Justin fights his long battle to save Brutus and Ursula. We need more stories like this." -Jamie Margolin, cofounder, Zero Hour; author, Youth to Power

Two veteran martial arts instructors and a renowned comic book illustrator deliver the ultimate course in self-defense More than three million Americans are involved in a violent physical encounter every year. In these situations, knowledge is power, and few teachers are better equipped to deliver that knowledge than Lawrence Kane and Kris Wilder. Veteran martial arts instructors and masters in their field, Kane and Wilder have teamed up with DC Comics artist Matt Haley to produce a step-by-step guide revealing the secrets of surviving-and preventing-violent encounters. The defense begins by scanning the environment for dangerous situations and using verbal de-escalation to defuse tense situations. If a fight is unavoidable, the authors offer clear guidance for being the victor, along with advice on legal implications, including how to handle a police interview after the attack.

New York Times Bestseller Now with new text from McMaster addressing the January 2021 assault on the U.S. Capitol and recommending how citizens across the free world can work together to restore confidence in democratic institutions and processes From Lt. General H.R. McMaster, U.S. Army, ret., the former National Security Advisor and author of the bestselling classic Dereliction of Duty, comes a bold and provocative re-examination of the most critical foreign policy and national security challenges that face the United States, and an urgent call to compete to preserve America’s standing and security. Across multiple administrations since the end of the Cold War, American foreign policy has been misconceived, inconsistent, and poorly implemented. As a result, America and the free world have fallen behind rivals in power and influence. Meanwhile threats to security, freedom, and prosperity, such as nuclear proliferation and jihadist terrorism have grown. In BATTLEGROUNDS, H.R. McMaster describes efforts to reassess and fundamentally shift policies while he was National Security Advisor. And he provides a clear pathway forward to improve strategic competence and prevail in complex competitions against our adversaries. Battlegrounds is a groundbreaking reassessment of America’s place in the world, drawing from McMaster’s long engagement with these issues, including 34 years of service in the U.S. Army with multiple tours of duty in battlegrounds overseas and his 13 months as National Security Advisor in the Trump White House. It is also a powerful call for Americans and citizens of the free world to transcend the vitriol of partisan political discourse, better educate themselves about the most significant challenges to national and international security and work together to secure peace and prosperity for future generations.

Guyana's Child Fighting To Be Free is a unique collection of poems which tell the stories of Guyanese children. While the stories reflect cultural, historical and socialization concerns; they are exciting and thrilling to read. The author has captured the reflections in riveting ways. The collection of poems is inspirational, motivational and delightful. They will definitely appeal to your emotions and make you reflect critically about the experiences of Guyanese children from colonization to independence. Within the collection of poems you will experience the author’s personalized struggles and victories in the words of poems such as 'You Held Me Down’.

Author and pastor Craig Groeschel helps you uncover who you really are—a man created in the image of God with a warrior’s heart—and how to fight the good fight for what’s right. You will find the strength to fight the battles you know you need to fight—the ones that determine the state of your heart, the quality of your marriage, and the spiritual health of your family. Craig will also look at examples from the Bible, including our good buddy Samson. Yep, the dude with the rippling biceps and hippie hair and a thing for Delilah. You may be surprised how much we have in common with this guy. By looking at his life, you'll learn how to defeat the demons that make strong men weak. You'll become who God made you to be: A man who knows how to fight for what’s right. And don’t you dare show up for this fight unarmed. Learn how to fight with faith, with prayer, and with the Word of God It’s time to fight like a man. For God’s Sake, FIGHT.

The New Enlightenment and the Fight to Free Knowledge

A user's guide to understanding contemporary free speech issues in the United States Americans today are confronted by a barrage of questions relating to their free speech freedoms. What are libel laws, and do they need to be changed to stop the press from lying? Does Colin Kaepernick have the right to take a knee? Can Saturday Night Live be punished for parody? While citizens are grappling with these questions, they generally have nowhere to turn to learn about the extent of their First Amendment rights. The Fight for Free Speech answers this call with an accessible, engaging user's guide to free speech. Media lawyer Ian Rosenberg distills the spectrum of free speech law down to ten critical issues. Each chapter in this book focuses on a contemporary free speech question—from student walkouts for gun safety to Samantha Bee's expletives, from Nazis marching in Charlottesville to the muting of adult film star Stormy Daniels— and then identifies, unpacks, and explains the key Supreme Court case that provides the answers. Together these fascinating stories create a practical framework for understanding where our free speech protections originated and how they can develop in the future. As people on all sides of the political spectrum are demanding their right to speak and be heard, The Fight for Free Speech is a handbook for combating authoritarianism, protecting our democracy, and bringing an understanding of free speech law to all.

Fighting to Be FreeForever

"Required Reading" Marine Corps Professional Reading Program Bluejacket Paperback Book Series In this riveting insider's chronicle, legendary Marine General "Brute" Krulak submits an unprecedented examination of U.S. Marines--their fights on the battlefield and off, their extraordinary esprit de corps. Deftly blending history with autobiography, action with analysis, and separating fact from fable, General Krulak touches the very essence of the Corps: what it means to be a Marine and the reason behind its consistently outstanding performance and reputation. Krulak also addresses the most basic but challenging question of all about the Corps: how does it manage to survive--even to flourish--despite overwhelming political odds and, as the general writes, "an extraordinary propensity for shooting itself in the foot?" To answer this question Krulak examines the foundation on which the Corps is built, a system of intense loyalty to God, to country, and to other Marines. He also takes a close look at Marines in war, offering challenging accounts of their experiences in World War II, Korea, and Vietnam. In addition, he describes the Corps's relationship to other services, especially during the unification battles following World War II, and offers new insights into the decision-making process in times of crisis. First published in hardcover in 1984, this book has remained popular ever since with Marines of every rank.

Discusses about kicking techniques. This book contains about 30 separate kicking variations.

Eight gospel-centered strategies for overcoming the lure of pornography and finally breaking free. This book is not about pornography. You won't find graphic depictions about the porn industry, the catastrophic effects it has on individuals and relationships, or how to think differently about porn. If you're reading this book, you probably have some understanding of those things already—the last thing you need is to be subjected to that kind of detail...again. Finally Free is about hope. It's about discovering the freeing power available to those who trust in Jesus Christ, who can, will, and does set people free from the power of pornography. Dr. Heath Lambert, a leader in the biblical counseling movement, has organized this book around eight clear and practical tactics you can wield to make it easier to flee lust and temptation and shelter in the protection of God's grace. Each chapter: Clearly demonstrates how the gospel applies to the fight against sexual temptation. Lays out relevant methods for leaning on Christ's strength—both in advance of and in moments of temptation. Explains how Jesus can move readers from a life of struggle to a life of purity. If you've struggled personally against the powerful draw of pornography, or if you've ever tried to help someone fighting this battle, you know how hard it is to break its bonds. But there is good news: no matter how intense or long-standing the struggle, Jesus Christ has the power to free people from the enslaving power of pornography. The Gospel has a power that works practically in the lives of those who seek to imitate Christ—and you can learn how to live into that power.

In this original novel based on the hit Netflix TV show, Zoe and Jade's friendship is put to the test when they compete for a spot in a high-profile riding clinic. Includes an eigh-page photo insert!

Offers an account of the first great human rights crusade, which originated in England in the 1780s and resulted in the freeing of hundreds of thousands of slaves around the world.

Truth is being destroyed, free speech criminalized, the dollar fast becoming worthless. Ideologues at the helm of Big Tech, Big Media, and Big Business are set on the destruction of capitalism and democracy. Powerful federal agencies are no longer protectors of the people, but their primary adversary. Not since the Civil War has our nation been so divided, bringing us to the edge of national suicide. And our enemies—China being chief among them—see our weakness. If we falter, they will act. Not since World War II have we faced an adversary so determined to achieve global dominance. At this moment, they are perfecting an arsenal of weapons to use against us: Quantum computing. Artificial intelligence. Hypersonic missiles. Bio-warfare. These are threats we must defeat. But before we are able to do that, we must protect ourselves from the enemy within. Many of our forefathers had to fight a Great War to save their freedom. It falls upon this generation to fight two. But we must not lose hope. There is a way to save our nation.

Freedom Fighter

After the 1969 season, the St. Louis Cardinals traded their star center fielder, Curt Flood, to the Philadelphia Phillies, setting off a chain of events that would change professional sports forever. At the time there were no free agents, no no-trade clauses. When a player was traded, he had to report to his new team or retire. Unwilling to leave St. Louis and influenced by the civil rights movement, Flood chose to sue Major League Baseball for his freedom. His case reached the Supreme Court, where Flood ultimately lost. But by challenging the system, he created an atmosphere in which, just three years later, free agency became a reality. Flood’s decision cost him his career, but as this dramatic chronicle makes clear, his influence on sports history puts him in a league with Jackie Robinson and Muhammad Ali.

A vital and timely proposal for a feminist post-work politics Would you let a robot clean your house? When we think about work, we still tend to think about workplaces - if we think about reducing work, we think about reducing working hours and spending more time at home. But the home has never been free from work, and with the continued gendered division of labour, women still do the bulk of domestic activities. As two-income families find themselves ever more time-poor, many look to outsource to cleaners, nannies, and care workers. More and more, it would seem, people are finding themselves without either the emotional or the financial resources to take care of themselves and each other. The home, rather than an escape from the work and its pressures, is in fact an extension of it. After Work is a crucial corrective to this trend, extending its attention beyond paid jobs, to the impact of domestic work upon familial relationships, social bonds, and our very conceptions of domestic space. What if we automated housework? In this groundbreaking work, Helen Hester and Nick Srnicek argue that there is a crisis that can and should be tackled. Only by rethinking the way we organise our living arrangements, redefining our domestic standards and remaining open to the automation of work done in the home, they argue, can we imagine a world that is truly post-work.

A much-neglected source of first-hand views on the Battle of the Little Bighorn is presented in this third and final volume of Indian testimony collected by award-winning author Richard G. Hardorff. Like its companion volumes, Lakota Recollections and Cheyenne Memories, Indian Views offers thirty-five interviews and statements from Indians who were eyewitnesses to the battle. Here is the story of the battle as told through the observations of twenty-nine Sioux and nine Cheyennes, from the point at which the soldiers were first detected on their march toward the Indian settlement, to the bitter end, as the Indians packed up and moved their camps. Interviews, narratives, and statements by Crazy Horse, Crow King, Two Moons, and Turning Hawk are only a few of the accounts given, extracted from letters, newspaper stories, Army reports, and manuscripts. The prologue and epilogue contain the impressions of three Seventh Cavalry soldiers, while the appendix presents Walter M. Camp's analytical conclusions of General Terry's order to Custer. Their combined efforts resulted in a valuable contribution to the historiography of one of the most dramatic and controversial episodes in our military history.

Extensive notes provide in-depth analysis of sometimes conflicting statements regarding soldiers’ identities, based on their clothing, positioning, and Indian accounts. Detailed background on the combatants is given as well as commentary on the number of Indian casualties in the fight. The eight maps which accompany these accounts illustrate the positions of fighters throughout the battle. This collection of primary source material, originally obtained by Army personnel, newspaper correspondents, anthropologists, and historians, is a must for any scholar of the Battle of the Little Bighorn and an important addition to the literature leading to a better perspective of the events of the summer of 1876.

After causing a family commotion when they fight with each other, the Berenstain cubs learn that sometimes even the best of friends don't get along.

All the Way to the Top

A vividly told tale of a forgotten American hero—an impassioned newsman who fought for the right to speak out against slavery. The history of the fight for free press has never been more vital in our own time, when journalists are targeted as “enemies of the people.” In this bnrrilliant and rigorously researched history, award-winning journalist and author Ken Ellingwood animates the life and times of abolitionist newspaper editor Elijah Lovejoy. First to Fall illuminates this flawed yet heroic figure who made the ultimate sacrifice while fighting for free press rights in a time when the First Amendment offered little protection for those who dared to critique America’s “peculiar institution.” Culminating in Lovejoy’s dramatic clashes with the pro-slavery mob in Alton, Illinois—who were torching printing press after printing press—First to Fall will bring Lovejoy, his supporters and his enemies to life during the raucous 1830s at the edge of slave country. It was a bloody period of innovation, conflict, violent politics, and painful soul-searching over pivotal issues of morality and justice. In the tradition of books like The Arc of Justice, First to Fall elevates a compelling, socially urgent narrative that has never received the attention it deserves. The book will aim to do no less than rescue Lovejoy from the footnotes of history and restore him as a martyr whose death was not only a catalyst for widespread abolitionist action, but also inaugurated the movement toward the free press protections we cherish so dearly today.

From John Della Volpe, the director of polling at the Harvard Institute of Politics, Fight is an exploration of Gen Z, the issues that matter most to them, and how they will shape the future. 9/11. The war on terror. Hurricane Katrina. The 2008 financial crisis. The housing crisis. The opioid epidemic. Mass school shootings. Global warming. The Trump presidency. COVID-19. Since they were born, Generation Z (also known as "zoomers")—those born from the late 1990s to early 2000s—have been faced with an onslaught of turmoil, destruction and instability unprecedented in modern history. And it shows: they are more stressed, anxious, and depressed than previous generations, a phenomenon John Della Volpe has documented heavily through decades of meeting with groups of young Americans across the country. But Gen Z has not buckled under this tremendous weight. On the contrary, they have organized around issues from gun control to racial and environmental justice to economic equity, becoming more politically engaged than their elders, and showing a unique willingness to disrupt the status quo. In Fight: How Gen Z Is Channeling Their Passion and Fear to Save America, Della Volpe draws on his vast experience to show the largest forces shaping zoomers' lives, the issues they care most about, and how they are—despite older Americans' efforts to label Gen Z as overly sensitive, lazy, and entitled—rising to the unprecedented challenges of their time to take control of their country and our future.

Today's pornography stimulates the brain like other addictive drugs and is hooking a generation. No one is immune—men, women, young, or old—to the destructive power of porn. It is waging war against a walk with Christ, a godly marriage (or future marriage), and is sidelining God's people from Kingdom service. This book shows a path to true, lasting freedom with a biblical, clinical, and gospel-centered approach to recovery. You will learn the six roots of porn addiction and how to effectively address them. Before God's truth sets us free, it changes us. And because it changes us, the freedom lasts. Whether you need to quit porn yourself or you want to be equipped to help others, this book is for you. What if addressing a great threat to the Church is also a great opportunity for revival and growth? We are seeing it happen, and if you apply the principles in this book, you can see it happen, too. In The Freedom Fight, you will learn ... why a tsunami of addiction is coming and what we can do about it. the brutal impact of pornography on marriages, spiritual lives and churches. how to stop watching porn for good. how porn impacts the brain and how to renew your mind. why quitting porn is so hard and the keys to make it happen. the six roots of a porn addiction and how to effectively address each one. a tool to help you resist temptation and build new brain pathways.

The first rule about fight club is you don't talk about fight club. Chuck Palahniuk showed himself to be his generation's most visionary satirist in this, his first book. Fight Club's estranged narrator leaves his lackluster job when he comes under the thrall of Tyler Durden, an enigmatic young man who holds secret after-hours boxing matches in the basements of bars. There, two men fight "as long as they have to." This is a gloriously original work that exposes the darkness at the core of our modern world.
