

First Encyclopedia Of History (Usborne First Encyclopedias)

Provides information on astronomy, including telescopes, space travel, and the solar system.

This new edition introduces young readers to the wonders of the past. Filled with historical information, from the first people, farmers, cities and civilisations all the way to the World Wars and the modern day, this text answers such questions as 'what were the pyramids for?' and 'who lived in the Forbidden City?'

With an easy-to-read text, this book provides an ideal introduction to history for young children. Intended for school projects it offers links to Internet sites which explore in more detail the topics covered.

Covers world history from the beginning of the universe to 2000, and provides information about major civilizations, rulers and other historical figures, important events, scientific and technical advances, and other details.

The Usborne Science Encyclopedia

The Usborne First Encyclopedia of Seas and Oceans

Encyclopedia of World History

Children's Encyclopedia

An introductory encyclopedia with vivid, imaginative pictures that will encourage children to look at it again and again. Separated into basic themes such as space, your body, dinosaurs, diggers and trucks, wild animals, insects, things that go and the weather. Each illustration is packed with detail and simple descriptive text to introduce children to each subject. At the back of the book is a section on things to spot throughout the book, so children can have fun trying to find these things with an adult.

A book that contains descriptions of websites you can visit to take you further into the subject in an entertaining and informative way, however you do not have to have a computer to use this book. This encyclopedia works on its own as an outstanding reference book without using the Internet at all.

Introduces major topics in the sciences, and suggests related activities.

An interactive touch and feel book for babies that inspires hands-on learning, with the help of the few bamboo chewing pandas Baby Touch and Feel: Panda is an interactive and fun way to help your child about shapes, textures, and one of nature's most happy and delightful animals - the Panda. Bold, bright, and sometimes black and white, pictures and colorful illustrations will be more than enough to keep your baby's attention. This adorable picture book is a perfect first book for preschoolers and makes for an ideal baby gift. Not too big and not too small, this sturdy, padded sensory book is just the right size for little hands to hold. No need for Mom and Dad to turn the pages! Babies and toddlers can turn the tough board book pages themselves, which helps to develop their fine motor skills while building an early language foundation. This charming board book for babies includes:

- An amazing range of different textures to explore
- Clearly labeled pictures and a simple, easy to follow design
- Easy to read text to encourage early vocabulary building
- A texture or eye-catching area on every page
- Rounded edges and chunky pages, protecting babies and their growing teeth

Learning to read should always be this fun. Kids will get hours of play from this sturdy board book for babies and toddlers, from making the noises and reading the names to feeling the different textures. Packed full of shiny objects and some bumps and grooves, this educational book will engage small children and stimulate early childhood development in different ways. This touchy feely book, with its strong, baby-safe jacket, makes for an ideal baby gift. Complete the Series This delightful book is part of the Baby Touch and Feel range of board books for babies and toddlers from DK Books and includes titles like Baby Touch and Feel Animals, Baby Touch and Feel Bedtime, Baby Touch and Feel Colors and Shapes, and more for your little one to enjoy!
