

## First Major: The Inside Story Of The 2016 Ryder Cup

*Since its final episode aired in 2008, HBO's acclaimed crime drama The Wire has only become more popular and influential. The issues it tackled, from the failures of the drug war and criminal justice system to systemic bias in law enforcement and other social institutions, have become more urgent and central to the national conversation. The show's actors, such as Idris Elba, Dominic West, and Michael B. Jordan, have gone on to become major stars. Its creators and writers, including David Simon and Richard Price, have developed dedicated cult followings of their own. Universities use the show to teach everything from film theory to criminal justice to sociology. Politicians and activists reference it when discussing policy. When critics compile lists of the Greatest TV Shows of All Time, The Wire routinely appears near or at the top. But while there has been a great deal of critical analysis of the show and its themes, until now there has never been a definitive, behind-the-scenes take on how it came to be made. With unparalleled access to all the key actors and writers involved in its creation, Jonathan Abrams tells the astonishing, compelling, and complete account of The Wire, from its inception and creation through its end and powerful legacy.*

*In his 20 year affiliation with Jim Henson's Muppets Joseph A. Bailey was a staff writer on both Sesame Street and The Muppet Show. He also co-wrote the television specials Big Bird in China, Christmas Eve on Sesame Street and Rocky Mountain Holiday, starring John Denver and the Muppets on location in Aspen, Colorado. Additionally, Mr. Bailey wrote Sesame Street song lyrics, albums, five 90-minute Sesame Street Live! musicals, Muppet Business Meeting Films and special material for Big Bird's appearances in the White House and Carnegie Hall. The Muppet Show guest stars he wrote for include George Burns, Bob Hope, Steve Martin, Rudolf Nureyev, John Cleese, Milton Berle and Peter Sellers. For his writing, Mr. Bailey has garnered 5 Emmys, 3 Emmy nominations, a Writers Guild of America Award and a George Foster Peabody Award. Mr. Bailey lives in Manhattan with his wife, Gail. He indulges in occasional long-distance motorcycle trips and claims to speak French and play piano to the equal amusement of others. The Demon Inside is the second book in Peter Oxley's Infernal Aether Series, a dark gothic fantasy set in Victorian London described as "fantasy at its best," "epic" and "no holds barred." If you like electrifying action, rich characters and demons galore, then you'll love The Demon Inside. The first in-depth look at the multibillion-dollar company Alibaba.com—known to many as "China's eBay"—and the inspirational story*

*behind the man who created it. A bestseller in China and now translated into English and updated with recent events, Alibaba by Liu Shiyong and Martha Avery tells the remarkable story behind the Internet phenomenon Alibaba.com and its founder Jack Ma, a man Barron's named one of the World's Top 30 CEOs in 2008. Ma's rise to prominence presents a riveting story: Despite growing up in China during the Cultural Revolution—in a period of total state control of the economy—he developed the keen entrepreneurial instincts that propelled him to billionaire status and enabled him to build a company outside the usual government channels. These instincts and habits incorporated martial arts training and allowed him to recognize, early on, that the Internet could leverage his company to rapid growth and also transform the way business is done around the world. Alibaba.com, where businesses can buy and sell everything from air beds to zippers, started with a modest initial investment of \$60,000 and has grown exponentially since its founding in 1999 to become the world's biggest business-to-business Web site. In 2007 it became the second largest IPO in history (after Google), and Fast Company has named it one of the world's most innovative companies. As a result, smart investors and technology insiders will be keeping a close eye on Alibaba for years to come. Whether you're seeking to understand China's meteoric rise, or just searching for the*

In this book we look at the history of the South African Nuclear Weapons Program, long denied but always winked about, an open secret to many although the details were always vague with rumours of Israeli assistance in designing the bombs. In fact, the Israeli input was negligible as the South African nuclear weapons worked in an entirely unique way, yielding about what the Hiroshima bomb did and considered "sufficient" as a deterrent against a Soviet Union originated and supported conventional attack. This attack almost came to be in 1988 - 1989 via Angola into what was then South West Africa and today Namibia. Masses of conventional forces were gathered, and plans were made - in history the same as the attack on South Vietnam by North Vietnamese Forces the decade before. History always repeats itself. A brilliant South African "Maskirovka" from the Chief of Staff in Pretoria stopped the planned invasion as well as the very public mobilising order of 400,000 men from the Army Reserves. South Africa also had the means to deliver nuclear bombs accurately, all discussed in this book and may even have done so,

although, we don't know. It is one of the big "ifs" in history. As said, the invasion never took place and in no small way due to the Battle of Cuito Cuanavale which is often written about in GMJ Books. It was the largest tank battle in Africa since the Second World War and South African Forces won hands down. It is beyond maddening to the author that no Western "Expert" today knows that in 1978, South Africa produced working nuclear weapons. They either don't know, forgot history, or are incompetent, or more probably, both. Just before Mr. Mandela took office as the newly democratically elected president, the atomic devices were handed over to the US Government for dismantling. That act was until now the only time in the world where a country willingly got rid of its nuclear arsenal. Everyone applauded. Yet, the means to manufacture such weapons did not disappear with the weapons, something no one in the West realises. If a place like Iran wants a nuclear weapon, they merely need to ask the South Africans that have the know-how and proven capability to produce them in record time. It is old technology. In Code Name Angel we deal with nuclear weapons and the risk of such weapons in the hands of terrorists using them against the West. You should not doubt that terrorists will use nuclear devices if they have them - they stated their intentions to do so many times in the past. The normal rules of MAD, retaliation, do not apply to them. There is no reason to doubt that they would flatten a Western city if given the opportunity and such opportunities can be created easily enough as this book explains. Description: Spymaster extraordinaire, Angelique Dawson and her team must recover lost or roguery manufactured South African nukes on their way to Iran or Al-Qaeda or both for all we know. The warheads are escorted by Zimbabwean Intelligence operatives in cahoots with Iranian Intelligence. This was one of the first major Egg Breaker operations that never made the newspapers and took place mostly in southern Mozambique, the chosen exfiltration point for the

weapons. Major Geoffrey Foxtrot, under command of his handler, Angelique Dawson, later his wife and soul, tracks the weapons down in a combined operation with Mossad Agents but that is only the first step. Disarming the devices is another story as Angelique insists on doing so herself, plus the Zimbabweans are also around to prevent the bombs from being intercepted in the first place. A clash between the two groups is unavoidable. If you wish to read about Covert and Special Forces Operations in sub-Saharan Africa, the GMJ Books are the place to start. You will learn about covert operations, Special Forces techniques, and military history not known outside the select few. Code Name Angel is the 7th book of the popular GMJ Series.

Even though Leo Fender never learned how to play a guitar, he was the first to make the electric solidbody guitar a commercial success. Despite his low-key style and conservative roots, his radical designs for guitars and amplifiers altered popular music forever. Much has been published about the Fender Electric Instrument Co., but Leo always wanted its story to be told "just the way it happened." Now, Forrest White, his friend and only general manager, offers a behind-the-scenes look at this company. In his down-to-earth style, White traces the company's entire history, from Leo's beginnings as a radio repairman up to the eventual sale of Fender to CBS and beyond. In between are stories about the development of the Telecaster, Precision Bass and Stratocaster, as well as insights into Leo Fender's unique personality. Fender: The Inside Story is packed with more than 100 historic photos and illustrations; instrument diagrams and specifications; and anecdotes about artists such as Merle Travis, Bob Wills, Speedy West, and Tex Ritter. Here is the book that sets the record straight and dispels the myths about the Fender Electric Instrument Co., a company that forever changed the look, sound, and personality of American music.

THE LIBRARY OF CONTEMPORARY THOUGHT "The Masters elevated Tiger Woods to a level of fame that perhaps no athlete outside of Muhammed Ali had ever achieved. People who knew absolutely nothing about golf, cared not at all about the sport, stopped to watch Tiger play. . . He signed endorsement contracts for staggering amounts of money. He blew off the president of the United States and Rachel Robinson, the widow of the century's most important athlete--and made no apologies for it. He didn't have to. He was Tiger. They weren't." --from The First Coming

The True Story of Andersonville Prison

**In a resort town turned internment camp, a female prisoner is brutally murdered  
Before the war, the hotels of Vittel hosted the wealthiest members of French society.  
Now, in the winter of 1943, two of France's most luxurious resorts have been  
converted into an internment camp for British and American women who failed to  
escape the country when the German army stormed across the border. For two  
years, the prisoners have lived quietly, surviving on Red Cross aid packages, but**

**now they are beginning to die. An American woman is found stabbed through the heart with a pitchfork. By the time inspectors Jean-Louis St-Cyr and Hermann Kohler arrive from Paris, rigor mortis and the February frost have frozen her solid. In her pockets are Cracker Jacks and Hershey bars--bribes intended for one of the guards. To bring justice to Vittel, St-Cyr and Kohler will have to unravel the conspiracy that is at the heart of this luxurious, elegant hell.**

**Based on dozens of shocking interviews with some of the most influential names in sports, this is the urgent and revelatory examination of racial inequality in professional athletics America has been waiting for Commentators, coaches, and fans alike have long touted the diverse rosters of leagues like the NFL and MLB as sterling examples of a post-racial America. Yet decades after Tommie Smith and John Carlos raised their fists in a display of Black power and pride, and years after Colin Kaepernick shocked the world by kneeling for the national anthem, the role black athletes and coaches are asked to perform--both on and off the field--still can be determined as much by stereotype and old-fashion ideology as ability and performance. Whether it's the pre-game moments of resistance, the lack of diversity among coaching and managerial staff, or the consistent undervaluation of black quarterbacks, racial politics impact every aspect of every sport being played. Yet, the gigantic salaries and glitzy lifestyles of pro athletes tend to disguise the ugly**

**truths of how minorities are treated and discarded by their white bosses. Promising to finally expose the structural prejudices underpinning this pillar of modern society, John Feinstein has crisscrossed the country to not only get the stories none of us have heard but all of us should know but also constructed those harrowing tales into a larger narrative that will be the definitive book on race and sports for a generation to come. Seventy-five years after Jackie Robinson broke baseball's color line, race is still a central and defining factor of America's professional sports leagues. With an encyclopedic knowledge of professional sports, and shrew cultural criticism, John Feinstein uncovers not just why, but how, pro sports continue to perpetuate racial inequality.**

**This book is a collection of essays about the emergence of routines and, more generally, about getting things organized in firms and in industries in early stages and in transition. These are subjects of the greatest interest to students of entrepreneurship and organizations, as well as to business historians, but the academic literature is thin. The chronological settings of the book's eleven substantive chapters are historical, reaching as far back as the late 1800s right up to the 1990s, but the issues they raise are evergreen and the historical perspective is exploited to advantage. The chapters are organized in three broad groups: examining the emergence of order and routines in initiatives, studying the same**

**subject in ongoing operations, and a third focusing specifically on the phenomena of transition. The topics range from the Book-of-the-Month Club to industrial research at Alcoa, from the evolution of procurement and coordination to project-based industries such as bridge- and dam-building and the governance of defence contracting, and from the development of project performance appraisal at the World Bank to the way the global automobile industry collectively redesigned the internal combustion engine to deal with after the advent of environmental regulation. The chapters are vivid and thought-provoking in themselves and, for pedagogical purposes, offer excellent jumping-off points for discussion of relevant experiences and cognate academic literature.**

**In the NFL, quarterbacks are kings. The right QB becomes the face of a franchise and marches his team-- and millions of fans-- on a glorious winning odyssey. The wrong QB leads his team to losses, infighting, second-guessing, and fan misery. A few become legends. Feinstein takes us inside the rarified world with five men who have achieved the highest levels in the NFL: Andrew Luck, Alex Smith, Joe Flacco, Doug Williams and Ryan Fitzpatrick. From college stardom to the NFL draft, from taking command of the huddle to marching a team down the field with a nation of fans cheering, you'll go inside the locker room and the huddle, the heat of battle, and the press conferences afterward. -- adapted from jacket.**

**America's sportswriter, John Feinstein, goes behind the scenes of golf's most famed event, the U.S. Open. June 2002 was the first time the Open was held at a public course. Golf's biggest names tell why it meant so much to so many. From award-winning Financial Times journalist Gillian Tett, who enraged Wall Street leaders with her news-breaking warnings of a crisis more than a year ahead of the curve, Fool's Gold tells the astonishing unknown story at the heart of the 2008 meltdown. Drawing on exclusive access to J.P. Morgan CEO Jamie Dimon and a tightly bonded team of bankers known on Wall Street as the "Morgan Mafia," as well**

as in-depth interviews with dozens of other key players, including Treasury Secretary Timothy Geithner, Tett brings to life in gripping detail how the Morgan team's bold ideas for a whole new kind of financial alchemy helped to ignite a revolution in banking, and how that revolution escalated wildly out of control. The deeply reported and lively narrative takes readers behind the scenes, to the inner sanctums of elite finance and to the secretive reaches of what came to be known as the "shadow banking" world. The story begins with the intense Morgan brainstorming session in 1994 beside a pool in Boca Raton, where the team cooked up a dazzling new idea for the exotic financial product known as credit derivatives. That idea would rip around the banking world, catapult Morgan to the top of the turbocharged derivatives trade, and fuel an extraordinary banking boom that seemed to have unleashed banks from age-old constraints of risk. But when the Morgan team's derivatives dream collided with the housing boom, and was perverted—through hubris, delusion, and sheer greed—by

titans of banking that included Citigroup, UBS, Deutsche Bank, and the thundering herd at Merrill Lynch—even as J.P. Morgan itself stayed well away from the risky concoctions others were peddling—catastrophe followed. Tett's access to Dimon and the J.P. Morgan leaders who so skillfully steered their bank away from the wild excesses of others sheds invaluable light not only on the untold story of how they engineered their bank's escape from carnage but also on how possible it was for the larger banking world, regulators, and rating agencies to have spotted, and heeded, the terrible risks of a meltdown. A tale of blistering brilliance and willfully blind ambition, Fool's Gold is both a rare journey deep inside the arcane and wildly competitive world of high finance and a vital contribution to understanding how the worst economic crisis since the Great Depression was perpetrated.

Collection of short stories and poems from the hopes , dreams and world view of a 8 yr old girl.

Political satire as deeper truth: Donald Trump's

presidential memoir, as recorded by two world-renowned Trump scholars, and experts on greatness generally "I have the best words, beautiful words, as everybody has been talking and talking about for a long time. Also? The best sentences and, what do you call them, paragraphs. My previous books were great and sold extremely, unbelievably well--even the ones by dishonest, disgusting so-called journalists. But those writers didn't understand Trump, because quite frankly they were major losers. People say if you want it done right you have to do it yourself, even when 'it' is a 'memoir.' So every word of this book was written by me, using a special advanced word processing system during the many, many nights I've been forced to stay alone in the White House--only me, just me, trust me, nobody helped. And it's all 100% true, so true--people are already saying it may be the truest book ever published. Enjoy." Until Donald Trump publishes the ultimate account of his entire four or eight or one-and-a-half years in the White House, the definitive chronicle will be You Can't

**Spell America Without Me: The Really Tremendous Inside Story of My Fantastic First Year As President. Trump was elected because he was the most frank presidential candidate in history, a man eager to tell the unvarnished truth about others' flaws and tout his own amazing excellence. Now he levels his refreshingly compulsive, un-PC candor at his landslide election victory as well as his role as commander-in-chief and leader of the free world. There are intimate, powerful, mind-boggling revelations on every page. You are there with him during his private encounters with world leaders, a few of whom he does not insult. You are there at the genius Oval Office strategy sessions with his advisers. You are there in his White House bedroom as he crafts the pre-dawn Twitter pronouncements that rock the world. And, of course, you are there on the golf course as Trump attempts to manage the burdens of his office. President Trump explains each of the historic decisions that have already made America great again, and how he always triumphs over the fake news media.**

**You'll learn what he really thinks of his cabinet members and top aides not related to him, of the First Lady and the First Daughter and the additional three or four Trump children. Included at no extra charge is a lavish and exclusive portfolio of spectacular, historic and intimate color photographs of President Trump in private – inside the White House, inside Mar-a-Lago, at Trump Tower, and more. You Can't Spell America Without Me is presented by America's foremost Trump scholar Kurt Andersen as well as America's foremost mediocre Trump impersonator, Alec Baldwin. Presents an alphabetically-arranged reference to the history of business and industry in the United States. Includes selected primary source documents.

This book examines ten major political scandals involving the White House in the past 50 years, revealing how the investigative reporters behind the stories uncovered the hidden truths.

Now the inspiration for the CBS Television drama, "The Unit." Delta Force. They are the U.S. Army's most elite top-secret strike force. They dominate the modern battlefield, but you won't hear about their heroics on CNN. No headlines can reveal their top-secret missions, and no book has ever taken readers inside—until now. Here, a founding member of Delta Force takes us behind the veil of secrecy and into the action—to reveal the never-before-told story of 1st Special Forces Operational Detachment-D (Delta Force). He is a master of espionage, trained to take on hijackers, terrorists, hostage takers, and enemy armies. He can deploy by parachute or arrive by commercial aircraft. Survive alone in hostile cities. Speak foreign languages fluently. Strike at enemy targets with stunning swiftness and extraordinary teamwork. He is the ultimate modern warrior: the Delta Force Operator. In this dramatic behind-the-scenes chronicle, Eric Haney, one of the founding members of

Delta Force, takes us inside this legendary counterterrorist unit. Here, for the first time, are details of the grueling selection process—designed to break the strongest of men—that singles out the best of the best: the Delta Force Operator. With heart-stopping immediacy, Haney tells what it's really like to enter a hostage-held airplane. And from his days in Beirut, Haney tells an unforgettable tale of bodyguards and bombs, of a day-to-day life of madness and beauty, and of how he and a teammate are called on to kill two gunmen targeting U.S. Marines at the Beirut airport. As part of the team sent to rescue American hostages in Tehran, Haney offers a first-person description of that failed mission that is a chilling, compelling account of a bold maneuver undone by chance—and a few fatal mistakes. From fighting guerrilla warfare in Honduras to rescuing missionaries in Sudan and leading the way onto the island of Grenada, Eric Haney captures the daring and discipline that distinguish the men of Delta Force. Inside Delta Force brings honor to these singular men while it puts us in the middle of action that is sudden, frightening, and nonstop around the world.

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

**A comprehensive look behind the rise of a new generation of superstar Yankees—now updated with the Yankees’ 100-win 2018 season! Derek Jeter and the “Core Four” have passed the torch to a new generation of Yankees superstars—including Aaron Judge, Gary Sanchez, Luis Severino, and Gleyber Torres—who have powered through the minors to become stars on baseball’s biggest stage. Joined by reigning National League MVP Giancarlo Stanton, this thrilling group is poised to chase championship titles for years to come. The Baby Bombers details the inside-baseball strategy of the Yankees’ pivot to a younger, more exciting roster, the players’ fascinating paths to Yankee Stadium, their memorable 2017 and 2018 playoff runs, their amazing assaults on the record books, and a unified mission to hoist the franchise’s twenty-eighth World Series trophy. Through new, in-depth interviews, veteran reporter Bryan Hoch fleshes out the transition from Jeter to Judge, scoring behind-the-scenes insights from general manager Brian Cashman, former manager Joe Girardi,**

**executives and scouts, members of the current roster, opponents, and Yankees legends of the past. Winning baseball in the Bronx has resumed with postseason hero Aaron Boone in the manager's chair, aiming to steer the franchise to its forty-first World Series appearance. Featuring nearly fifty photographs, The Baby Bombers tracks the rise of today's Yankees from fresh-faced rookies into a group that is destined for pinstriped greatness. "A must-read for anyone who wants to understand who these new Yankees are, and where they are going."—Ken Rosenthal, baseball writer and columnist for The Athletic, and Emmy Award-winning field reporter for MLB Network and FOX Sports**

**One of the most prolific authors in the history of history's most widely read magazine, The Reader's Digest, award winning Roving Editor John G. Hubbell, recalls the adventures and thrills of four exciting decades of writing for an immense worldwide audience. One of the greatest thrills, he says, was hearing the founding Editor-in-Chief, the legendary DeWitt Wallace, instruct him on the day he brought him aboard to go**

wherever he had to go to find the information he needed for a story; "if you have to go to Timbuktu to get a paragraph to make a story right, you don't have to ask anyone's permission. Just be sure that when you bring in a story that it is definitive, that it contains everything that is worth knowing about the subject." Armed with that charge, Hubbell takes his reader where no reporter had gone before: \*Through the Strategic Air Command's survival training program in the Sierra Nevada Mountains. \*Through the training tank at the U.S. Navy's Submarine Training School, a ten-story-high silo filled with a quarter million gallons of water in which hopeful undersea warriors must prove they are not claustrophobic, and learn how to avoid a lung-destroying pulmonary embolism while escaping a downed boat. \*On a realistic orbital flight around the world on NASA's fantastic space flight simulator. \*On an exciting ride on the Navy's first nuclear-powered attack submarine. \*To the discovery of a newly developing U.S. Army group called "Special Forces," which the world will soon come to know as "The Green Berets." \*To the discovery of an until-

**then supersecret six-year-old Navy group called SEALs.\*Through an objectively detailed investigation of the Kennedy Administration's behavior during the Cuban Missile Crisis.\*To southeastern Spain to find the facts when the U.S. loses a hydrogen bomb.\*To the facts about the Johnson Administration's conduct of the Vietnam War.\*To the facts about the alleged "peace" that has obtained in Korea since the end of the Korean War, and about the North Korean seizure of the U.S.S. Pueblo and the Court of Inquiry that followed.\*To the details of the American Prisoner of War Experience in Vietnam, in a work that the Washington Post characterized as "the standard book on the subject."If you were one of the millions who valued DeWitt Wallace's Reader's Digest, you'll love "Writing for Wally."**

**From the #1 New York Times bestselling author of A Good Walk Spoiled, a dramatic chronicle of the bitterly-fought 2016 Ryder Cup pitting a U.S. team out for revenge against the Europeans determined to keep the Cup out of American hands. Coming into 2016, the Americans had lost an astounding six out of the**

**last seven Ryder Cup matches, and tensions were running high for the showdown that took place in October, 2016 in Hazeltine, Minnesota, just days after American legend Arnold Palmer had died. What resulted was one of the most raucous and heated three days in the Cup's long history. Award-winning author John Feinstein takes readers behind the scenes, providing an inside view of the dramatic stories as they unfolded: veteran Phil Mickelson's two-year roller-coaster as he upended the American preparation process and helped assemble a superb team; superstar Rory McIlroy becoming the clear-cut emotional leader of the European team, and his reasons for wanting to beat the US team so badly this time around; the raucous matches between McIlroy and American Patrick Reed - resulting in both incredible golf, and several moments that threatened to come to blows; the return of Tiger Woods not as a player but an assistant captain, and his obsession with helping the US win - which was never the case when he was playing. John Feinstein's classic bestseller, *A Good Walk Spoiled*, set the bar for golf books. Now Feinstein**

**provides his unique take on the Ryder Cup, which has clearly become golf's most intense and emotional event...it's 'first Major.'**

**Structophis is a heartwarming YA adventure from the author of The Book of Deacon, Bypass Gemini, and Free-Wrench. It is based upon a concept and artwork by ProjectENDO. In a small town in Colorado, Markus Spiros was just getting his life on track. By day he worked as a veterinary tech, by night he took classes. His steady little routine was rolling along nicely when his impulsive Uncle Dimitrios threw a wrench in the works. Thanks to an unannounced trip, Markus had to swing by his uncle's bistro to tend to the 'special oven.' When he arrived, he discovered it wasn't the oven that was special, it was the rare and exotic egg that had been incubating inside it. And now it had hatched. Suddenly, Markus found his life had become a good deal more complicated. The creature was a Structophis Gastrignae—a strange creature that was equal parts dragon and oven—and she'd become quite a big girl. Large as a refrigerator and curious as a toddler, the creature**

**he'd dubbed Blodgette would have been a handful in any situation. Markus had bigger problems than figuring out how to take care of her, though. Owning such a rare and special beast was illegal, so should the cops learn of it, Markus would be destined for jail. Worse, there were certain unscrupulous people who would do anything to acquire Blodgette. Now, with the help of his old classmate Gale, Markus must scramble to stay two steps ahead of the authorities and a corrupt CEO, all while being the best 'mommy' he can be to his brand-new pizza dragon.**

**How Investigative Reporters Have Changed the Course of American History**

**The Inside Stories of Modern Political Scandals**

***Since their foundation during the Second World War, the Parachute Regiment has acquired a formidable reputation as tough, fearless soldiers. 'The Red Devils' have played a key role in many of the battles of the past sixty years - the capture of Sicily, the D-Day landing, the heroic but doomed attempt to capture the bridge at Arnhem. In the savage wars of 'peace' since the Second World War, the Paras have seen action all over the world - from Cyprus, Palestine, Egypt, Borneo and the Falklands to Bosnia. For his authoritative book, John Parker has gathered together the testimony of numerous veterans of the Parachute Regiment. Their first-hand accounts of the major events in their history make enthralling reading, bringing home the reality and cruelty of combat.***

***Access inside the changing room and behind the scenes that any journalist or writer would kill for... Perarnau's insights are astonishing' - Graham Hunter 'Write about everything you see. Be as critical as you like' - Pep Guardiola to Martí Perarnau, Summer 2013 Martí Perarnau was given total access to Bayern Munich during season 2013-14. This book represents the first time in the modern era that a writer has got this close to one of the elite teams of world football. At the invitation of Pep Guardiola, he shadowed the Catalan, his staff and his superstar players during training and on matchdays. Bayer smashed domestic records on their way to the double, but were humiliated by Real Madrid in the Champions League semi-final. Perarnau was with them every step of the way. Perarnau is***

***with Guardiola as he is courted by the world's greatest clubs during his sabbatical in New York. We hear Guardiola explain in detail the radical tactical moves which transform Bayern's season and reprogramme the players who will win the World Cup with Germany. Perarnau talks exclusively and in fascinating detail with an array of players, including Arjen Robben, Manuel Neuer, Philipp Lahm, Thiago Alc?ntara and Bastian Schweinsteiger. Pep Confidential is much more than the story of a season - it is also a lasting portrait of one of the greatest coaches in sport.***

***One of the Best Technology Books of 2020—Financial Times “Levy’s all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating.”—San Francisco Chronicle “[Levy’s] evenhanded conclusions are still damning.”—Reason “[He] doesn’t shy from asking the tough questions.”—The Washington Post “Reminds you the HBO show Silicon Valley did not have to reach far for its satire.”—NPR.org The definitive history, packed with untold stories, of one of America’s most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing “fake news” accounts, the handling of its users’ personal data, and growing discontent with the actions of its founder and***

***CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on hundreds of interviews from inside and outside Facebook, Levy’s sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company that has changed the world and reaped the consequences.***

***My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960’s. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his***

*wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the*

Throughout his career, Derrick Parker worked on some of the biggest criminal cases in rap history, from the shooting at Club New York, where Derrick personally escorted Jennifer Lopez to police headquarters, to the first shooting of Tupac Shakur. Always straddling the fence between "po-po" and NYPD outsider, Derrick threatened police tradition to try to get the cases solved. He was the first detective to interview an informant offering a detailed account of Biggie Smalls's murder. He protected one of the only surviving eyewitnesses to the Jam Master Jay murder and knows the identity of the killers as well as the motivation behind the shooting. Notorious C.O.P. reveals hip-hop crimes that never made the paper—like the robbing of Foxy Brown and the first Hot 97 shooting—and answers some lingering questions about murders that have remained unsolved. The book that both the NYPD and the hip-hop community don't want you to read, Notorious C.O.P. is

## File Type PDF First Major: The Inside Story Of The 2016 Ryder Cup

the first insider look at the real links between crime and hip-hop and the inefficiencies that have left some of the most widely publicized murders in entertainment history unsolved.

Recounts the story of how a notorious gang of MIT blackjack savants devised and received backing for a system for winning at the world's most sophisticated casinos, an endeavor that earned them more than three million dollars. Originally published as *Bringing Down the House*. Reissue. (A Columbia Pictures film, written by Peter Steinfeld & Allan Loeb, directed by Robert Luketic, releasing March 2008, starring Kevin Spacey, Kate Bosworth, Laurence Fishburne, Jim Sturgess, & others) (Current Affairs)

From the author of *Raise a Fist*, *Take a Knee* and *A Good Walk Spoiled*, this "must-read" national bestseller takes you inside the dramatic world of the highest-pressure golf tournament in the world (Tampa Tribune). It is the tournament that separates champions from mortals. It is the starting point for the careers of future legends and can be the final stop on the down escalator for fading stars. The annual PGA Tour Qualifying Tournament is one of the most grueling competitions in any sport. Every fall, veterans and talented hopefuls sweat through six rounds of hell at Q school, as the tournament is universally known, to get a shot at the PGA Tour, vying for the 30 slots available. The grim reality: If you don't make it through Q school, you're not on the PGA tour. You're out. And those who make it to the six-day finals are the lucky ones: hundreds more players fail to get through the equally grueling first two stages of the event. John Feinstein tells the story of the players who compete for these coveted positions in the 2005 Q school as only he can. With arresting accounts from the players, established winners, rising stars, the defeated, and the endlessly hopeful, America's
