Embattled former detective Clint Wolf is the newly appointed police chief for Mechant Loup, a small swampy town in southeast Louisiana. Usually a quiet town, the tranquility of the place is shattered when a human arm is found in the jowls of an alligator. Once it's determined the arm belongs to a reputable business owner, the race is on to find the man and figure out what happened to him. Little does Clint know that solving the case could unearth a plot so evil it would go down as the worst event in Louisiana history . . . and he might not live to see it.(NOTE: Originally published on December 6, 2015 by Amber Quill Press, LLC)

Of all the great movements of population to and from the United States, the least heralded is the migration, in the depths of the Depression of the nineteen-thirties, of thousands of men, women and children to Stalin's Russia. Where capitalism had failed them, Communism promised dignity for the working man, racial equality, and honest labour. What in fact awaited them, however, was the most monstrous betrayal. In a remarkable piece of historical investigation that spans seven decades of political change, Tim Tzouliadis follows these thousands from Pittsburgh and Detroit and Los Angeles, as their numbers dwindle on their epic and terrible journey. Through official records, memoirs, newspaper reports and interviews he searches the most closely guarded archive in modern history to reconstruct their story - one of honesty, vitality and idealism brought up against the brutal machinery of repression. His account exposes the self-serving American diplomats who refused their countrymen sanctuary, it analyses international relations and economic causes but also finds space to retrieve individual acts of kindness and self-sacrifice.

There's an unconscious Fae drooling on Len's couch. That's not even the weirdest thing to happen to him this week. Len's been told that not all Fae are scheming, manipulative pricks. A moot point, since this one definitely is—he knows that much from bitter experience. So, when his vampire ex-coworker dumps Albigard of the Unseelie on Len's doorstep, he gives her two hours to find a better hiding place for the Fae fugitive before tossing him straight to the curb with the rest of the garbage. He should have known better, of course. Because if there's one thing Len's learned since being thrown into the deep end of the seedy paranormal underworld, it's that nothing is ever so simple. Now he's on the run from a cataclysmic primal force trying to tear its way into the human realm, stuck with a charismatic bastard who already knows way too much about the inside of Len's messed-up head. Len needs to track down a handbasket ASAP, because things are going straight to hell. In the aftermath of the disastrous battle to close the rip between realms, he's stuck with a Fae who seems convinced that the only way to fix things is to leap directly into the maw of the Wild

Hunt. Len recognizes martyrdom when he sees it, and he's not about to let Albigard of the Unseelie sacrifice himself on the altar of his own guilty conscience. After the events of the past few weeks, it's looking more and more like Len's ghosts may hold the key that can lock the Hunt back inside its box of horrors. But when circumstances trap him alone with Albigard in a dead pocket realm, it becomes increasingly clear that the Fae is every bit as damaged inside as Len is. Before they can stop the Hunt and save the lost souls of their closest friends, they'll have to glue their broken edges together somehow. Only then will Len have a shot at undoing the damage that's already been done. He just has to keep himself—and Albigard—alive long enough to get the chance. -o-o-o-

The Bible tells us again and again that we are children of God, but for many, the idea of "God the Father" is confusing at best and painful at worst. Not Forsaken introduces readers to a God who desperately wants to know them and be the healing, steadfast presence in their life they may be missing. What makes us feel forsaken by God? Is it because we feel broken and unworthy of God's love? Maybe we've suffered deep wounds from those who were supposed to love us unconditionally. Bestselling author and pastor Louie Giglio shines a light on how flawed relationships of our past can ultimately affect how we see God - and ourselves. What do you think of when you think about God? What do you think God thinks about you? The answers to these questions inform everything about who you are and who you are becoming. It is vital we understand this; because if we have a flawed view of God, we'll have a flawed view of our own life story. To live fully and embrace all that God has for us, we must understand who He is, free from the baggage we have accumulated over a lifetime of broken relationships with broken people. You are what God says you are. Beautiful. Valuable. Whole. Within four years, most of them will be arrested alongside untold numbers of other Americans. Some will be executed. Emma is used to things going her way. Her father is headmaster of her prestigious boarding school, and her friends take her advice as gospel, and she's convinced that a relationship with her long-time crush is just around the horizon. As it turns out, Emma hasn't seen anything yet. When she finds an old book in an abandoned library, things really start going Emma's way: anything she writes in the book comes true. But the power of the book is not without consequences, and Emma soon realizes that she isn't the only one who can write about it. At school—the arrogant, aloof, and irritatingly handsome Darcy de Winter—becomes Emma's unlikely ally as secrets are revealed and danger creeps ever closer.

In a distant corner of the globe, a man journeys to the birthplace of his mother, a tourist town ravaged by an industrial spill. In a nameless remote tribe, the chief's second son is born, creating a succession crisis as their jungles are being destroyed by loggers. In one of the world's sprawling metropolises, a homeless one-armed woman sets out to take revenge upon the men who trafficked her. In a remote village of shanty shacks connected only by a mud-and-concrete road, a milkmaid watches the men who call her friends destroy her reputation. In one of the forsaken worlds... Kiran Bhat tells the stories of sixteen worlds falling apart, through the structure of four linguistic chains, comprised of the accounts of sixteen people witnessing the decline of these worlds, in four acts. Like modern communication networks, sixteen stories connect along subtle lines, dispersing at the moments where another story is taking place. They flow together and disconnect. Each story is a parable of its own, into the mind of a human being. These are the tales of not just sixteen strangers, but many different lives, who are living on this planet, at every second, everywhere.
