Al enterarse de que Saltarina está almacenando comida para más tarde, Jorge decide hacer lo mismo. Cuando el hombre del sombrero amarillo vuelve a casa, encuentra la cocina vacía... ¡y toda la comida enterrada en el jardín! Es hora de enseñarle a Jorge qué cosas crecen y cuáles no. Finalmente, Jorge lo entiende cuando siembra una semilla y ve crecer un hermoso girasol.

Ask any mother and she will tell you there are just not enough hours in the day. By the time she has fed, clothed, and bathed the children, read Curious George for the 100th time, cut the crusts off the PB&J sandwiches, and removed the ground-in dirt from the play clothes, she does not have time to create a detailed scrapbook of each of her children's lives. In 1940, Hans and Margret Rey fled their Paris home as the German army advanced. They began their harrowing journey on bicycles, pedaling to Southern France with children's book manuscripts among their few possessions. Louise Borden combed primary resources, including Hans Rey's pocket diaries, to tell this dramatic true story. Archival materials introduce readers to the world of Hans and Margret Rey while Allan Drummond dramatically and colorfully illustrates their wartime trek to a new home. Follow the Rey's amazing story in this unique large format book that resembles a travel journal and includes full-color illustrations, original photos, actual ticket stubs and more. A perfect book for Curious George fans of all ages.

This book is suitable for use in a university-level first course in computing (CS1), as well as the increasingly popular course known as CS0. It is difficult for many students to master basic concepts in computer science and programming. A large portion of the confusion can be blamed on the complexity of the tools and materials that are traditionally used to teach CS1 and CS2. This textbook was written with a single overarching goal: to present the core concepts of computer science as simply as possible without being simplistic.

Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes.
