She grew up in a world where women were supposed to be quiet. But Malala Yousafzai refused to be silent. A young farmer's wife draws on her life with kids, cows, and a front-porch view to help us see God's goodness and beauty wherever we are, reminding us that the simple life is not a place to be but a way to be. "Grab a cup of coffee and join Caitlin on her porch to hear the lessons God has taught her through the good and hard of everyday life."-- Vivian Mabuni, speaker and author of Open Hands, Willing Heart: Discover the Joy of Saying Yes to God When Caitlin, a small-town girl, fell in love with a farm boy named Jake Henderson, she had little idea what farm life--or marriage and motherhood--would bring. But raising a family on a farm is teaching her more about God's goodness and grace than she could have imagined. Faith, Farming, and Family is a rich, story-filled walk through farmhouse hallways, harvest-ready fields, and God's bountiful dreams for our lives. As Caitlin reflects on everything from wayward tractors to watching a marriage grow from surviving to flourishing, she reminds us to see the redemption in our own stories. Join Caitlin in exploring biblical truth through the eyes of a farmer's wife, whether you are wrangling kids onto a school bus, sowing creative seeds in a business meeting, or walking the pastures of your own family farm. Faith, Farming, and Family invites us to recognize God's beauty right in front of us so that we might find the courage to take the next step--or the first step--into His incredible calling.

An illustrated biography of Cesar Chavez, who worked to improve conditions for farm workers by helping to establish a union for them and by leading strikes to raise their pay and better their working conditions.

¡Viva la causa! ¡Viva César Chávez! Up and down the San Joaquin Valley of California, and across the country, people chanted these words. Cesar Chavez, a migrant worker himself, was helping Mexican Americans work together for better wages, for better working conditions, for better lives. No one thought they could win against the rich and powerful growers. But Cesar was out to prove them wrong -- and that he did.

From world-renowned scientist Jane Goodall, as seen in the new National Geographic documentary Jane, comes a provocative look into the ways we can positively impact the world by changing our eating habits. "One of those rare, truly great books that can change the world." - John Robbins, author of The Food Revolution The renowned scientist who fundamentally changed the way we view primates and our relationship with the animal kingdom now turns her attention to an incredibly important and deeply personal issue-taking a stand for a more sustainable world. In this provocative and encouraging book, Jane Goodall sounds a clarion call to Western society, urging us to take a hard look at the food we produce and consume-and showing us how easy it is to create positive change.Offering her hopeful, but stirring vision, Goodall argues convincingly that each individual can make a difference. She offers simple strategies each of us can employ to foster a sustainable society. Brilliant, empowering, and irrepressibly optimistic, HARVEST FOR HOPE is one of the most crucial works of our age. If we follow Goodall's sound advice, we just might save ourselves before it's too late.

Is something bugging you? Bestselling award-winner David Shannon shows the funny side of waging war against--oh no!--head lice. This book is guaranteed to make you laugh--and itch! From the opening picture of a happy, oversized louse appearing with his suitcases, you know these bugs are determined to stay, and Mom is about to go nuts! Nobody talks about them, but they are everywhere. (Some estimate 20 million children a year host them.) Oh the shame and humiliation of having bugs in your hair! But if you go to school, or have play dates, chances are good you might meet them someday. Maybe you already have! Lucky for you, the unwelcome bugs in this story are so funny you will be laughing aloud--even when Mom attacks them with battle-tested anti-lice weapons. Shannon peppers his hilarious scenes with fun, "nitpicking" facts about these "lousy" critters and pokes fun at common denial: "It's probably ash from that volcano in Pogo Pogo." Soon the party's over--Bye bye, Little Nasties! Once again Shannon has created a fresh, highly entertaining read-aloud classic that begs to be read again and again.

From writers like Chimamanda Ngozi Adichie, to scientists like Albert Einstein, to innovators like Elon Musk, this book honors the immigrants who have changed the way we think, eat, and live. Their stories serve as powerful reminders of the progress we've made, and the work that is still left to be done.

In this Pura Belpre award-winning picture book, illustrated by Caldecott Honree Yuyi Morales, acclaimed author Kathleen Krull celebrates Latinx civil rights leader Cesar Chavez. An inspirational book about resistance and hope. When Cesar Chavez led a 340-mile peaceful protest march through California, he ignited a cause and improved the lives of thousands of migrant farmworkers. But Cesar wasn't always a leader. As a boy, he was shy and teased at school. His family slaved in the fields for barely enough money to survive. Cesar knew things had to change, and he thought that—maybe—he could help change them. So he took charge. He spoke up. And an entire country listened.

Every day, thousands of farmworkers harvested the food that ended up on kitchen tables all over the country. But at the end of the day, when the workers sat down to eat, there were only beans on their own tables. Then Dolores Huerta and Cesar Chavez teamed up. Together they motivated the workers to fight for their rights and, in the process, changed history. Award-winning author Monica Brown and acclaimed illustrator Joe Cepeda join together to create this stunning tribute to two of the most influential people of the twentieth century. Todos los días, miles de campesinos cosechaban los alimentos que se servían en los hogares de todo el país. Pero al terminar la jornada, cuando los campesinos se sentaban a comer, lo Único que había en sus propias mesas era frijoles. Entonces, Dolores Huerta y César Chávez se unieron para motivar a los trabajadores a luchar por sus derechos y en el proceso, cambiaron el curso de la historia. La premiada autora Monica Brown y el aclamado ilustrador Joe Cepeda se unen para crear Éste impresionante tributo a dos de las personas más influyentes del siglo veinte.
