Real-world, from-the-trenches toddler parenting advice from the author of the bestselling *Oh Crap! Potty Training*. Toddlers—commonly defined as children aged between two and four—are a horribly misunderstood bunch. What most parents view as bad behavior is in fact just curious behavior. Toddlerdom is the age of individuation, seeking control, and above all, learning to do things that work. But this misunderstanding between parents and child can lead to power struggles, tantrums, and even diminished growth and creativity. The recent push of early intellectual stimulation to “make childhood magical” has created a strange paradox—we have three-year-olds with math and Mandarin tutors who don’t know how to dress themselves and are sitting in their high chairs, pushing the toddler mind beyond its limit but simultaneously keeping them far below their own natural capabilities. In the frank, funny, and totally authentic *Oh Crap! I Have a Toddler*, Jamie Glowacki helps parents work through what she considers the five essential components of raising toddlers: —Engaging the toddler mind —Working with the toddler body —Understanding the toddler with the toddler behavior —Creating a good toddler environment —You, the parent *Oh Crap! I Have a Toddler* is about doing more with less—and bringing real childhood back from the land of scheduled, over-stimulated, helicopter parenting. With her signature down-and-dirty, friend-to-friend advice, Jamie is here to help you experience the joy of parenting again and giving it back to yourself—the freedom to let them grow at their own pace and become who they are.

Youngsters can sing along with an array of amusing songs set to the rhythm of favorites such as "Hokey Pokey" and "Yankee Doodle," in a charming and inspirational potty-training book. *How to Potty Train Your Dragon Who Is Scared to Poop*. A Cute Children Story on How to Make Potty Training Fun and Easy.
