Intimate and accessible, this young dog story captures how a reluctant pup warms to bedtime in a way that children will recognize immediately—and find as reassuring as their own beds. "This

effective bedtime story reminds kids that fun will be had again when they wake—but first comes sleep." —Horn Book "Sure to be shelved next to Goodnight, Moon. It deserves that rarefied

What does an elephant do? It stomps its foot. Can you? From the creator of such beloved classics as The Grouchy Ladybug and The Mixed-Up Chameleon comes this interactive story that invites

kids to imitate animal movements. Watching giraffes bend their necks or monkeys wave their arms is fun, but nothing could be better than joining in. From their heads down to their toes,

kids will be wriggling, giggling, and giggling as they try to keep up with these animals!Alligators wiggle, elephants stop, gorillas thump, and giraffes bend. Can you do it? ' I can do it!

is the confidence-building message of this fun-filled interactive picture book. A variety of familiar animals invite young children to copy their antics, and as they play, they will learn

such important skills as careful listening, focusing attention, and following instructions. Just as alphabet books introduce the very young child to letters and simple words, From Head to

Toe introduces the basic body parts and simple body movements. And in the same way that children progress from understanding simple words to reading and writing sentences and stories, so

they will progress from simple body movements to dancing, gymnastics, and other sports and activities, with confidence and pleasure. Eric Carle's colorful collages have delighted children

for more than a generation. Each book provides hours of fun while encouraging them to stretch their imaginations. His matchless words and illustrations now send out a new challenge: Are you
