Under the willows at the edge of the pool a young girl sat daydreaming, though the day was nearly done. All in the valley was wrapped in shadow, though the cliffs and turrets across the stream were resplendent in a radiance of slanting sunshine. Not a cloud tempered the fierce glare of the arching heavens or softened the sharp outline of neighboring peak or distant mountain chain. Not a whisper of breeze stirred the drooping foliage along the sandy shores or ruffled the liquid mirror surface. Not a sound, save drowsy hum of beetle or soft murmur of rippling waters, among the pebbly shallows below, broke the vast silence of the scene. The snow cap, gleaming at the northern horizon, lay one hundred miles away and looked but an easy one-day march. The black upheavals of the Matiztal, barring the southward valley, stood sullen and frowning along the Verde, jealous of the westward range that threw their rugged gorges into early shade.

Set in the post-Civil War Arizona “An Apache Princess” tells the tale of the frontier and the life of Native Americans. It follows the story of two young girls, one being the daughter of the Captain in Arizona fort, the other being the Apache girl, as they go through numerous adventures in the Wild West.

Egypt, 1400s BC. The pharaoh’s pampered second daughter, lively, intelligent Hatshepsut, delights in racing her chariot through the marketplace and testing her archery skills in the Nile’s marshlands. But the death of her elder sister, Nefereubity, in a gruesome accident arising from Hatshepsut’s games forces her to confront her guilt...and sets her on a profoundly changed course. Hatshepsut enters a loveless marriage with her half brother, Thut, to secure his claim to the Isis Throne and produce a male heir. But it is another of Thut’s wives, the commoner Aset, who bears him a son, while Hatshepsut develops a searing attraction for his brilliant advisor Senenmut. And when Thut suddenly dies, Hatshepsut becomes do facto ruler, as regent to her two-year-old nephew. Once, Hatshepsut anticipated being free to live and love as she chose. Now she must put Egypt first. Ever daring, she will lead a vast army and build great temples, but always she will be torn between the demands of leadership and the desires of her heart. And even as she makes her boldest move to avert an attack by all, her enemies will plot her downfall.... Once again, Stephanie Thornton brings to life a remarkable woman from the distant past whose willingness to defy tradition changed the course of history.

Oscar Wilde got it wrong. The famous dancer of seven veils did not die in the fall of Jerusalem, but of old age in a villa in Greece. Salome, daughter of Herodias, and princess of Galilee, survived her infamous dance to become the toast of Rome. We often embedder our characters in history with all sorts of by-play, innuendo, and presumption. Salome has come down to us as a strumpet - a girl without a motive, a toy. However, what was she really like? We can piece together from history a person who wove her own story, stood up for herself when no one else would, and knew everyone. She lived with three kings, was presented at the court of four emperors, and was made a Basilla, (client queen), of the Roman Empire. Coins survive with her portrait, twinned with her husband Aristobolus, a signal honor for a woman of her time. Her unique dishing out of justice at her stepfather’s famous birthday banquet has made her a legend, but know the facts. Her just desserts were a kingdom and a crown, a villa, and a peaceable old age.

“The Jungle Book” is a collection of stories and fables, using animals in an anthropomorphic manner to give moral lessons. The verses of The Law of the Jungle, for example, lay down rules for the safety of individuals, families and communities. The best-known of them are the three stories revolving around the adventures of an abandoned “man cub” Mowgli who is raised by wolves in the Indian jungle. The most famous of the other four stories are probably Rikki-Tikki-Tavi and Poomal of the Elephants. “The Second Jungle Book” is a sequel which features five stories about Mowgli and three unrelated stories, all but one set in India, most of which Kipling wrote while living in Vermont. “The Man Who Would Be King” is a novella about two British adventurers in British India who become kings of Kafiristan, a remote part of Afghanistan. The story was inspired by the exploits of James Brooke, an Englishman who became the first White Rajah of Sarawak in Borneo. “Kim” is and adventure novel about the orphaned son of an Irish soldier and a poor Irish mother who have both died in poverty. Living a vagabond existence in India under British rule in the late 19th century, Kim earns his living by begging and running small errands on the streets of Lahore. “The Just So Stories” are a highly fantasized origin stories, especially for differences among animals, they are among Kipling’s best known works. “The Light That Failed” “Captain Courageous” “Plain Tales from the Hills” Rudyard Kipling (1865-1936) was an English short-story writer, poet, and novelist. He wrote tales and poems of British soldiers in India and stories for children. He is regarded as a major innovator in the art of the short story; his children’s books are classics of children’s literature.

A path-breaking history of how the United States superseded Great Britain as the preeminent power in the Middle East, with urgent lessons for the present day We usually assume that Arab nationalism brought about the end of the British Empire in the Middle East—that Gamal Abdel Nasser and other Arab leaders led popular uprisings against colonial rule that forced the overstretched British from the region. In Lords of the Desert, historian James Barr draws on newly declassified archives to argue instead that the US was the driving force behind the British exit. Though the two nations were allies, they found themselves at odds over just about every question, from who owned Saudi Arabia’s oil to who should control the Suez Canal. Encouraging and exploiting widespread opposition to the British, the US intrigued its way to power—ultimately becoming as resented as the British had been. As Barr shows, it is impossible to understand the region today without first grappling with this little-known prehistory.

Magic, gods, and history build to a stunning climax in Kalya Reimann’s Tielmaran Chronicles. Tielmark’s free prince sits imperiled by the relentless conspiracies of the neighboring Bissyant Empire. Sorceress Gaultry Blas, blessed by Tielmaran’s goddess-twins, returns to her homeland yearning for peace, but instead discovers a conspiracy of evil magics. The coven of witches sworn to defend the prince’s crown have gathered around the dying Duchess of Melaudiere, who protects their thrones’ unborn heir. They also have an unpleasant truth: In years past, the witches failed their oath to Tielmark. If they fail again, their lives and those of their descendants will be lost. Forest-born Gaultry, tuned more to action than politics, navigates tricky court intrigue and is determined to work with the common brood witches to break the ancient Bissyant claims. But Gaultry is stalked by a hidden Tielmaran-born enemy who is bent on shattering Bissyant chains at any cost. This enemy has waited fifty years for the alignment of the stars that will allow Tielmark’s prince ascent to a kingly throne. She will not let Gaultry get in her way—for this enemy has been planning from before Gaultry’s birth how to stop her. From the intricate infighting of Tielmark’s court to the barren sun-bleached battlegrounds at Tielmark’s farthest border, Gaultry must call on her magic, courage, and spirit to overcome the obstacles to her realm’s rightful kingship. When the great treachery is finally exposed in a brutal endgame played out under Tielmark’s towering border mountains, Gaultry and members of the Common Brood will call upon their deepest powers to crown a king—or kill the hopes of their kingless realm. If she's not careful, she'll be added to the harem of two shifters she simply can't resist. Shon and Talvo share everything, including women, but they've never met a female so unimpressed by their vast wealth and position in the Adikar prides. They're intrigued by the voluptuous and defiant human, and they'll stop at nothing to taste her sweet curves. When the future of the kingdom hangs in the balance, they're compelled to choose between a life of hedonistic pleasure with Amy and one in service to their subjects. They crave her in their beds, but can they also keep her in their lives?

Christmas Eve is a time of love, joy, and... getting it on with two hunky bear shifters. Until she finds him in their tent with his hands full... of another woman. One stop-off later, she's lost in the mountain wilderness—alone, afraid, and still angry as hell. Thankfully sexy bear shifter Aaron smells her terror and insists on helping her back to his camp—there's only two problems. First, according to her scent, Tessa is Aaron's mate. Second, he's not the only one who can claim her. There's Aaron's equally sexy brother, Scott, who also wants Tessa. When an outside threat almost kills Scott, Tessa is forced to face the truth—she's just as enamored with Scott as she is with Aaron. She wants them both! Tessa has never been attracted to two men at once—and when they inform her that they've both imprinted on her, this Christmas surprise has her considering arrangements she's never imagined... This standalone holiday romance has hot territorial bear shifters, a smart heroine, and plenty of steam under the stars.

The verses of The Law of the Jungle, for example, lay down rules for the safety of individuals, families and communities. The best-known of them are the three stories revolving around the adventures of an abandoned “man cub” Mowgli who is raised by wolves in the Indian jungle. The most famous of the other four stories are probably Rikki-Tikki-Tavi and Toomal of the Elephants. “The Second Jungle Book” is a sequel which features five stories about Mowgli and three unrelated stories, all but one set in India, most of which Kipling wrote while living in Vermont. “The Man Who Would Be King” is a novella about two British adventurers in British India who become kings of Kafiristan, a remote part of Afghanistan. The story was inspired by the exploits of James Brooke, an Englishman who became the first White Rajah of Sarawak in Borneo. “Kim” is and adventure novel about the orphaned son of an Irish soldier and a poor Irish mother who have both died in poverty. Living a vagabond existence in India under British rule in the late 19th century, Kim earns his living by begging and running small errands on the streets of Lahore. “The Just So Stories” are a highly fantasized origin stories, especially for differences among animals, they are among Kipling’s best known works. “The Light That Failed” “Captain Courageous” “Plain Tales from the Hills” Rudyard Kipling (1865-1936) was an English short-story writer, poet, and novelist. He wrote tales and poems of British soldiers in India and stories for children. He is regarded as a major innovator in the art of the short story; his children’s books are classics of children’s literature.
