Hot Dog! Eleanor Roosevelt Throws A Picnic

When World War II “borrows” the men in seven-year-old Gerda’s family, the German government sends them three new men in return: Gabriel, Fermaine, and Albert, French prisoners of war who must sleep in an outbuilding and work the farm until the war is over. Gerda knows they are supposed to treat the men as enemies, but it doesn’t seem fair. Can’t they invite them into the warm house for one meal? What harm could it do

to be friendly? Writing from her mother's childhood memories of Germany during World War II, Michelle Barker shares the story of one family's daring kindness in a time of widespread anger and suspicion. Renné Benoit's illustrations bring warmth to the era, showing the small ways in which a forbidden friendship bloomed: good food, a much-loved doll, a secret Christmas tree. Family photographs and an Author's Note give further insight into the life of Gerda, the little girl who proved that it isn't so far from Feinde (enemies) to Freunde (friends). acclaimed memoir from cultural icon and culinary standard bearer Alice Waters recalls the circuitous road and tumultuous times leading to the opening of what is arguably America's most influential restaurant. When Alice Waters opened the doors of her "little French restaurant" in Berkeley, California in 1971 at the age of 27, no one ever anticipated the indelible mark it would leave on the culinary landscape—Alice least of all. Fueled in equal parts by naiveté and a relentless pursuit of beauty and pure flavor, she turned her passion project into an iconic institution that redefined American cuisine for generations of

chefs and food lovers. In Coming to My Senses Alice retraces the events that led her to 1517 Shattuck Avenue and the tumultuous times that emboldened her to find her own voice as a cook when the prevailing food culture was embracing convenience and uniformity. Moving from a repressive suburban upbringing to Berkeley in 1964 at the height of the Free Speech Movement and campus unrest, she was drawn into a bohemian circle of charismatic figures whose views on design, politics, film, and food would ultimately inform the unique culture on which Chez Panisse was founded. Dotted with stories,

recipes, photographs, and letters, Coming to My Senses is at once deeply personal and modestly understated, a quietly revealing look at one woman's evolution from a rebellious yet impressionable follower to a respected activist who effects social and political change on a global level through the common bond of food. A burger and a hot dog One day had a nasty spat. The burger got insulted 'Cause the hot dog called him flat... So what happened after that? Well, you'll have to look inside this book to find out. Because, you see, there is a whole world out there in which burgers, hot dogs, sticky buns, ice-

After all, what happens when a bunch of sugar cookies give a bagel a hard time, or an ice-cream bar gets stranded on a beach, or a couple of pickles go out dancing?...Well, come on in and see! *Between 9th and 12th June 1939, King George VI and Queen Elizabeth were the guests of Roosevelt at his country estate in Hyde Park, New York State, during what was the first ever visit by a reigning British monarch to the United States. Coming at a time when Britain desperately needed American help in the conflict that now seemed inevitable, the meeting was front page news on both sides of the Atlantic and imbued with huge political significance. Eleanor Makes Her Mark

Born and raised deep in the American heartland of God-fearing suburban Maryland, young Selina Eaton learned to

love her country and her fellow man from her parents, Catherine, a sportswoman, dog lover, and philanthropist, and Gordon, or "Daddy" as she always called him, a businessman and entrepreneur. From an early age, Selina, an active, curious, happy-go-lucky child, showed an uncanny ability to relate to others and to solve their real-world problems with real-world solutions. In this she was inspired by her idol: feminist, humanitarian, stateswoman, and first lady, Eleanor Roosevelt. Born and raised in Manhattan toward the close of the nineteenth century, young Eleanor Roosevelt lost her socially prominent parents, Anna, a famous beauty and horsewoman, and Elliott, a charming and alcoholic horseman, while still a child. She married her fifth cousin, Franklin Roosevelt, in

1905 and nursed him through a life-threatening bout of polio. When he was elected president in 1932, Eleanor broke with centuries of tradition that circumscribed an extremely limited and non-controversial role for the first lady and became an outspoken advocate for the less fortunate. After her husband's death she devoted herself to worthy causes for the remainder of her life and is still regarded as one of the most beloved, respected, and admired women in the world. Roosevelt maintained a lively relationship with many prominent figures of her time, including Adlai Stevenson, John F. Kennedy, Albert Schweitzer, and probably Pablo Casals. She inspired countless women to break out of the established roles for women in society, among them the pioneering aviatrix

Amelia Earhart, with whom she flew several times. Born in Atchison, Kansas, a decade after Eleanor Roosevelt, Amelia was raised in a family of lawyers and judges who encouraged her adventurous spirit and that of her siblings and cousins. A tomboy from an early age, Amelia endured a peripatetic childhood as her father, Samuel, also an alcoholic like Eleanor's dad, sought steady employment accompanied by her mother, Amy. An early attempt at a nursing career was curtailed when Amelia herself became ill during the Spanish flu pandemic of 1918. After discovering her love for flying, Amelia attempted steadily more daring feats, including a transatlantic flight one year after Lindbergh's and a solo transatlantic flight in 1932. Dubbed the "Queen of the Air," Amelia Earhart captivated

the nation both with her bravery, skill, and daring when flying her planes and when challenging society's hidebound attitudes as to what constituted a proper place for women. America mourned when she disappeared mysteriously somewhere in the Pacific during an attempted around-the-world flight in 1937. Speculation continues to this day as to Amelia's ultimate fate, even as hope has faded that she may yet be found alive. With wit, wisdom, eloquence, and fearless honesty, Selina Meyer reveals for the first time what really goes on in the halls of power, including the ultimate hall, the White House. It's all here: the triumphs, the tragedies, the personalities, and the momentous events that have shaped our times, brought together in a page-turning tale told as only Selina Meyer could tell it. Selina

Meyer's compassion, her sense of humor, her grace, and her uncommon willingness to bare her heart make this story revelatory, beautifully rendered, and unlike any other president's memoir ever written. First Woman: A Woman First would be a fitting title for a book about Selina Meyer, Eleanor Roosevelt, or Amelia Earhart, but in this case, it is about Selina Meyer.

Pulitzer Prize-winning biographer Joseph Lash's last work is an account of the men and women who helped Roosevelt pull the country out of the Great Depression. When FDR took office

in 1933, he set into motion the promise he made when he was first nominated: the New Deal, also called the Roosevelt Revolution, charged the energies and imaginations of some of the most brilliant minds in the country. Lash draws heavily on the private and unpublished papers of Thomas Corcoran and Benjamin Cohen, the two most influential brain trusters of the time, whose policies invigorated the nation and who, independently and together, were driven to promote the social and economic transformations of the thirties. “This ‘new look at the New Deal,’ as the book is subtitled,... [is] a history of New Deal legislation, from the banking bill that recast the Federal Reserve System, on through the Public Utility Holding Company Act, the Wagner Labor Relations Act, the Social Security Bill and the creation of the alphabetocracy that, as Mr.

marketplace. Dealers and Dreamers will be valuable to any reader with certain specific questions about the New Deal in mind.” — Christopher Lehmann-Haupt, New York Times

“Dealers and Dreamers is a fascinating, informative book, indispensable for students of the Roosevelt presidency.” — Arthur Schlesinger Jr., The New York Review of Books

“The story of how our present-day institutions were created... [Lash’s] excellent exploitation of the papers of both Cohen and Corcoran, plus judicious use of interviews, makes this a valuable work.” — Warren F. Kimball, Los Angeles Times

“Joseph P. Lash’s last book is a fitting capstone to a noble career. Dealers and Dreamers is a vivid evocation of an era and a fascinating portrait, written with the skill of a master, of some of the most wonderfully engaging figures of a glorious age in

American history. But more than that, it is — like all of Joe Lash’s books, and like Joe Lash’s life itself — a work of the most rare sincerity and integrity. What shines forth from every page — as it shines forth from Mr. Lash’s life — is his unshakable determination to be truthful, honest and scrupulously fair. Joe has always been the standard of integrity to which I tried to hold fast, and this book is a final, triumphant example of the fact that he held that standard high to the last.” — Robert Caro

“I found Dealers and Dreamers a veritable treasure trove of historical information about Roosevelt’s Washington. For that reason alone it is an important book.” — Thomas Fleming

“Dealers and Dreamers not only reports the achievements and operations of the New Deal, but also the spirit of the participants, a spirit which I think was very much like that

Access Free Hot Dog! Eleanor Roosevelt Throws A Picnic

which must have existed among the persons who drafted the U.S. Constitution and put it in force — in each case, reflecting the excitement and satisfaction of participating in a successful revolution, not against government but for government.” — Eugene McCarthy “By the Pulitzer Prize-winning author of Eleanor and Franklin, this is a fresh and admiring look at the original ‘brain trusters’ (Raymond Moley, Rexford Tugwell, Adolf Berle) and others crucial to the legislated social transformation presided over by Franklin D. Roosevelt during the Depression years. Among the ‘others’ Lash pays particular attention to are Thomas G. Corcoran, ‘the unofficial whip of the New Deal,’ and Benjamin V. Cohen, principal draftsman of several ground-breaking bills sent to Congress. The author describes Cohen as the intellectual coordinator of the New Deal

Access Free Hot Dog! Eleanor Roosevelt Throws A Picnic

and the keeper of its conscience. Working from Corcoran and Cohen’s private papers, he sheds light on the significance of the Securities Exchange Act, FDR’s court-packing attempt, the 1936 presidential campaign, the effect of the New Deal on black Americans and other issues throughout the decade before Pearl Harbor.” — Publishers Weekly “Lash focuses on two talented technocrats — Benjamin V. Cohen and Thomas C. Corcoran, protégés of Felix Frankfurter, then a professor at Harvard Law School. Though neither had held high office, both played important, frequently pivotal, roles in drafting and ensuring passage of vital New Deal measures like the Securities Exchange Act of 1934... Pragmatists as well as idealists, Cohen and Corcoran viewed politics as the art of the possible. With revolution a decided possibility, they opted for trial-and-error

reform as the best means to the end of preserving any vestige of a free-enterprise, constitutional system.” — Kirkus Reviews

“Lash has written an absorbing narrative that captures the spirit of those yeasty times when a heady generation of young intellectuals was ready to roll up its sleeves to rescue America.”

— R. Frank Saunders, Jr., The Georgia Historical Quarterly

“Dealers and Dreamers conveys an unmistakable sense that there was something special about the experience of the generation of lawyers who entered public service in the 1930’s.”

— G. Edward White, Harvard Law Review

"You must do the things you think you cannot do." Fresh off a visit from Ben Franklin, Nolan and Olive know what they're in for with this latest guest: an adventure. From drawing on ideals of civil protest to save the town park, to (almost) doing a loop-de-loop in a single-engine plane, to avoiding that know-it-all snoop Tommy Tuttle, there's one laugh after the next in this second book in the History Pals series. Fun back matter expands the story and unpacks the amazing life of Eleanor Roosevelt.

From hot dogs and hamburgers to ice cream and pizza, this fascinating book is full of fun facts and stories of the origins of some of America's most popular foods. Why is there no ham in hamburgers? How did we make ice cream before we could make ice? How did hot dogs get their name? From the origins of pizza (which got a big boost from Clarence Birdseye, of all people) to the Cornell professor who invented chicken fingers, There's No Ham in Hamburgers has all the ingredients for an

Eleanor Roosevelt Throws a Picnic Bank Street College of Education Best Book of the Year Tad Lincoln's restless wriggle just wouldn't quit, much to the delight of his father, President Abraham Lincoln—if not so much to anybody else! This picture book brings to life the famous first son who coped with a disability and other challenges while showing compassion, intelligence, and wisdom beyond his years. Tad Lincoln's boundless energy annoyed almost everyone but his father,

President Abraham Lincoln. But Tad put that energy to good use during the tough times of the Civil War. Abraham Lincoln guided Tad's wriggle on visits to hospitals, to the telegraph office, and to army camps. Tad greeted visitors, raised money for bandages, and kept his father company late into the night. This special and patient bond between father and son was plain to see, and before long, Tad had wriggled his way into the hearts of others as well. Beth Anderson and S.D. Schindler follow Tad's antics during the Civil War to uncover the generous heart and joyful spirit that powered Tad's restless wriggle.
